(18WG)
This instruction implements AFPD 10-9, *Lead Operating Command Weapon System Management*; AFPD 11-2, *Aircraft Rules and Procedures*; and AFPD 11-4, *Aviation Service*. It establishes the Aircrew Standardization/Evaluation (Stan/Eval) Program that supports Air Force (AF) objectives and provides guidance on how to structure and monitor a Stan/Eval program. It is applicable to all units assigned to or gained by major commands (MAJCOMs) and applies to commanders, operations supervisors and aircrew personnel assigned or attached to all flying activities of these commands. This publication applies to Air Force Reserve Command, the Air National Guard, and to USAF aircrew personnel assigned to active flying positions in the Civil Air Patrol. MAJCOMs, field operating agencies (FOAs) and Headquarters United States Air Force (HQ USAF) direct reporting units (DRUs) will supplement this instruction. MAJCOMs, FOAs and HQ USAF DRUs will coordinate their supplement to this instruction with HQ USAF/A3O-AT before publication and forward one copy to HQ USAF/A3O-AT after publication. Units will coordinate their supplement with the next higher Numbered Air Force (NAF)/MAJCOM, as applicable, prior to publication. Air Force Reserve Command (AFRC)/Air National Guard (ANG) units will provide a copy of their supplement to their gaining MAJCOM and the active duty NAF with Stan/Eval oversight responsibility. Units will forward one copy of their supplement to said higher headquarters after publication. Submit suggested improvements to this instruction on AF Form 847, *Recommendation for Change of Publication*, through Stan/Eval channels, to HQ USAF/A3O-AT, 1480 Air Force Pentagon, Washington DC 20330-1480.

(PACAF) This supplement implements and extends the guidance of Air Force Instruction 11-202, *Volume 2, Aircrew Stan/Eval Program*, 13 September 2010. It provides additional guidance to AFI 11-202, Volume 2, and applies to Pacific Air Forces (PACAF) assigned aircrew. When rules, restrictions, and provisions indicated in this supplement are less restrictive than applicable aircraft flight, training, and evaluation directives, the more restrictive directives apply. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with IAW AFMAN 33-363, *Management of Records*, and disposed of IAW the Air Force RDS located at [https://www.my.af.mil/afrims/afrims/afrims/rims.cfm](https://www.my.af.mil/afrims/afrims/afrims/rims.cfm). Refer recommended changes and questions about this publication to HQ PACAF/A3TV using the AF Form 847, *Recommendation for Change of Publication*; route AF Forms 847 from the field through Stan/Eval channels. This supplement also applies to PACAF-gained ANG and AFRC aircrew.
This supplement implements and extends the guidance of Air Force Instruction (AFI) 11-202, Volume 2, Aircrew Standardization/Evaluation Program, 13 September 2010 and PACAF Supplement, 11 August 2011. This publication sets forward information in addition to the basic instruction and is specific to the 18th Operations Group (18 OG) Standardization and Evaluation (Stan/Eval) (18 OG/OGV) function. Any changes to this publication must be routed through higher headquarters for review and approval. This publication applies to all aircrew assigned or attached to the 18th Wing (18 WG) and Mission Training Center (MTC) contractors attached to the 18 OG. This publication does not apply to the Air Force Reserve Command or Air National Guard units. The Privacy Act of 1974 affects this supplement. The Privacy Act System Number F011 AF XO A, Aviation Resource Management System (ARMS) covers required information. The authority for maintenance of ARMS is Title 37 U.S.C. 301a (Incentive Pay), Public Law 92-204, Section 715 (Appropriations Act for 1973), Public Laws 93-570 (Appropriations Act for 1974), 93-294 (Aviation Career Incentive Act of 1974), and Executive Order 9397. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with AFMAN 37-123 (will convert to AFMAN 33-363), Management of Records, and disposed of in accordance with the Air Force Records Disposition Schedule (RDS) located at https://www.my.af.mil/afrims/afrims/afrims/rims.cfm. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, Recommendation for Change of Publication; route AF Form 847s from the field through the appropriate functional chain of command. The 18 OG Commander (18 OG/CC) is the waiver authority to this publication. Seek waivers through 18 OG/OGV.

SUMMARY OF CHANGES

This revision updates the aircrew definition, modifies program objectives and clarifies waiver authorities (Chapter 1); updates Air Force, MAJCOM, and Numbered Air Force (NAF) responsibilities and functions (Chapter 2); updates unit Stan/Eval functional and organizational guidance (Chapter 3); updates Flight Examiner guidance (Chapter 4); updates aircrew qualification evaluation guidance (Chapter 5), to include new guidance on initial cadre members; updates guidance for the aircrew examination program (Chapter 6); updates documentation guidance (Chapter 7), to include initial cadre documentation, and deletes AF Form 1381 (moved to AFI 11-202 Vol 1); updates guidance on specialized aircrew requirements and provides new guidance on documentation required for these members (Chapter 8); updates guidance on FCIFs and special interest items (Chapter 9), and adds guidance on supplementary evaluations to this chapter; deletes the former Attachment 9; updates examples and makes administrative changes throughout the AFI, and realigns chapter content from the previous publication.

(PACAF) This supplement has been significantly revised and should be reviewed in its entirety.

(18WG) Major changes include: Flight Evaluator (FE) upgrade procedure refined, temporary AF Form 8 procedures added and revised, FCIF index procedures refined (use of PEX explained), Flight Crew Bulletin (FCB) procedures adopted and explained, Go/No-Go program refined, Aircrew Flight Manuals Program revised, OSS Mission Training Center (MTC) operations refined to reflect statement of work (SOW), monthly report is refined and PEX
“Evaluation Report” format detailed, briefing room requirements reflect the digital age, 33 RQS, and PEX guidance refined throughout (Testing, AF Form 8s, Monthly reporting). Finally, numerous sections were incorporated into the PACAF Supplement.

CHAPTER 1—PURPOSE

Chapter 1

PURPOSE

1.1. General.

1.1.1. The purpose of the aircrew Stan/Eval program is to provide commanders a tool to validate mission readiness and the effectiveness of unit flying, including documentation of individual aircrew member qualifications and capabilities.

1.1.2. Aircrew includes the total complement of rated (pilots, navigators, combat systems operators (CSOs), air battle managers, and flight surgeons), career enlisted aviators (1AXXX Air Force Specialty Codes), and nonrated aircrew personnel (K-, Q-, or X-prefixed Air Force Specialty Code) responsible for the safe ground and flight operation of the aircraft and onboard systems, or for airborne duties essential to accomplishment of the aircraft’s mission. See also AFPD 11-4, Aviation Service.

1.1.2.1. Includes members in initial formal training for immediate assignment to an authorized operational flying position.

1.1.2.2. This program is not required for cadets participating in US Air Force Academy (USAF) airmanship programs.

1.2. Objectives.

1.2.1. Provide a system to assess and document individual aircrew proficiency and capability to accomplish assigned flying duties.

1.2.2. Develop and ensure standardization of operational procedures for weapon system employment.

1.2.3. Ensure compliance with appropriate operational, training, and administrative directives.

1.2.4. Evaluate and revise operational directives, procedures, and techniques as required.

1.2.5. Recognize trends and recommend/initiate changes to training programs and directives.

1.3. Waiver Authority.

1.3.1. Unless otherwise specified, HQ USAF/A3O-A is the waiver authority for this instruction. EXCEPTION: MAJCOM/A3 is the waiver authority for individual aircrew requirements, but may not approve blanket or group (two or more aircrew) waivers.

1.3.2. Request waivers through applicable Stan/Eval channels to MAJCOM/A3,(or equivalent). As applicable, MAJCOM/A3s will forward requests to HQ USAF/A3O-A, with an info copy to HQ USAF/A3O-AT.

1.3.3. Waiver authority for supplemental guidance will be as specified in the supplement and approved through higher level coordination authority.
Chapter 2

HIGHER HEADQUARTERS STAN/EVAL FUNCTIONS AND ORGANIZATION

2.1. Scope. For the purposes of this instruction Higher Headquarters (HHQ) includes Air Staff, MAJCOM and NAF Stan/Eval functions.

2.2. Air Staff.

2.2.1. HQ USAF/A3O-A:

2.2.1.1. Sets policy and guides the conduct and execution of the aircrew Stan/Eval program.

2.2.1.2. Assigns HQ USAF/A3O-AT as the Office of Primary Responsibility (OPR) for this instruction.

2.2.2. HQ USAF/A3O-AT:

2.2.2.1. Reviews and maintains this instruction.

2.2.2.2. Reviews MAJCOM supplements to this AFI to ensure MAJCOMs comply with basic policy guidance in this instruction.

2.2.2.3. Maintains liaison with Air Staff organizations, MAJCOMs, and aircrew career field managers to ensure compliance by all aircrew personnel.

2.2.2.4. Coordinates with Air Staff organizations and MAJCOM Stan/Eval functions to ensure guidance in separate AFIs conforms to and complies with basic Air Force policy guidance contained in this instruction.

2.2.3. HQ USAF/A3O-AS:

2.2.3.1. Coordinates with HQ USAF/A3O-AT regarding pararescue (PJ) and combat rescue officer (CRO) aircrew policy guidance.

2.2.3.2. Ensures PJ and CRO guidance in separate AFIs conforms to and complies with basic Air Force policy guidance contained in this publication.

2.2.3.3. Is OPR for Guardian Angel (GA) requisites at the Air Force Level.

2.2.4. HQ AFFSA/A3OT: Maintains an online Instrument Examination test bank IAW AFMAN 11-210, Instrument Refresher Program (IRP).

2.2.5. AFMOA/SG3P:

2.2.5.1. Coordinates with HQ USAF/A3O-AT to ensure Flight Surgeon evaluations comply with basic policy guidance in this instruction (see Chapter 8).

2.2.5.2. Is OPR for the Flight Surgeon requisites at the Air Force level.

2.2.6. COMBAT CAMERA CFM: Coordinates with HQ USAF/A3O-AT and MAJCOM Stan/Eval functions to ensure Combat Camera evaluations comply with basic policy guidance in this instruction (see Chapter 8).

2.3. MAJCOMs.
2.3.1. **General.**

2.3.1.1. MAJCOM Stan/Eval staffs are primarily responsible for setting policy and establishing administrative processes. Lower echelons of command are primarily responsible for the flying and evaluation functions.

2.3.1.1.1. *(Added-PACAF)* PACAF/A3TV maintains a SharePoint site which contains relevant PACAF Stan/Eval information.

2.3.1.2. MAJCOM Stan/Eval staffs may fly to maintain current and qualified expertise.

2.3.1.3. HQ USAF DRUs and the ANG Bureau (ANGB) are considered MAJCOMs for purposes of this instruction.

2.3.2. **Functions.**

2.3.2.1. In coordination with the appropriate lead MAJCOM, develop and manage applicable AFI11-2MDS, Vol 2, *MDS XX - Aircrew Evaluation Criteria*.

2.3.2.1.1. Some Volumes 2 may be aircrew specific [such as the Aeromedical Evacuation (AE) series] and some may be functionally specific [such as the Flight Test (FT) series].

2.3.2.1.2. MAJCOM functionals will determine policy precedence for AE/FT/PJ/CRO/GA and MDS-Specific policy guidance, in coordination with the other AFI OPRs. Policy guidance in other series AFIs will not be less restrictive than guidance contained in this AFI and applicable MAJCOM supplements.

2.3.2.2. Convene conferences and working groups, as necessary, to review and improve command Stan/Eval policies and procedures.

2.3.2.3. Provide staff coordination and control of all Flight Crew Information File (FCIF) items issued from the MAJCOM level to units (see Chapter 9).

2.3.2.4. Establish guidance for MAJCOM-mandated Stan/Eval software.

2.3.2.5. Coordinate on and process applicable AF Forms 847 through Stan/Eval channels [OGV, NAF (if applicable), MAJCOM] and IAW AFI 11-215, *USAF Flight Manuals Program (FMP)*. ANG units will utilize the NAF/MAJCOM command structure with oversight responsibility.

2.3.2.6. Assist lead MAJCOMs with the review, updating and distribution of MDS-Specific Master Question Files (MQFs) (see Chapter 6).

2.3.2.7. Coordinate on operational procedures, evaluation criteria and guidance in conjunction with the lead MAJCOM and other user MAJCOMs operating like Mission Design Series (MDS) aircraft.

2.3.2.8. If requested, assist Safety offices and agencies in evaluation of aircraft mishaps.

2.3.2.9. In the absence of a NAF Stan/Eval function, assume responsibilities listed in paragraph 2.4.

2.3.2.10. Observe and/or augment subordinate NAF Stan/Eval visits when feasible.

2.3.2.11. Observe execution of unit missions and provide feedback when feasible.
2.3.3. **Organization.**

2.3.3.1. MAJCOM Commanders will designate the MAJCOM/A3 (or equivalent) responsible for the overall management of the MAJCOM Stan/Eval program.

