SUBJECT: Air Force Guidance Memorandum to Air Force Instruction 36-2005, Officer Accessions

By Order of the Secretary of the Air Force, this Air Force Guidance Memorandum immediately changes AFI 36-2005, Officer Accessions, dated 2 August 2017. Compliance with this Memorandum is mandatory. To the extent its directions are inconsistent with other Air Force publications, the information herein prevails in accordance with AFI 33-360, Publications and Forms Management.

This Air Force Guidance Memorandum establishes procedures for processing pre-accession requests for religious accommodation that require an exception to policy of Air Force dress and appearance standards for uniform or grooming as set out in Air Force Instruction 36-2903, Dress and Appearance of Air Force Personnel. The provisions of this memorandum are effective immediately. This instruction applies to officer accessions into the Regular Air Force, the Air National Guard, and Air Force Reserve, unless otherwise stated.

This memorandum becomes void after one year has elapsed from the date of this Memorandum, or upon publishing of an Interim Change or rewrite of AFI 36-2005, whichever is earlier.

*(REPLACE) 2.4. **Religious Accommodation.** The Air Force places a high value on the rights of its Airmen to observe the tenets of their respective religions or to observe no religion at all. The Air Force will approve requests for accommodation of religious practices, unless accommodation will adversely affect military necessity, including unit readiness, individual readiness, unit cohesion, good order, discipline, health, and/or safety for Airmen and squadrons.

*(REPLACE) 2.4.1. Individuals intending to enter service may submit a pre-accession request for religious accommodation exception to policy of Air Force Instruction 36-2903, *Dress and Appearance of Air Force Personnel* and receive a decision before entry. Submit requests IAW Attachment 9.

*(ADD) 2.4.1.1. For the purposes of this directive, “pre-accession request” is defined as a request after selection for but before contracting in a Reserve Officers’ Training Corps program or Total Force Officer Training program, accepting appointment to the United States Air Force Academy, or accepting appointment through direct commission.

*(ADD) 2.4.1.2. Applicants must complete all processing and be otherwise eligible for contracting or appointment, including meeting all testing and medical requirements, before they submit a request for a religious accommodation.

*(ADD) 2.4.1.3. The Air Force is committed to ensuring that all Airmen have the opportunity to serve in occupational specialties they are qualified for. A religious accommodation will not affect an Airmen’s assignment of Air Force Specialty Code (AFSC), duty location, or attendance at a military school, unless an evidence-based determination is made that the accommodation is incompatible with the safe and effective execution of all required duties.

*(REPLACE) 2.4.2. The following are approval authorities for requests for pre-accession religious accommodation. (may not be delegated)

*(ADD) 2.4.2.1. AF/A1, AF/RE, or NGB/CF, as appropriate for religious accommodation requests made pursuant to AFI 36-2903, paragraph 9.12.5. Requests must be routed through the appropriate approval authority in paragraph 2.4.2.2., who will provide a recommendation as to disposition. If the functional recruits the applicant directly (e.g., judge advocate, surgeon general, chaplain, etc.), applicants process all requests through those functional channels to AF/A1, AF/RE, or NGB/CF, as appropriate. Submit requests IAW Attachment 9.

*(ADD) 2.4.2.2. AFRS/CC, AFRCRS/CC, NGB/A1Y, AFROTC/CC or USAFA/CC, as appropriate, for religious accommodation requests made pursuant to AFI 36-2903, paragraph 9.12.4. Submit requests IAW Attachment 9.

*(ADD) 2.4.2.3. All other types of religious accommodation requests such as worship, diet, medical treatment, and immunizations will continue to be handled in accordance with other relevant guidance. These requests may not be submitted pre-accession.

*(ADD) Attachment 9—Pre-Accession Request for Religious Accommodation

*(ADD) A9.1. Request procedures. All requests must be in writing and must explain the type of accommodation requested and the religious basis for the request. (T-I) Prospective Airmen may submit a letter addressed to the commander of the appropriate Air Force recruiting agency through their recruiter. The request for the exception to policy must include a description or photo of the requested accommodation. The recruiter will forward the request to the appropriate Air Force recruiting agency for endorsement by an Air Force chaplain and, if applicable, endorsement by the Airman’s career field manager (see paragraph A9.1.2.). (T-I)

*(ADD) A9.1.1. AFRS/RSOC, AFRSRC or NGB/A1Y identifies an appropriate Air Force chaplain to conduct an in-person or telephonic interview of the prospective Airmen to assess whether the requested dress and appearance accommodation is in keeping with the doctrinal or traditional observances of the member’s faith. The chaplain must provide a memorandum stating the interview occurred and address the religious basis and sincerity of the Airman’s request. (T-I) The chaplain is not required to recommend approval or disapproval, but may do so. Memorandums from other chaplains or religious leaders may accompany the request as optional attachments, but do not meet the requirement for interview by the assigned Air Force chaplain.

*(ADD) A9.1.2. Exceptions to policy of dress and personal appearance for religious accommodation will be resolved in a timely manner and will be approved when accommodation would not adversely affect mission accomplishment. (T-0) For requests for religious accommodation when accommodation would adversely affect mission accomplishment, in accordance with section 2000bb-1 of Title 42, United States Code, requests for religious accommodation from a military policy, practice, or duty that substantially burdens a Service member’s exercise of religion may be denied only when the military policy, practice, or duty: (a) furthers a compelling governmental interest and (b) is the least restrictive means of furthering that compelling governmental interest. (T-0)
*(ADD) A9.1.3. If an Air Force specialty has been assigned, the career field manager must endorse the request and address the effect on health or safety and impact on duties of the prospective Airman. (T-1)

*(ADD) A9.1.4. A legal advisor will review the request packet for legal sufficiency and may make a recommendation for disposition of the request. (T-1) The review will also state whether the request and enclosures are complete within the provisions of this directive. (T-1)

*(ADD) A9.1.5. Once all materials are received by the recruiter, the recruiter forwards the prospective Airman’s religious accommodation request package through command channels to the approving authority, as required in paragraph 2.4.2. (T-1) Requests denied by the commander of the appropriate Air Force recruiting agency may be appealed to AF/A1, AF/RE, or NGB/CF as appropriate. For requests requiring AF/A1, AF/RE, or NGB/CF final action, the commander of the appropriate Air Force recruiting agency will provide a recommendation as to disposition.

*(ADD) A9.1.6. Upon a decision by the approval authority, a copy of the exception to policy request and decision documents will be added to the administrative folder of the requestor’s Personnel Record Display Application. (T-1) For individuals without an established record, AF/A1 will maintain copies and the unit personnel file until upload to the Personnel Record Display Application is possible. (T-1)

*(ADD) A9.1.7. AF/A1PA, Uniform Policy section will track approved religious accommodation exceptions to policy for dress and personal appearance. (T-1)

*(ADD) A9.1.8. Subject to the reservations contained in the exception to policy decision document, all approved religious accommodation waivers continue throughout the individual’s career. If the Airman’s commander later believes a modification may be necessary, the commander forwards the recommendation through the chain of command for action by AF/A1, AF/RE, or NGB/CF. (T-1) Decision to temporarily or permanently withdraw or limit an approved accommodation must be based on military necessity. (T-0) The commander recommendation should clearly identify the basis and provide any recommended start and end dates for the proposed modification.

*(ADD) A9.1.9. Submission of a new request for accommodation is not required unless the Airman has a break in service longer than 365 days or is requesting a modification of a previously approved waiver.

SUMMARY OF CHANGES

This document has been substantially revised and should be completely reviewed. Wing level requirements have been tiered and assigned an appropriate tier waiver level. Major changes include consolidation of all officer accession policies into one AFI, integration of Air National Guard accession policy, and alignment of accession policies across the Total Force where possible. Eligibility standards and waiver authorities are provided in greater detail utilizing the recruiter tool of “CCMAPPEDDS” (Conscientious Objector, Citizenship, Moral Conduct, Age, Prior Service, Physical Condition, Education, Dependent Status, Drugs, Social Security Number). Provisions were added to allow the use of adjusted age for prior service applicants. Maximum age for lieutenants was increased from 35 years to prior to the applicant’s 40th birthday for all air components to allow greater flexibility in accessing the most qualified applicants. Security investigation requirements were updated to reflect changes in the Department of Defense (DoD) policy. Reference to the Military Selective Service Act was
updated to reflect reclassification as Title 50, Chapter 49. Education qualifications for specific professional categories were removed, as they are contained in the Air Force Officer Classification Directory (AFOCD).

