This instruction implements Air Force Policy Directive (AFPD) 31-1, *Integrated Defense*. It establishes procedures and outlines guidelines for the delay, cancellation, or early termination of duty or school due to adverse weather or road conditions. This publication applies to all 52d Fighter Wing (52 FW) personnel, strict adherence to the procedures and a proactive approach to checking weather conditions are paramount if this program is to be effective. Ensure that all records created as a result of the processes prescribed in this publication are maintained in accordance with Air Force Manual (AFMAN) 33-363 USAFESUP, *Management of Records*, and disposed of in accordance with (IAW) the Air Force Records Disposition Schedule (RDS) located at https://www.my.af.mil/afrims/afrims/afrims/rds/rds_series.cfm. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF 847, *Recommendation for Change of Publication*; route AF 847s from the field through the appropriate functional's chain of command.

SUMMARY OF CHANGES

This interim change revises SABI 31-102 by (1) changing the time the on-duty Security Forces flight chief will contact Command Post (CP) from 0430 to 0400 with ROADCON updates, (2) stating Youth Sports and instructional programs will be cancelled or released immediately and (3) adding that the CP will notify the squadron commanders via AtHoc message of the current ROADCON condition and delay, early release or cancellation decision by the commander.

Additionally CP will, Contact Public Affairs to update the Spangdahlem Community Facebook page. Removal of the Binsfeld and Speicher Government Leased Housing (GLH) from Attachment 2. Attachments 4, 5 and 6 have been updated.

1. Responsibility. The on-duty 52d Security Forces (52 SFS) flight chief will ensure compliance with this instruction.

2. Road Conditions and Color Code Definition: During the winter season, the Eifel region often experiences severe weather; however, we must maintain optimum mission capability. This requires frequent assessment of road conditions in the area. Each road condition (ROADCON) is outlined as follows:

2.1. **ROADCON GREEN:** Normal driving for all vehicles. Operations will continue as normal and all base services are open. Personnel will report as normal, and the Medical Clinic and Department of Defense Dependent School (DoDDS) will operate as usual.

2.2. **ROADCON AMBER:** Roads are moderately hazardous and drivers must exercise caution. Operations and services are open with minimal impact. **Personnel should report to work, but allow additional travel time to arrive at work safely.** Delays in reporting must be coordinated with supervisors. The 52 FW/CC may authorize civilian employees up to two (2) hours of administrative leave due to weather delays IAW AFI 36-815, paragraph 7.6.

2.2.1. Early release may occur during AMBER. The Medical Clinic will be open as normal; however, in the event of an early release, the clinic will close within two (2) hours of the order. If DoDDS is given an early release, afterschool activities will be cancelled. All DoDDS Youth Sports and Instructional classes will be cancelled in the event DoDDS is given an early release.

2.3. **ROADCON RED:** Roads are very hazardous. Drivers must exercise extreme caution and limit driving to essential trips to and from the base. Unit commanders will determine which personnel should report to ensure mission accomplishment. **Personnel should attempt to report to duty when safe to do so.** Delays in reporting must be coordinated with supervisors. Customers should verify availability of services prior to reporting for appointments. Personnel on duty should remain on their shift and should consider remaining on base after their shift concludes, consulting supervision before departing the base to evaluate fatigue and worsening weather and road conditions.

2.3.1. Early release may also occur during RED. The Medical Clinic will be open as normal; however, in the event of an early release, the clinic will close within two (2) hours of the order. If DoDDS is given an early release, afterschool activities will be cancelled. All DoDDS Youth Sports and Instructional classes will be cancelled in the event DoDDS is given an early release.

2.3.2. The 52 FW/CC may authorize civilian employees up to two (2) hours of administrative leave due to weather delays IAW AFI 36-815, paragraph 7.6. Additionally, tardiness in excess of 2 hours may also be excused because of an unavoidable delay resulting from adverse weather or from disruption of public or private transportation in individual cases which are personally reviewed by appropriate supervisors. The supervisor must determine, after personal review of the facts in each

case, that the employee made every reasonable effort to get to work, but was unable to do so because of the weather conditions.

