This instruction implements AFPD 51-10, *Making Military Personnel, Employees, and Dependents Available to Civilian Authorities*. This instruction outlines procedures to be followed in effecting service of legal process at Hill AFB, the Utah Test and Training Range (UTTR), Little Mountain and Carter Creek, Utah, to maximize the effectiveness and efficiency of such service and to minimize disruption to the orderly accomplishment of the Air Force mission. It sets forth the authority, policy, and procedures for service of civil and criminal process upon and restraint of any individual, including, but not exclusively, military personnel and their dependents, civilian employees, and contractor personnel at Hill AFB, the UTTR, Little Mountain, and Carter Creek, Utah. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, Recommendation for Change of Publication; route AF Forms 847 from the field through the appropriate functional chain of command. The authorities to waive wing/unit level requirements in this publication are identified with a Tier ("T-0, T-1, T-2, T-3") number following the compliance statement. See AFI 33-360, Publications and Forms Management, Table 1.1 for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the Publication OPR for non-tiered compliance items. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with (IAW) Air Force Manual (AFMAN) 33-363, Management of Records, and disposed of IAW Air Force Records Disposition Schedule (RDS) located in the Air Force Records Information Management System (AFRIMS).

SUMMARY OF CHANGES

This publication has been revised to update the office of responsibility and telephone numbers and building numbers. It has also been revised by removing redundant language found in three paragraphs, clarifying what constitutes a legal document for service of process purposes, clarifying the procedures used by 75 SFS in enabling service of process, and identifying the Air Force Instruction to be used to process arrests.

1. Authority, Jurisdiction and Service of Process.

1.1. The United States Air Force has exclusive jurisdiction on the realty upon which Hill AFB is located with the exception of the West Side (Falcon Hill) Development, Base Golf Course, Family Housing Areas "D" and "E", Tract 121, the Sunset Housing Area and the APZ on the south end of the runway. The Air Force has concurrent jurisdiction on the West Side Development, Base Golf Course, Family Housing Areas "D" and "E", Tract 121, the Sunset Housing Area and the UTTR. Little Mountain, Carter Creek and the APZ on the south end of the runway are under proprietary jurisdiction. See Attachment 2, Hill AFB Jurisdiction Map.

1.2. 75 SFS personnel shall also monitor process service, service of arrest warrants, property seizures, repossessions and attachments.

2. Procedures.

2.1. 75 SFS sentries or other persons first encountering a process server who intends to serve an official court order, warrant, subpoena, supplemental court order, writ, or other legal document (not to include arrest warrants) will review the credentials granting power to serve such process before allowing the process server to enter the base. (T-3).

2.2. If the process server is a civilian law enforcement agent (federal, state, county, or city,) government-issued law enforcement credentials will suffice to enter the base. The civilian law enforcement agent should report to the Civil Law Division (75 ABW/JAC, Building 1278) to present the documents for legal review. The Civil Law Division will indicate its approval by marking the documents with the date, time, and name of the reviewing party. (T-3).

2.3. All other process servers must report to the South Gate Visitor's Center. From that location, the server will call 75 ABW/JAC, Primary 777-6755 or Alternate 777-7455 and arrange to fax, or otherwise deliver the documents for legal review (FAX 777-7459.) (T-3). If the documents are in order, 75 ABW/JAC will mark the documents indicating the Civil Law Division's legal review and fax them back to the South Gate Visitor's Center, 586-1551. (T-3). The South Gate Visitor's Center will contact the Security Forces Control Center (SFCC), 777-3056, and request that a patrolman respond to the South Gate Visitor's Center. (T-3). Security Forces will sponsor and escort the server to Building 408. (T-3). Process servers without law enforcement credentials will not be allowed unescorted access to the installation. (T-3).

2.4. A 75 ABW/JAC paralegal or attorney will review all legal documents to be served for legal sufficiency. Approval will be granted if the document: (T-3).

2.4.1. Is issued by an appropriate federal or state court, or is issued in connection with a legal matter properly before a federal or state court.

- 2.4.2. Is signed by a proper authority.
- 2.4.3. Will be served within the statutory time period.
- 2.5. The process server will then be directed to 75 SFS (Building 408). 75 SFS will then determine the location of the individual being served, the individual's organization, and the identity of the individual's supervisor.
- 2.6. 75 SFS will take the following actions with respect to individuals being served:
 - 2.6.1. Civilian Federal Employees and Civilian Contractor Employees: Contact the individual's supervisor and request that the supervisor privately ask the individual to report to 75 SFS. The supervisor will inform the individual of the proposed service of process and of the individual's option to voluntarily meet with the process server at 75 SFS office or have the process server appear at the work place. If the individual refuses or fails to report, 75 SFS will detail a security forces person to escort the process server to the individual's job location. (T-3). Security forces personnel escorting process servers are precluded from assisting in the actual service of process, other than helping to locate the individual being served. Service of process will be made under circumstances providing the maximum amount of privacy practicable. (T-3).
 - 2.6.2. Military Dependents and Non-employee Civilians (to include sponsored civilians) under 14 years of age for Utah process and under 18 years of age for federal process: Contact the minor's sponsor (in sponsor's absence, the minor's parent or guardian) and request that the minor be brought to the 75 SFS office for service, along with a parent, guardian, or person charged with the care and custody of the minor. If the minor refuses or fails to report, then 75 SFS will detail a security forces person to escort the process server to the minor's residence or other known location on base. (T-3).
 - 2.6.3. Military Dependents and Non-employee Civilians, 14 years of age or older for Utah process or 18 years of age or older for federal process: Contact the individual directly and request he/she present himself/herself for service at the 75 SFS office. If the individual refuses or fails to report, then 75 SFS will detail a security forces person to escort the process server to the individual's residence or other known location on base. (T-3).
 - 2.6.4. Members of the United States Armed Forces: Contact the individual's immediate supervisor and ask him/her to request that the individual report to the 75 SFS office. If the individual refuses or fails to do so, then 75 SFS will detail a security forces person to escort the process server to the individual's place of duty, on-base residence, or other known location on base. (T-3).
 - 2.6.5. In all cases, if the process server is unable to make contact with the subject, the Security Forces Control Center will work with the process server to arrange for a return visit on the same calendar day without requiring a return visit to the Civil Law Division for legal review. Return visits on any other calendar day or the introduction of any new documents will require the process server to repeat the steps outlined in previous paragraphs of this instruction. (T-3).
- 2.7. In those cases where both a service member and spouse are to be served, and they reside together on base, and service of process can be accomplished upon both by service upon

either person at their residence; then, after the requisite approval has been obtained, a security forces person will be detailed to escort the process server to the person's residence. (T-3).

(T-3).