Chapter 2

INITIAL APPOINTMENT ELIGIBILITY

2.1. Eligibility Factors. To be eligible for initial appointment an applicant must meet the below minimum criteria and be qualified IAW the AFOCD (T-1). Appointment is not assured merely by meeting the established minimum requirements. Forward waiver requests through appropriate command channels only if recommending approval. The overriding consideration is the best interest of the Air Force. Waiver authority may not be further delegated unless specifically stated.

2.1.1. It is the applicant's responsibility to furnish documents (original or a copy certified true by the issuing agency), which prove he/she meets all eligibility requirements.

2.1.2. If an applicant previously applied for appointment but was not selected, or was selected for appointment but declined, the individual is ineligible to reapply with the same component for 12 months from the date notified of non-selection or the date the individual declined the appointment. (T-3) Send requests to waive this restriction through command channels to the nomination authority. **Note:** This restriction does not apply to individuals applying for appointment or reappointment for judge advocate or health professional duties or designation as a judge advocate or health professional.

2.1.3. When the appointment depends on immediate entry on active duty, the applicant must be available for active duty 30 calendar days from the date of acceptance of appointment. (T-2) **Note:** Commissioning sources may waive this requirement, not to exceed 60 days from the date of acceptance of appointment.

2.1.4. In time of war or national emergency declared by the President or the Congress or when otherwise authorized by law, ANG and AFR applicants must be available for active duty 30 calendar days from the date of the order calling the person to active service. (T-1)

2.1.5. Military Service Obligation (MSO). Prior to appointment, applicants are advised of the MSO which they will incur under DoDI 1304.25, Fulfilling the Military Service Obligation.

2.1.5.1. NPS applicants will incur a MSO of 8 years from the date of initial appointment. (T-1) Any portion of the MSO not served in an active component is served in a reserve component.

2.1.5.2. PS applicants who have not completed their initial MSO (8 years) will maintain that initial obligation. (T-1)

2.1.5.2.1. USAFA and ROTC graduates incur an 8 year MSO from the date of initial appointment, regardless of prior enlisted service.

2.2. Citizenship.

2.2.1. To be eligible for a regular commission the applicant must be a United States (U.S.) citizen. (T-0) In extraordinary circumstances, the SecDef may waive this requirement for an original appointment for an individual who has been lawfully admitted to the U.S. for permanent residence in a grade below major IAW DoDI 1304.26, Qualification Standards for Enlistment, Appointment, and Induction.
2.2.2. To be eligible for a Reserve appointment, an individual must be either a citizen or lawfully admitted to the U.S. for permanent residence IAW DoDI 1304.26. (T-0)

2.2.3. To be eligible for an ANG appointment, an individual must be a U.S. citizen IAW DoDI 1304.26. (T-0)

2.2.4. Dual Citizenship. Dual citizenship in and of itself is not an automatic disqualifier. 2.3. Conscientious Objector. An individual must not be a conscientious objector under 50 USC § 3806(j) or be an individual with personal beliefs or convictions precluding unrestricted assignments. (T-0)

2.4. Religious Accommodation. A request for religious accommodation by any pre-accession applicant cannot be granted. Instead, IAW DoDI 1300.17, Accommodation of Religious Practices within the Military Services, applicants are briefed on Air Force policy and procedures for seeking religious accommodation. Specifically, applicants are briefed that every Airman has the right to request religious accommodation once they have been accessed into the Air Force. Religious accommodation requests are reviewed and evaluated on a case-by-case basis at each assignment throughout the Airman's career. As such, a religious accommodation may be granted at one assignment but denied at another assignment. Every request is fully considered by the appropriate authority; however, if the request is denied the Airman is required to comply with Air Force standards. Following the briefing, the applicant's acknowledgment of the Air Force policy regarding religious accommodation requests is recorded and maintained as part of the accession application.

2.4.1. Immediate commanders may approve or disapprove requests for accommodation of religious practices that do not require a waiver of Air Force policies regarding the wear of military uniforms or religious apparel, or grooming, appearance, or body art standards.

2.4.2. Waiver authority for requests for accommodation of religious practice regarding the wear of military uniforms or religious apparel, or grooming, appearance, or body art standards is AF/A1.

(T-2) Officers who do not possess the AFSC (in the competitive category) are processed as a reappointment between competitive categories and submit the required documents IAW Attachment 7.

6.3.3. AFR officers retain their Reserve commission when transferring to the ANG. However, an officer of the AFR who is federally recognized as an officer of the Air National Guard becomes an officer of the Air National Guard of the United States and ceases to be an officer of the Air Force Reserve.
6.3.4. Members of the Retired Reserve entitled to retired pay may become members of the ANG upon a finding the member’s services are indispensable. A member’s service is deemed to be indispensable when the member possesses a defined skill set absolutely essential to meet the critical needs of the organization. Indispensability findings must meet the criteria for both critical need and indispensability.

6.3.4.1. A need is deemed to be critical if the Air Force specialty code (AFSC) and/or skill level is manned less than 100 percent at the organization (wing-level or above) and cannot be reasonably filled by sources other than retired members.

6.3.4.2. A member’s service is deemed to be indispensable if the retired member is current in the required AFSC and/or skill level, or can become current in time to meet the critical need; and, meets the unique requirements to occupy the position; and, is the most capable individual to meet the critical need.

6.3.4.3. Appointment is based on ANG requirements. Approval authority is NGB/CF, as delegated by the SecAF under 10 USC §10145.

6.3.4.4. Officers changing competitive categories are ineligible for interim appointment in the ANG.

6.4. Transfer of RegAF Officers to the ANG. RegAF officers applying for appointment in the ANG must qualify for appointment as a Reserve of the Air Force. (T-1) To obtain a reserve appointment, the officer must apply through either PALACE CHASE or PALACE FRONT IAW AFI 36-3205, sign an AF Form 133, Oath of Office (Military Personnel), and NGB Form 337, Oath of Office, on the day after discharge to ensure continuous commissioned status.

6.4.1.1. The officer possesses the fully qualified AFSC in the duty AFSC to which assigned.

6.4.1.2. The officer is appointed to a vacant position or one projected vacant IAW ANGI 36-2101, Assignment Within the Air National Guard (ANG).

6.4.1.3. All officer effectiveness/performance reports have “top block/meets standards” ratings.

6.4.1.4. Member does not require any waiver.

6.4.1.5. State Military Personnel Management Office (MPMO) must submit complete accession package to NGB/A1PO within 30 days of interim appointment.

6.4.2. Chaplains, Judge Advocates & officers changing competitive categories are ineligible for interim appointment in the ANG.

6.4.3. Retired RegAF members may become members of the AFR upon a finding the member’s services are indispensable. A member’s service is deemed to be indispensable when the member possesses a defined skill set absolutely essential to meet the critical needs of the organization. Indispensability findings must meet the criteria for both critical need and indispensability.
6.4.3.1. A need is deemed to be critical if the Air Force specialty code (AFSC) and/or skill level is manned less than 100 percent at the organization (wing-level or above) and cannot be reasonably filled by sources other than retired members.

6.4.3.2. A member’s service is deemed to be indispensable if the retired member is current in the required AFSC and/or skill level, or can become current in time to meet the critical need; and, meets the unique requirements to occupy the position; and, is the most capable individual to meet the critical need.

6.4.3.3. Appointment is based on ANG requirements. Approval authority is NGB/CF, only if serving in the rank of Lieutenant General, as delegated by the SecAF under 10 USC §10145. This authority cannot be further delegated (T-0).

