Inspections & Exercises

The Inspector General Complaints Resolution Program is prescribed in AFI 90-301. Air Force military and civilian members have a duty to promptly report fraud, waste, abuse (FWA) or gross mismanagement; violations of law, policy, procedures, or regulations; an injustice; abuse of authority; misconduct; inappropriate conduct; and deficiencies, or like conditions, to the appropriate supervisor or commander, to an IG or other appropriate inspector, or through an established grievance channel.

You have a right to file an IG complaint at any level, but experience has shown that many complaints can be resolved through the chain of command. For this reason, although not required, you are encouraged to discuss your concerns with your chain of supervision and/or commander before coming to the IG.

The Inspector General's role in the Air Force Inspection System (AFIS) is prescribed in AFI 90-201. The AFIS is an integrated, synchronized system of inspections conducted on behalf of the Secretary of the Air Force (SECAF), the Chief of Staff of the Air Force (CSAF) and commanders at all levels. The purpose of the AFIS is to enable and strengthen commanders' effectiveness and efficiency; to motivate and promote military discipline, improved unit performance, and management excellence up and down the chain of command, in units and staffs; to identify issues interfering with unit effectiveness, efficiency, compliance, discipline, readiness, performance, surety and management excellence.

You have an obligation to report areas of non-compliance or other deficiencies to your chain of supervision and/or your commander.