2.3.3.2. MAJCOM Stan/Eval staff will consist of a chief and one aircrew member per crew position per MDS, or as directed by MAJCOM/A3s.

2.3.4. **Supplements.** MAJCOMs will supplement this instruction IAW AFI 33-360, *Publications and Forms Management*.

2.3.4.1. MAJCOMs will provide staff coordination to AF/A3O-AT for supplements to this AFI.

2.3.4.2. AFRC and ANG will provide supplemental information to be included as part of the respective active duty MAJCOM supplement to this instruction.

2.3.5. **Augmentation.** Each MAJCOM may use augmentees from other MAJCOMs to support or conduct cross-command Stan/Eval program reviews, inspections, and evaluations with concurrence of all the MAJCOM Stan/Eval organizations involved. Augmentees will use the criteria of the MAJCOM they are augmenting.

2.3.5.1. *(Added-PACAF)* NGB/A3O, AFRC/A3V and PACAF/A3T may develop a standing Memorandum of Agreement (MOA) regarding cross-command evaluation procedures. A copy of the MOA will be posted on the PACAF/A3TV SharePoint site. Any evaluations accomplished under the provisions of the MOA will be designated in the Operations Group Standardization/Evaluation (OGV) semi-annual Stan/Eval Board (SEB) minutes submitted to PACAF/A3TV.

2.4. **NAFs.**

2.4.1. **General.** NAF Stan/Eval (MAJCOM Stan/Eval when no NAF Stan/Eval exists) will maintain a tactical focus and perform the operational role in evaluating unit Stan/Eval functions within its chain of command.

2.4.2. **Functions.**

2.4.2.1. Maintain oversight of Stan/Eval functions in lower echelon units, in gained units, and in AFRC/ANG units for which oversight responsibility is assigned.

2.4.2.2. Conduct Stan/Eval visits IAW MAJCOM supplements/directives.

2.4.2.3. Coordinate on and process applicable AF Forms 847 through Stan/Eval channels and IAW AFI 11-215. ANG units will utilize the NAF/MAJCOM command structure with oversight responsibility.

2.4.2.4. Provide staff coordination and control of all FCIF items issued from the NAF level to units (see Chapter 9).

2.4.2.5. Provide qualified flight examiners to augment other MAJCOM and NAF agencies when requested (see paragraph 2.3.5).

2.4.2.6. Administer periodic flight evaluations, when practical, to Chiefs of Stan/Eval or senior Stan/Eval crews in lower echelon units, in gained units, and in AFRC/ANG units for which oversight responsibility is assigned.
2.4.2.7. Observe execution of unit missions and provide feedback when feasible.
2.4.2.8. Review and coordinate on subordinate unit supplements to this instruction.
2.4.2.9. Review subordinate unit Stan/Eval Board (SEB) minutes and, at a minimum, address any action items requiring HHQ assistance.

2.4.3. **Organization.** Typical NAF Stan/Eval staff includes a chief and one flight examiner per crew position per MDS. Manning may be adjusted by the NAF Commander.

2.4.4. **Augmentation.** Each NAF may use qualified augmentees to support or conduct reviews, evaluations, and inspections with concurrence of all the NAF Stan/Eval organizations involved.

2.5. **Stan/Eval Visits (SEVs).** HHQ Stan/Eval staffs may visit units during the administration of formal inspections (e.g. Unit Compliance Inspections), Staff Assistance Visits (SAVs), or in an informal capacity, as specified in MAJCOM supplements.

2.5.1. **(Added-PACAF)** Aircrew Standardization/Evaluation Visit (ASEV) notification will be IAW HQ PACAF ASEV Guide. ASEVs will be conducted IAW the PACAF ASEV guide (obtain a copy via the PACAF/A3TV SharePoint site). The purpose of the ASEV is to determine the effectiveness of the unit Stan/Eval; assess the capability of the Chief of Stan/Eval, flight examiners, instructors, and unit crew members to evaluate, instruct, and perform the unit mission; identify operational or training factors adversely affecting aircrew capabilities; and provide quality feedback to commanders. Details regarding PACAF/A3TV oversight of unit Aerial Demonstration programs may be found in the PACAF ASEV Guide, located on the PACAF SharePoint site.

2.5.2. **(Added-PACAF)** HQ PACAF/A3TV flight examiners will normally accomplish six Continuation Training trips per year. Flight examiners will informally coordinate with flying units and OGV to ensure flying requirements can be met.

2.5.2.1. **(Added-PACAF)** Base support will include billeting and vehicle support. Joint Base Pearl Harbor-Hickam Restricted Area Badge (AF Form 1199C) will be used in conjunction with an Entry Authorization List for flight line access.
Chapter 3

UNIT STAN/EVAL FUNCTIONS AND ORGANIZATION

3.1. **Scope.** For purposes of this instruction, "unit" includes levels of organization under HHQs required to establish a Stan/Eval function. Most units are composed of an Operations Group (OG) and flying squadrons/detachments (henceforth in this AFI, "squadron" will be used synonymously with "detachment"). Where there is no parent OG, squadrons will assume duties listed for OGs.

3.2. **Operations Group.** The conduct of the unit level Stan/Eval program is directed by the OG/CC.

3.2.1. **OG/CC Responsibilities.**

3.2.1.1. Provide manpower to the unit Stan/Eval function to execute the duties directed by this AFI.

3.2.1.2. Designate OG Stan/Eval (OGV) flight examiners (see paragraph 4.2.3).

3.2.1.3. Provide the means to procure the necessary materials for mission planning, pre-flight briefings, and flying supervision.

3.2.1.4. Provide a suitable Stan/Eval testing area.

3.2.1.5. Direct supplementary evaluations (see Chapter 9).

3.2.1.6. Chair the SEB.

3.2.1.7. Establish procedures to implement MAJCOM-mandated Stan/Eval software.

3.2.2. **OGV Functions.**

3.2.2.1. At the OGV level, emphasis is on overall unit standardization. Under direction of the Chief of OGV, flight examiners will ensure standardization among squadron Stan/Eval functions and squadron-assigned flight examiners.

3.2.2.2. Establish procedures for review and quality control of AF Forms 8, *Certificate of Aircrew Qualification*, and (if applicable) AF Forms 8a, *Certificate of Aircrew Qualification (Multiple Aircraft)*.

3.2.2.3. Establish procedures to maintain and review unit Flight Evaluation Folders (FEFs). If not maintained by the squadron Stan/Eval function, maintain unit FEFs.

3.2.2.4. Establish procedures for requisite Aircrew Exams (see Chapter 6).

3.2.2.5. Establish and maintain a trend program.

3.2.2.5.1. Scope will include trend analysis of all evaluations.

3.2.2.5.1. **(Added-PACAF)** Trend analysis will include all flight evaluations and emergency procedure evaluations (EPEs) as well as all requisite and periodic written examinations. Flight examiners, instructor pilots (IPs), and unit supervisors may identify trends to OGV for performance observed outside of evaluations. Units will define procedures in the unit supplement to this instruction for identified trends.
3.2.2.5.1.2. **(Added-18WG)** The unit trends officer or NCO will ensure all discrepancies from flight evaluations, emergency procedures evaluations, and examinations are recorded and tracked using Patriot Excalibur (PEX) and reported to 18 OG/OGV via monthly reports. Multiple discrepancies by the same individual in the same area are counted as a single discrepancy for trends analysis purposes.

3.2.2.5.1.2.1. **(Added-18WG)** Data collection is a continuous process, and trend analysis will be conducted on a floating three-month look-back basis. Discrepancies from a single month may not warrant identification of a trend because of sample size. However, a trend may be identified when one month’s data is combined with data from the previous two months. **Example:** If the reporting month is December, discrepancies/trends for December will be identified as well as trends that may have developed with the compilation of October, November, and December’s data.

3.2.2.5.1.3. **(Added-18WG)** 18 OG/OGV Chief may make a trend determination for areas identified with small sample sizes in accordance with paragraph 3.2.2.5.5.1. The OGV Chief will take into account similar-area discrepancies from other SQs.

3.2.2.5.1.4. **(Added-18WG)** Trends identified will be forwarded to 18 OG/OGV via monthly reporting unless more timely action is required. SQs will work with the OGV Mission Design System (MDS) representative to develop realistic and effective courses of action to correct/stop trends and include them in the monthly report. All trends, SQ and group, will be assigned a tracking number by 18 OG/OGV trends monitor. 18 OG/OGV will identify group trends, assign an Office of Primary Responsibility (OPR)/Office of Collateral Responsibility (OCR) and recommend corrective action via Flight Crew Information File (FCIF), Special Interest Item (SII), or Stan/Eval Board (SEB). The status of each trend will be reported at the SEB until rescinded. Each trend must be formally closed, either by FCIF rescission, letter, or SEB.

3.2.2.5.2. For units with more than one type of MDS and/or crew positions, combine discrepancies common to all MDSs/crew positions to determine trends (e.g., instrument procedures).

3.2.2.5.3. For Formal Training Units (FTUs) and Combat Crew Training Squadrons (CCTSs), maintain separate trend data for students and instructors.

3.2.2.5.4. When trends are noted, recommend corrective action and assign an OPR/Office of Collateral Responsibility (OCR).

3.2.2.5.5. Report trends and status to the OG/CC during the SEB until closed (see **Attachment 2**). Maintain an archive of trend data for at least one year from the date the trend was identified.

3.2.2.5.5.1. **(Added-PACAF)** Units may include minimum sample size and percentages that constitute a trend in the unit supplement to this instruction. An evaluation area or test question with a discrepancy rate of 15% or higher is considered a trend unless inherent system capability dictates otherwise. If sample
size is less than 20, three discrepancies are considered a trend.

3.2.2.6. Conduct supplementary evaluations as directed by the OG/CC.

3.2.2.7. Conduct SEBs and document IAW Attachment 2 and MAJCOM supplement.

3.2.2.7.1. (Added-PACAF) Conduct SEBs semi-annually at a minimum.

3.2.2.7.2. (Added-PACAF) Complete the SEB as soon as practical after the end of the semi-annual period (periods end 30 June and 31 December), not to exceed 60 days.

3.2.2.7.2.1. (Added-18WG) All SEB members will be notified no later than two weeks prior to the board regarding the time, location, proposed agenda and any open items requiring corrective action from the last board.

3.2.2.7.2.2. (Added-18WG) 18 OG/OGV will compile all SQ monthly report data into a single, comprehensive presentation in preparation for the SEB in accordance with AFI 11-202, Volume 2. 18 OG/OGV will forward the presentation to unit CCVs/AEVs no later than five duty days prior. Each CCV/AEV Chief should provide the presentation to their commander.

3.2.2.7.3. (Added-PACAF) Forward SEB minutes to PACAF/A3TV and MDS-similar PACAF units within 30 days following the SEB. Include all flight evaluation and EPE discrepancies noted during the semi-annual period.

3.2.2.7.4. (Added-PACAF) Include the following in the unit SEB minutes.

3.2.2.7.4.1. (Added-PACAF) Personnel Attending:

3.2.2.7.4.1.1. (Added-PACAF) List required members who are absent and reason for absence.

3.2.2.7.4.1.2. (Added-18WG) 18 OG/OGV is OPR for the semi-annual SEB. Members of the board will include to the max extent possible the 18 OG/CC, 18 OG/OGV, 18 OSS/CC/OSA, 31 RQS/CC/Squadron Standardization and Evaluation Office (CCV), 33 RQS/CC/CCV, 44 FS/CC/CCV, 67 FS/CC/CCV, 623 ACF/CC/CCV, 909 ARS/CC/CCV, 961 AACS/CC/CCV and 18 AES/CC/ Aeromedical Evacuation Standards/Evaluation Office (AEV). 18 OG/CC will conduct the board. 18 OG/CDs, SQ Operations Officers (Dos), Chief MTC instructor and other 18 OG evaluators should attend.

3.2.2.7.4.2. (Added-PACAF) Overview:

3.2.2.7.4.2.1. (Added-PACAF) Enter all flight evaluation and EPE discrepancies, whether trend items or not.

3.2.2.7.4.2.2. (Added-PACAF) Report trends and follow up action.

3.2.2.7.4.2.3. (Added-PACAF) Identify each trend by a unit trend number (e.g., 18-11-1 for the 18 WG's first identified trend in 2011), MDS, and short title. The narrative will include a statistical report of the number of times a trendable area was evaluated and identified in each squadron.
3.2.2.7.4.2.4. (Added-PACAF) Supplementary Evaluations and results.