6.5. Transfer of ANG Officers Between States.

6.5.1. Reappointment of officers between states, when no change in competitive category is involved, and the officer meets the AFSC requirements IAW the AFOCD, may be accomplished without prior approval by NGB/A1PO. Competitive category transfers are processed IAW Chapter 8.

6.5.2. To maintain continuity, separation from the ANG of the losing state and appointment to the ANG of the gaining state is effective on consecutive dates.

6.5.3. NGB/A1PO transfers and extends federal recognition to the gaining state and withdraws federal recognition from the losing state.

6.5.4. The State MPMO must submit complete accession package to NGB/A1PO within 30 days of interim appointment. (T-2)

6.6. Transfer of ARC Officers to RegAF. On occasion the RegAF may provide an opportunity for ANG and AFR officers to volunteer to permanently transfer to the RegAF to help meet RegAF requirements for trained, career-oriented officers in particular grades and skills. AF/A1P authorizes LAF recall programs and sets criteria.

6.6.1. Applicant must meet the following basic requirements. (T-2)

6.6.1.4. Physically qualify for active service IAW AFIs 48-123 and 36-2905.

6.6.1.5. Have a current, favorable ENTNAC or NAC or higher. Refer to Chapter 2 for NAC requirements. Refer to AFI 31-501 for all other clearances.

   6.6.1.9.3. Force management program, with or without Voluntary Separation Pay.
   6.6.1.9.4. Termination of active status.
   6.6.1.9.5. After sentence to dismissal.
   6.6.1.9.6. Failed to complete flying or technical training.

6.6.1.10. Not be on the AF Retired Reserve List.

6.6.1.11. Not be an ARC member on active duty training attending UFT unless released by the applicable component.

Notes:
1. Attachment 1 explains entry grade credit. Paragraph 6.6.5. of this instruction tells how to compute it.
2. For entry on the ADL in the grades of lieutenant colonel and colonel, see paragraph 6.6.4. of this instruction.
3. The following officers enter the ADL as first lieutenants and CGDOR is effective date of active duty: JA officers. Officers assigned to the Air Force General Counsel’s Honors Program.
4. Attachment 1 defines due course officer. AFPC/DP2N determines entry grade credit for NC, BSC, and MSC officers who enter the ADL under rules 9 and 10.
5. A Reserve lieutenant colonel or above enters the ADL in the grade held. Entry on the ADL as lieutenant colonel or above requires SecAF (or designee) approval (see paragraph 6.6.4. of this instruction).
6.6.4. Grade Restrictions. Approval of the SecAF is required to enter the ADL at a grade above major. **Exception:** AFPC/DP2N may approve entry to the ADL in the grade of lieutenant colonel for health professionals in an approved specialty with a staffing shortage. AFPC/DP2N must receive Senate confirmation before appointing a medical officer to the ADL as a lieutenant colonel.

6.6.5. Determining Entry Grade Credit.

6.6.5.1. Calculating Service Credit. Add the time between when an officer accepted the RegAF appointment and was actually entered on the ADL to the total commissioned service.

6.6.5.2. Adding Partial Credits. Add any partial credit according to these guidelines:

6.6.5.2.1. Medical and dental officers get credit for all active commissioned time served (year-for-year).

6.6.5.2.2. Chaplains get credit for active commissioned status not on the ADL one-to-one up to 1 year.

6.6.5.2.3. Calculate commissioned service on active duty on a year-for-year basis for officers other than chaplains in **Table 6.1.** rules 7 through 10. Calculate active commissioned status other than active duty as 1/2 year for each year.

6.6.5.2.4. An officer, designated as a judge advocate or assigned as a legal officer in the Air Force General Counsel's Honors Program who was appointed first lieutenant with total service credit equal to at least 36 months, but less than 42 months receives additional service credit to bring the total service credit to 42 months on the date of entry on the ADL.

6.6.6. Do not order ANG or AFR officers serving specified tours of duty to the ADL until they complete that service, unless the proper authority waives this requirement. Send waiver requests:

6.6.6.1. To NGB/A1PO for ANG officers.

6.6.6.2. To ARPC/DPA for AFR AGR officers; to AFRC/A1 for all other AFR officers.

6.6.7. Withdrawing From, Declining, or Postponing entry on the ADL.

6.6.7.1. Declining entry on the ADL. If a volunteer for entry on the ADL changes his/her mind, he/she can decline the selection without penalty any time before actually selected, if not obligated to serve on the ADL.

6.6.7.1.1. Declining During the Grace Period. Applicants have 14 calendar days (grace period) after selection for entry on the ADL to accept or decline it. If an applicant declines during that period, there is no penalty; however, he/she may be denied entry on the ADL for one year from that date.

6.6.7.1.2. Declining or Withdrawing for Other Reasons. If an applicant did not decline during the 14-day grace period (see paragraph 6.6.8.1.1.), he/she may not withdraw the section except for extreme personal hardship that did not exist during the 14-day grace period. If the approving authority determines the hardship is valid, entry on the ADL may be postponed or cancelled. **Caution:** If an applicant tries to
withdraw and cannot prove extreme personal hardship, the applicant may be discharged under AFI 36-3209.

6.6.7.2. Postponing entry on the ADL. Applicants can defer ADL entry date or withdraw an application without penalty if on an approved promotion list with an effective date of promotion after the scheduled RegAF appointment date. IAW AFI 36-2501, Officer Promotions and Selective Continuation, an officer on the Reserve Active Status List (RASL) who is on a promotion list as a result of selection for promotion by a mandatory promotion board who before being promoted is placed on the ADL and placed in the same competitive category, shall be placed on appropriate promotion list for officers on the ADL. The effective date of promotion and date of rank shall be established IAW AFI 36-2501. Officer selected for promotion on a Promotion Vacancy board must be pinned on prior to entering the ADL or forfeit the promotion.

6.7. Former Officers Who Held an Aeronautical Rating.

6.7.1. Nomination authorities may nominate former officers of any of the Air Force components (including RegAF officers who did not apply for Reserve commission within 12 months after resigning) who held an aeronautical rating to fill aircrew positions in the ANG, AFR, or RegAF. The applicant must meet the following eligibility requirements:

6.7.1.1. Be available for, and agree to participate in, an aircrew position for at least 4 years after being appointed. (T-1)

6.7.1.2. Qualify or requalify for an Air Force aeronautical rating or have previous Air Force aeronautical orders revalidated under AFI 11-402, Aviation and Parachutist Service, Aeronautical Ratings and Aviation Badges.

6.7.1.3. Not have a previous appointment terminated for cause. (T-1)

6.7.1.4. Meet all criteria for initial appointment, except that age may exceed the normal maximum by the number of years of previous commissioned service. (T-1)

6.7.1.5. Not have held a permanent Reserve grade higher than major (or equivalent) at the time of discharge. (T-1)

6.8. The Career Intermission Program (CIP) is a unique retention tool providing select Total Force (TF) Airmen (RegAF and career status Active Guard and Reserve (AGR)) the opportunity for a one-time temporary transition from active duty to the IRR to meet personal or professional needs outside the service while providing a mechanism for seamless return to active duty.

6.8.1. CIP participants enter into a signed agreement under which they agree to return to active status in the component from which they separated.

6.8.2. Upon return to active status, CIP participants’ DOR and service commitment are adjusted according to the signed program agreement.

6.8.3. CIP participants from the RegAF must have an approved Reserve appointment before transfer to the IRR, and an approved RegAF appointment prior to transferring back to the RegAF. (T-1)

6.8.4. Additional information is available on the AFPC website per the PSDG.
Chapter 7

INTERSERVICE TRANSFERS

7.1. **Overview.** These transfers require members be discharged or terminated from their current commissions and appointed without interrupting total service under 10 USC §716. Refer to AFI 36-3207 for transfer of Air Force officers on the active duty list to other Uniformed Services.

