SUMMARY OF CHANGES

This document is substantially revised and must be completely reviewed. Major changes include the exclusion of wartime/peacetime missions to incorporate 10 USC § 10174, 23 Sep 1996, title

change and format changes to comply with AFI10-101, *Format and Content of Mission Directives*.

1. Mission. The 310 SW provides optimized, scalable combat ready forces delivering space and cyberspace power for faster, more lethal, more accurate affects every day, everywhere. The unit provides a single command and control structure of geographically separated AFRC Space units. Provides oversight and execution of the AFRC support/mission augmentation within the Space Control and Global Space Mission Operations mission areas. The units support the Department of Commerce- National Oceanic and Atmospheric Administration, Air Force Space Command, and the Space Innovation and Development, by providing Global Space Mission Operations and Space Control capabilities.

2. Command. The 310 SW Commander (CC):

- 2.1. Reports to the Tenth Numbered Air Force CC.
- 2.2. Exercises administrative control over assigned personnel.

3. Responsibilities.

- 3.1. Execute commander's responsibilities as outlined in AFI 1-2, *Commanders Responsibilities*.
- 3.2. Provides oversight and execution of the AFRC Space mission.

4. Mobilization. AFRC forces are under the administrative control (ADCON) of AFRC/CC. When activated or mobilized (e.g. under 10 U.S.C. §§ 12301(a), 12302, 12304, 12304a, or 12304b), combatant command authority (COCOM) transfers to the combatant commander to which the forces are assigned/attached and operational control (OPCON) transfers to the operational chain of command established by that commander.