2.3.3. The Medical Clinic will have limited services and personnel are requested to call 452-8333 to check status of availability until the ROADCON changes. DoDDS may experience a two (2) hour delay or an early release. Child Development Center, School Age Programs, and Youth Programs may experience a one (1) hour delay in opening. In the event of an early release the Child Development Center, School Age Programs, and Youth Programs will close within 2 hours of the order. Youth Sports and instructional programs will be cancelled or released immediately. Parents who are deemed Mission Essential will be referred to the Family Child Care Extended Duty Program for care prior to facility openings and/or after facility closures. After-school activities will be cancelled in the event of an early release. If conditions warrant, school may be cancelled completely.

2.4. **ROADCON BLACK:** Roads are extremely dangerous. Privately-owned vehicles should not be on the roads. **Air Force installations are closed during this road condition. Only First Responders and personnel involved with Snow and Ice Control will report for duty.** Required personnel should allow additional travel time to arrive safely. Delays must be coordinated with supervision. Personnel on duty should remain on their shift and should be prepared to remain on base after their shift concludes. The Medical Clinic will be closed. DoDDS will be cancelled.

3. Information Gathering Procedures for Delay or Cancellations.

3.1. The on-duty flight chief or designated representative will ensure:

3.1.1. Law enforcement patrols check the base's major traffic routes both on and off base IAW [Attachment 2](#) (i.e. B50, L46, L39, B51, L36, B257, and A60) for severe road and weather conditions (i.e., excessive fog, snow, or ice). Patrols will report their observations, IAW [Attachment 2](#), to the Base Defense Operation Center (BDOC) no later than 0400.

3.1.2. When hazardous conditions are observed, BDOC will coordinate with the 52d Operations Support Squadron /Weather Flight (52 OSS/OSW) or the 21st Operational Weather Squadron (21 OWS) at Sembach to determine whether conditions are expected to continue, grow worse, or lessen.

3.1.3. BDOC contacts local civilian police and ascertains road conditions for the greater Spangdahlem and Bitburg area. BDOC will also gather information on major vehicle accidents in the 6 hours prior to 0400 to assist in determining road conditions.

3.1.4. Monitor road conditions throughout the day and recommend upgrading or downgrading road condition codes to the Chief of Security Forces (CSF) as appropriate.

4. Hazardous Roads Posing a Safety Concern.

4.1. If weather conditions change the driving environment to hazardous and increase the likelihood of accidents, the on-duty flight chief notifies CSF to discuss road conditions.

4.2. When conditions are determined to be Amber, the BDOC will notify the Command Post (CP) of the conditions. BDOC will detail the conditions from the matrix in [Attachment 2](#),

which exist on the roadways in the local areas such as flooding, patches of ice, light slush, snow varying 1-3 inches, visibility reduced to 40 meters.

4.3. When conditions appear to pose a danger to vehicle travel, the on-duty flight chief will contact the CP with proposed road conditions and any recommended delays or cancellations, as applicable, no later than **(ADDED)** 0400 to ensure the DoDDS busing office receives and delay or cancellation updates by 0430. The CP will initiate a 5-way conference call between the CP, BDOC, 52 MSG/CC, 52d Civil Engineer Squadron (52 CES) Snow Control (to provide current status of clearing equipment), 726 AMS Air Mobility Control Center (AMCC), and 52 OSS/OSW or 21 OWS. The flight chief will detail existing roadway conditions from the matrix in **Attachment 2**. The 52 OSS/OSW or 21 OWS will provide current and forecasted weather conditions. The 52 MSG/CC will notify 52 FW/CC of road conditions and recommendations. 52 MSG/CC will notify the CP of the 52 FW/CC's approved road conditions, any delays, or cancellations.

4.4. The CP will:

4.4.1. Notify the vice wing commander, wing command chief, group commanders, Director of Staff, 52 CES/Fire Department (52 CES/CEF), Maintenance Operations Center (MOC), 726 AMS AMCC, Wing Safety Officer, 606 MOC, Army Air Force Exchange Service (AAFES) manager, Defense Exchange Commissary Agency Manager (DeCA), School Liaison Officer (SLO), 52d Force Support Squadron (FSS) Commander, and 52d Logistical Readiness Squadron (52 LRS) Vehicle Operations when road conditions change or if a delay or closure of base and school is initiated. Include information on declared road conditions, reason for updated road conditions, approved delays, cancellations, or limited reporting instructions. Recommend group commanders and agencies initiate an informational recall so all personnel receive notification. **Note:** When present, National Airborne Operational Center personnel will be notified by the CP.