3.2.2.7.5. (Added-PACAF) HQ PACAF/A3TV will review all SEB minutes to identify MAJCOM-wide trends and notify PACAF units when a possible trend is identified.

3.2.2.8. Establish and maintain the unit FCIF program.

3.2.2.9. Establish procedures to manage the flight publications program IAW AFI 11-215 and TO 00-5-1.

3.2.2.9.1. (Added-18WG) Provide flight publications for Supervisor of Flying (SOF) and Mission Training Center (MTC).

3.2.2.10. Coordinate on and process applicable AF Forms 847 through Stan/Eval channels and IAW AFI 11-215. ANG units will utilize the NAF/MAJCOM command structure with oversight responsibility.

3.2.2.11. Ensure annual Military Training Route (MTR) and Air Refueling (AR) Track reviews (for the MTRs and ARs for which the unit is OPR) are accomplished and documented IAW AFI 13-201, *Airspace Management*. Document status of reviews in the SEB minutes (see Attachment 2).

3.2.2.11.1. (Added-PACAF) OGV should ensure MTR and AR Track reviews are conducted if an organization within their wing is listed in Flight Information Publication (FLIP) Area Planning as the Originating Activity or Scheduling Activity for MTRs, or the Scheduling Unit for AR Tracks.

3.2.2.12. Manage the Operations Supervision program as applicable IAW AFI 11-418, *Operations Supervision*.

3.2.2.13. (Added-PACAF) Topics in Table 3.1 (Added) are provided as an aid to publishing a unit supplement but are not limiting. Table 3.1 (Added) should not be used as a sole source for topics.
### Table 3.1. (Added-PACAF) Unit Supplement Topics

<table>
<thead>
<tr>
<th>Topic</th>

</table>
3.2.2.13.1. **(Added-PACAF)** Forward the following to PACAF/A3TV within 30 days of publication: unit supplements to this instruction and aircraft/pilot operational procedures; unit-developed inflight publications (inflight guides, flight crew bulletins, flight examiner guides, etc.); and unclassified unit standards.

3.2.2.14. **(Added-PACAF)** Use Patriot Excalibur (PEX) for all supported Stan/Eval functions.

3.2.2.15. **(Added-18WG)** Establish guidance for completion of monthly reports. See Attachment 12 for guidance.

3.2.2.16. **(Added-18WG)** Develop, maintain and administer the 18 WG Local Area Orientation (LAO) brief prior to flight operations by visiting aircrew. Host units will assign a POC to coordinate the LAO brief with 18 OG/OGV. These flight operations are defined as any sortie using locally approved procedures (18 WG IFG, 18th Wing Instruction (18 WGI) 13-204, Airfield Operations Instruction, etc.). The F-15 Branch Chief is the OPR for the “fighter” briefing, either KC-135 or E-3 Branch Chief can be the OPR for the “ heavies” briefing and the HH-60 Branch Chief is the OPR for the “helicopter” briefing. If an OGV representative is not available to administer the LAO brief, a SQ instructor can brief the LAO. The LAO will include, as a minimum, taxi route procedures, arrival/departure procedures, pattern procedures, hot armament procedures and range procedures.

3.2.3. **OGV Organization.** OGV staff will consist of a Chief of Stan/Eval and should include at least one flight examiner per crew position per MDS. Manning and organization may be adjusted IAW MAJCOM supplement or with OG/CC approval. If the OG/CC approves adjustments, notify the NAF and MAJCOM Stan/Eval functions, and document in the SEB minutes.

3.2.3.1. The chief of Stan/Eval will be a certified flight examiner in a unit weapon system. For units undergoing conversion, the Chief of Stan/Eval may be qualified in the weapon system to which the unit is converting, even if none are yet assigned.

3.2.3.2. The chief of Stan/Eval will report directly to, and be rated by, the OG/CC. For units not collocated with the parent wing/group, the Chief of Stan/Eval will report directly to and be rated by the unit commander, or as specified by MAJCOM supplement.

3.2.3.3. The OG/CC may designate additional OGV flight examiners who are not assigned to OGV when necessary to meet unique unit requirements. Document in the SEB minutes (see Attachment 2).

3.2.3.4. The OG/CC may designate Stan/Eval Liaison Officers (SELOs) to assist OGV in administrative duties.

3.2.3.5. At the discretion of the OG/CC, OGV and squadron Stan/Eval functions may be combined.

3.2.3.6. **(Added-18WG)** All OGV staff except Chief of FCF must be Flight Examiner (FE) certified. Additional OGV Standardization and Evaluation Liaison Officers (SELOs), who are not FE qualified, may work in OGV per AFI 11-202v2 3.2.3.
3.3. **Squadron.** (Any or all of the following responsibilities may be assumed at a higher level in situations where a squadron Stan/Eval function does not exist, as specified in MAJCOM and/or unit supplements to this instruction.)

3.3.1. **Squadron Commander Responsibilities:**

- 3.3.1.1. Designate squadron flight examiners (see paragraph 4.2.3).
- 3.3.1.2. Attend as many evaluation debriefings as practical.
- 3.3.1.3. May designate SELOs to assist in administrative Stan/Eval duties.
- 3.3.1.4. Ensure that individuals whose periodic evaluations expire either within three months after their departure for a Permanent Change of Station (PCS) to a flying assignment in the same weapon system, or during an upcoming Temporary Duty (TDY) (flying or non-flying), complete the required evaluation(s) before departing. Coordinate with the gaining OG/CC for any instances where this requirement cannot be met. **Note:** Applies to extended TDY that may preclude the member from completing a required evaluation within the prescribed eligibility period.
- 3.3.1.5. *(Added-18WG)* Establish a SQ Stan/Eval function (CCV/AEV) and designate a chief of Stan/Eval (CCV/AEV Chief).
- 3.3.1.6. *(Added-18WG)* Advise OGV Chief if an OGV flight examiner reverts to Non-Combat Mission Ready (CMR) status.

3.3.2. **Squadron Stan/Eval Functions.** The focus of the Stan/Eval program is at the squadron level. Its backbone is the program established by the squadron commander and administered by flight examiners embedded within the squadron.

- 3.3.2.1. Manage and conduct aircrew evaluations and supplemental evaluations IAW published guidance.
- 3.3.2.2. Implement Stan/Eval aircrew exam procedures IAW published guidance.
- 3.3.2.3. Implement OGV FEF maintenance and review guidance.
- 3.3.2.4. Assist OGV in managing the trend program (see paragraph 3.2.2.5.).
  - 3.3.2.4.1. *(Added-18WG)* The SQ CCV/AEV Chief will implement the SQ trends program as outlined in paragraph 3.2.2.5.
- 3.3.2.5. Coordinate on and process applicable AF Forms 847 through Stan/Eval channels and IAW AFI 11-215. ANG units will utilize the NAF/MAJCOM command structure with oversight responsibility.
- 3.3.2.6. Assist OGV in implementing the flight publications program IAW AFI 11-215 and TO 00-5-1 and ensure compliance with the OG FCIF program.
- 3.3.2.7. Ensure proper completion, routing, and filing of AF Forms 8/8a.
- 3.3.2.8. Advise squadron leadership of aircrew progression toward completion of requisites and flight evaluations.
- 3.3.2.9. Implement OG guidance on the usage of MAJCOM-mandated Stan/Eval software.
3.3.2.10. (Added-PACAF) Use PEX for all supported Stan/Eval functions.

3.3.2.11. (Added-18WG) Providing notification of evaluation eligibility status to individuals, schedulers and supervisors.

3.3.2.12. (Added-18WG) Implementing the SQ Go/No-Go program, SQ FCIF program, and SQ SII program.

3.3.2.13. (Added-18WG) Maintaining a comprehensive, unit-tailored continuity book(s) detailing procedures to execute all CCV/AEV programs as mentioned above. Content emphasis will be placed on usability, accuracy with governing directives, and currency.

3.3.2.14. (Added-18WG) Ensuring mission planning materials are accurate and current.

3.3.2.15. (Added-18WG) Compiling and transmitting monthly reports to 18 OG/OGV in accordance with Attachment 12.

3.3.2.16. (Added-18WG) Issuing all aircrew publications.

3.3.2.17. (Added-18WG) Maintaining briefing rooms in accordance with Attachment 14.

3.3.3. Squadron Stan/Eval Organization.

3.3.3.1. The squadron Stan/Eval function will consist of a Chief of Stan/Eval who is a certified flight examiner in a squadron weapon system.

3.3.3.1.1. Waiver authority is the OG/CC. Document waivers in SEB minutes (see Attachment 2).

3.3.3.1.2. For units undergoing conversion, the chief of Stan/Eval may be qualified in the weapon system to which the unit is converting, even if none are yet assigned.

3.3.3.2. The chief of squadron Stan/Eval will report directly to and be rated by the squadron commander, or as specified by MAJCOM supplement.

3.3.3.3. Further manning will be as directed by the MAJCOM and/or unit supplement.

3.3.3.3.1. (Added-PACAF) Squadron flight examiner manning will not exceed three flight examiners (FEs) per MDS crew position (excluding the squadron commander (SQ/CC)). The OG Commander (OG/CC) may allow two additional FEs per non-fighter MDS crew position (excluding copilots), not to exceed five total FEs per MDS crew position (excluding the SQ/CC and CCV). (ANG and AFRC FE authorizations are at the ANG/AFRC unit commander’s discretion). This manning restriction does not apply to attached FEs.
Chapter 4

FLIGHT EXAMINERS

4.1. **General.** The evaluation portion of the Aircrew Stan/Eval Program is administered by flight examiners at the HHQ and unit levels.

4.1.1. **(Added-18WG)** Evaluations will be administered by flight examiners at the Higher Headquarters (HHQ), OG, and unit levels.

4.2. **Selection.**

4.2.1. Select flight examiners from the most highly qualified and experienced instructors (*EXCEPTION:* Senior flight examiners, see paragraph 4.4.).

4.2.2. The chief of the respective MAJCOM or NAF Stan/Eval function will select and designate in writing HHQ flight examiners. Copies of the designation memo will be sent to all units where HHQ flyers are attached to fly.

4.2.3. The OG/CC and SQ/CC will each select, and designate in writing, all OGV and Squadron flight examiners (respectively).

4.2.3.1. The OG/CC and SQ/CC may designate additional OGV or squadron flight examiners (respectively) who are not assigned to OGV or the squadron when necessary to meet unique unit requirements.

4.2.3.2. Annotate all flight examiners [to include attached and Senior flight examiners (see paragraph 4.4) in the squadron letter of certification and record in SEB minutes (see Attachment 2).

4.2.3.3. **(Added-PACAF)** OGV FEs may conduct evaluations in all squadrons flying aircraft/missions in which they are qualified. To increase objectivity and standardization across the wing, squadron FEs may give evaluations in squadrons in which they are not primarily assigned/attached.

4.2.4. For AFRC and ANG units:

4.2.4.1. The USAF advisor may be designated as a flight examiner.

4.2.4.2. Air Technician (AT)/Air Reserve Technician (ART) /Active Guard and Reserve (AGR) serving in a military position that does not require maintaining mission ready/combat mission ready (MR/CMR) status may perform duties as flight examiners.

4.3. **Flight Examiner Functions.**

4.3.1. Conduct aircrew evaluations IAW Chapter 5 and document IAW Chapter 7.

4.3.2. Maintain qualification as instructors (N/A for senior flight examiners, see paragraph 4.4.2).

4.3.3. Administer evaluations only within their weapon system/aircrew specialty and only evaluate those mission/skill sets in which they maintain qualification and/or certification. *EXCEPTION:* SPOT evaluations and where specifically authorized in AFI11-2MDS, Vol 2.
4.3.3.1. Waiver authority for flight examiners to evaluate mission/skill sets in which they are not certified is the OG/CC. For senior flight examiners (see paragraph 4.4), waiver authority is the next commander in their flying chain of command.

4.3.4. Will not administer evaluations outside of their MAJCOM unless specifically requested by the MAJCOM Stan/Eval organization of the examinee and approved by the MAJCOM Stan/Eval organization of the examiner. MAJCOMs may establish procedures in their supplement for flight examiners to administer evaluations outside of NAFs/units within their own MAJCOM (see also paragraph 2.3.5).

4.3.5. Conduct a thorough pre-mission briefing and post-mission debriefing for the examinee and applicable aircrew members on all aspects of the evaluation.

4.3.5.1. (Added-PACAF) Suggested briefing and debriefing items are available in Table 4.1 (Added).

</tbody>
</table>

4.3.6. Immediately correct breaches of flying safety or flight discipline during an evaluation (applies to both the examinee as well as any accompanying aircrew).

