INTRODUCTION

1.1. Description of the First Sergeant.

1.1.1. The United States Air Force First Sergeant is an expeditionary leader serving in a time honored special duty position, rich in custom and tradition. The position is critical to the execution of the unit mission. Although the first sergeant does not typically have a specific operational or technical expertise requirement, he or she must thoroughly understand how decisions affect unit performance. The first sergeant primarily supports the mission through interaction, support and management of Airmen and families. The first sergeant works directly for and derives authority from the unit commander, and serves a critical link for the commander within the unit. The first sergeant must ensure the force understands the commander’s policies, goals, and objectives and must also ensure support agencies, i.e., security forces, civil engineer, medical facilities, services, etc., are responsive to the needs of unit personnel and their families.

1.1.2. First sergeants respond to the needs of unit members 24 hours a day, 7 days a week, and may at times be required to work long and irregular hours, as well as travel extensively to and from mission destinations (The Joint Travel Regulation, paragraph 2805, authorizes vicinity travel). They must remain vigilant and use the necessary authority to resolve issues that, left unchecked, would adversely impact readiness.

1.1.3. The first sergeant principally leads outside the operational chain of command. As such, first sergeants must be mindful they seldom are the ranking Senior Noncommissioned Officer (SNCO) in the unit, and should balance communication with the organization’s leaders while taking the lead in establishing effective communication with all members. Specifically, first sergeants communicate with unit leadership, supervisors and members to ensure equitably is maintained and morale, welfare and health needs for the force are met.

1.1.4. The first sergeant serves as the commander’s advisor on personnel programs, enlisted career progression, enlisted Professional Military Education (PME), family needs, financial matters, housing and recognition.

1.1.5. The first sergeant is not a replacement for the chain of command. The first sergeant must ensure leadership, to include superintendents and supervisors, are actively engaged in the interaction, support and management of Airmen and their families through inclusive involvement and communication.

1.2. Professionalism. First sergeants are expected to epitomize the highest qualities of Air Force SNCOs. These qualities require the first sergeant to always remain perceptive and credible, and to exemplify the core values of the United States Air Force. First sergeants must be proactive in the performance of their duties, demonstrating initiative, innovation and character. Instances where professionalism comes into question can quickly unravel a unit’s morale and ability to accomplish the mission. First sergeants can neither maintain friendships or unprofessional relationships with any member of the unit, which could be perceived as showing or having any particular favoritism to an individual or portion of a unit to include both military and civilian members as outlined in AFI 36-2909. First sergeants must be cognizant of their
actions, to include the mere appearance of impropriety, as it relates to their position, unit and the Air Force.

1.3. Relationships with Other Key Leaders.

1.3.1. Commander. The professional relationship between a first sergeant and commander is often unique and very close. The first sergeant serves as a key advisor to the commander on matters relating to health, morale, welfare, safety, legal, personnel, administrative issues and a variety of other issues. Furthermore, the first sergeant must become intimately familiar with the unit mission to ensure this advice is sound in relation to the operational environment. There will be instances where the commander will expect the first sergeant to act on his or her behalf, and there is a great amount of trust placed in the first sergeant by the commander.

1.3.2. Squadron Superintendent. The first sergeant and superintendent must establish a strong professional relationship and define roles and responsibilities, as these often cross paths. Superintendents are primarily operationally focused, while the first sergeant spends most of his or her time with personnel and related programs. The first sergeant and superintendent must keep each other informed on matters that could affect an Airmen’s ability to execute the mission. Superintendents must ensure the first sergeant understands the mission and operations of the unit, and they must work together to ensure the success of the unit.

1.3.3. Wing and Installation Command Chief Master Sergeants (CCM).

1.3.3.1. In addition to responsibilities and obligations at the unit level, first sergeants work closely with the Wing CCM to prepare the force to execute the Wing and base missions. Furthermore, in several instances there will be more than one CCM on an installation, and the first sergeant will often work with all of them, especially the installation host Wing CCM even if he or she is not the first sergeant’s Wing CCM. In all instances, the first sergeant and CCMs are required to build a healthy professional relationship and work together to enhance the installations missions.

1.3.3.2. First Sergeants also participate in a variety of activities that support the total needs of the military community. Due to the first sergeant’s role as a unit leader, commanders and CCMs must ensure installation taskings, First Sergeant Council activities, as well as private organization involvement do not result in excessive time away from the unit.

1.3.4. Key Spouse. The first sergeant helps the commander establish and maintain a strong Key Spouse program where applicable. The first sergeant interacts with the key spouse on a regular basis, and serves as the liaison between the key spouse and unit leaders. Specific requirements with relation to the key spouse program are outlined in Chapter 2.

4.2.3.4. Based on the results of the interview, the CCM will prioritize a list of only those individuals who demonstrate the potential to assume the duties of a first sergeant. The CCM, or representative designated by the CCM, is responsible for coordinating with the unit commanders for initial assignments.

Chapter 5  
CLASSIFICATION & TRAINING

5.1. AFSC Award. CAFSC, DAFSC and PAFSC guidance is outlined in AFI 36-2101 and ANGI 36-2101 for certain ANG personnel. Specific criteria for the 8F000 SDI is as follows.

5.1.1. CAFSC. All members will be awarded the 8F000 SDI as their CAFSC, effective the date they enter formal training (Distance Learning). Exception: ANG members who are in a full time status of another AFSC during the week will maintain that CAFSC, but perform duty in the 8F000 SDI while in drill status.

5.1.2. DAFSC. Upon return from the FSA, members must be utilized and assigned as a first sergeant, and loaded into an authorized 8F000 UMD position where their DAFSC is 8F000. Exceptions would be for members who return back to the losing duty station after completing the FSA, and are awaiting PCS to their first 8F000 duty station. ARC members may be loaded in the DAFSC position of 8F000 prior to completing the FSA.

5.1.2.1. ANG AGR members who are full time in another career field, and seek to do first sergeant duty full time must complete a waiver to NGB/CF ANG First Sergeant Functional Manager IAW ANGI 36-101/ANGI 36-2101.

5.1.2.2. ANG members who are in a full time status (i.e. Technicians) of another AFSC during the week will maintain that DAFSC, but perform duty in the 8F000 SDI while in drill status. The full time DAFSC will be different due to their fulltime/DSG position and will be mismatched in the UMD.

5.1.2.3. Personnel who successfully complete the FSA must be assigned to a valid 8F000 UMD position and performing first sergeant duties to be authorized the diamond device (see Chapter 9). Members awaiting PCS to their first 8F000 duty station are not authorized to wear the diamond device while preforming duties in their PAFSC.

5.1.3. PAFSC.

5.1.3.1. The member will retain the AFSC they are “most qualified in” as their PAFSC. In most instances, it will be the AFSC from which they are entering the 8F000 SDI.

5.1.3.2. IAW AFI 36-2101 six criteria are utilized to determine the PAFSC and include (in order) skill level, experience, complexity, amount of formal education and training, currency of equipment and desire of the individual.

5.1.3.3. The 8F000 SDI does not have skill levels. The member will retain their 7-skill level from the losing career field for a period of 6 years and the AFSC for a period of 8 years. For ANG members that serve full time in another AFSC (and 8F000 duties in drill status), they will maintain their PAFSC so long as they maintain their proficiency in their full-time position.