4.4.1.1. If the SLO cannot be contacted, inform the 52 MSG Deputy Commander (52 MSG/CD), who will contact DoDDS Principals and bus transportation office.

4.4.2. Contact Detachment 9 (Det 9), American Forces Network (AFN) Eifel and inform them of the declared road condition, reason for updated road condition, and any delays, cancellations, or reporting instructions to be announced on FM/AM bands and television no later than 0500.

4.4.3. Notify the Buechel, Vokel & Kleine Brogel CPs. The Munitions Support Commanders will then make all appropriate notifications to their units.

4.4.4. Notify the squadron commanders via AtHoc message of the current ROADCON condition and delay, early release or cancellation decision by the commander.

4.4.5. Post information on road conditions, delays or cancellations and Uniform of the Day on the Spangdahlem website under the weather conditions tab: <http://www.spangdahlem.af.mil/>. Contact Public Affairs to update the Spangdahlem Community Facebook page.

4.4.6. Notify all school principal's with road and weather conditions. The principal's will then make appropriate notifications to the schools.

4.5. The BDOC will:

4.5.1. Update 452-COPS with the declared road condition, what the actual road conditions consist of and any approved delays, cancellations or changed reporting instructions. BDOC will also ensure signs posted at each base entry point are updated IAW guidance provided at [Attachment 2](#).

4.6. The SLO will:

4.6.1. Contact DoDDS Principals & bus transportation office.

4.6.2. Record the latest information on School bus delays at 452-9BUS.

4.7. Det 9, AFN will:

4.7.1. Broadcast the declared road condition, actual road condition that exists, and any approved delays, cancellations, or change in reporting instructions over the radio at least every hour for Green or Amber and every 15 minutes for Red or Black.

4.8. The 52 CES/ CEF will:

4.8.1. Notify snow removal teams to coordinate snow plows.

5. Options for Delayed Reporting and School Cancellations (in RED/BLACK).

5.1. Delay DoDDS by 2 hours and automatic utilization of contingency bus routes.

5.2. Cancel all DoDDS activities.

5.3. Direct reporting for mission-essential personnel only.

5.4. Instruct all non-mission essential personnel to remain at their residences or to proceed directly and safely to their residences until notified by their chain of command. Refer to paragraph seven for staggered or immediate release should the duty-day have already begun.

6. Stagger Release Procedures.

6.1. When 52 FW/CC authorizes early release of individuals it will be staggered as follows:

6.1.1. **Stagger 1:** Personnel living in off-base locations greater than 10 kilometers from Spangdahlem Air Base (AB) and parents with children enrolled in the Child Development Center, School Age Program, and Youth Programs who are not deemed mission essential will be released by 52 FW/CC.

6.1.2. **Stagger 2:** For personnel living in remaining off-base locations within 10 kilometers from Spangdahlem AB. Stagger 2 will normally begin 30 minutes after stagger 1.

6.1.3. Squadron commanders should use discretion for staggering the release of their personnel based on mission accomplishment and the distance their personnel live from base.

6.2. 52 MSG/CC will implement checklist at [Attachment 4](#) to close down base services not required for mission accomplishment.

7. Operations Required for Mission Accomplishment.

7.1. 52 FW services and functions not listed below will close (or not open until road conditions improve). On a case-by-case basis, any commander may designate additional personnel from their units to report for duty to ensure mission accomplishment. The intent of this list is for 52 FW personnel to know and understand what functions are required to report for duty as safely as possible regardless of the weather.

7.1.1. 52d Operations Group (52 OG).

7.1.1.1. 52 OG/CC.

7.1.1.2. 52 OSS/OSW.

7.1.1.3. 52 OSS/OSAR .

7.1.1.4. 52 OSS/OSL.

7.1.1.5. 52 OSS/OSO.

7.1.1.6. 52 OSS/OSAT.

7.1.1.7. 52 OSS/OSAM .

7.1.2. 52 MSG.

7.1.2.1. 52 CES/CEF.

7.1.2.2. 52 CES Service Call Desk and snow removal personnel.

7.1.2.3. 52 SFS BDOC, Law Enforcement and Security Posts and Patrols.

7.1.2.4. 52d Communications Squadron (52 CS), Communications Center (Building 212) for critical outages only; technicians will remote in and fix network problems.

7.1.2.5. 52d Force Support Squadron (52 FSS) Lodging Facilities.