4.3.7. As soon as possible, notify the examinee’s squadron commander (or available supervision if the squadron commander cannot be reached) whenever Qualification Level 2 or 3 (Q2 or Q3) performance is observed (see paragraph 5.3.3).

4.3.8. (Added-PACAF) Debrief a squadron supervisor (preferably the examinee’s supervisor) as soon as practical after the evaluation on the results and pertinent elements of the evaluation.

4.4. **Senior Flight Examiner Program.**

4.4.1. Flying NAF/CCs and OG/CCs may maintain flight examiner status in their primary assigned aircraft.
4.4.1.1. NAF/CVs and OG/CDs may perform this function if the principal incumbent is not qualified or available.

4.4.1.2. OG/CDs that fly different MDSs from the OG/CC in multi-MDS wings, or occupy a different crew position in the same MDS, may be designated as senior flight examiners at the OG/CC’s discretion.

4.4.1.3. Document designations IAW paragraph 4.2.3.2.

4.4.2. Individuals eligible for Senior flight examiner status do not require, nor do they have to maintain, instructor qualification, but they must have completed flight examiner certification IAW unit standards.

4.5. **(Added-18WG) FE Upgrade Procedures.**

4.5.1. **(Added-18WG)** SQ FEs will be certified by the 18 OG/CC in writing (Attachment 10). The checklist in Attachment 10 will be used by all 18 OG squadrons to complete FE upgrades, except for the 31 RQS and 623 ACF, who will utilize their own OGV approved evaluator upgrade checklists. An 18 OG/OGV FE should conduct FE upgrades unless another FE is designated by OGV. Instructors with previous same MDS FE experience are not required to monitor an FE performing an evaluation during an Aircrew Training Device (ATD) or flight. For all F-15 FE upgrades, the upgrading FE will monitor an Emergency Procedures Evaluation (EPE), if the simulator is available. KC-135 FE upgrades who have not previously given an ATD EPE will monitor one before FE certification.

4.5.1.1. **(Added-18WG)** The nomination signatures on the FE Upgrade Checklist may be digital.

4.5.1.2. **(Added-18WG)** All FEs will take a 25 question open book exam prepared by OGV. FEs will take the test prior to final certification by the OG/CC. When upgrade training is completed per Attachment 10, FEs will make arrangements with SQ Stan/Eval Offices to schedule the exam. Questions will come from AFI11-202V2; AFI11-202V2_PACAFSUP; and AFI11-202V2_PACAFSUP_18WGSUP. Passing grade is 90%.

4.5.1.3. **(Added-18WG)** When a candidate completes all upgrade requirements, the SQ will schedule an interview between the 18 OG/CC and the flight examiner nominee. The certification letter will be properly coordinated and prepared for the 18 OG/CC to review and sign. The certification letter will be maintained in the unit CCV/AEV continuity binder.
Chapter 5

AIRCREW QUALIFICATION EVALUATIONS

5.1. General. The Aircrew Stan/Eval Program utilizes aircrew qualification evaluations to ensure qualification of aircrew members and supplementary evaluations to ensure standardization of operations.

5.1.1. To promote efficient use of flying resources, accomplish aircrew qualification evaluations concurrently, whenever practical.

5.1.2. Evaluations in multiple crew positions will be addressed in MAJCOM supplements. For specialized aircrew, see Chapter 8. For guidance on supplementary evaluations, see Chapter 9.

5.2. Categories. Aircrew qualification evaluations are divided into five categories (Qualification (QUAL), Instrument (INSTM), Mission (MSN), Instructor (INSTR), and SPOT) each consisting of two structured phases, ground and flight. (EXCEPTION: SPOT evaluations may consist of either a ground or flight phase.) Each phase requires the completion of requisite tasks (see paragraph 5.5). (EXCEPTION: a SPOT evaluation has no requisite tasks.)

5.2.1. QUAL Evaluations.

5.2.1.1. Purpose. Ensure basic qualification in an MDS and/or crew position.

5.2.1.2. Execution. All aircrew will complete a periodic QUAL evaluation in their primary assigned aircraft/crew position as specified in the applicable AFI 11-2MDS, Vol 2. QUAL evaluations may be combined with INSTM and/or MSN evaluations IAW AFI 11-2MDS, Vol 2. See Chapter 8 for specialized aircrew.

5.2.2. INSTM Evaluations.

5.2.2.1. Purpose. Obtain/maintain instrument qualification in order to operate under Instrument Flight Rules (IFR)

5.2.2.2. Execution. All USAF pilots (and other pilots flying operationally with the USAF, e.g., exchange pilots) will obtain/maintain instrument qualification by successfully completing a periodic INSTM evaluation.

5.2.2.2.1. EXCEPTION: Indoc trination flyers who fly under the provisions of AFI 11-401, Aviation Management; USAF Test Pilot School students; TG-series aircraft pilots; T-41/51/52 pilots.

5.2.2.2.2. Pilots assigned to excepted aircraft who may also be assigned to other aircraft that are not excepted will maintain instrument qualification, but will take their INSTM checkride in the non-excepted aircraft.

5.2.2.2.3. A pilot with a revoked or expired instrument qualification will not fly under IFR except under supervised status in a training program leading to requalification. (Does not apply to pilots in excepted situations listed above.)

5.2.2.2.4. (Added-PACAF) For INSTM/QUAL flight evaluations for non-experienced fighter pilots, mission tasks other than required by 11-2MDS, Volume 2 will be Basic Fighter Maneuvers or non-demanding events.
5.2.3. MSN Evaluations.

5.2.3.1. Purpose. To ensure qualification to employ the aircrew’s assigned weapon system/crew position in the accomplishment of the unit’s operational or Designated Operational Capability (DOC) statements mission(s).

5.2.3.2. Execution. All aircrew members maintaining Mission Ready (MR)/Combat Mission Ready (CMR) or Basic Mission Capable (BMC) status (IAW AFI 11-202, Vol 1, Aircrew Training) will complete a periodic MSN evaluation as specified in the applicable AFI 11-2MDS Vol 2.

5.2.3.2.1. EXCEPTION: The requirement for a MSN evaluation may be waived for those aircraft where performance of normal operational, test, and training sorties involves tasks covered during the accomplishment of an INSTM and/or QUAL evaluation as specified in AFI 11-2MDS Vol 2. Document waiver via memorandum for record (MFR) to be included in the FEF IAW paragraph 7.8.3.2.2. HQ USAF/A3O-A approval is not required for such waivers. Specify approval procedures in MAJCOM supplements to this instruction or in the applicable AFI 11-2MDS Vol 2.

5.2.3.2.2. The MSN evaluation should reflect the type and difficulty of tasks required in fulfillment of the aircraft’s operational or DOC statement missions.

5.2.3.2.3. (Added-PACAF) C-130 assault procedures will normally be evaluated during the examinee's MSN evaluation. For those pilots who are assault-only mission qualified, the assault procedures evaluation may be combined with the INSTM/QUAL evaluation (INSTM/QUAL/MSN). Include the following restriction on the AF Form 8: "The examinee is an Assault-Only MSN qualified pilot". ANG units may combine assault procedures evaluations with the INSTM/QUAL evaluations and IAW local guidance.

5.2.4. INSTR Evaluations.

5.2.4.1. Purpose. To qualify aircrew as instructors in their weapon system/crew position by focusing primarily on the examinee's instructional ability.

5.2.4.2. Execution. Aircrew members obtaining/regaining instructor qualification in a weapon system/crew position must complete evaluations of instructional capability in that weapon system/crew position. Guidance for specialized, universal, and/or multiple qualified aircrew will be specified in MAJCOM Supplements and/or AFI 11-2MDS Vol 2. EXCEPTION: For units undergoing aircraft conversion, when a complement of current and qualified Air Force instructors does not exist to accomplish initial unit instructor qualification, with MAJCOM/A3 approval and Lead MAJCOM/A3 coordination the OG/CC may establish an Initial cadre (minimum required for initial conversion) of flight instructors who do not require an INIT INSTR evaluation. Initial cadre must be current and qualified instructors in a US Air Force aircraft who will remain in the same crew position on the new aircraft. OG/CCs will notify MAJCOMs and provide initial cadre list for each crew position with current qualification and total flight and instructor hours. OG/CCs will use discretion when establishing initial cadre instructors and consider availability of suitable instructor courses. See also paragraph 5.13.
5.2.4.2.1. Accomplish INIT INSTR evaluations on actual instructional missions whenever possible. When students are not available or mission/crew composition requirements prevent inclusion of students, another crewmember or the evaluator will serve as the student.

5.2.4.2.2. Evaluations of instructor qualification will be conducted during all subsequent periodic evaluations.

5.2.4.2.3. Instructors who expire on their INSTM, QUAL, and/or MSN checkrides evaluations are not qualified to instruct in those areas (e.g. if an IP expires on his/her MSN zone, he/she may still instruct in INSTM/QUAL-related areas as specified in AFI 11-2MDS Vol 2).

5.2.4.2.4. (Added-PACAF) Perform initial and requalification INSTR evaluations with the examinee occupying the seat/crew/flight position normally occupied when acting as an instructor. The emphasis on an initial instructor evaluation should be placed on examinee demonstration of instructional ability. This does not preclude the update of a required periodic evaluation, unless restricted by AFI 11-2MDS, Volume 2, if all required flight phase requirements are completed during the instructor flight evaluation and the examinee subsequently completes all ground phase requirements for the evaluation within the periods described in paragraph 5.5.3. Label the evaluation appropriately (EXAMPLE: "INIT INSTR/MSN"). Do not add on missions (sorties) to complete the requirements for a periodic evaluation unless the squadron commander concurs.

5.2.5. **SPOT Evaluations –Flight or Ground (Optional).**

5.2.5.1. **Purpose.** Evaluate a specific event or requirement without intending to satisfy the requirements of a periodic evaluation and/or an initial INSTR evaluation.

5.2.5.2. **Execution.** A SPOT has no specific requisites, unless specified in MAJCOM supplements, but may be No Notice IAW paragraph 5.2.6.3.

5.2.5.2.1. An examinee may utilize a SPOT evaluation to update a QUAL/INSTM/MSN evaluation expiration date provided all requirements for the evaluation are completed within the periods described in paragraph 5.8 (document on the Form 8/8a IAW paragraph 7.3.7.3.5).

5.2.5.2.1.1. OG/CCs may authorize additional flights in order to help the aircrew accomplish periodic requirements (document on the Form 8/8a IAW paragraph 7.3.7.3.5).

5.2.5.2.1.2. When the flight examiner administering a SPOT evaluation is not qualified in the MDS (e.g. a Senior flight examiner), the evaluation will not be credited towards a periodic evaluation.

5.2.5.2.2. (Added-PACAF) When administering a SPOT evaluation to any Instructor, the flight examiner will evaluate instructional abilities and document the results in the Mission Description of the Form 8/8a.

5.2.5.3. Any qualifying event and/or evaluations not listed in paragraphs 5.2.1 through 5.2.4 will be documented as a SPOT evaluation.
5.2.5.4. (Added-PACAF) Stan/Eval flight examiner (SEFE) Objectivity evaluations are SPOT evaluations used by HHQ flight examiners, commanders, and OGV flight examiners to evaluate flight examiner performance. Do not conduct unless qualified in the same MDS as the flight examiner being evaluated. Do not use SEFE Objectivity evaluations to fulfill the requirements of periodic evaluations. Use the grading criteria for the areas listed in Table 5.1 (Added) Only Q-1 or Q-3 qualification levels will be used. Award a Q-3 if a grade of Q- with additional training or a U in any area is awarded. Consider cumulative deviations when determining the qualification level. The OG/CC will determine the future status of any flight examiner receiving a Q-3. Document evaluation on the AF Form 8 (an example Form 8 is provided in Figure A3.11 (Added)).

5.2.5.4.1. (Added-18WG) FE Objectivity Evaluations. The 18 OG/OGV goal is to conduct a minimum of one FE objectivity evaluation, not to include the initial evaluation for FE upgrade, per semiannual period per MDS. Any OGV SEFE in like MDS may administer a spot objectivity regardless of crew specialty.

5.2.5.5. (Added-PACAF) If an examinee assigns an incorrect area grade or assigns an incorrect qualification level, the flight examiner administering the flight examiner objectivity evaluation will assign the appropriate area grade or qualification level and complete the documentation for the evaluation being administered by the examinee.

5.2.6. **Prefixes.** The following prefixes will be used, when applicable, to further describe the evaluations listed in paragraphs 5.2.1 through 5.2.5:

5.2.6.1. **Initial (INIT).** The first evaluation of any type, to include instructor qualification, in a specific weapon system/crew position (e.g., INIT QUAL/INSTM, INIT MSN, INIT INSTR).