7.2. **Regular Officers of Any of the Uniformed Services Who Want to Transfer to the RegAF.**

   7.2.1. Officers must meet the minimum requirements for appointment IAW Chapter 2 of this instruction.

   7.2.2. Officers must request transfers according to the rules and regulations of their parent services (T-0). Under DoDI 1300.04, the Secretary of the applicants parent uniformed service must approve the transfer request before sending it to AFPC/DP2LT for routing to the SecAF for final approval. (T-0)

   7.2.3. Include a signed Statement of Understanding. See format at Attachment 4, paragraph A4.14. and A4.15.

   7.2.4. USUHS Students. USUHS students from other services desiring to transfer to the Air Force must process their applications directly through their parent service (T-0). Applications for transfer are made through a Board of Review for Interservice Transfer (BRIT) at the Uniformed Services University, Bethesda, Maryland. The results of the BRIT are part of the application package. Approved applications are sent to the respective parent service for further processing.

7.3. **Guard and Reserve Line Officers From Other Uniformed Services Who Want to Transfer to the RegAF.** Before starting the process, these officers should contact AFPC/DP2LT at the address or phone number indicated in Attachment 1.

7.4. **Officers of Other Uniformed Services Who Want to Join the ANG or AFR.** Members interested in transferring to the ANG or AFR should contact a recruiter in their local area for information and assistance. Nomination authorities may tender an ANG or AFR appointment to a Reserve officer of another uniformed service, if, in addition to the application and allied papers, they meet the following requirements:

   7.4.1. For ANG applicants, a ANG position vacancy exists for which the officer qualifies.

   7.4.2. The officer submits an AF Form 24. Applicants for the AFR also include an AF Form 1288.

   7.4.3. The officer obtains a conditional release from the parent service in which the applicant holds an appointment.

   7.4.4. The officer meets the minimum requirements of the AFOCD and has at least a bachelor’s degree.
7.4.5. Rated Positions. For rated positions, officers who have been trained by other than USAF flight training, must appear before an Aeronautical Rating Board (ARB) IAW AFI 11-402 and be approved for award of an USAF aeronautical rating. (Note: For ANG applicants, this is accomplished prior to the applicant appearing before a Federal Recognition Board.) Some former officers and officers of other services may require a Flying Evaluation Board (FEB). Refer to AFI 11-402, for applicable circumstances requiring an FEB. If applying for flying training, see paragraph 2.6.2. for age restriction.

7.4.5.1. Navy and Marine Corps Pilots. Document completed undergraduate flight training (fighter, multiengine, or helicopter) and any subsequent flight training courses.

7.4.5.2. Army Pilots. Document completed undergraduate flight training programs (fixed wing and rotary wing training).

7.4.6. The officer does not have an unfulfilled service commitment or an active duty obligation under the Military Selective Service Act of 1967.

7.4.7. The officer must not be in a failed promotion status and his/her service dates and DOR cannot place the officer beyond the mandatory phase point for promotion to the next grade. See Attachment 3. (T-1)

7.4.8. Applicants must not have had a previous appointment terminated for cause, or determined ineligible for appointment IAW Chapter 2. (T-1)

7.5. Authorized Grades.

7.5.1. Transferring service members receive credit for accrued total service before transfer IAW DoDI 1300.04 and 1205.05. Except as stated in paragraphs 7.5.2., 7.5.3. and 7.5.4., an officer's current grade and DOR remain the same after transfer as on the day before transfer from the parent service.

7.5.2. Officers who have spent time in the ISLRS or equivalent may have their DOR adjusted as appropriate.

7.5.3. Public Health Service officers will have their DOR adjusted (T-1).

7.5.4. A commissioned officer with constructive service credit (CSC) for education, training, or experience who transfers to a different (noncomparable) category loses those credits. The officer receives the grade, DOR, and service dates appropriate for the credit granted in the new category IAW this instruction and AFI 36-2604.
Chapter 8

COMPETITIVE CATEGORY TRANSFERS

8.1. Appointment Between Competitive Categories Within the Same Component. Officers may apply for appointment between competitive categories (LAF, JA, HC, MC, DC, NC, MSC and BSC). If approved, the officer may be required to tender a new appointment prior to being assigned to the professional specialty or line position. Upon acceptance of the reappointment, previous appointments are withdrawn.

8.2. RegAF Applicants.

8.2.1. AFPC/DP2STM carries out the competitive category program within the RegAF in coordination with the losing and gaining competitive category career field managers and ensures the officer retains the sequence number for a promotion in the losing category when transferred before assuming the higher grade. **Note:** All applications for transfer to the JAG corps are processed IAW AFI 51-101, Chapter 10.

8.2.2. AFPC/DP2STM reviews transfer applications to the health professionals and chaplains, and conducts Accessions Boards for selection into each. The functional manager notifies AFPC/DP2STM of officers in the health professions completing an education program that require a competitive category transfer.

8.2.3. AFPC/DP2STM approves or disapproves the application for competitive category transfer based on the needs of the Air Force.

8.2.4. Eligibility Requirements. In addition to meeting the requirements for the competitive category, each applicant must meet the following eligibility requirements to apply for a competitive category transfer (T-1):

8.2.4.1. Has at least 4 years but no more than 10 years of total active federal commissioned service as of the transfer or appointment effective date.

8.2.4.2. Has completed all ADSCs as of the transfer or appointment effective date.

8.2.4.3. Be willing to incur an additional 2 years of ADSC, effective the date of transfer or appointment.

8.2.4.4. Submit a waiver to AFPC/DP2STM for any of the above requirements.

8.2.5. Disqualifying Factors. An officer is disqualified for a competitive category transfer if any of the following factors apply (these factors are not waiverable):

8.2.5.1. In a promotion non-selection status.

8.2.5.2. Has previously received a competitive category transfer.

8.2.5.3. Has quality force indicators such as: Unfavorable Information File (UIF), Article 15 within the last 2 years, current fitness assessment failure, and/or rated "does not meet standards" on most recent officer performance report (OPR).

8.2.5.4. Has been disapproved for transfer within 12 months of the new application.

8.2.5.5. Has been selected by a Force Management Selection Board.
8.3. AFR Applicants.

8.3.1. To apply, an officer will submit a memorandum application and attach documents not already included in the MPerRGp. **Example:** Diploma from medical school, transcript of college work, copy of license to practice, and any other documents or information the officer desires to submit. (T-1)

8.3.1.1. In addition to meeting the requirements for the competitive category, each applicant, other than AFROTC graduates requesting a non-LAF competitive category, must have at least 4 years, but no more than 10 years of total federal commissioned service as of the transfer or appointment effective date. (T-1)

8.3.2. A certificate of physical fitness may be accepted instead of a medical examination, if the officer has complied with the requirements for a periodic physical examination. However, an officer who has not submitted a report of medical examination within 3 years before the date of application must submit a current examination (T-1).

8.3.2.1. An officer is disqualified for a competitive category transfer if any of the following factors apply (these factors are not waiverable):

8.3.2.1.1. In a promotion non-selection status.

8.3.2.1.2. Has quality force indicators such as: UIF, Article 15 within the last 2 years, current fitness assessment failure, and/or current rating of "does not meet standards" on the applicant’s most recent OPR.

8.3.2.1.3. Has been disapproved for transfer within 12 months of the new application.

8.3.3. The nominating authority reappoints officers of the MSC who are medical or dental students as first lieutenants when the students meet the requirements outlined in **Chapter 5**. (See Table 11.1, note 2, for authority to reappoint medical students as captains.)

8.3.4. When the action does not involve the award of service credit and a change in grade or DOR does not occur, the appropriate nominating authority, in coordination with the CFM, designates the officer to perform professional functions or withdraws such designation by administrative order.

8.3.5. An officer is reappointed when the action involves the award of service credit IAW **Chapter 10** and a change in grade or DOR occurs. Before reappointment, the nominating authority advises the officer, in writing, of potential ramifications of a change in grade, DOR, or the loss of service credit. The applicant should sign and date the written advisory.

8.3.6. When a line officer on flying status with a current effective aeronautical rating accepts reappointment as a health professional, chaplain, or judge advocate, the appropriate office (AFI 11-402) publishes an order disqualifying the officer from flying status.

