

TROPICAL CYCLONE CONDITION OF READINESS

18TH WING COMMANDER HAS DIRECTED

STORM WATCH

Winds are not forecast to exceed 50 knots (the criteria for “destructive winds”) but there still exists a probability of high winds due to the proximity of the storm. The storm is also close enough to the area that a heightened alert status is necessary in order to rapidly establish regular TCCOR condition should the storm deviate from the forecast track. Personnel should follow Standard Operating Procedures for TCCOR Storm Watch and stay alert for any changes to TCCOR status.

ACTIONS

Personnel should remain alert, monitor radio and television, as rapid changes could occur

Housing Residents WILL:

- Report all damage to Housing Maintenance 634-HOME
- Report all other damage to the 18th Civil Engineer Squadron Unit Control Center 634-1915

Facility Managers WILL:

- Report any damage to 18th Civil Engineer Squadron, Unit Control Center 634-1915