7.1.2.6. 52 FSS Mosel Dining Facility.

7.1.2.7. Child Development Center support to dependents of mission essential personnel. See paragraph 2.3.2 for further information.

7.1.2.8. 52 LRS Vehicle Operations Dispatch.

7.1.2.9. 52 LRS/ Petroleum, Oil, & Lubricants. Resource Control Center.

7.1.3. 52 LRS Vehicle Management Flight (Mobile Maintenance)

7.1.3.1. 52 LRS Vehicle Management Flight (463L / Deicer Mainenance)

7.1.4. 52d Maintenance Group

7.1.4.1. 52d Maintenance Operations Squadron MOC.

7.1.5. 52d Medical Group

7.1.5.1. Spangdahlem Ambulance Services.

7.1.6. 52 FW/CP

7.1.6.1. Personnel identified as augmentation for ice and snow removal teams

CHRISTOPHER P. WEGGEMAN, Colonel, USAF
Commander

SECURITY FORCES ROAD CHECKS

A2.1. Road Assessment. 52 SFS will conduct patrols to assess road conditions along the following roadways during inclement weather, reduced visibility, or freezing temperatures:

A2.1.1. B-50 between Spangdahlem AB, Bitburg Annex and the Binsfeld Government Leased Housing (GLH) area.

A2.1.2. B-51 between Bitburg and A-60.

A2.1.3. B-257 (from Kyllburg to Groschlitten, back to A60 to Spangdahlem).

A2.1.4. L-36 between Dudeldorf and Oberkail.

A2.1.5. L-39 from the Herforst traffic light to the Speicher GLH area.

A2.1.6. L-46 from the A60 Spangdahlem exit to the Zemmer exit.

A2.1.7. A-60 between Spangdahlem AB and Bitburg/Staffelstein exit.

A2.1.8. All main roads on Spangdahlem AB (Perimeter road, Memorial road Arnold Blvd, Revere Avenue & Independence road) to include Bitburg Annex (Brishetto loop, Barnwell Street & McAree Circle).

A2.2. Patrols. Patrols will use the matrix below as a guide in recommending road condition assessments. Other factors not mentioned may be present which may increase the road condition level. When one or more of the road conditions marked with an asterisk are noted, the corresponding road condition status will be declared. However, in certain situations, the 52 MSG/CC or 52 FW/CC may elect to change the ROADCON either up or down based on other factors.

Table A2.1. Road Condition Determination Chart

Road Condition	Road Surface	Ice	Snow	Visibility Depth
GREEN	Dry	None	None to Blowing Powder	More than 80 meters
AMBER	Wet	Patches Black Ice Slush	less than 4 inches	20 to 50 meters
RED	Flooded	Sheet ice	4 to 8 inches	15 to 20 meters
BLACK	Heavy Flooding	Extreme sheet ice	> 8 inches or heavy drifting	< 15 meters

A2.3. BDOC brief. Once all pertinent information is gathered by the BDOC, the on-duty flight chief will brief the CSF and then the 52 MSG/CC no later than 0430 if road conditions are assessed RED or BLACK. The brief should include number of accidents reported in the past six hours.

A2.4. Signs. Signs will be posted at inbound and outbound lanes at all base entry points. Signs will display road condition color for both on-base and off-base conditions as defined above.

Attachment 3

INCLEMENT WEATHER ROES

ROADCON (ON/OFF BASE)		OPS & SVS	REPORTING	MEDICAL APPTS	DoDDS
GREEN	Normal Driving for all vehicles	OPS and all base services open.	Normal	Normal	Normal
AMBER	Roads are moderately Hazardous, exercise caution.	Most OPS and Services Open	-Normal (1, 2) -Early release	-Normal -Clinic will close within 2 hrs of early release	-Normal -2-hr Delay -Early Release (Note 4) -No After school
RED	Roads are very Hazardous, Exercise extreme caution. Limit driving to essential trips to and from base.	OPS and Services REQ'D for mission. Phone first.	Those identified by Unit/CC as mission essential will report (1,2,3)	-Normal (1,2,3) -Delayed Opening Call 452-8333 for details(1,2,3)	-2-hr delay -Early Release (Note 4) -No After school programs Cancelled
BLACK	Roads are extremely Dangerous, POVs, should not be on the roads.	Air Force Installations Closed	First Responders & Snow/Ice Ctrl (3)	Closed	Cancelled

Note 1. Personnel should take whatever time is necessary to arrive at work safely. Delays must be coordinated with supervisors.