8.4. ANG Applicants.

8.4.1. Eligibility Requirements. Each applicant must meet the requirements of the competitive category for which they are approved IAW the AFOCD. (T-1)

8.4.2. The ANG unit must submit the appointment application to The State Adjutant General (or representative) for approval, indorsement, and forwarding to NGB/A1 for final approval, IAW **Chapter 9** of this instruction. (T-1)
8.4.3. **Appointment and Federal Recognition.** NGB/A1 provides approval for reappointment of ANG officers IAW Chapter 9.

8.5. **Resignation and Reappointment.** An officer applying to change competitive categories within the same component must resign from the losing competitive category and be reappointed when the transfer results in a loss of service credit (both constructive and earned) or a change in grade. (T-2) Reappointment is accomplished IAW Chapter 12. The resignation is contingent on reappointment into the gaining competitive category.

8.5.1. On resignations, the officer will submit the following to AFPC/DP2STM, NGB/A1, or ARPC/DPAR, as appropriate (T-2):

8.5.1.1. RegAF only: Tender of Resignation Statement (Attachment 7).

8.5.1.2. AF Form 780, Officers Voluntary Application for Separation, according to AFI 36-3207. Separation from the losing category is effective as of the day preceding the date the officer accepts reappointment to the gaining category to ensure the officer does not incur a break in service. Send completed actions to AFPC/DP2STM.

8.5.2. An officer is not required to resign when a transfer does not result in a change of grade due to award of or removal of CSC during the transfer. (T-2)

8.6. **Withdrawing Designation to Perform Professional Functions.** The nominating authority may withdraw designation to perform professional functions and assign an officer to the LAF if:

8.6.1. The initial appointment professional functions performed in another category are not being used to acquire line officer status;

8.6.2. The below do not object to such reappointment or transfer;

8.6.2.1. AF/SG, AF/JAX, or AF/HC, as appropriate, for RegAF.

8.6.2.2. AFRC/SG, AFRC/JAR and TJAG, or AFRC/HC, as appropriate for AFR.

8.6.2.3. NGB/A1PO, NGB/JA, NGB/SG or NGB/HC, as appropriate for the ANG.

8.6.3. A requirement exists in a line specialty for which the officer qualifies and can be effectively utilized; and

8.6.4. The officer agrees to accept reappointment despite an adjustment of grade or DOR. When there is no change in service credit involved, the appointing authority assigns the officer to the LAF in the officer's current grade and does not change the officer's service dates.
Chapter 9

9.1. How to Apply. Recruiters or Base Education and Training Offices (BETO) assist individuals applying for appointment to enter active service. The ANG Military Personnel Section (MPS), unit commander, or recruiter where the vacancy exists, assists individuals applying for appointment to fill authorized vacancies in the ANG.

9.2. Application. The application consists of the items listed in Attachment 6. Additional specific requirements for AFROTC, OTS and USAFA can be found in AFI 36-2011, AFI 36-2013, and AFI 2019 as applicable.

9.3. Submitting an Application. Individuals will submit applications according to Table 9.1. (T-3)

**Note:** Rule 1 does not pertain to RegAF enlisted personnel applying for appointment in the MSC, BSC, or NC under **Chapter 5**. They submit application according to rule 14.

9.4. **Selecting an Applicant.** The nomination authorities specified in **paragraphs 1.5.** through 1.9. review applications and make selections. Applicants are selected through the use of a quality-oriented system including, but not limited to, factors such as education, experience, test scores, potential, motivation, and, if applicable, prior military performance. Selection boards for Reserve appointments must include at least one Reserve officer (T-1). **Note:** Boards convened to select Reserves for appointment in the RegAF do not require a Reserve officer on the selection board.

9.4.1. The selection of officers for appointment in the ANG is a function of the state. By authority of the SAF, appointments are federally recognized in the ANG at the discretion of the Chief, NGB.

9.4.2. Appointing authorities establish procedures to notify the losing service of the acceptance of their members for appointment and ensures notification contains complete information.

9.4.3. The selection or appointing authority ensures persons who are non-selected, ineligible, or found not qualified for appointment, are so advised. They then dispose of application documents according to AFI 36-2608, *Military Personnel Records System*. 
9.4.4. When an applicant declines or fails to accept an appointment, the appointing authority cancels the appointment by reason of non-acceptance and notifies the appointee and AF/A1PT. The appointing authority enters the declination and date on all retained copies of the appointment memorandum and disposes of application documents according to AFI 36-2608. Applicants are ineligible to reapply for 12 months IAW paragraph 2.1.2. of this instruction.
Chapter 10

SERVICE CREDIT

10.1. Entry Grade Credit for Grade Determination. All initial LAF officer appointments are made in the grade of second lieutenant. Professional category initial appointees may qualify for a higher grade due to CSC rules in effect at the time of appointment IAW DoDI 1312.03 and DoDI 6000.13. Except as limited by maximum credit limits (see Table 11.1.), entry grade credit is the sum of prior active commissioned service (except as a commissioned warrant officer) and CSC. Prior commissioned service is calculated first.

10.1.1. CSC or service credit entitlements cannot be applied retroactively (grandfathering) and a member cannot terminate his or her appointment and request reappointment in order to take advantage of changes to CSC or service credit rules.

10.1.2. A period of time is counted only once when computing entry grade credit.

10.1.3. This chapter does not pertain to applicants in the following circumstances.

10.1.3.1. Pursuant to 10 USC § 533, reserve officers (other than commissioned warrant officers) appointed as regular officers are appointed in the same grade and with the same DOR as the grade and DOR the officer would have held had the officer been serving on the ADL on the date of appointment.

10.1.3.2. A former RegAF or ARC officer may, if otherwise qualified, be appointed or reappointed as a Reserve Officer.

10.1.3.2.1. The officer may be placed on the RASL in the grade equivalent to the permanent RegAF or Reserve grade and in the same competitive category in which the person previously served satisfactorily on AD or in an active status.

10.1.3.2.2. The officer may be credited, for determining DOR, with service in grade equal to that held by that person when discharged or separated.

10.1.3.3. Graduates of Service Academies do not receive credits for services, education, training or experience obtained prior to graduation.

10.1.3.4. Service credit does not apply to persons being initially commissioned through OTS (TFOT) or AFROTC.

10.2. Prior Active Commissioned Service Credit. Credit for PS as a commissioned officer (other than as a commissioned warrant officer) on active duty or in an active status including periods of active duty for training, is granted to recognize previous commissioned experience, while maintaining cognizance of the level of professional knowledge, skill, and experience required at specific rank levels. Credit for prior commissioned service as a Regular or Reserve officer within the following limitations:

10.2.1. LAF officers (Table 10.1)

10.2.2. Chaplains (Table 10.2, rules 1 through 5)

10.2.3. Judge Advocates (Table 10.3, rules 1 through 5)

10.2.4. MC or DC officers (Table 10.4, rules 1 through 3).
10.2.5. BSC, MSC, NC officers (Table 10.5, rules 1 through 4).

10.2.6. Commissioned service in an active status while participating in a program leading to appointment in a specialty in which constructive service is awarded or in the specialty in which being appointed, designated, or assigned.

10.2.6.1. An officer who completes a program that would qualify for CSC under paragraph 10.3, while in an active status may be credited with prior commissioned service credit. The credit awarded will be the difference between the officer’s time in an active status and the amount of time normally required to complete the program.

10.2.6.2. The length of such a program is the number of years (to the nearest year) normally required to complete the advanced education or receive the advanced degree pursuant to 10 USC §§ 533 and 12207.

10.3. Constructive Service Credit. CSC is to provide grade and DOR comparability for an individual who begins commissioned service after obtaining the additional education, training, or experience required for appointment, designation, or assignment as a commissioned officer in a professional field relative to a contemporary who began commissioned service immediately after obtaining a baccalaureate degree. CSC is determined in accordance with the following guidelines.

10.3.1. A period of time, or qualification, is counted only once when computing CSC.

10.3.2. Periods of time spent in an active status as a commissioned officer or on active duty may not be counted when CSC credit, except as noted in Table 10.4., Table 10.5., and Table 10.6.