5.2.6.2. **Requalification (RQ).** An evaluation administered to remedy a loss of qualification due to:

   5.2.6.2.1. Expiration of a required periodic evaluation. The recheck will be IAW the guidance for that periodic evaluation.

   5.2.6.2.2. Loss of currency that requires a requal evaluation (IAW AFI11-2MDS Vol 1). In this case RQ SPOT will be used for documentation (see paragraph 7.3.5.2.2). The recheck profile will be as directed by the SQ/CC and will include, as a minimum, those items for which the individual is non-current.

   5.2.6.2.3. A flight recheck following a failed periodic evaluation. The recheck will be IAW the provisions of paragraph 5.6.1.
5.2.6.2.4. Loss of qualification due to a commander-directed downgrade (see paragraph 5.9). The recheck profile will be as directed by the commander on the AF Form 8/8a (see paragraph 7.4).

5.2.6.2.5. The RQ prefix will not be used under the following circumstances:

5.2.6.2.5.1. If the expiration of a required periodic evaluation is due to failure to complete one or more of the ground phase requisites (see paragraph 5.5.1), but the flight evaluation has successfully been completed within the eligibility period and the OG/CC determines that qualification will be re-established by completion of the ground requisites without re-accomplishment of the flight evaluation.

5.2.6.2.5.2. To prefix a recheck following a failed INIT evaluation. No qualification was achieved, thus requalification is not possible.

5.2.6.2.6. (Added-PACAF) For RQ evaluations, the Form 8/8a Mission Description will contain a description of the circumstances leading to the need for requalification.

5.2.6.3. No-Notice (N/N).

5.2.6.3.1. The no-notice evaluation program provides commanders a sampling of daily aircrew performance and an assessment of unit training effectiveness.

5.2.6.3.2. A no-notice evaluation is one where the examinee is notified of the evaluation at or after the beginning of normal preparation for the mission. “Normal preparation” will be as defined in the MAJCOM and/or unit supplement.

5.2.6.3.3. (Added-PACAF) Publish unit no-notice program objectives and goals in the unit supplement to this instruction. It is recommended that unit supplements include criteria for no-notice candidates. This may include criteria such as recently-upgraded aircrew, observed substandard performance, and normal no-notice distribution. “Normal preparation” is defined as mission show time unless otherwise defined (either earlier or later) in the unit supplement.

5.2.6.3.3.1. (Added-18WG) No-Notice Evaluation Program. The 18 OG annual goal is to ensure units administer 15 percent of evaluations as no-notice, proportionally distributed among aircrew positions and mission profiles. Simulator/cargo events are eligible, but not required to meet the 15 percent goal. All no-notice evaluations will be coordinated with the SQ CCV/AEV Chief. CCV/AEV will monitor the rate, candidates, and distribution among crew positions. No-notice evaluations may be administered to aircrew outside of their eligibility period. Do not conduct no-notice evaluations on initial or requalification evaluations. Report N/N rate in monthly reports and at each semiannual SEB.

5.2.6.3.3.2. (Added-18WG) No-notice “normal preparation” is show time, or as determined by the SQ/CC based on the mission and qualification levels.

5.2.6.4. Simulator (SIM). An evaluation where the flight phase requisite is conducted in a simulator and/or suitable ATD as defined in AFI 11-2MDS Vol 2.

5.2.6.5. Multiple Prefixes. More than one prefix may be used to describe an evaluation (e.g., N/N SIM SPOT). The applicability of any prefixes to portions of any combined
evaluations and the purpose for any prefixes (if not obvious by the context of the evaluation) will be explained on the AF Form 8/8a IAW paragraph 7.3.7.3.5.

5.3. Grading System.

5.3.1. A two step grading system is used to evaluate and document aircrew performance.

5.3.1.1. In the first step, individual grades are assigned to each evaluation requisite to include the grading of areas/subareas of aircrew performance against established evaluation criteria (see paragraph 5.4). Performance less than fully qualified must be documented.

5.3.1.2. In the second step, an overall qualification level is assigned based on a compilation of all individual requisite grades (see paragraph 5.3.3.4).

5.3.2. Performance Areas/Subareas.

5.3.2.1. Areas/subareas will have a two-tier (Q/U) or three-tier (Q/Q/-U) grading system. Discrepancies will be documented against the established areas/subareas.

5.3.2.1.1. Q indicates the examinee demonstrated both a satisfactory knowledge of all required information and performed aircrew duties within the prescribed tolerances.

5.3.2.1.2. Q indicates the examinee is qualified to perform the assigned area/subarea tasks, but requires debriefing or additional training as determined by the flight examiner. Deviations must not exceed the prescribed Q tolerances, jeopardize flight safety, or be a breach of flight discipline.

5.3.2.1.3. U indicates that performance was outside allowable parameters thereby compromising flight safety, that deviations from prescribed procedures/tolerances adversely affected mission accomplishment, and/or evaluated performance constituted a breach of flight discipline. An examinee receiving an area/subarea grade of U requires debriefing and/or additional training, as determined by the flight examiner.

5.3.2.2. Remedial Action. All grades of Q- or U require remedial action that includes either debriefing discrepancies and/or assignment of additional training.

5.3.2.2.1. Debriefed Discrepancy. Remedial action accomplished during debrief of the evaluation wherein the flight examiner provides instruction concerning the discrepancy and determines that the examinee has gained the necessary knowledge or proficiency.

5.3.2.2.2. Additional Training. Any training recommended by the flight examiner to remedy deficiencies identified during an evaluation.

5.3.2.2.2.1. May include self-study, ground instruction, use of a simulator/ATD or flying.

5.3.2.2.2.2. Will be complete by the last day of the third month following the date of the discrepancy (e.g., for an evaluation on 21 Jan 12, additional training must be accomplished by 30 Apr 12).

5.3.2.2.2.3. If an aircrew member exceeds the allotted time for completion of
additional training, the SQ/CC will review the situation and direct appropriate action. Document the circumstances with an MFR to be included in the AF Form 8/8a (see paragraph 7.8.3.2.2).

5.3.2.2.2.4. Document additional training on the AF Form 8/8a IAW paragraphs 7.3.5.6 and 7.3.7.3.4.

5.3.2.2.2.4. (PACAF). If the examinee completes additional training that differs from that recommended by the flight examiner (recommended additional training changed by reviewing or approving officer), document the additional training and justify the change in the Additional Reviews section of the AF Form 8.

5.3.2.2.2.5. (Added-18WG) FEs will document additional training requirements using Attachment 11.

5.3.2.3. The flight examiner must grade the areas/subareas listed as “required” in the general and specific evaluation sections of the applicable AF11-2MDS Vol 2.

5.3.2.4. In addition to required areas/subareas, the flight examiner will grade any area/subarea observed during an evaluation if performance in that area/subarea impacts the specific evaluation accomplished or overall flight safety.

5.3.2.5. Grading criteria tolerances assume smooth air and stable aircraft conditions.

5.3.2.6. Minor momentary deviations are acceptable, provided the examinee applies prompt corrective action and such deviations do not jeopardize flight safety. Consider cumulative deviations when determining the overall area/subarea grade.

5.3.2.7. The flight examiner may further identify any area/sub-area as “Commendable” if, in the examiner’s determination, the aircrew member has demonstrated exceptional skill and knowledge. Document IAW paragraph 7.3.7.3.5.2.

5.3.3. Qualification Levels. Qualification levels are assigned both to individual evaluations (i.e. flight evals and EPEs) as well as overall performance. Individual evaluations are graded as a compilation of all area/sub-area grades. Overall performance is graded as a compilation of all requisite tasks associated with the required evaluation. Both individual and overall grades are based on the following.

5.3.3.1. Q1. The aircrew member demonstrated desired performance and knowledge of procedures, equipment and directives within tolerances specified in the grading criteria. This will be awarded when no discrepancies were noted, but may be awarded when discrepancies are noted if:

5.3.3.1.1. No U grades were awarded for any discrepancy area/sub-area.

5.3.3.1.2. In the judgment of the flight examiner, none of the discrepancies preclude awarding of an overall Q1.

5.3.3.1.3. All areas/sub-areas graded as Q- during the evaluation were cleared during the debrief of that evaluation.

5.3.3.2. Q2. The aircrew member demonstrated the ability to perform duties safely, but:

5.3.3.2.1. There were one or more area(s)/subarea(s) where additional training was assigned.
5.3.3.2.2. A non-critical area/subarea grade of U was awarded.

5.3.3.2.3. In the judgment of the flight examiner, a Q2 may be given if there is justification based on Q- performance in one or several areas/subareas.

5.3.3.3. Q3. The aircrew member demonstrated an unacceptable level of safety, performance or knowledge.

5.3.3.3.1. Any critical area graded U requires an overall Q3 (applicable to both flight evaluations and EPEs).

5.3.3.3.2. In the judgment of the flight examiner, a Q3 may be given if there is justification based on Q-/U performance in one or several non-critical areas/subareas.

5.3.3.4. Assigning the overall qualification level.

5.3.3.4.1. The flight-phase flight examiner is the examiner responsible for assigning the overall qualification level.

5.3.3.4.2. An overall grade of Q1 or Q2 will be given only after all evaluation requirements (to include requisite examinations) have been completed and given due consideration.

5.3.3.4.3. An overall grade of Q3 may be awarded at any time.

5.3.3.4.4. While AFI 11-2MDS Vol 2 may dictate the highest grade for a flight or EPE based on area and subarea performance, flight examiner judgment will always be the determining factor in deciding the overall grade.

5.3.3.4.5. (Added-18WG) SQ/CCs will notify OGV and OG/CC of all Q-2 and Q-3 evaluations as soon as possible following the evaluation. Information on discrepancy area(s) and corrective action plan shall be provided at the 18 OG weekly SQ/CC meeting. The SQ/CC or DO should make every effort to attend all Q-2 and Q-3 debriefs along with an OGV evaluator. If unable to attend, the SQ/CC will ensure a designated representative is present at the debrief.

5.3.3.5. Exceptionally Qualified (EQ) Designation. An EQ may be given, but will only be applied to the overall grade - not to separate requisites. Document on the AF Form 8/8a IAW paragraphs 7.3.5.7 and 7.3.7.2. An EQ may be given when:

5.3.3.5.1. The aircrew member has demonstrated exceptional skill and knowledge in all phases of the evaluation;

5.3.3.5.2. The aircrew member has not failed any requisite and;

5.3.3.5.3. The aircrew member received a Q on all areas/subareas evaluated.

5.4. Evaluation Criteria.

5.4.1. Lead MAJCOMs, in coordination with the applicable user MAJCOMs, will establish and maintain standardized INSTM, MSN, QUAL, and INSTR evaluation criteria in the appropriate AFI 11-2MDS Vol 2. Lead MAJCOMs will coordinate with the program managers of any command-mandated software on any updates of eval criteria to aid in the expeditious revision of eval criteria files. Lead MAJCOMs are also responsible for coordinating the establishment of the following:
5.4.1.1. Areas/subareas including the identification of critical areas and those areas required for evaluation completion. These areas/subareas will be arranged into general and specific evaluation areas.

5.4.1.1.1. Critical areas are those areas that, upon failure, would most adversely affect the qualification of an aircrew member. Critical areas will include, but are not limited to, Airmanship, Safety, and Flight Discipline.

5.4.1.2. An area containing criteria for Publications Checks. This is required for QUAL evaluations and may be accomplished on other evaluations.

5.4.1.2.1. Each aircrew member is responsible for maintaining required flight publications as outlined in applicable AFI11-2MDS volumes.

5.4.1.2.2. Q performance requires individual flight publications be current and properly posted. In units that do not issue individual aircrew publications, aircrew members are still responsible for the accuracy and currency of all publications required for the mission.

5.4.1.3. An area containing criteria for Cockpit/Crew Resource Management (CRM) IAW AFI 11-290, Cockpit/Crew Resource Management Training Program, and MAJCOM supplements (as applicable).

5.4.1.4. Criteria to ensure operations comply with National Airspace System (NAS) rules and procedures or applicable Host Nation requirements for evaluations administered outside of the NAS.

5.5. Requisites. These include both ground and flight phase items. The ground phase, when required, includes a series of examinations (see Chapter 6) as well as evaluation of aircrew performance in a controlled emergency procedures environment (i.e. EPEs, see paragraph 5.5.1.2). The flight phase includes an in-flight and/or simulator evaluation of aircrew performance.

5.5.1. Ground Phase Requisites.

5.5.1.1. Ground phase requisites for each evaluation include the following.

5.5.1.1.1. QUAL: Open book examination, closed book examination, Boldface/Critical Action Procedures (CAPs) examination / EPE (if applicable).