5.2. FSA Attendance. Members selected for first sergeant duty will be scheduled for the first available class date. AFPC/DPA2 will schedule RegAF members once a valid requirement is identified. NGB/A1FT, Formal Training Branch, schedules FSA class dates for ANG members. AFR/A1, Formal Schools Branch, schedules FSA class dates for AFR members. AFR and ANG members must attend at the earliest possible opportunity, but no later than 1 year from the date of
assignment. If a member does not complete the FSA within 1 year, he/she must be removed from the first sergeant position and returned to his/her previous AFSC and the projected training cancelled. Note: In the instance that a member has been approved for first sergeant duty, but there are no valid positions to be assigned, the member will not receive a class date until a vacancy is identified.

5.3. USAF First Sergeant Academy.

5.3.1. The FSA is a blended learning course combining a period of distance learning, followed by an in-residence portion. Distance learning will be conducted by individual components; however, the in-residence portion may include members from RegAF, ANG and AFR components. The course covers a wide variety of topics including those items identified during the most recent U&TW. Most instruction is conducted with a blend of all components, but a portion is designated for specific instruction on topics unique to each particular component as outlined during the most recent U&TW.

5.3.2. RegAF members approved for first sergeant duty are released from their current duties upon start of the distance learning portion of the FSA. During the distance learning portion of the FSA members in training will be assigned to shadow an 8F000 first sergeant outside the member’s current squadron. If no other first sergeants are available, the member may be assigned to their current squadron first sergeant. Exception: Members already serving as a full time additional duty first sergeant may continue to do so as long as they are assigned an 8F000 first sergeant during the distance learning portion of the FSA.

5.3.2.1. During this time, the member should complete the required curriculum and utilize the first sergeant they are assigned to help enhance the material. They will also shadow the assigned first sergeant to garner experience.

5.3.2.2. The first sergeant being shadowed will provide feedback to the CCM assessing the ability of the candidate to serve as a first sergeant. If at any time during the shadowing the CCM determines the candidate is not fit for first sergeant duty they will contact the MAJCOM Functional to discuss disenrollment.

5.3.3. ARC members will normally already be assigned to the 8F000 billet, and may be carrying out limited duties as necessary. At the start of the distance learning portion of the course, they will be assigned a current first sergeant as a mentor to facilitate the needs outlined in paragraph 5.3.2.1.

5.3.4. Academic Requirements. Students must meet all academic requirements to include oral, written and practical evaluations. Personnel failing to meet standards may be removed from the course at the discretion of the FSA Commandant IAW established academy policies. Students released may not be reenrolled for six months from the date of release.

5.3.5. Fitness Requirements.

5.3.5.1. Students will be required to take part in a strenuous fitness program to include a variety of physical activities. Students who arrive without the required fitness assessment as outlined in paragraph 3.2.13.2 will be immediately returned to home station at the unit’s expense. Rescheduling attendance requires concurrence from the Commandant of the FSA, as well as the USAF First Sergeant Special Duty Manager (for
RegAF members), ANG Functional Manager (for guard members) and AFR Functional Manager (for reserve members).

5.3.5.2. Members who are on a profile are required to coordinate the profile with the Wing CCM, who will coordinate with the MAJCOM/component functional manager prior to the members departure for training to ensure the member can complete all aspects of the course. The FSA Commandant must pre-approve all potential students possessing profiles prior to their departure for training. If it is deemed the member cannot attend training, they will be scheduled in the first class available following the expiration of the profile.

5.3.6. Disciplinary actions. The FSA Commandant will ensure all student disciplinary actions are dealt with in an appropriate manner, and at the commandant’s discretion, may release any student who demonstrates substandard conduct. Students released for cause/disciplinary actions may not reapply.

5.4. **Installation Orientation.** Host Wing CCMs will ensure a local orientation checklist is developed specific to the first sergeant position. This checklist is in addition to the normal unit or Wing in-processing checklist, and is to ensure each newly arrived first sergeant becomes quickly familiar with local policies, procedures, and key locations essential to first sergeant duty. (T-3).

5.4.1. The checklist will include time with the Wing and host Wing CCM(s) as well as a variety of support agencies across the installation. A sample checklist is provided in Attachment 2.

5.4.2. Local checklists will include OPR and location or contact information for each element. CCMs may add specific items to the checklist to cover installation specific topics not included in referenced attachments. The checklist will be completed within 30 days of assignment, and maintained by the host CCM with council training documents.

5.5. **Continuous Development.** With the unique strategic leadership position of the first sergeant, the host Wing CCMs will ensure first sergeants are provided training and courses that will strengthen their leadership and managerial skills through continuous development. Continuous development is defined under three areas to include education, training and experience. Furthermore, training is applied to both the council as a whole, and each individual.

5.5.1. First Sergeant Council Training. Often there are programs, needs or situations that the council must work on together to support the installation, or equally receive like training. In these instances, training conducted with the council as a whole may be prudent.

5.5.1.1. The host Wing CCM will ensure each council conducts 12 hours as a minimum per year for training, and will also ensure a training schedule is developed. Training for all members of a local council will be tailored to the installation needs, and is intended to enhance the mission(s) and support of the installation, the assigned members and their families, as well as the community. Topics may include emergency management, late breaking programs, deficiencies or other pertinent items. Council training time can be done monthly, quarterly or in one session, and is intended to devote at least an hour a month towards first sergeant development. (T-3).
5.5.1.2. The host Wing CCM will ensure each member receives the required training, that it is documented and maintained by the host Wing CCM’s office. Development and maintenance of the schedule and documentation, as well as execution of the training schedule may be delegated to a member of the First Sergeant Council, but will have oversight and responsibility of the host Wing CCM. Tenant Wing CCMs will be consulted when developing the schedule and topics, and a resource and example list will be maintained by the USAF First Sergeant Special Duty Manager. (T-3).

5.5.2. Individual development. Individual training will be based on unit mission, unit demographics or individual needs. These development items are not intended as a career path or roadmap, rather as opportunities to enhance the individual’s ability to support the mission, Airmen and their families, or address deficiencies the individual may need to strengthen.

5.5.2.1. Training. Training is intended to provide specific skills or explain policy to an individual. Courses may range from word processing tutorials to leadership and management courses. Of note, first sergeants who have civilian employees assigned to their unit should complete an Air Force Civilian Supervisor or equivalent course as outlined by the Civilian Personnel Office for civilian supervisors. (T-3).

5.5.2.2. Education. All RegAF and AFR first sergeants will complete the human resource management CCAF degree within 18 months of entry in to the SDI. (T-3). Additional formal training courses may be necessary for a first sergeant; the commander and CCM should provide guidance on courses needed by an individual. First sergeants should seek additional PME to include in residence and joint opportunities.

5.5.2.3. Experience. First sergeants should be rotated on a regular basis to provide additional experience to enhance their ability as a first sergeant, or as a SNCO back in their PAFSC. Host Wing CCMs are responsible for tracking all first sergeants, and will work to move RegAF first sergeants to other units between 18-24 months in a particular unit unless assigned to a specific controlled tour. (T-3). If the CCM must delay a move beyond 24 months for mission reasons, they will consult with the MAJCOM First Sergeant Functional Manager. (T-3). ARC assignments and rotations are managed by policy from the respective component first sergeant functional managers and through Wing CCMs.

5.5.2.4. The USAF First Sergeant Special Duty Manager will maintain a comprehensive list of training and education opportunities, and will work with each MAJCOM or component First Sergeant Functional Manager as well as CCMs to provide a thorough list of these opportunities, and the list will be accessible by all first sergeants and command chiefs. (T-3).

