

# INSPECTOR GENERAL 446TH AIRLIFT WING

All Air Force members have the right and responsibility to promptly report fraud, waste and abuse (FWA); a violation of law, policy or regulations; abuse of authority; an injustice; or personal complaints to a superior, the IG, or other appropriate channels (refer to AFI 90-301).

You are protected from reprisal for filing a complaint under the Whistleblower Protection Act (10 USC 1034).

Although not required, you are encouraged to first take your complaint to your chain of command, as this usually allows problems to be resolved more efficiently.

You may contact the IG in person, via email, or phone. More information about the IG complaints process is available on the 446 AW/IG Sharepoint site at <https://eim.amc.af.mil/org/446ig/default.aspx>.