10.3.2.1. An officer who completes an advanced education or receives an advanced degree that qualifies for CSC while in an active status may be credited with CSC if the officer completes the advanced education or receives the advanced degree in less time than normally required to do so.

10.3.2.2. The amount of CSC awarded is the difference between the number of years normally required to complete the education program and the number of years in which the program is completed by the officer.

10.3.2.3. The time normally required to complete an advanced education or receive an advanced degree is the number of years (to the nearest year) normally required by the majority of institutions that award degrees in that professional field to complete the advanced education or receive the advanced degree.

10.3.3. Proportionately award credit to the nearest day qualifying periods of less than 1 year except where otherwise noted in Table 10.4., Table 10.5., and Table 10.6.

10.3.4. Count CSC listed in Table 10.4., Table 10.5., and Table 10.6. for education or professional training. When education or training overlaps other creditable service, count the CSC first, then reduce the other creditable service for any overlapping period. Award full CSC through the date the officer completed professional requirements.

10.3.5. CSC credited an officer under paragraph 10.4 through 10.8. is used only for determining the officer’s:

10.3.5.1. Initial grade as an officer;
10.3.5.2. Rank in grade; and

10.3.5.3. Service in grade for promotion eligibility.

10.4. Service Credit for LAF Officers. LAF officers are not authorized CSC. Prior commissioned service credit is awarded according to Table 10.1.

Table 10.1. Service Credit For LAF Officers.

If the individual has successfully completed unusual special experience related to the specialty to which assigned then the amount of service credit awarded is 1 year for each year (see notes 1 and 6).

**Note:**

1. In computing service credit, count a period of time or qualification only once. Proportionately credit, to the nearest day, qualifying periods of less than 1 year. Limit total service credit awarded to that required for the person to receive an entry grade of major unless granted a waiver according to paragraph 11.2. Do not award USMA, USNA, or USAFA graduates any credit for education, training, service, or experience they gained before graduating from the academy. Attainment of permanent certification by the ECFMG or completion of a Fifth Pathway program is not creditable as an internship.

2. AFPC/DP2N, NGB/A1PO, or ARPC/DPAR, as appropriate, approves, on an individual basis, any credit awarded under this rule. The advanced education has to contribute directly to the performance of duty in the specialty in which assigned. The advanced degree cannot have been earned concurrently with the primary credentials (MD, DO, DDS, DMD). Credit may not include time spent in attainment of baccalaureate or lower degrees. No additional credit may be given for more than one advanced degree in a single, or closely related field. The total credit for having both a master’s and a doctorate degree may not exceed the maximum allowed for a doctorate.

3. Unless AFPC/DP2N, NGB/A1PO, or ARPC/DPAR (in consultation with AFRC/SG), as appropriate, waives, no credit may be given for practice outside the U.S., the District of Columbia (DC), Puerto Rico, or Canada.

4. Use the permanent and unrestricted licensure in a state, the DC, the Commonwealth of Puerto Rico, a territory of the U.S., or Canada, to establish the date from which to award credit for experience to foreign-trained physicians.

5. Compute from the day after the officer completed the internship or the education listed in rules 3, 4, or 5, as appropriate, until the day before appointment. Do not award credit for periods of unemployment of more than 30 days.

6. AFPC/DP2N, NGB/A1PO or ARPC/DPAR, as appropriate, may award credit under rule 10 only for a specialty designated critical or urgent. Do not award credit under rule 10 unless the maximum credit under rule 9 has been awarded.

### 10.8. Service Credit for Health Professionals (Other than Medical or Dental)

The number of years creditable as CSC may not exceed the following (see Table 10.5.):

10.8.1. Entry grade for appointment designation or assignment in those cases in which advanced education beyond the baccalaureate degree level is a prerequisite in a particular professional category cannot exceed one year for each year of the required advanced education.

10.8.2. Entry grade for special experience, or unique qualifications in those cases in which advanced education beyond the baccalaureate degree level is a prerequisite cannot exceed one-half year for each year, up to a maximum of three years of credit.

Full time professional experience in the specialty in which appointed when the experience is accrued after 1/2 year for each year of experience, up to 6 years for a maximum of 3 credits.
If appointing or designating an individual as a service member, and they have completed obtaining the qualifying degree or license, then the amount of service credit awarded is (see note 1) full time special professional experience in the specialty in which they have been appointed when the experience is accrued after obtaining the qualifying degree or license (see note 1). Table 10.5., Rule 46 applies thereafter (see notes 11 and 13).

Note:
1. In computing service, count a period of time or qualification only once. Proportionately credit, to the nearest day, qualifying periods of less than 1 year. Limit total service credit awarded to that required for the person to receive an entry grade of major unless granted a waiver according to paragraph 11.2. Do not award graduates of the USMA, USNA, or USAFA any credit for education, training, service, or experience they gained before graduating from the academy.
2. No additional credit is authorized for a master's level degree in the same or related field.
3. Must also be nationally certified by the applicable specialty board.
4. Depending on the official length of the program, award an applicant 12 to 24 months credit for a master’s degree. Example: 1 year for each school year not to exceed 24 months. AFPC/DP2N, NGB/A1PO, or ARPC/DPAR, as appropriate, determines the amount of credit awarded.
5. Do not grant credit under rule 19 if credit has been granted under rule 17 or 18, or if certification is necessary for award of the degree.
6. If the applicant's Ph.D program required the applicant to complete a 1-year clinical psychology internship for award of the doctorate, do not award credit for completing the internship. The maximum credit this applicant may receive is 48 months.
7. Award 48 months service credit to an individual accepted for the USAF Clinical Psychology Internship Program who has not received a Ph.D. in psychology.
8. Do not award any credit to individuals who complete clinical internship affiliation or residency training as part of their baccalaureate program.
9. Do not award any credit for completing the residency to an applicant whose master's of pharmacy or PharmD degree program required the 1-year residency for award of the degree. The maximum credit this applicant may receive is 24 months (Master’s Degree) and 48 months (PharmD).
10. AFPC/DP2N, NGB/A1PO, or ARPC/DPAR, as appropriate, approves any credit awarded under this rule on an individual basis. Credit may not include time spent in attainment of baccalaureate or lower degrees. No additional credit may be given for more than one advanced degree in a single, or closely related field. The total credit for having both a master’s and doctorate degree may not exceed the maximum allowed for a doctorate.
11. Credit under this rule applies to individuals appointed as BSC, MSC, or NC officers on or after 4 December 1987. Do not award credit for experience of 1/2 year or less or for periods of...
unemployment of more than 30 days. For those individuals that require a license, award experience credit from time of licensure.

12. Credit under this rule applies to individuals appointed as BSC, MSC, or NC officers on or after 4 December 1987. Award credit under this rule only when AF/SG determines a specialty is critical or urgent. AF/SG, NGB/SG, or AF/REM, as appropriate, determines (on a fiscal year basis) which skills may get credit under this rule and sets the limits on the amount of credit awarded. AFPC/DP2N, NGB/A1PO, and ARPC/DPAR award credit for special experience accordingly. Do not award credit under this rule unless the maximum credit under rule 46 has been awarded. Do not award credit for periods of unemployment of more than 30 days. For those individuals who require a license, award experience credit from time of licensure.

13. An individual achieves full time professional experience by being employed 40 hours per week in one or more places of employment. Exception: Individuals employed for 32-39 hours per week and considered full time employees must submit a letter from their employer verifying they are full time employees. (T-1)

Chapter 11

ENTRY GRADE

11.1. Determining Entry Grade. Use Table 11.1 to determine entry grade.

11.1.1. An individual granted service credit under this instruction and placed on the ADL or RASL may have an entry grade determined by comparing entry grade credit with the appropriate promotion phase points of the AF as defined by AFI 36-2501, Officer Promotions and Selective Continuation, AFI 36-2504, Officer Promotion, Continuation and Selective Early Removal in the Reserve of the Air Force, and ANGI 36-2505, Federal Recognition Examining Boards for Appointment or Promotion in the Air National Guard Below General Officer. Except as limited by paragraph 7.5, credit granted that exceeds the amount used to establish the entry grade is used to adjust the DOR. ARC officers are ordered to Extended Active Duty (EAD) in their Reserve grades.