5.6. Additional Duty First Sergeant Symposiums.

5.6.1. The FSA develops and maintains curriculum for an Additional Duty First Sergeant Symposium for each component. The course is available for each First Sergeant Council to deliver, and contains a standardized collection of curriculum. (T-3). The target audience primarily includes SNCOs who are appointed to serve as the additional duty first sergeant. Other members may attend as well, and could include those who fill in as the acting first sergeant or assistant first sergeant, or other leadership positions requiring the skills taught in
the course. The FSA Commandant is responsible for maintaining a standardized course, and ensuring it is available/supported as needed. (T-3). Note: ANG members refer to 7.2.1.1.3. of this AFI for further clarification.

5.6.2. The First Sergeant Council leadership will identify and coordinate the needs of the installation with the Wing CCM(s), and work towards establishing the training necessary for their members. If the installation cannot host a course, or a sudden need arises, the host Wing CCM will work with MAJCOM/DRU Functional Manager to find a location for their members to receive training.

5.6.3. Cross-component symposium attendance.

5.6.3.1. RegAF first sergeants assigned to an ANG or AFR installation or as the first sergeant for a blended or total force unit will attend the additional duty first sergeant symposium for the other component(s) of the members assigned to their unit. (T-3).

5.6.3.2. ANG first sergeants assigned to an AFR or RegAF blended or total force unit, or serving in the absence of the normally assigned component first sergeant for an extended period of time will attend the appropriate additional duty first sergeant symposium for the other component(s) of the members assigned to their unit. (T-3).

5.6.3.3. AFR first sergeants assigned to an ANG or RegAF blended or total force unit, or serving in the absence of the normally assigned component first sergeant for an extended period of time will attend the appropriate additional duty first sergeant symposium for the other component(s) of the members assigned to their unit. (T-3).
Chapter 6
FIRST SERGEANT TENURE AND ASSIGNMENT

6.1. Tenure.

6.1.1. Initial first sergeant tenures are for a minimum of 3 years, and total time in the 8F000 SDI should not exceed 6 consecutive years for MSgts and 7 consecutive years SMs. First sergeants will maintain qualification standards during their entire tenure as outlined in paragraph 3.3 of this instruction.

6.1.2. RegAF first sergeant special duty tenure is managed by AFPC/DPAA2. AFR and ANG tenures are managed by their respective functional managers.

6.1.3. RegAF.

6.1.3.1. First sergeants have initial first sergeant special duty tenure of 3 years from their graduation date. Host/component Wing CCMs will track tenures for all first sergeant’s within their responsibility. (T-3). For the purposes of assignment, AFPC/DPAA2 may extend a first sergeant’s tenure upon coordination with the members PAFSC.

6.1.3.2. First sergeants are automatically vectored back to their PAFSC at the end of their initial 3 year tenure. However, 15 months prior to the initial 3 year tenure date, they may request to serve an additional 3 year tenure, or request an extension for a period of 12 or 24 months in the special duty. They will meet with their CCM NLT the 22 month point of their initial tour for continued service options. Any request for continuation beyond 3 years must reach AFPC/DPAA2 NLT 13 months prior to the end of their tenure; late applications will not be accepted.

6.1.3.2.1. Return to previous AFSC. If the first sergeant does not request a subsequent first sergeant tour, they will be identified by AFPC/DPAA2 NLT the 26th month of the member’s current tenure for return to their PAFSC or a previously held AFSC. If overseas, members will PCS in their previous AFSC upon DEROS.

6.1.3.2.2. Needs of PAFSC. If member is requested by their PAFSC functional manager to return to their previous held AFSC, they will be identified for return at the 36 month point in the 8F000 SDI, unless extended for assignment purposes in which case they will be identified for return at the end of the controlled assignment. If overseas, members will PCS in their previous AFSC upon DEROS.

6.1.3.3. Request for second tenure. First sergeants who desire to remain a first sergeant for a second consecutive tenure must apply and the application must reach AFPC/DPAA2 NLT 13 months prior to the end of their tenure or at the 13 month point prior to their DEROS if serving in an overseas location. Members will use the extension application maintained by AFPC/DPAA2 and will coordinate using the same process as the initial application. Any level in the routing process may vector the first sergeant back to their PAFSC.

6.1.3.3.1. Members who came from another SDI directly into the 8F000 SDI will not serve a second consecutive tenure. These members will be vectored back by
AFPC/DPAA2 to their PAFSC or previously held AFSC at the completion of their initial tour. These members may apply for a return to the 8F000 SDI at a later date.

6.1.3.3.2. Applications approved by the MAJCOM/DRU First Sergeant Functional Manager will be routed to AFPC/DPAA2 who in turn coordinates continued release from the member’s PAFSC.

6.1.3.3.3. Members will be identified for return to their PAFSC by AFPC/DPAA2 upon completion of their second consecutive tenure.

6.1.3.4. Extension. First sergeants may request an extension in the 8F000 special duty, normally in 12 month increments. Other timeframes will be considered to meet the needs of the AF, and coordination will be completed similar to second tour requests.

6.1.3.5. Request to remain in 8F000 SDI beyond 6 years. Unless a member is extended by AFPC/DPAA2 for assignment purposes (not to exceed 7 years), members will be vectored back to their PAFSC or a previously held AFSC at their 6 year point. Retraining will be considered when opportunities in a previous AFSC are not available. All requests for special or extenuating circumstances to remain in the 8F000 SDI beyond 6 consecutive years (or 7 as outlined above) will be considered and require approval by the USAF First Sergeant Special Duty Manager after coordination with the Wing CCM and MAJCOM Functional Manager.

6.1.4. ANG.

6.1.4.1. Term limits for full-time ANG personnel assigned as first sergeants are governed by ANGI 36-101, AGR Regulation, ANGI 36-2101, Assignments within the Air National Guard and TPR 303, Federal Technician Regulation and are to be no less than 3 years and no more than 6 years, one time in their career from the date of FSA graduation. Max time in TPR 303 should indicate max 6 years from Nov 2008 update, per J1 guidance from NGB.

6.1.4.2. ANG Drill Status Guardsmen selected to fill a master sergeant position are limited to a term of no less than 3 years and no more than 6 years from the date of graduation from the FSA. If later selected to fill a SMSgt first sergeant position, a new term of no more than 4 (with caveat) will be incurred based on the date of assignment to that position (not to exceed 8 years); Caveat total time as a SMSgt considered shall include Exceptional Promotion Program (EPP) SMSgt promotions for members who still serve in a MSgt position as listed in para 6.1.4.3, term limit adjustment/over-grades. Thus if an EPP member as described is placed into the SMSgt Wing position, from the date of assignment the time will only increase from the EPP term to one additional year, if not already at the max time of SMSgt rank, for a total of 4 years as a SMSgt in the SDI. Total time for ANG First Sergeants (DSGs) is not to exceed 8 years in the SDI. Example: If EPP promoted and member is at 15 months EPP SMSgt and moves into E8 Wing position, the new time adjust to max of 4 year total SMSgt begins; so 15 months EPP and 33 months remain in E8 position to maximize 4 years as SMSgt, but total time will not exceed 8 years in SDI. Members who remain through length of EPP max term, then promote can only add an additional 1 year period so as not to exceed 4 years SMSgt in SDI.
6.1.4.3. ANG members selected for promotion under the EPP will have their maximum term limit date adjusted to match the EPP over-grade expiration date upon coordination with the ANG First Sergeant functional Manager. Total tenure as an ANG First Sergeant (DSG) still will not go beyond 8 years total SDI time.