Note 2. Civilian employees may be authorized up to 2 hrs of admin leave due to weather delays.

Note 3. Personnel on duty should remain on their shift and consider remaining on base after their shift concludes. Consult supervision before departing the base to evaluate fatigue and worsening weather and road conditions.

Note 4. Early release for DoDDS must be coordinated two hours prior to anticipated release time to ensure buses are in place.

Attachment 4**CLOSURE OF BASE SERVICES PROCEDURES****A4.1. ROADCON RED.**

A4.1.1. 52 SFS stops off base patrols.

A4.1.2. 52 CS stops mail pick-up and delivery, mail will be pitched as weather permits, pick up window and cashier services may be limited.

A4.1.3. DoDDS busses should not run; consider cancelling school if weather and roads will not improve inside a 2-hour delay.

A4.1.4. Testing programs will be delayed two hours. If conditions do not improve during that time, both programs will be cancelled for the day.

A4.1.5. Saber Newcomers and/or base in-processing will be cancelled.

A4.1.6. Refueling Ops will continue.

A4.1.7. MICAPS will continue.

A4.1.8. Military Personnel Section (MPS) will be open to issue ID cards and process in/out bound personnel on an emergency basis only.

A4.2. ROADCON BLACK.

A4.2.1. Air Force installations are closed during this road condition.

A4.2.2. Only First Responders and personnel involved with Snow and Ice Control will report for duty.

A4.2.3. Personnel on duty should remain on their shift and be prepared to remain on base after shift concludes.

A4.2.4. Medical Clinic will be closed.

A4.2.5. DoDDS school day will be cancelled.

A4.3. EARLY RELEASE PROCEDURES.

A4.3.1. Coordinate with 52 FSS to bring in caregivers for the school age care/programs.

A4.3.2. The Child Development Center and the Spangdahlem Afterschool Program will remain open until the last child is picked up.

A4.3.3. SAP and Youth Programs will be minimally manned to accommodate early release of DoDDS schools.

A4.3.4. Early release for DoDDS must be coordinated two hours prior to anticipated release time to ensure busses are in place.

A4.3.5. AAFES and DeCA remain open one hour after early release. Shoppette will remain open.

Attachment 5

STANDARD ADVISORY DELAY OR EARLY RELEASE GUIDE*Figure A3.1. Standardized Advisory for Weather Delay:**

This is a winter weather advisory for the Eifel Community. Road conditions are:

_____ Green _____ Amber _____ Red _____ Black for On-base

_____ Green _____ Amber _____ Red _____ Black for Off-base

Delayed reporting is/is not authorized; individuals should take whatever time is necessary to arrive at work safely. Coordinate delays with your supervisor. **Reference Attachment 3-ROADCON RED.**

DoDDS and buses will:

- (A) Run as scheduled.
- (B) Be delayed 2 hours and utilize contingency bus routes.
- (C) Be cancelled for the day.

Additional instructions from 52 FW/CC: For ROADCON RED, 52 FW/CC may designate only mission essential personnel report to work. SQ/CCs determine mission essential personnel.

Standardized Advisory for Early Release:

This is winter weather advisory for the Eifel Community. Road conditions are (fill in here):

The commander has authorized the following staggered release of personnel:

Stagger 1 is for personnel living in off-base locations (greater than 10 kilometers from Spangdahlem AB) and parents with children enrolled in the Child Development Center, School Age Program, and Youth Programs will begin at _____ hours.

Stagger 2 is for personnel living in remaining off-base locations (within 10 kilometers). Stagger 2 will begin at _____ hours.

DoDDS will:

Maintain their normal schedule.

Implement "Early Dismissal" effective at _____ hours; bus schedules will adjust accordingly and will use contingency bus routes. **(ADDED)** Must notify DoDDS two hours prior to early release time.

Cancel afterschool activities.

The Child Development Center may experience a one (1) hour delay in opening. In the event of an early release the Child Development Center, School Age Programs, and Youth Programs will close within 2 hours of the order. Parents who are deemed mission essential will be referred to the Family Child Care

Extended Duty Program for care prior to facility openings and/or after facility closures.

Additional instructions (fill in here):