5.5.1.1.2. INSTM: Instrument examination

5.5.1.1.3. MSN: As specified in AFI 11-2MDS Vol 2.

5.5.1.1.3.1. (Added-PACAF) If applicable for a unit’s MDS flight evaluations, unit tactics personnel will produce and administer the tactics exam using questions from the AMC Tactics SQB (minimum of 25 questions). Tactics exams are not crewmember specific and only two test versions are required IAW para. 6.6.1.1. Tactics exam scores will be passed to Stan/Eval for inclusion on the Form 8. Document the tactics examination under the Ground Phase examination block as “TACTICS.” If there is not sufficient room in the ground phase block, annotate “TACTICS” with date and score in the comments section. OG/CCs are encouraged to use resources at their disposal to provide suitable classified testing and study areas. Access to electronic publications is preferred where practical.
5.5.1.2. Emergency Procedures Evaluations (EPEs).

5.5.1.2.1. Purpose. Evaluate an aircrew member’s knowledge of MDS-Specific EPs and systems for all QUAL evaluations; evaluate mission-specific EPs and tactical systems knowledge during MSN evaluations.

5.5.1.2.2. Execution. AFI 11-2MDS Vol 2 will specify contents of EPEs, areas to be evaluated, grading criteria, and whether EPEs may be done in-flight, in a simulator/ATD, or verbally.

5.5.1.2.2.1. Only one EPE needs to be accomplished for each combined evaluation (i.e., one EPE for a QUAL/MSN or INSTM/QUAL/MSN evaluation).

5.5.1.2.2.2. A single EPE may be used for separate evaluations (e.g. a MSN and INSTM/QUAL eval) as long as the combined EPE is of a scope and duration to cover required areas and is conducted within the requisite zone for each evaluation (see paragraph 5.8).

5.5.1.2.2.3. (Added-PACAF) C-130 pilots who are “assault only” Mission-qualified require only one EPE. Assault landing, takeoff procedures and maximum-effort takeoff and landing data will be evaluated during this EPE.

5.5.1.2.2.4. (Added-18WG) EPE/Air Crew Training Device (ATD) Evaluations. Simulator evaluations will be accomplished in accordance with the applicable AFI 11-2MDS Vol 2.

5.5.1.2.3. Grading. Q1 performance for EPEs requires taking the proper action in the correct sequence, not a verbatim response. Each aircrew member is responsible for the Boldface/CAPs applicable to their crew position.

5.5.1.2.4. Additional Training. For an EPE requiring additional training, the flight examiner will indicate if the additional training must be accomplished before the next unsupervised flight (see also paragraph 5.3.2.2.2). Document IAW paragraphs 7.3.5.6 and 7.3.7.3.4.

5.5.1.2.5. Boldface/CAPs Failure. An incorrect response to a Boldface/CAP situation during an EPE requires an EPE grade of 3 (unqualified). Under these circumstances, the examinee will not fly again until a successful reevaluation is accomplished (either written, verbally, or in a simulator/ATD as determined by the flight examiner).

5.5.1.2.6. Unqualified EPE. An examinee receiving an EPE grade of 3 (unqualified) will be placed on supervised status IAW paragraph 5.7.

5.5.2. Flight Phase Requisites. The flight phase for aircrew evaluations include execution in the weapon system and/or a suitable simulator/ATD (unless restricted by AFI 11-2MDS Vol 2).

5.5.2.1. The profile used to fulfill the flight phase requisite must incorporate all appropriate requirements set in the applicable AFI 11-2MDS Vol 2, and allow accurate measure of the proficiency of the examinee.

5.5.2.2. Evaluation profiles will be realistic, reflect unit tasking, be consistent with daily training missions, and incorporate current tactics applicable to the unit mission.
5.5.3. Requisite Completion.

5.5.3.1. In-the-Eligibility Period. For scheduled or no-notice periodic evaluations in the eligibility period, all requisites must be completed within the eligibility period of the current evaluation (see paragraph 5.8). The OG/CC may waive this requirement on a case-by-case basis (document on the Form 8/8a IAW paragraph 7.8.3.2.2).

5.5.3.1.1. (Added-18WG) Complete requisites by the end of the fourth month of eligibility and flight evaluations by the end of the fifth month. Evaluation events that exceed these goals will be reported to 18 OG/OGV during monthly reporting. If an individual will not complete an evaluation by the end of their eligibility period for any reason, CCV/AEV will notify the 18 OG/OGV Chief, and OGV will notify the OG Commander.

5.5.3.2. Out-of-the-Eligibility Period. For periodic evaluations accomplished outside the eligibility period, all requisites must be completed within a six-month period beginning with the month in which the first ground requisite or flight evaluation was administered, whichever occurs first. EXCEPTION: For extended evaluations (IAW paragraph 5.8.3.2), requisites may be completed between the beginning of the six-month eligibility period prior to the original expiration date and the extended expiration date.

5.5.3.3. One set of requisites may be used to satisfy the requirements of combined evaluations as defined in AFI 11-2MDS Vol 2.

5.5.3.4. Requisites from a completed evaluation may be used for subsequent evaluations provided they cover all required areas and are within the requisite zone for each evaluation.

5.5.3.5. For aircrew possessing instrument qualifications in multiple aircraft, one instrument exam may count for separate evaluations provided the instrument exam occurs within the zone for each evaluation IAW the paragraphs above.

5.6. Failure to Pass a Flight Evaluation.

5.6.1. Recheck. If an aircrew member fails a flight evaluation, a successful flight or ground recheck must be completed by the end of the third month after the date of the first failure, (e.g. for an evaluation on 20 Jun 12, complete the recheck by 30 Sep 12).

5.6.1.1. OG/CCs may approve waivers to the three-month time limit on a case-by-case basis.

5.6.1.1.1. Document the waiver(s) with an MFR to be included in the AF Form 8/8a IAW paragraph 7.8.3.2.2.

5.6.1.2. Commanders will determine the number of flights to be allowed during this period, based on the individual’s experience level, present qualifications and hours of training required.

5.6.1.3. The flight examiner that administered the original check will not normally administer the recheck.

5.6.1.4. A recheck is successfully completed when the aircrew member performs to Q or Q-/debriefed criteria for each area graded U.
5.6.1.5. Ground rechecks may be directed when the flight examiner deems a flight recheck unnecessary, but are accomplished subsequent to the debriefing of a Q3 evaluation (document IAW paragraph 7.3.9.2).

5.6.1.6. Requisites that were valid for a failed evaluation per paragraph 5.5.3.1 or 5.5.3.2 remain valid, IAW the paragraphs above.

5.6.2. Status Downgrade. Aircrew members receiving a Q3 INSTM, QUAL and/or MSN evaluation are non-mission ready (NMR)/non-combat mission ready (N-CMR)/non-basic mission capable (N-BMC)/non-basic aircraft qualified (N-BAQ) IAW AFI 11-2MDS Vol 1. For instructor evaluations, aircrew status (i.e., MR/CMR or BMC) need not be downgraded if the discrepancies were only in instructor areas/subareas.

5.6.3. Restrictions. When called for by this instruction or deemed necessary in the judgment of the flight examiner, flight restrictions will be imposed on the examinee until successful completion of assigned additional training and/or a recheck.

5.6.3.1. Restrictions should address the specific phase of flight and/or operation that requires supervision and the criteria for removal of the restrictions.

5.6.3.1.1. QUAL Evaluation: Place the examinee on supervised status (see paragraph 5.7) in the aircraft in which the evaluation was administered, unless, in the opinion of the evaluator, the discrepancy is applicable to additional aircraft. For specialized, universal, and/or multiple qualified aircrew maintaining qualification for similar duty in multiple aircraft, AFI 11-2MDS Vol 2 may direct supervised status in all aircraft in which the individual maintains qualification.

5.6.3.1.2. INSTM Evaluation: Restrictions apply to all aircraft in which the examinee is required to maintain instrument qualification.

5.6.3.1.3. MSN Evaluation: The examinee may perform basic qualification/instrument tasks unless specifically restricted. Place the examinee on supervised status for mission tasks.

5.6.3.1.4. INSTR Evaluation (or any evaluation where instructor qualifications are being evaluated): Instructors receiving an unsatisfactory grade in any instructor area(s) will not perform instructor duties until a successful recheck is completed.

5.6.3.2. Restrict aircrew receiving a Q3 on any evaluation until a successful recheck is completed (see paragraph 5.6.1).

5.6.3.3. If defined in AFI11-2MDS Vol 1 and/or Vol 2, formal schoolhouses will include restrictions on the AF Form 8/8a for any core item not accomplished due to training limitations, regardless if the method of qualification is by evaluation or instructor certification. Under no circumstance will aircrew perform core items in which they are not qualified unless under the direct supervision of an instructor. In this case, MDS-specific guidance will set the time requirement for completion of additional training.

5.6.3.4. Document restrictions on the AF Form 8/8a IAW paragraphs 7.3.5.7 and 7.3.7.1.
5.7. Supervised Status.

5.7.1. If unsatisfactory performance or restrictions require an examinee be placed on supervised status, the type of supervisor (i.e., instructor or designated supervisor) will be determined by the SQ/CC and/or as specified in AFI11-2MDS Vol 1.

5.7.2. Supervision will only be accomplished by instructors or designated supervisors.

5.8. Timing of Aircrew Qualification Evaluations.

5.8.1. Expiration Date. Required periodic evaluations expire on the last day of the 17th month following the month in which the flight phase was successfully flown (e.g. a periodic evaluation in which the flight phase was completed on 9 Oct 10 expires on 31 Mar 12.).

5.8.2. Eligibility Period. Periodic evaluations will be scheduled in the eligibility period, defined as the six-month period prior to the expiration date.

5.8.3. Out-of-the-Eligibility Period. On a case-by-case basis, periodic evaluations may be scheduled before or after the eligibility period according to the following criteria:

5.8.3.1. Evaluations Conducted Prior to the Eligibility Period. SQ/CCs may authorize individuals to complete periodic evaluations prior to the eligibility period (document IAW paragraph 7.8.3.2.2).

5.8.3.2. Extended Evaluations.

5.8.3.2.1. HHQ-Extended Evaluations. HQ USAF/A3O-A may authorize blanket or group extensions on an as-required basis. Requests for extensions at MAJCOM or subordinate levels will be submitted IAW paragraph 1.3.2.

5.8.3.2.2. MAJCOM-Extended Evaluations. MAJCOM/A3s may extend evaluation expiration dates for individual aircrew members on a case-by-case basis IAW paragraph 1.3.1. Provide guidance for MAJCOM extensions in MAJCOM supplements to this instruction.

5.8.3.2.3. SQ/CC-Extended Evaluations. SQ/CCs may extend the expiration date of periodic evaluations up to three months for the reasons listed below (document IAW paragraph 7.8.3.2.2). Extensions will be on a case-by-case basis and this paragraph is not authority to grant blanket extensions. For individual extensions longer than three months, see paragraph 5.8.3.2.2. For group or blanket extensions, see paragraph 5.8.3.2.1. Requisites not completed during the original eligibility period must be completed prior to the extended expiration date.

5.8.3.2.3.1. PCS/PCA to a non-flying assignment.

5.8.3.2.3.2. Departing PCS or TDY for retraining in another aircraft type.

5.8.3.2.3.3. Undergoing unit aircraft conversion, as directed by MAJCOM.

5.8.3.2.3.4. Removal from active flying status (e.g. separation or retirement).

5.8.3.2.3.5. Participation in real world operations (to include operations other than war, alert, etc.) who are not able to complete the required flight evaluation(s) before or during deployment.

5.8.3.3. Non-Standard Approval Authority
5.8.3.3.1. For SQ/CCs and above (e.g. OG/CCs, WG/CCs, etc.), the approval authority is the next commander in the examinee’s flying chain of command.

5.8.3.3.2. In all other cases, if the flying chain of command differs from administrative chain of command (e.g. HHQ attached flyers), approvals will be by the attached unit/CC with the concurrence of the examinee’s immediate administrative supervisor.

5.8.3.3.3. For individuals not assigned to a MAJCOM, AF/A3O-A is the approval authority.

5.8.4. **Failure to Complete an Evaluation within the Required Period.** If an aircrew member fails to complete an evaluation (either ground phase or flight phase) within the eligibility period for an in-the-eligibility period evaluation (see paragraph 5.8.2) or within the period for an out-of-the-eligibility period evaluation (see paragraph 5.8.3), the aircrew member loses the qualification covered by the evaluation and the restrictions of paragraph 5.6.3 apply.

- 5.8.4.1. Qualification may be re-established by accomplishing a complete requalification evaluation (to include requisites) or by completion of the delinquent evaluation.

- 5.8.4.2. OG/CCs may waive the re-accomplishment of completed requisites on a case-by-case basis (document IAW paragraph 7.8.3.2.2).