6.1.4.4. ANG first sergeant positions are not authorized over-grades except for EPP promotions.

6.1.4.5. ANG Personnel must agree to serve tenure of no less than 36 months from FSA graduation date. If the member was a prior first sergeant, the tenure starts the day of assignment. At the end of a 3 year tour, the hiring authority and Wing command chief will conduct a review of the first sergeant performance. Additional period beyond 3 years is at the discretion and approval of the hiring authority. A Statement of Understanding is to be signed IAW Ch 4.2.2.2 of this AFI.

6.1.4.6. ANG Wing CCMs may utilize involuntary demotion for members who do not complete the necessary 3 years from FSA graduation IAW ANGI 36-2502 Promotion of Airmen.

6.1.4.7. ANG first sergeants will work through their Wing/State CCMs and the First Sergeant Functional Manager for a second tour continuance coordination approval.

6.1.4.8. All ANG requests to remain in the 8F000 beyond 6 consecutive years require approval from the ANG Functional Manager & ANG CCM. Term limits for full-time personnel assigned as first sergeants are governed by ANGI 36-2101, Assignments Within the Air National Guard. No Drill Status Guard member will go beyond total consecutive tenure of 8 years to include EPP promotions, hard position promotions (Wing headquarters) or any combination thereof.

6.1.4.9. ANG Title 10 First Sergeants may serve beyond 6 years total time and hiring authority determines tenure.

6.1.4.10. ANG First Sergeants applying for statutory tour positions and having not served minimum of 3 years at initial assignment must gain concurrence with ANGFAM prior to submitting applications for said stat tour vacancies.

6.1.5. AFR.

6.1.5.1. First sergeants have initial first sergeant special duty tenure of 3 years from graduation from the FSA. Corresponding Wing CCMs will track tenures for all first sergeant’s within their responsibility.

6.1.5.2. First sergeants nearing the completion of their initial 3 year tenure may request to serve further within the special duty. They will meet with their CCM NLT the 22 month point of their initial tour for continued service options.

6.1.5.2.1. Return to previous AFSC as an overage is authorized at the completion of their first tour, but less than 84 months from the date assigned the 8F000 CAFSC. Retention as an overage (Code 4) will be permitted for up to two years from the date removed from the 8F000 position returning to their originating AFSC. If an extension is requested beyond the allotted two year point it will fall under the FY Manning policy in effect at the time.
6.1.5.2.2. Needs of PAFSC. If member is requested by their PAFSC functional manager to return to their previous held AFSC, they will be identified for return at the 36 month point in the 8F000 SDI.

6.1.5.3. Additional periods beyond the mandatory 3 year commitment, in the special duty, are at the discretion of the CCM with approval from the WG/CC or equivalent.

6.1.5.3.1. Members who came from another SDI directly into the 8F000 SDI may not serve a second consecutive tenure if the time away from their PAFCS exceeds 84 months.

6.1.5.3.2. The maximum tenure a first sergeant may serve within a single unit is 48 months from the date assigned to the first sergeant position on the unit manning document.

6.1.5.3.3. Participation within the special duty past the 84th month, from the date assigned DAFSC 8F000, must be at the recommendation of the CCM, for the purpose of development, and approved by the AFR Functional Manager.

6.1.5.4. For the purpose of professional development, first sergeants retained, after their initial 3 year commitment, must be rotated prior to their 48th month. If an over-grade is requested during rotation, it will fall under the FY manning policy in effect at the time with a recommendation by the CCM, approval authority, WG/CC or equivalent.

6.1.6. The USAF First Sergeant Special Duty Manager, FSA Commandant, FSA instructors, MAJCOM First Sergeant Functional Managers, the Air National Guard First Sergeant Functional Manager, the Air Force Reserves Command First Sergeant Functional Manager as well as CMSgt first sergeants filling valid CMSgt 8F000 positions may serve beyond 6 years; the hiring authority determines the tenure.

6.2. Release from 8F000 SDI.

6.2.1. Members will automatically be released from the first sergeant special duty at the end of their current tenure, unless a subsequent tenure or extension is approved. ARC members require coordination approval with hiring authority and AFR or ANG Functional Manager.

6.2.2. Early release (30 days or more) for RegAF members from the first sergeant special duty requires approval from the USAF First Sergeant Special Duty Manager upon recommendation from unit leadership and the MAJCOM First Sergeant Functional Manager. The ANG and AFR Functional Managers serve as the final authority for release for their respective components. Note: Early release (before PECD) will not be granted for the purpose of promotion testing in the members PAFSC.

6.2.3. Upon release, the member will return to their PAFSC, a previously held AFSC, retrain or (if eligible) retire or separate.

6.3. Return to 8F000 SDI. Former first sergeants who possess the 8F000 AFSC and have performed duty within the past 8 years in the SDI (not withdrawn due to substandard duty performance, unacceptable conduct, behavior or cause) may be reutilized as a first sergeant to fill an AF need. If it has been longer than 8 years since performing duty in the SDI, the member should no longer carry the 8F000 AFSC.

6.3.1. RegAF.
6.3.1.1. Voluntary return to the first sergeant special duty. Members, who have previously served honorably in the 8F000 SDI and carry it as a secondary or tertiary AFSC, may request to return and serve as a first sergeant.

6.3.1.1.1. The application process will follow the same process for initial application as outlined in Section 4.2, except paragraph 4.2.1.10. does not apply. Members do not need to complete any additional shadow or temporary experience, and they will not be required to attend the FSA for a second time.

6.3.1.1.2. Once the member is approved and released by their CAFSC, they will be immediately identified for assignment. The member will be looked at to serve in a valid local vacancy in their current grade. If no vacancy exists, the member will be identified for PCS assignment if eligible. If a local vacancy does not exist, and the member is not PCS eligible, the member will not be approved to return to the 8F000 SDI.

6.3.1.1.3. Members who return to the 8F000 SDI will serve a 3 year tenure, and must have retainability to serve the entire tenure. Request for subsequent consecutive tenures for returning members to the SDI will follow guidance for initial tenures as outlined earlier in this chapter. Members will not serve more than 6 consecutive years in the 8F000 SDI (or combination of SDIs), unless approved by the USAF First Sergeant Special Duty Manager.

6.3.1.1.4. AFPC/DPAA2 will notify applicant and Wing CCM of approval and assignment. Instances where a member is not released for reentry into the 8F000 SDI, AFPC/DPAA2 will notify the applicant, Wing CCM and the USAF First Sergeant Special Duty Manager with specifics.

6.3.1.2. Return is based on needs of the Air Force. During SMSgt and/or CMSgt shortfall periods and when directed by the USAF First Sergeant Special Duty Manager, AFPC/DPAA2 and AF/DPE will identify potential returnees to meet the needs of the Air Force. CMSgts who have honorably served a minimum of 3 years in the 8F000 SDI are eligible to compete for nominative or CIP 8F000 CMSgt positions when applicable.

6.3.2. ANG.

6.3.2.1. DSG members who have previously served honorably in the 8F000 SDI and carry it as a secondary or tertiary AFSC may request to return and serve as a first sergeant. A formal request must be submitted and routed to the ANG Component Functional Manager with the concurrence of the Wing and state CCM for final approval of returning first sergeants in the ANG. This request is based on the needs of the organization and not the needs of the individual.