11.1.2. An individual who is a former commissioned officer may, if otherwise qualified, be appointed as a Reserve officer. The member:

11.1.2.1. Is placed on the RASL in the grade equivalent to the permanent grade, and in the same competitive category, in which the person previously served satisfactorily, and

11.1.2.2. May be credited for determining DOR with service in grade equal to that the member held when discharged or separated.

11.1.3. When an ARC commissioned officer is transferred from an inactive status to an active status and placed on the ADL or the RASL, the SecAF may, effective on the date the officer is placed on either list, change the officer’s DOR to a later date to reflect such officer’s qualifications and experience. Note: This authority does not apply in the case of an officer who has served continuously in the SelRes of the Ready Reserve since the officer’s last promotion or is placed on the ADL while on a promotion list.

Notes:
1. See paragraph 2.6.4 for waiver authorities.
2. ARC MC and DC officers may be originally appointed in the grade of captain with 4 years of credit (Table 10.4., Rule 1) upon completing medical school.
3. For NC, BSC and MSC officers appointed for the sole purpose of entering RegAF as a major, service credit awarded must be at least 14 years. (T-1)
4. For appointment in this grade, see paragraph 11.2.

11.2. Maximum Entry Grade Credit. The total entry grade credit granted may not exceed that required for the person to receive an entry grade of major.

11.2.1. The SAF may waive the entry grade limit of major to permit appointment in the grades of lieutenant colonel or colonel to relieve manning shortfalls in a specialty, or prevent a serious inequity in the appointment action. In these cases, credit is limited to the minimum amount required for appointment in these grades.

11.2.1.1. AFPC/DP2N, NGB/A1PO, or AF/RE-D may waive the limit for appointment of medical and dental officers in the grade of lieutenant colonel in shortage specialties designated by AF/SG in coordination with NGB/SG and AFRC/SG. Depending on the officer's competitive category, use Table 10.4., Table 10.5., and Table 10.6. to determine service credit.

11.2.1.2. Forward recommendations for appointment as a colonel in a health profession only when AFPC/DP2N, NGB/A1PO, or AF/RE recommends approval. Route recommended approvals through the appropriate component SG.

11.2.1.3. Components nomination sources should complete and maintain grade data verification sheets to support nominees entering as a lieutenant colonel or colonel.

11.2.2. This limitation is not applicable to the appointment of a Reserve officer as a Regular officer. See paragraph 10.1.3.

11.3. Computing and Recording Service Dates and DOR.

11.3.1. Service Dates and Date of Rank are calculated IAW AFI 36-2604. In addition to guidance provided in AFI 36-2604, use Table 11.2. to assist in calculating Total Years Service Date (TYSD), DOR, and Total Federal Commissioned Service Date (TFCSD).

11.3.2. Do not compute TYSD and DOR for officers holding only USAF (temporary) appointments.

1. Limit total service credit awarded to that required for the person to receive an entry grade of major unless granted a waiver according to paragraph 11.2. Also, the awarded DOR may not result in the officer being eligible for promotion consideration within the next 12 months.

**Example:** For officers appointed as first lieutenant, the maximum DOR credit is 3 years; as captain, 6 years; as major, 6 years.
2. On reappointment an officer may qualify for the same grade, a higher grade, or a lower grade. Compute the TYSD and DOR in these cases based on service credit provisions in effect at the time of reappointment. Refer to paragraph 11.2. of this instruction for further guidance.
3. If the officer had prior Reserve commissioned service in the same grade not reflected in the DOR, the DOR is adjusted to include prior promotion service in the same grade, excluding inactive service.
4. If the former officer was a physician in another uniformed service, SAF/MR may approve a request for appointing the officer under rule 4 versus rule 5 as an ETP, if justified. Forward fully justified requests for ETP to AFPC/DP2N (for RegAF appointments), NGB/A1PO (for ANG appointments), or AF/REP (for AFR appointments), for disapproval or recommended approval. If AFPC/DP2N, NGB/A1PO, or AF/REP recommends approval, they forward the request to AF/A1PT for processing to SAF/MR for a final decision.
5. This rule applies whether or not there is a break in service.
Chapter 12

APPOINTMENT NOMINATION AND SCROLLING

12.1. Appointment as Regular Officer. All officers commissioned to the Regular component of the Air Force receive Regular appointments at the time they enter active duty on the ADL, regardless of method or source of commission under DoDI 1310.02. This paragraph also applies to students of the USUHS upon placement on the ADL.

12.1.1. ROTC graduates are scrolled and commissioned as Reserve officers. They are rescrolled and receive a Regular appointment if placed on the ADL.

12.2. Appointment as a Reserve Officer. All officers commissioned to a Reserve Component receive a Reserve appointment when placed on the RASL under DoDI 1310.02. A RegAF officer who transfers components into the Reserve resigns their regular appointment and accepts a reserve appointment.

12.3. Appointment as an ANG Officer. ANG officers are appointed as Reserve of the Air Force. The tenure and acceptance of an appointment as a Reserve of the Air Force is necessary for federal recognition in the ANG.

12.3.1. Prior to appointment in the state and federal recognition board action, an appointment request is submitted through command channels to NGB/A1 for approval. Temporary federal recognition is granted by NGB/A1.

12.3.2. An applicant must first be appointed in the appropriate State ANG. Once approved, an applicant is nominated for federal recognition in the same grade as appointed in the appropriate State ANG.

12.3.3. A RegAF officer who transfers components into the ANG resigns his/her regular appointment and accepts a reserve appointment in the ANG.

12.4. Commissioning Sources. Commissioning sources submit nominees for original appointment to the component nomination sources listed in Table 12.1. and communicate the need to remove a nominee from consideration to the appropriate component nomination source. Commissioning sources determine qualified nominees and grade. See Table A2.1, Commissioning Sources at Attachment 2.

12.5. Component Nomination Sources. Component nomination sources are listed in Table 12.1. The leadership of each component nomination source may delegate their coordination within their component at their discretion. Exception: Reserve appointment for ROTC graduates awaiting reappointment as RegAF officers are nominated by AFPC/CA and submitted by AFPC/DP1TAM.

*Note:* AFPC/CA nominates for Reserve appointment ROTC graduates awaiting reappointment as RegAF officers.

12.5.1. Appointment sources submit candidates for appointment to the appropriate component nomination source. Appointment sources use proposed rank of the candidate to determine the number of days before the target appointment date the candidate is submitted for review and approval (see paragraph 12.6.1.).

12.5.2. AFPC/DP1TAM. Ensures nominees are eligible for appointment to the RegAF, produces nomination packages, obtains AFPC/CA coordination, forwards packages to AF/A1PT, and disseminates nomination approvals to the appropriate appointment sources. *Note:* AFPC/DP1TAM obtains AFPC/CA coordination and submits nominations for Reserve appointment of ROTC graduates awaiting reappointment as RegAF officers.

12.5.3. NGB/A1. Ensures nominees are eligible for a Reserve appointment, produces nomination packages, obtains NGB/CF coordination, and forwards packages to AF/A1PT. NGB issues Permanent Federal Recognition to the approved nominees and communicates recognition to the appropriate ANG State Headquarters (HQ).

12.5.4. ARPC/DPAR. Ensures nominees are eligible for a Reserve appointment, produces nomination packages, obtains ARPC/CC coordination, forwards packages to AF/A1PT, and disseminates nomination approvals to the appropriate appointment sources. *Exception:* Reserve appointment for ROTC graduates awaiting reappointment as RegAF officers are nominated by AFPC/CA and submitted by AFPC/DP1TAM.

12.6. Nomination Package Requirements. To ensure nominees selected for appointment are approved in a timely manner, each component consolidates nominees into formatted nomination packages and coordinates them through an approval chain including HAF, Deputy Secretary of Defense (DepSecDef), SecDef, White House, and Senate (see Table 12.2.).