5.9. **Commander-Directed Downgrade.** Any commander (squadron or above) may direct a downgrade (Q-/U) in a specific area/sub-area without unqualifying an individual. Additionally, a commander may direct a downgrade that either removes a qualification (e.g. IP to MP) or completely unqualifies an individual (e.g. MP to UP). Downgrades may be directed without administering an evaluation using the following guidance:

- 5.9.1. For flying-related cases, use for cause only (e.g., breach of flying discipline, flight safety, etc.). Incidents do not have to be directly observed by an examiner, but may be recommended by an examiner from any MDS/aircrew specialty.

- 5.9.2. For non-flying-related cases, do not use as a substitution for, or in lieu of, administrative or judicial actions (e.g. Letter of Counseling, Article 15, etc.). (Consult with the supporting SJA office for legal advice in these cases.) Use in cases where such incidences directly affect the commander’s confidence in the aircrew member’s ability to safely operate the aircraft and/or equipment (e.g. lapse in judgment significant enough to cast doubt on the aircrew’s decision-making abilities in the aircraft).

- 5.9.3. For downgrades that either remove qualifications or completely unqualify an individual, the affected aircrew will cease acting in the qualification(s) from which they have been downgraded effective with the date the commander initiated the downgrade.

- 5.9.4. Commander Directed Downgrades will be documented IAW paragraph 7.4.

5.10. **Multiple Qualification.** Multiple qualification guidance applies to aircrew members who maintain qualification in two or more MDS aircraft. For Universal Qualification see paragraph 5.11.
5.10.1. When differences between aircraft in the same MDS are great enough, the lead MAJCOM, in coordination with using MAJCOMs, will identify requirements for separate qualification requirements.

5.10.2. When separate qualifications are not required, document certification in different MDS series using AF Form 4348, USAF Aircrew Certifications. In lieu of the AF Form 4348, MAJCOMs may approve use of a unit certification document signed by an authorized official.

5.10.2.1. (Added-PACAF) Units may use a “Letter of Xs” as a unit certification document.

5.10.3. Documentation. Document MAJCOM authority for multiple qualification, including a list of aircraft in which qualification will be maintained IAW paragraph 7.8.3.2.2. See AFI 11-202, Vol 1.

5.10.4. Instrument Evaluation. Pilots need only complete an INSTM evaluation, to include requisites, in one of the aircraft in which they maintain qualification as specified by the authorizing MAJCOM unless additional INSTM evaluation requirements are directed by the MAJCOM in its supplement to this instruction.

5.10.5. QUAL and MSN Evaluations. All aircrew require a QUAL evaluation, and, if applicable, a MSN evaluation, to include requisites, in each MDS aircraft they maintain qualification according to applicable AFI MDS Vol 2, or AFI 16-1202 Vol 2.

5.10.6. Failure to Pass a Flight Evaluation. A Q3 on an INSTM evaluation results in a downgrade in all aircraft flown in which instrument qualification is required. A downgrade resulting from a Q3 in a QUAL or MSN evaluation applies only to the aircraft for which the evaluation was administered, unless, in the opinion of the evaluator, the discrepancy is applicable to additional aircraft.

5.10.7. (Added-PACAF) Pilots qualified in multiple MDSs must accomplish a recurring evaluation in each aircraft. For communication system operators (CSO), flight attendants (FA), and Aeromedical Evacuation Crew Members qualified on multiple MDS, one evaluation in the eligibility period will satisfy recurring qualification requirements in all aircraft assigned. Closed and open book examinations will contain representative questions from respective flight manuals, and EPEs will include discussions on aircraft differences in systems, performance, and limits. For all crew positions, a separate Initial Qualification evaluation must be accomplished on each aircraft assigned.

5.10.7.1. (Added-PACAF) PACAF/A3 authorizes PACAF CSOs and FAs multiple MDS qualification on C-37A and C-40B aircraft. HQ PACAF/A3T is the approval authority for other exceptions to this paragraph.

5.11. Universal Qualification. Universal qualification guidance applies to specialized aircrew who maintain qualification in two or more MDS where qualification is attained/maintained via a minimum of a ground phase examination. A flight phase evaluation, when required, may be accomplished on any of the aircraft in which the aircrew member is either gaining or maintaining qualification.
5.11.1. **Applicability.** Specialized aircrew may gain/maintain aircraft qualifications IAW Universal Qualification guidance. MAJCOMs will identify Universal Qualified crewmember eligibility in the MAJCOM supplement to this AFI.

5.11.1.1. *(Added-PACAF)* The following specialized aircrews are authorized to maintain qualification in two or more MDSs IAW Universal Qualification guidance: Flight Surgeons, Combat Rescue Officer, Pararescuemen, Aerial Still Photographers, and Aerial Broadcasters.

5.11.2. **Documentation.** See Chapter 7 or Chapter 8, as applicable.

5.11.3. **Qualification and Mission Evaluations.** All aircrew qualifications maintained under Universal Qualification guidance are considered a QUAL evaluation. A MSN evaluation may be directed by applicable AFI 11-2MDS Vol 2 and/or MAJCOM supplement to this Instruction. MSN evaluations, when required, will include a flight phase evaluation in one MDS that the Specialized Aircrew member maintains qualification.

5.11.4. **Failure to Pass a Requisite/Flight Evaluation.** Failure of universally qualified aircrew members to pass a ground requisite or flight phase evaluation results in loss of applicable aircraft qualification, IAW MAJCOM supplement and AFI MDS Vol 2.

5.12. **Aircrew Flying in Non-USAF Aircraft and with Non-USAF Units.** Aircrew members authorized to perform duties in non-USAF aircraft IAW AFI 11-401, or on duty with or attached to non-USAF units for flying, abide by host service or host country guidance, except for the requirement to maintain a current physical and review their flight records according to AFI 11-202, Vol 1 and AFI 11-401.

5.12.1. Aircrew flying with non-USAF units (i.e. Exchange) do not need to abide by USAF guidance, including this AFI and AFI 11-2MDS Vol 2. Therefore, when they return to USAF units, they must complete applicable requisites and be evaluated for any periodic USAF evaluations that expired during their tour. The restrictions in paragraph 5.6.3 of this instruction apply to such individuals until successful evaluations are completed.

5.12.2. MAJCOM/A3s may approve exceptions to requirements for returning Exchange aircrew members to complete applicable requisites and expired USAF evaluations, if they determine non-USAF evaluations are equivalent to applicable AFI 11-2MDS Vol 2 evaluations (document IAW paragraph 7.8.3.2.2).

5.12.3. USAF units that use non-USAF aircraft to execute a USAF flying program will comply with current USAF guidance, unless when excepted by proper authority. See AFI 11-401 for definitions of USAF and US Government aircraft.

5.13. **Initial Cadre.**

5.13.1. Aircrew members who are appointed by their MAJCOMs as initial cadre either for a new mission set requiring a MSN qualification or for a new MDS where no flight examiner currently exists will comply with the intent of this instruction.

5.13.2. See paragraph 7.5 for guidance on Form 8/8a documentation.

5.13.3. MAJCOMs will indicate through MFR which aircrew are appointed as initial cadre and include in the FEF IAW paragraph 7.8.3.2.2.
5.13.4. Tailor recurring evaluations to program requirements and aircraft capabilities. Simulators may be used to satisfy recurring evaluation requirements.

5.13.5. Pilots in these programs will maintain an instrument qualification (see paragraph 5.2.2). Maintenance of the instrument qualification, if not practical due to the developing capabilities of the new mission set and/or MDS, will be accomplished in aircraft possessing similar flying qualities/instrumentation as stipulated in the MAJCOM supplement/AFI 11-MDS Vol 2/MOU.

5.14. **(Added-PACAF) Pyramid Evaluation Structure.** Units will adhere to the pyramid evaluation structure to the maximum extent possible. This in no way shall interfere with leadership’s discretion to conduct evaluations on aircrews assigned/attached to their squadron:

<table>
<thead>
<tr>
<th>Examinee</th>
<th>Examiner</th>
</tr>
</thead>
<tbody>
<tr>
<td>Squadron assigned/attached personnel (other than listed below)</td>
<td>Any FE</td>
</tr>
<tr>
<td>Squadron assigned/attached FEs (other than listed below)</td>
<td>Squadron (or Det) Stan/Eval Chief/NCOIC or above</td>
</tr>
<tr>
<td>Squadron (or Det) CC, DO, Superintendent, Stan/Eval Chief/NCOIC</td>
<td>OGV or above</td>
</tr>
<tr>
<td>WG/CC/CV, OG/CC/CD/Superintendent and OGV FEs</td>
<td>NAF or above</td>
</tr>
<tr>
<td></td>
<td><strong>Exception:</strong> With OG/CC approval, OGV FEs may receive evaluations from OGV Chief, if same MDS/crew position</td>
</tr>
<tr>
<td>HHQ FEs</td>
<td>IAW para 5.14.1. <em>(Added)</em></td>
</tr>
<tr>
<td>NAF CC/CV and MAJCOM CC/CV/A3</td>
<td>MAJCOM FE</td>
</tr>
<tr>
<td>Associate unit reservists including AFRC Group/CC/CV, SQ/CC, SQ/ DO and any attached HHQ flyer</td>
<td>Any FE</td>
</tr>
</tbody>
</table>

5.14.1. **(Added-PACAF)** When no qualified examiner is available above the examinee in the pyramid evaluation structure or chain of command, the highest available evaluator will administer the evaluation. If this occurs, obtain concurrence from PACAF/A3TV and document in the Additional Comments under Examiner’s Remarks of the applicable Form 8a. **Exception:** if PACAF/A3TV is not manned in the MDS/crew position in question, units are not required to obtain PACAF/A3TV concurrence prior to the evaluation, but they will still document the departure from the pyramid evaluation structure on the Form 8/8a.

5.14.2. **(Added-18WG) Flight Evaluation Administration.**

5.14.3. **(Added-18WG)** SQs should schedule at least 15 percent of simulator and flight evaluations with 18 OG/OGV FEs or 18 OG/CC/CD and document in monthly report. Crew positions that are unable to comply based on 18 OG/OGV crew specialty manning are exempt.

5.14.4. **(Added-18WG)** F-15 OGV FE or OGV designated FE, SQ/CC, OG/CC, should administer F-15 instructor pilot MSN evaluations to the maximum extent possible.
5.14.4.1. (Added-18WG) Initial F-15 IP evaluations should be conducted by an 18 OG/OGV F-15 FE or the examinee’s SQ/CC. FEs should not fly as instructors for an individual’s pre-check flight or simulator, if avoidable. If used for a pre-check mission, the same FE should not conduct the evaluation.

5.14.5. (Added-18WG) For initial and requalification evaluations, all syllabus sorties and requisites should be completed prior to the flight.

5.14.6. (Added-18WG) Evaluation Profiles. CCVs/AEVs are responsible for oversight of evaluation profiles if required by AFI 11-2MDS Vol 2. These profiles will incorporate all appropriate requirements set in the applicable grading criteria and will reflect current tactics and unit (OPLAN) tasking. Instrument profiles will be in accordance with MDS FE guides.

5.14.6.1. (Added-18WG) Non-Dedicated Instrument Sorties. F-15 pilots labeled “experienced” on the letter-of-X’s (LOX) can combine their INSTM/QUAL evaluation with another mission. The evaluation will take priority over any other scheduled training during that mission.

5.14.6.2. (Added-18WG) Inexperienced F-15 pilots on their first INSTM/QUAL evaluation at Kadena will fly a dedicated instrument sortie. Every attempt should be made to schedule approaches off-station. After the first INSTM/QUAL evaluation at Kadena, they may accomplish INSTM/QUAL evaluations in accordance with paragraph 5.14.7.1 above.
Chapter 6
AIRCREW EXAMINATION PROGRAM

6.1. Purpose. The aircrew examination program measures aircrew member knowledge of normal/emergency procedures, threats, and other information essential for the safe and effective operation of their assigned weapon system through the administration of written or computer-based examinations.

6.2. Scope. This chapter applies to rated (pilots, Remotely Piloted Aircraft (RPA) pilots, navigators, combat systems operators, and air battle managers), CEA, non-rated X-prefix AE aircrew and RPA sensor operators. For Flight Surgeons (rated), Combat Camera, and non-rated aircrew (K-, Q-, or other X-prefix Air Force Specialty Code) that only require an examination to establish qualification, see Chapter 8. The examination program in this chapter includes requisite examinations for periodic evaluations and unit periodic examinations. Requisite examinations include qualification open book and closed book examinations, instrument examinations and Boldface/CAPs examinations as described in paragraph 5.5.1.1.

6.3. Administrative Procedures.

6.3.1. Program Documentation. Units will document the unit-level aircrew examination program.

6.3.2. Computer-Based Examinations. MAJCOM directed Stan/Eval software may fulfill the requirement for exams as outlined in this instruction.