6.3.2.2. Members who return to the 8F000 SDI will be governed by guidance in paragraph 6.1.4., ANGI 36-2101, and must have retainability to serve the entire tenure.

6.3.3. AFR.

6.3.3.1. Members who have previously served honorably in the 8F000 SDI and carry it as a secondary or tertiary AFSC, may request to return and serve as a first sergeant. A formal application must be submitted to their corresponding CCM for recommendation; with final approval from the WG/CC or equivalent.
6.3.3.2. Members who return to the 8F000 SDI will be governed by guidance in paragraph 6.1.5. and must have retainability to serve the entire tenure.

6.4. Early Withdrawal Procedures.

6.4.1. Voluntary Withdrawal. Voluntary withdrawal will not be used in-lieu of involuntary withdrawal for substandard duty performance or unacceptable conduct or behavior; for guidance see paragraph 6.4.2.

6.4.1.1. First sergeant duties are both mentally and physically demanding. If circumstances exist that prove it is not in the best interest of the individual or the Air Force to continue duty as a first sergeant, removal or release from the special duty is required.

6.4.1.2. Members selected for assignment may not apply for release in lieu of assignment.

6.4.1.3. First sergeants who need to withdraw for personal/medical reasons must justify the request to their commander by submitting a memorandum for release. Member should update assignment preferences upon submission of request. The commander will endorse the request with a recommendation to the Wing CCM. The Wing CCM will endorse the request to the Wing commander or equivalent. (See Figure 6.1) Note: ARC members will coordinate their requests through their chain of command to the applicable ANG or AFR Component Functional Manager for coordination.

6.4.1.4. The Wing commander or equivalent will consider all of the factors and will approve or disapprove the request.

6.4.1.4.1. For approved requests, the package will be forwarded through the MAJCOM/DRU First Sergeant Functional Manager for coordination with AFPC/DPAA2 for RegAF members. For ARC members, the package will be processed by the respective MPF, with a courtesy copy to the MAJCOM/component First Sergeant Functional Manager, for coordination with the member’s PAFSC or previously held AFSC. A copy of all removal actions will be forwarded to the USAF First Sergeant Special Duty Manager.

6.4.1.4.1.1. ARC voluntary withdrawal requests prior to the minimum 3 year tenure being served must route the request to the applicable ANG or AFR Component Functional Manager for final approval. ANG units will be required to provide replacement costs funding for functional non-concurrence responses as per workday guidance from A1/A1D/NGB dated FY13.

6.4.1.4.1.2. If unit requirements do not permit an ARC member to return to a previously awarded AFSC, the member may apply for retraining into a valid requirement. Commanders and CCMs should exercise proper force management principles when reassigning members who voluntarily withdraw from this special duty.

6.4.1.4.2. The member is no longer authorized to wear the diamond nor will they be authorized to receive SDAP effective the date the Wing commander approves the request.
6.4.1.4.3. After coordination with the USAF First Sergeant Special Duty Manager AFPC/DPAA2 will return the withdrawal package to the Wing CCM, through the MAJCOM, for upload in the Case Management System (CMS) to AFPC/DPSICC for final action IAW AFI 36-2101. AFPC/DPAA1 will be included in the CMS coordination. (T-2).

6.4.2. Withdrawal due to Substandard Duty Performance, Unacceptable Conduct or Behavior and Failure to Maintain Qualifications. If a first sergeant’s duty performance is unsatisfactory or the first sergeant is considered to be unfit for duty the unit commander, in coordination with the CCM, will recommend to the Wing commander or equivalent if removal is warranted. If a first sergeant fails to maintain qualification IAW paragraphs 3.3 diamond removal is mandatory. (T-1).

6.4.2.1. The unit commander notifies the member in writing of the proposed withdrawal, with justification. Members on active duty or full time status have 3 duty days to request a personal appearance or submit a written statement or documents on their behalf. Traditional guard or reserve members have until the following UTA to submit their request. Member can waive this by endorsement. (T-2). (See Figure 6.4.2.)

6.4.2.2. The request for withdrawal memorandum, along with all information submitted by the member is forwarded to the Wing CCM. The CCM reviews the documentation and provides a recommendation to the Wing commander or equivalent for consideration. Member should be given the opportunity for a personal appearance, if requested. (T-2).

6.4.2.3. The Wing commander or equivalent approves/disapproves the diamond withdrawal.

6.4.2.3.1. The member is no longer authorized to wear the diamond nor will they be authorized to receive SDAP effective the date the Wing commander approves the withdrawal.

6.4.2.3.2. If approved, the member will be immediately reassigned to other duties pending final action. (T-1) Note: For ANG Member, the FSS personnel chief will reassign the member to a previously earned AFSC or designated student flight IAW ANGI 36-2101 Assignments Within The ANG.

6.4.2.3.3. Approved withdrawals package will be forwarded through the MAJCOM/DRU First Sergeant Functional Manager for coordination with AFPC/DPAA2 for RegAF members. For ARC members, the package will be processed by the respective MPF, with a courtesy copy to the MAJCOM/component First Sergeant Functional Manager, for coordination with the member’s PAFSC or previously held AFSC. A copy of all removal actions will be forwarded to the USAF First Sergeant Special Duty Manager. (T-2).

6.4.2.4. After coordination with the USAF First Sergeant Special Duty Manager AFPC/DPAA2 will return the withdrawal package to the Wing CCM, through the MAJCOM, for upload in the Case Management System (CMS) to AFPC/DPSICC for final action IAW AFI 36-2101. AFPC/DPAA1 will be included in the CMS coordination. (T-2).
6.4.2.4.1. If approved, the member will not continue to hold the 8F000 SDI in any AFSC category to include secondary and tertiary AFSC listings.

6.4.2.5. Withdrawal is not a disciplinary action and will not be used in place of, or as administrative action for substandard duty performance or misconduct. Disciplinary actions should be taken IAW the Uniform Code of Military Justice, State Code of Military Justice and/or appropriate AF or component instructions. Withdrawal action is taken following an incident that negatively impacts the individual’s ability to continue as a first sergeant, and does not require disciplinary actions to be complete to initiate the withdrawal process.

6.5. RegAF Assignment. MSgt and SMSgt first sergeant assignments are managed by HQ AFPC/DPAA2. AF/DPE assigns CMSgt first sergeants.

6.5.1. Initial assignment. First sergeant applicants who are not utilized locally will receive an assignment based on Air Force needs; AFPC/DPAA2 will manage the assignment process, and subsequent class attendance IAW Chapter 5 of this instruction. Applicants are vulnerable for all locations not identified as needing prior experience to include overseas or remote locations.

6.5.2. Assignment availability. Once a member graduates from the FSA, AFPC/DPAA2 will assign all CONUS first sergeants an AAC 50 with an expiration date 36 months following their FSA graduation. Members in overseas locations will be managed via their DEROS. AFPC/DPAA2 may waive codes to facilitate needs of the Air Force.

6.5.3. Mandatory movers. First sergeants assigned to certain positions may be designated as mandatory movers; this normally includes those assigned to isolated or detached duty locations. AFPC/DPAA2 will assign an AAC 50 to each position identified by the USAF First Sergeant Special Duty Manager to ensure these members are identified for assignment to enhance the well being of the mission as well as the individual.

