## **UNRESTRICTED**

Restricted Reporting is kept confidential and does NOT trigger an investigation. Services are still available to victims who choose this option (mental health, medical, etc)

To ensure a Restricted Report can be maintained, **CONTACT THE SARC FIRST!** Telling anyone else can potentially forfeit this option.

Legal services and victim advocates are available to victims who file either type of report

Unrestricted Reporting is any report of sexual assault made through normal reporting channels (for example: reports to chain of command, security forces, and/or AFOSI by any individual). This reporting option launches an investigation.