12.6.1.1. A nomination is valid until the appointment is tendered if the nominee maintains intent to enter the Air Force using their initial Appointment Source.

12.6.1.2. A nomination package should not be submitted earlier than 9 months before the targeted appointment date. Component nomination sources use proposed rank of the candidate to determine the number of days before the target appointment date the candidate is submitted for review and approval.

12.6.1.2.1. Captain and below in the RegAF and lieutenant colonel and below for AFR are submitted to the component nomination source 90 to 240 days prior to the targeted appointment date. See paragraph 12.6.1.2.3. for expedited processing.
12.6.1.2.2. Major, lieutenant colonel, and colonel in the RegAF and colonel in the AFR are submitted to the component nomination source 120 to 240 days prior to the targeted appointment date. See paragraph 12.6.1.2.3. for expedited processing.

12.6.1.2.3. If the targeted appointment date is less than stated above, the component nomination source must justify the need for expedited processing and cause for the short notice in the AF Form 1768, Staff Summary Sheet (SSS). (T-1) The component nomination source notifies AF/A1PT when a package requires expedited processing.

12.6.1.2.4. For ANG: Permanent federal recognition must be requested by the appropriate State within 90 days of receiving the approved temporary appointment letter from NGB/A1PO. **Exception:** For TFOT graduates, on the date of graduation, candidates will meet a Federal Recognition Examination Board and federal recognition will be granted at that time.

12.6.2. Nomination packages contain the following items and are submitted in SharePoint®. **Note:** For authorized access contact AF/A1PT.

12.6.2.1. An AF Form 1768 documents, via electronic signature, the coordination of the nomination package at the component nomination source. The SSS should state all nominees are eligible for appointment and justify expedited processing if required (See paragraph 12.6.1.2.3.).

12.6.2.2. A completed scroll nomination list, using the template provided by AF/A1PT. The scroll nomination list includes an appointment/nomination statement and a list of alphabetized nominees with the SSN and organized by grade (i.e. all captains in alphabetical order, then all majors in alphabetical order, etc.).

12.6.2.3. All nominations for persons with adverse information (i.e. UIF) require supporting information. IAW DoDI 1320.04, at a minimum the nomination must contain (T-0):

12.6.2.3.1. Nominees’s last 3 OPRs.
12.6.2.3.2. The complete UIF.
12.6.2.3.3. AF Form 1288 (if applicable).
12.6.2.3.4. Gaining component’s HQ approval/recommendation for the commission. Include the reason why the individual is recommended for commission (i.e., needs of the AF or needed for a unique or hard to fill position). See DoDI 1320.04 for specific language to be included in recommendation.

12.6.3. Memorandum Requirements. The memorandum transmits to the SecDef or DepSecDef the approval of SAF/MR of nominees for original appointment.

OATH OF OFFICE AND CERTIFICATE OF COMMISSIONING

13.1. Taking the Oath. On or after the date the scroll is approved and signed (see Table 12.2.), each individual must properly execute an AF Form 133, and NGB Form 337 for ANG appointments, before entering the duties of the office. (T-1) The properly executed oath of office establishes the official commissioning date in the military personnel data system, which initiates entitlement to pay and allowances. (T-1) The appointing authority cancels the appointment if the individual refuses to execute the oath of office without modifications or reservations. Note: The individual may omit the words “[s]o help me God,” if desired for personal reasons.

13.1.1. ROTC graduates who received Reserve appointments for the purpose of entering on the ADL, and are appointed to the RegAF upon placement on the ADL, will not complete a new AF Form 133 for the RegAF appointment. (T-1)

13.2. Administering the Oath.

13.2.1. Persons being appointed or commissioned in the Air Force may take the oath before:

13.2.1.1. The President, Vice President, SecDef or SecAF.

13.2.1.2. A commissioned officer of any component of any Armed Force of the U.S. (including retired). This includes commissioned warrant officers of the Army, Navy, Marine Corps, and Coast Guard.

13.2.1.2.1. Warrant officers serving on active duty as an adjutant, assistant adjutant, acting adjutant, or personnel adjutant of a command may administer the oath under 10 USC § 936, Article 136.

13.2.1.2.2. Army, Navy, Marine Corps and Coast Guard warrant officers, W-1, receive their appointment by warrant and are not eligible to administer the oath unless serving on active duty as adjutants as described in paragraph 13.2.1.2.1.

13.2.1.2.3. Navy, Marine Corps and Coast Guard chief warrant officers (CWO), W-2 through W-5, are appointed in those grades by commission and are authorized to administer oaths.

13.2.1.2.4. Army CWOs, W-2 through W-5, appointed on or after 8 May 1986 receive their appointment by commission and are authorized to administer oaths. Before 8 May 1986, they received their appointment by warrant and are not eligible to administer oaths unless they were later granted a CWO appointment by commission or are serving on active duty as an adjutant as listed above.

13.2.1.2.5. Retired Air Force warrant officers received their appointment by warrant and are not authorized to administer oaths.

13.2.1.3. An individual authorized by local law to administer oaths in the State, District, or territory or possession of the Unites States where the oath is administered.

13.2.2. ANG officers must abide by State laws in addition to 5 USC § 2903, 10 USC § 1031 and 32 USC § 312 for the NGB Form 337. (T-0) Although any superior officer may
administer the AF Form 133, some states may require an officer or senior commissioned
ANG officer from the same state.

13.3. DD Form 1AF, Certificate of Commission.

13.3.1. Air Force commissioned officers receive their commissioning certificate at the time
of their first appointment.

13.3.2. The commissioning source making the appointment or commission issues the DD
Form 1AF.

APPLICANT BRIEFING ITEM ON SEPARATION POLICY

A8.1. Brief applicants, prior to the commissioning oath, as follows:

A8.1.1. As military members, you occupy a unique position in society. You represent the military establishment. This special status brings with it the responsibility to uphold and maintain the dignity and high standards of the US Armed Forces at all times and in all places. The Armed Forces must also be ready at all times for worldwide deployment. This fact carries with it the requirement for military units and their members to possess high standards of morale, good order and discipline, and cohesion. As a result, military laws, rules, customs and traditions include restrictions on your personal behavior that may be different from civilian life. Members of the Armed Forces may be involuntarily separated before their term of service ends for various reasons established by law and military regulations. Some unacceptable conduct may be grounds for involuntary separation, such as:

A8.1.1.1. You establish a pattern of disciplinary infractions, discreditable involvement with civil or military authorities or you cause dissent, or disrupt or degrade the mission of your unit. This may also include conduct of any nature that would bring discredit on the Armed Forces in the view of the civilian community.

A8.1.1.2. Because of parental responsibilities, you are unable to perform your duties satisfactorily or you are unavailable for worldwide assignment or deployment.

A8.1.1.3. You fail to meet the fitness standards.

A8.1.2. Provide a typed copy of the following to each applicant prior to the commissioning oath:

*RESTRICTIONS ON PERSONAL CONDUCT IN THE ARMED FORCES*

Military life is fundamentally different from civilian life. The military has its own laws, rules, customs, and traditions, including numerous restrictions on personal behavior that may be acceptable in civilian society. These are necessary because military units and personnel maintain the high standards of morale, good order and discipline, and unit cohesion essential for combat effectiveness.

The Armed Forces must be ready at all times for worldwide deployment. Military laws and regulations, including the Uniform Code of Military Justice, apply to service members at all times, both on base and off base, from the time the member enters the service until the member is discharged or otherwise separated from the Armed Forces.

*Members of the Armed Forces may be involuntarily separated before their term of service ends for various reasons established by law and military regulations, such as: (a) member may be separated for a pattern of disciplinary infractions, a pattern of misconduct, commission of a serious offense, or civilian conviction, (b) a member who has been referred to a rehabilitation program for personal drug and alcohol abuse may be separated for failure through inability or refusal to participate in, cooperate in, or successfully complete such a program, (c) a member may be discharged by reason of parenthood, if it is determined the member because of parental responsibilities, is unable to perform his or her duties satisfactorily or is unavailable for worldwide assignment or deployment, or (d) a member may be separated for failure to meet service fitness standards.*