6.5.4. First sergeants will ordinarily compete for assignments upon approval of their second tour request. Their AAC 50 will be changed by AFPC/DPAA2 to AAC FS with a corresponding expiration date (normally a date 6 years after graduation from the FSA, typically adding 3 years to the overall tenure) upon approval of a second tour. They may compete for assignments any time after being placed on AAC FS as long as they meet PCS eligibility requirements and can obtain the required retainability for the PCS. AFPC/DPAA2 will coordinate/seek early second tour approval for those selected for assignments prior to reaching the second tour application window.

6.5.5. Overseas assignments. First sergeants serving an initial tour in overseas locations for a period of two years or less will automatically be considered for a follow-on assignment as a first sergeant for a period of at least two years CONUS, and will receive an AAC 50 expiring 24 months after arrival at the CONUS location. The member may request another overseas location for the full prescribed tour as an 8F000 if released by their PAFSC. Members selected for an overseas assignment as a first sergeant will serve the entire tour, regardless of tour length, as an 8F000.

6.5.6. CMSgt or CMSgt select first sergeants serving in a surplus status will be identified by AF/DPE for return to the member’s PAFSC, a previously held AFSC or for any cross-flow opportunities. Instances where 8F000 manning is over 100% and the member’s previous
AFSC is below 100%, AF/DPE will ensure surplus members compete for an assignment in their previous AFSC during the next assignment cycle.

ADDITIONAL DUTY FIRST SERGEANTS

7.1. Philosophy.

7.1.1. Airmen should have a first sergeant they can go to and commanders must have a first sergeant to rely on. For instances with manning shortfalls, or if the unit is not authorized a diamond wearing first sergeant or is otherwise geographically separated, an additional duty first sergeant may be appointed by the unit commander. During periods of absence of an assigned first sergeant, another SNCO should be temporarily assigned this role to ensure the needs of the mission, Airmen and their families are met.

7.1.2. Members assigned additional duty first sergeant responsibilities must be in grades E-7 through E-9. (T-3). E-6s may only be assigned first sergeant responsibilities in those situations where there is neither a first sergeant nor SNCO able to assume additional duty first sergeant responsibilities. Additional duty first sergeants will not list their duty title as ‘First Sergeant’ on the EPR.

7.1.3. Additional duty first sergeants will uphold the same professional profile and criteria required for diamond wearing first sergeants. They will fully participate with installation first sergeants in base functions and attend First Sergeant Council meetings.

7.1.4. Members serving the role as an additional duty or acting first sergeant for more than 30 accumulated days will attend a FSA Additional Duty First Sergeant Seminar, or MAJCOM/Component First Sergeant Functional Manager approved equivalent as soon as practical after being appointed. (T-3).

7.2. Full Time Additional Duty First Sergeants.

7.2.1. Full time additional duty first sergeants will be appointed in writing by the unit commander, in coordination with the host Wing CCM, in instances where the unit does not have a designated first sergeant either at the unit or higher level. Several factors could cause this situation including a small unit size, 8F000 shortfalls on the installation or during deployments.

7.2.1.1. ANG Additional Duty First Sergeants.

7.2.1.1.1. Additional duty first sergeants within the ANG are authorized based on the needs of the organization. They are still authorized at ST-JFHQ, GSU’s and CSTs (Weapons of Mass Destruction Civil Support Teams). Unauthorized use of Additional Duty First Sergeants is prohibited in the ANG. The formal selection process will mirror that of current policy/practice where a vacancy exists as stated in Chapter 4 of this instruction.

7.2.1.1.2. ANG members assigned as additional duty first sergeants must be in the rank of TSgt through SMSgt and uphold the same criteria as stated in Chapter 3 and 4 of this instruction.
7.2.1.1.3. ANG additional duty first sergeants must attend the ANG Additional Duty First Sergeant seminar as soon as practical after appointment. This seminar will be facilitated and managed by the ANG First Sergeant Functional Manager’s office.

7.2.1.1.4. Fulltime personnel, i.e. AGRs are authorized to serve in this capacity to support the needs of the mission.

7.2.1.1.5. Additional duty first sergeants are part of the support network within the ANG and as such are to be included in all facets of the Wing’s First Sergeant Councils without exception as stated in Chapter 8.2.1 of this instruction.

7.2.1.1.6. Wing/State CCM, as the local functional managers, will control the amount of personnel in this program, not to exceed the authorized number of valid 8F000 first sergeants, i.e. one-to-one ratio per authorized number of first sergeants at that location. Example: If seven first sergeants then no more than seven additional duty first sergeants.

7.2.1.1.7. Personnel serving in this capacity will not be authorized to wear the diamond device or receive the SDAP pay as this is a supporting role and not an assigned authorized 8F000 position as stated in Chapter 9 of this instruction.

7.2.2. The member will not serve in this capacity for more than 12 consecutive months unless there are no other options or will otherwise result in mission degradation, and is approved by the Wing CCM. Additionally, they will not be awarded the CAFSC of 8F000, may not fill an 8F000 manpower position, are not authorized the diamond device and will not receive SDAP. Note: ANG members will coordinate length of this support between Wing/State CCM and component Functional Manager

7.2.3. Airmen assigned the additional duty first sergeant role will attend the applicable component Additional Duty First Sergeant Symposium, preferably before assuming the position.

7.2.4. In essence, this member will serve the exact same role as a diamond wearing first sergeant does for other units, and may serve this capacity in addition to their normal mission requirements. This member must first understand their role as a first sergeant, and how it differs from their ordinary operational role. Additionally, they must understand more will be required of their time, and will be required to serve this capacity 24 hours a day/7 days a week.

7.2.5. The host Wing CCM will assign a diamond wearing first sergeant as a mentor. The additional duty first sergeant must integrate with the local First Sergeant Council as well to ensure they have a diamond wearing first sergeant they can reach at all times.

7.3. Acting First Sergeants.

7.3.1. Acting First Sergeant serve as his/her organizations first sergeant solely during the temporary absence of the first sergeant (i.e., leave, TDY, hospitalization, etc).

7.3.2. Airmen serving the capacity of the acting first sergeant must understand the role similarly described in paragraph 7.2. The individual identified to fill in temporarily must be readily available to respond at any hour, and be trained or given a thorough orientation by the first sergeant.
7.3.3. The assigned first sergeant will provide a thorough and portable continuity guide to the acting first sergeant, and ensure they identify members of the First Sergeant Council the acting first sergeant can call for advice. (T-3).
Chapter 8

FIRST SERGEANT COUNCILS

8.1. Philosophy. A strong and successful council contributes greatly to the success of the mission and the health and welfare of Airmen and their families. The council will work with host and tenant CCMs to ensure they meet the needs of the base community and all assigned Airmen. The first sergeant is an essential link between the Airmen and base leadership; therefore, membership to the council and meeting attendance is mandatory for all assigned first sergeants.

8.2. Structure.

8.2.1. Composition. On active duty installations where multiple Wings or tenants are present, the host Wing CCM will ensure one council is established for the installation and all diamond wearing and additional duty first sergeants are active members. ARC Wings on either a stand alone installation or as a tenant will establish a council for their respective component in a similar fashion. Bases with multiple components will hold joint meetings at least quarterly but are encouraged to meet more when possible. (T-3).

8.2.2. Council leadership. The council is the responsibility of the host Wing CCM, but is generally peer led. Specific positions of responsibility should be established; the chair of the council will be responsible for meeting agenda and scheduling, and will work with all CCMs on the installation to ensure an effective council. Meeting minutes will be recorded, and must be maintained IAW AFI 33-322. The host Wing CCM will ensure leadership positions are filled appropriately, typically through nomination and voting by the members of the council. Members will serve no more than 12 months in their respective position.

8.2.3. Additional positions of responsibility. The CCM may establish additional positions of responsibility to meet the needs of the mission or efforts of the installation. These positions should be kept as a minimum, but may include representation to other organizations such as the Community Action Information Board, Integrated Delivery System or First Term Airman Center, or may be to fill a specific function or role assigned to the council.

8.2.4. Additional guests. The council should invite key leaders from across the installation on a regular basis to both ensure the needs of these organizations are addressed with respect to the duties and responsibilities of a first sergeant, and in turn, ensure these agencies receive feedback from first sergeants concerning their policies, processes and service. The council chair should strive to include a single guest speaker at every meeting, but must exercise flexibility for urgent matters. A variety of agencies should be considered to include those dealing with personnel, medical, legal, services and facilities among others pertinent to the missions of the installation. Certain agencies may regularly attend council meetings, but CCMs and council leadership should ensure their participation is both necessary and complimentary to the efforts of the First Sergeant Council; potential regular attendees include a representative from AFOSI, the Chaplain or the CAA.

8.2.5. Meeting location. The host Wing CCM will ensure the meetings are held in a private meeting location that is easily accessible by all attendees allowing adequate time for extended discussions.
8.2.6. Frequency. As a minimum, RegAF First Sergeant Councils will meet weekly, and ARC First Sergeant Councils will meet monthly. Every attempt should be made to schedule the meetings to accommodate all attendees. (T-3).

8.2.7. Meeting with Wing leadership. All installation CCMs will attend their respective component First Sergeant Council meetings. (T-3). At a minimum, RegAF councils will meet with their host Wing or vice Wing commander on a quarterly basis to ensure the council has a direct dialogue with top leadership to discuss mission and installation related concerns. (T-3). ARC councils will meet with their respective Wing leadership in similar fashion. Additionally, tenant Wing leaders should be included on a rotational basis, either in conjunction with the host Wing, or on a separate basis.

8.2.8. Training. Councils will conduct a minimum of 12 hours of continuous development training annually to include subjects pertinent to the installation. Host Wing CCMs are charged with ensuring an annual training plan is developed, executed, and documented IAW Chapter 5 of this instruction. (T-3) Note: ARC CCMs should budget for additional time annually concerning training for their councils, outside the scheduled UTA and annual tour, for developmental/recurrent training.

8.3. Private Organizations (POs). First Sergeant Councils are not private organizations, but as a complimentary organization, the non-profit charter associated with a First Sergeant Council is often an important aspect of what first sergeants do to support the installation.

8.3.1. Establishing a non-profit organization. If members of a First Sergeant Council wish to charter a non-profit organization, they must adhere to AFI 34-223. These chartered private organizations (associated with the First Sergeant Council) are defined as self-sustaining special interest groups, set up by people acting exclusively outside the scope of any official capacity as officers, employees or agents of the Federal Government. They operate on Air Force installations with the written consent of the installation commander.

8.3.2. Membership will not be required of the non-profit organization, although the member is required to be part of the First Sergeant Council. Personal and professional participation in POs is governed by DOD 5500.7-R, Joint Ethics Regulation for every member who chooses to participate.
Chapter 9

THE FIRST SERGEANT DEVICE & SPECIAL DUTY ASSIGNMENT PAY

9.1. First Sergeant Device.

9.1.1. First Sergeants.

9.1.1.1. Wear of the first sergeant device (diamond) is authorized when the member is awarded the 8F000 CAFSC, is assigned to a valid 8F000 DAFSC position and has completed the FSA. **Note:** Member may not wear the device when double billeted for more than 120 days (60 days at the losing base and 60 days at the gaining base).

9.1.1.2. Graduates returning to the losing base and serving in their primary AFSC awaiting PCS do not fill a valid 8F000 position and will not wear the diamond. With commander approval, CCMs may utilize these individuals to fill 8F000 DAFSC vacancies until PCS and they may wear the diamond.

9.1.1.3. Graduates who return to the losing installation only to out process may wear the diamond.

9.1.1.4. The diamond will be worn according to AFI 36-2903, *Dress and Personal Appearance of Air Force Personnel* while serving as a first sergeant in the 8F000 SDI.

9.1.1.5. Members deployed to serve in non-8F000 positions will not wear the diamond.

9.1.1.6. ANG members who are serving a dual role capacity (technician or AGR) will not wear the diamond during times when they are not serving in the official capacity as a first sergeant.

9.1.2. The USAF First Sergeant Special Duty Manager, FSA Commandant, FSA instructors, MAJCOM Functional Managers, ANG and AFR First Sergeant Functional Managers, as well as the AFPC 8F000 Assignment FAM will wear the first sergeant device.

9.1.3. Additional Duty First Sergeants. Members assigned as additional duty, acting or assistant first sergeants will not wear the diamond.

9.1.4. Retired First Sergeants. Retired members, whose terminal assignment was as a first sergeant, may wear the diamond device in all instances where the wear of the uniform is appropriate, according to AFI 36-2903, *Dress and Personal Appearance of Air Force Personnel*. Requests for exceptions to policy for former first sergeants who retire at the same rank they served as a first sergeant, and the entire tenure was honorable, may be considered by the USAF First Sergeant Special Duty Manager.

9.2. Special Duty Assignment Pay (SDAP). To receive SDAP, first sergeants must meet all of the following criteria governed by AFI 36-3017, Table 1. Individuals serving in an additional duty, acting or assistant capacity are ineligible for this pay.

9.2.1. Hold the rank of MSgt or higher.

9.2.2. Graduated the FSA and be awarded the CAFSC of 8F000.
9.2.3. Must be serving in an authorized 8F000 DAFSC First Sergeant billet. **Note:** Per AFI 36-3017, Table 1, member may not be double billeted for more than 60 days (30 days at the losing base and 30 days at the gaining base).
Chapter 10

MANPOWER & UTILIZATION OF FIRST SERGEANTS

10.1. Manpower. First sergeants traditionally serve in one-deep positions across a variety of units whose missions are diverse and most likely not aligned with previous experience. These positions rarely if ever require a technical background aligned with the unit’s mission, allowing outside perspective. Air Force units vary greatly in size, and the manpower standard takes into consideration a majority of these units. In some instances units will be too large for one first sergeant; therefore, multiple 8F000 positions may be authorized to one unit, typically a squadron. Occasionally, units will not earn a first sergeant authorization but may need one based on a unique situation. On other occasions, some units will earn a first sergeant authorization but may not need one based on a unique situation. The Air Force Manpower Standard (AFMS) quantifies the manpower required to accomplish the tasks described in this AFI for varying levels of workload for RegAF. AFR and ANG quantify their component manpower required to accomplish the tasks described in this AFI for varying levels of workload.

10.1.1. First sergeants normally serve in units not aligned with their technical background. CCMs should take great care to ensure the right first sergeant is matched with each unit and mission while ensuring a diverse distribution of first sergeants across the installation. RegAF and AFR first sergeants should not be immediately reassigned back to the unit they served in another AFSC as their first assignment out of the FSA.

10.1.2. RegAF and AFR CMSgt positions will be directed by policy for key positions requiring an increased rank. CMSgt first sergeant positions are authorized at MAJCOM/COCOM, designated 8F000 Functional Managers, FSA Commandant position, and the USAF First Sergeant Special Duty Manager only. ANG CMSgt First Sergeant positions beyond the ANG Functional Manager are not authorized.

10.1.3. RegAF SMSgt positions not earned in the AFMS.

10.1.3.1. MAJCOM/DRU/component functional managers (AFDW for AF Elements) will coordinate to identify one SMSgt position at each AF installation. The SMSgt billet should be assigned to the largest unit on the installation, regardless of MAJCOM/DRU affiliation. The SMSgt assigned to the position assists the host CCM with first sergeant functional management and serves as a mentor to all first sergeants assigned to the AF installation.

10.1.3.2. MAJCOM/DRU/component functional manager (AFDW for AF Elements) will identify any additional positions to be designated as SMSgt positions based on unique needs or demographics, and will work with their corresponding manpower offices to justify these positions. Examples include positions at NAF or equivalent levels, joint billets, units serving on a different services installation (not joint bases), and those with increased roles/responsibilities as outlined in the duty description. Copies of all variations will be forwarded to the USAF First Sergeant Special Duty Manager.

10.1.4. Basic Military Training units working directly with trainees are authorized an 8F000 position in the rank of SMSgt. Any additional positions will be based on unique needs or demographics, and will be worked by each MAJCOM/DRU/component functional...
manager with their corresponding manpower offices to justify these positions. Copies of all variations will be forwarded to the USAF First Sergeant Special Duty Manager.

10.1.5. Manning. Although an authorization exists, MAJCOMs are required to fund the positions for units within their command. Each MAJCOM should carefully review the requirements of each unit with respect to their first sergeant needs, and ensure a first sergeant is available as appropriate. NGB/A1M will flow their members UMDs to FSS Personnel Chiefs. ANG CCMs should review UMDs periodically to ensure proper force management of their respective council.

10.1.6. First sergeants normally serve in units not aligned with their technical background. CCMs should take great care to ensure the right first sergeant is matched with each unit and mission while ensuring a diverse distribution of first sergeants across the installation. RegAF and AFR first sergeants will not be immediately reassigned back to the unit they served in another AFSC as their first assignment out of the FSA. Note: ANG DSG members go through selection process for SDI duty and may be hired into the unit they have served another PAFSC in. Proper force management must be utilized and provide a path back into the operational environment of affected ANG units. Leadership of gaining/losing units of affected members should take advantage of operational placement for these key individuals and their gained professional experience from the career broadening SDI tour.

10.2. Organization of Assignment. Every Airman should have an assigned first sergeant they can rely on with clearly defined areas of responsibility.

10.2.1. Squadron First Sergeant. First sergeants are ordinarily assigned at the squadron level. Based on manning, mission or unique circumstances, first sergeants may be assigned at other levels based on mission requirements.

10.2.2. Group First Sergeant. When assigned to a Group, the first sergeant must work diligently to serve all commanders and Airmen across the entire Group, and only experienced first sergeants should be considered for these roles. The first sergeant will be rated by the Group commander, but must build a relationship of trust with each of the squadron commander’s the first sergeant advises. Furthermore, it is imperative the first sergeant works to engage Airmen across the diverse spectrum they serve.

10.2.3. Multiple first sergeants in a unit. Units with large numbers of assigned personnel may be granted more than one first sergeant authorization IAW the AFMS. In these instances, the commander must define each first sergeant’s area of responsibility within the unit. Specifically, each first sergeant should have a clear definition of the personnel or flights/sections/areas they serve, and each first sergeant will have the same roles and responsibilities with respect to these defined audiences. Each first sergeant will be rated by the squadron commander. (T-3).

10.2.4. First sergeants for multiple squadrons. Instances where a squadron does not have a first sergeant assigned, or does not have a first sergeant authorization, the CCM may assign first sergeant duties to another squadron level first sergeant after coordination with both squadron commanders. When this occurs, the first sergeant, who is still assigned to another squadron, must engage the other squadron much like a Group or Wing level first sergeant would. However, the first sergeant will be rated by the assigned squadron commander, and will not assume a different duty title.
10.2.5. Advisory roles. CCMs may assign first sergeants as advisors to additional duty or temporary first sergeants of another unit after coordination with both unit commanders. In these instances, the first sergeant will support, advise and mentor the additional duty or temporary first sergeant and may be called upon by the other unit commander for advice. First sergeants must be careful not to undermine the actions or efforts of the additional duty or temporary first sergeant.

10.2.6. Other type organizations. There will be instances where a first sergeant is needed in a unit type not listed above. In these instances, the MAJCOM/DRU/component First Sergeant Functional Manager will be consulted by the Wing and/or state CCM. The MAJCOM/DRU/component First Sergeant Functional Manager will ensure the position and unit of assignment is valid and meets the needs of the mission.

10.3. Duties. First sergeants have broad responsibility to include a great many programs, but are primarily focused on how to support the mission of the unit through support of the Airmen and their families. The first sergeant duties and responsibilities are outlined in Chapter 2 of this instruction, and commanders must take great care to not assign duties other than those contained in this AFI, the specialty description in AFECOD or according to the Process Oriented Description as outlined in the manpower standard unless absolutely critical to the mission of the unit. For instances dictating the need for a first sergeant to perform unusual tasks, the commander will coordinate the exception with the Wing CCM. (T-3).

10.3.1. First sergeants are not permanently assigned additional duties, but may be granted alternate roles to prevent mission degradation. First sergeants may temporarily accomplish these duties as an absolute mission necessity. (T-2).

10.3.2. The CCM, as functional manager, may assign first sergeants duties in relation to the First Sergeant Council as necessary to accomplish the mission. Note: This does not include involvement with any private organization, and council duties must not interfere with the member’s primary responsibility to the unit(s) they are assigned. (T-3).

10.4. Accommodations. First sergeants must be provided private office accommodations adequate for counseling personnel, preferably collocated with the unit commander in most instances. For units with more than one first sergeant assigned, private office accommodations adequate for counseling personnel will be provided to each first sergeant, located close to the area they serve (ex: an office in the AMU to which they are assigned). Government provided communication devices will be provided. (T-2).

10.5. Security Clearance. First sergeants must have access to every work center of the unit(s) they are responsible for. The 8F000 position will be identified as requiring the highest security clearance required to gain access to all of the areas within the scope of responsibility for the position. Access to special programs is not required. (T-2).

10.6. Office Symbol. First sergeants serving at all levels will have the office symbol of “CCF” with no variations, additional characters or substitutions.
10.7. **Rater.** First sergeant’s reporting official will be the commander of the highest unit they are assigned to, typically the squadron commander. Members serving as a Group or other higher level first sergeant will be rated by that level commander. A first sergeant will not be assigned to a section commander for rating purposes. The MAJCOM/DRU Headquarters First Sergeant who has been delegated the MAJCOM/DRU Functional Manager duties will be rated by the MAJCOM/DRU CCM and the USAF First Sergeant Special Duty Manager will be rated by the Chief Master Sergeant of the Air Force. (T-2).

10.8. **Family Association.** First sergeants will not be assigned to the same unit with his or her own military family members in accordance with AFI 36-2110 and ANGI 36-2101. (T-2).