6.3.3. Retention of Examination Records. Retain graded exam answer sheets/computer records until the AF Form 8/8a is completed.

6.3.4. (Added-18WG) CCV/AEV is OPR for test development and management. The 18 OG/OGV MDS Element Chief is OCR for test development.

6.3.5. (Added-18WG) All CCV/AEV tests will be generated in PEX using the latest question data bank (QDB). All QDBs will be reviewed periodically by CCV to correct any changes. The 18 OG/OGV MDS branch chief will coordinate to have QDB revised with correct data after major source changes. 18 OG/OGV MDS chief will coordinate with CCV/AEV to produce and maintain a Local Procedures master question file (MQF), which will be reviewed periodically for accuracy.

6.3.6. (Added-18WG) When exams are rewritten, the most recently rescinded exam of each type and version will be maintained in PEX.

6.3.7. (Added-18WG) All Stan/Eval tests will be administered and graded only by FE-Qualified members. Exceptions: Personnel assigned to CCV/AEV and designated by CCV/AEV Chief may administer and grade exams using an answer key. An FE will resolve disputed questions. CCV/AEV will document failures using Attachment 11.

6.3.8. (Added-18WG) All open book, closed book and instrument exams will be administered using PEX. CCV/AEV will maintain an alternate method to complete testing if PEX is unavailable.

6.4. Exam Sources.
6.4.1. **Open Book Exams.** Open book questions will come from publications containing information pertinent to the operation of applicable aircraft and performance of the assigned mission.

6.4.1.1. The open book subject areas and the publications used to generate the exam will be made available to aircrew during testing. Electronic publications may be used as references for open book examinations.

6.4.1.2. Each unit will develop an open book Secure Question Bank (SQB) that serves as the source for the open book exam. Do not distribute the SQB to unit aircrews and safeguard it in the same manner as any other required Stan/Eval exam.

6.4.2. **Closed Book Exams.** Questions will come from MQFs.

6.4.2.1. **MDS/crew position-specific MQFs.** Lead MAJCOMs will ensure MDS/crew-position-specific MQFs are available for using MAJCOM use and distribution to applicable aircrew.

6.4.2.1.1. Units may edit MQFs to accommodate local testing procedures, administrative errors and reflect recent changes to systems and/or operational procedures; however, subject matter may not be changed.

6.4.2.1.2. Units will forward edits of MQF questions to the appropriate MAJCOM. Lead MAJCOMs will review MQFs annually and distribute changes to MQFs as necessary.

6.4.2.1.3. *(Added-18WG)* Closed Book Question Sources/Procedures. Each MDS will develop a closed-book exam within PEX: up to 20 percent of the test will come from the local operating procedures MQF, 80 percent will come from the Major Command (MAJCOM) MQF. The CCV/AEV will make closed book testing sources available to all aircrew. Chief of OGV may authorize variation of source questions if a MAJCOM MQF is not available.

6.4.2.2. **Local Procedures MQF.** Units may develop and distribute a local procedures MQF to augment MDS/crew position-specific MQFs.

6.4.2.3. *(Added-PACAF)* For aircrew that have published Boldface/CAPs, include a separate Boldface/CAPs examination with closed book exams. Boldface/CAPs exams given in conjunction with an EPE may satisfy this requirement.

6.4.3. **Instrument Exams.** Reference AFMAN 11-210, *Instrument Refresher Program.* Units will ensure that only those questions relevant to the weapons system(s) and instrument procedures within their unit are included in the available questions from which aircrew will test.

6.4.4. **Exam Question Review.** The MAJCOM, NAF, and OG Stan/Eval functions will review all MDS/crew position-specific MQFs, SQBs, and prepared exams (if used) annually and after any changes in source documents. If a complete review was accomplished due to a source document change it may be annotated as the annual review. Units will document procedures for the exam reviews in their supplement to this instruction.

6.5. **End-of-Course Exams.** FTUs administering USAF Formal School courses listed in the *Air Force Education and Training Course Announcement (ETCA)* database
(https://etca.randolph.af.mil/) may use end-of-course (EOC) exams to fulfill the requirements of the open book, closed book and Boldface/CAPS (if applicable) requisite exams.

6.5.1. The Stan/Eval agencies of the MAJCOM responsible for training will coordinate with the MDS lead MAJCOM to ensure the EOC exam meets the requirements of this instruction and AFI 11-2MDS Vol 2 before awarding credit for requisite completion.

6.5.2. EOC exam questions do not need to incorporate MDS/crew position-specific MQFs. All questions must reflect the latest changes to all systems and/or operational procedures and not conflict with any MQFs.

6.5.3. All EOC exams that fulfill the requirements of requisite exams will be graded according to paragraph 6.8 and entered on the AF Form 8/8a according to paragraph 7.3.5.1.

6.6. Exam Management. With the exception of written Boldface/CAPs exams, units will either maintain prepared exams for each crew position or generate a unique exam for each aircrew member.

6.6.1. If prepared exams are maintained for each crew position:

6.6.1.1. Units are required to develop and control a minimum of two exams for each crew position.

6.6.1.2. Units having ten or fewer members per crew position require only one exam.

6.6.1.3. When different crew positions are responsible for the same information, units are not required to maintain separate exams for each crew position.

6.6.1.4. Change a minimum of 50 percent of the questions on each prepared exam each calendar year.

6.6.2. If a unique exam is generated for each aircrew member:

6.6.2.1. Units may use MAJCOM-approved software for exam creation.

6.6.2.2. Requisite exam databases will contain at least twice the number of questions required for each exam (e.g. if a 50-question exam is generated, there must be at least 100 questions in the exam database).

6.6.3. When published guidance changes, the associated prepared exam or exam database (depending on method used) will be updated as soon as possible upon receipt.

6.6.4. (Added-PACAF) Unless specifically directed otherwise by AFI 11-2MDS, Volume 2, open and closed book requisite exams will consist of a minimum of 40 questions.

6.7. Exam Security. Stan/Eval personnel will maintain positive control of all requisite exams, applicable answer sheets, and associated computer-based media.

6.7.1. (Added-PACAF) Tests should be administered in a designated testing location and monitored by Stan/Eval personnel.

6.8.1. Boldface/CAPs. Grade Boldface/CAPs exams on the two-tier grading system (i.e. Q/U). Satisfactory performance requires writing the proper actions in the correct sequence, not necessarily a verbatim response. The minimum passing grade is 100 percent.
6.8.1.1. **(Added-18WG)** The CCV Chief may establish written policy for grading monthly Boldface/CAPS exams.

6.8.1.2. **(Added-18WG)** Boldface grading may be delegated, if necessary, to other than SQ FEs as follows: Non-FE eligible graders are limited to the duty Operations Duty Officer (ODO)/Squadron Duty Officer (SDO), instructors, and flight commanders or higher supervisors (provided a verbatim Boldface/CAPS grading sheet is used). If any entry is not verbatim, the crewmember will be grounded until retest. Completed exams will be forwarded to CCV/AEV for review and quality control.

6.8.2. **Written or Computer-Based Examinations.** Grade written or computer based examinations as a percentage of correct answers. The minimum passing grade is 85 percent. All questions missed will be reviewed immediately following the exam.

6.8.3. Units will grade all requisite and/or Boldface/CAPs exams prior to the aircrew member’s next flight.

6.9. **Failure to Pass a Requisite Exam.**

6.9.1. **Reexamination Policy.** An aircrew member failing a requisite examination must be afforded an adequate study period prior to reexamination. For other than Boldface/CAPs, the aircrew member will be reevaluated using an alternate exam.

6.9.2. **Reexamination Period.** Aircrew members who fail a requisite exam must complete a successful reexam by the end of the third month following the date of the first failure, or the end of their eligibility period, whichever occurs first. Waiver authority to extend the time allowed to successfully complete the reexam is the OG/CC (document IAW paragraph 7.8.3.2.2).

6.9.3. **Boldface/CAPs Reexamination Restriction.** Aircrew members failing a Boldface/CAPs exam will not fly as aircrew members until a successful Boldface/CAPs reexamination is accomplished.

6.9.4. **Supervised Status.**

6.9.4.1. Place aircrew members who fail a requisite open/closed book or instrument exam in supervised status IAW paragraph 5.7 until successful retesting is completed.

6.9.4.2. For aircrew members who maintain multiple qualifications, supervised status resulting from failure of either an open or closed book examination applies only to the aircraft for which the examination was administered. Failure of the instrument exam results in the examinee being placed in supervised status in all aircraft in which instrument qualification is required.

6.10. **Unit Periodic Examinations (Optional).** If used, MAJCOMs and/or units will include guidance in their supplements to include procedures for failed exams.

6.10.1. Each group/squadron Stan/Eval function may conduct periodic testing for all aircrew. The intent of this testing is to evaluate additional knowledge beyond the scope of requisite exams, such as a cross-section of general knowledge, tactical/threat knowledge, and/or operational procedures, etc., to determine if knowledge deficiencies exist within the unit.

6.10.2. Administration of the exam is at the discretion of the MAJCOM and/or unit.
6.10.3. Periodic exams will not count as a requisite exam, nor will a requisite exam satisfy the requirement for a periodic exam.

6.11. (Added-PACAF) Units will conduct semiannual testing. Test will consist of a minimum of 25 questions. Unit Stan/Eval should determine specific objectives prior to testing (MQF vs. non-MQF questions, inclusion of weapons or Intel questions, questions from past trends, etc.) Report the results (including percentage of aircrews tested) at the semi-annual SEB. Units will include guidance in their supplements detailing procedures for failed exams.

6.11.1. (Added-18WG) For SQ periodic examinations, a passing score of 85% must be achieved. CCVs will not repeat questions from the previous periodic exam unless a question met trend criteria. At least 75 percent of the questions will come from a source other than the MAJCOM MQF.

6.11.2. (Added-18WG) Each MDS will accomplish periodic testing for all crew positions during the second and fourth quarters (calendar year). Provide a summary of results in the unit monthly report.

6.11.3. (Added-18WG) Aircrew who are deployed during the testing period are exempt from the exam. Upon arrival at home station, crewmembers will accomplish the exam before their next flight.

6.11.4. (Added-18WG) Periodic Test Failures. Failure of a periodic test is an automatic grounding item. CCVs will document test failures in accordance with Attachment 11. Retests will be taken on an alternate exam after a suitable study period determined by the SQ/CC.

6.11.5. (Added-18WG) CCVs/AEVs will record the overall results of the SQ periodic examinations in the monthly reports in accordance with Attachment 12.

6.12. (Added-18WG) Deployed/TDY Aircrew Examinations. Each MDS will develop procedures for administering tests to include Boldface/CAPS exams to TDY aircrews. If applicable, the Detachment Commander (DETCO) will ensure that all testing requirements are completed and reported to unit CCVs.
Chapter 7

DOCUMENTATION

7.1. **Scope.** Administration of the aircrew qualification evaluation program requires accurate documentation. The qualifications for which an aircrew member is to be evaluated are determined from the unit certification document. This chapter provides documentation guidance for members that require an in-flight evaluation to establish qualification. See Chapter 8 for documentation guidance pertaining to flight surgeons, combat camera, and non-rated aircrew that only require an examination to establish qualification.

7.1.1. The results of aircrew evaluations are recorded on the AF Form 8/8a. The chronological history of evaluations for an aircrew member is recorded on an AF Form 942, *Record of Evaluation*. These AF forms are maintained in the FEF.

7.1.2. In all instances of documentation, use of electronic forms is authorized, to include use of electronic signatures and wholly electronic FEFs IAW MAJCOM supplement guidance. In all instances, computer-generated forms must mirror AF forms as published on the USAF E-Publishing web site.

7.1.2.1. *(Added-PACAF)* The use of electronic signatures is authorized on all compatible electronic forms. Units may maintain electronic FEFs IAW para. 7.8.2. and local supplement guidance. In all cases, units will maintain some form of backup for electronically-stored forms in case of network failure or data loss affecting the primary source of storage.

7.2. **Qualifications versus Certifications.** Qualifications are attained through evaluations and documented on the AF Form 8/8a, as applicable. Certifications are attained through methods other than evaluation (e.g. commander certifications, flight lead upgrades, etc.) and may be documented on an AF Form 4348, *USAF Aircrew Certifications* or on a unit certification document signed by an authorized official.

7.2.1. *(Added-PACAF)* Units may use a “Letter of Xs” as a unit certification document.

7.3. **AF Form 8/8a, Certificate of Aircrew Qualification.**

7.3.1. **Purpose.** The AF Form 8/8a is the source document used to record and verify the qualification of an aircrew member.

7.3.1.1. Use the AF Form 8 to record aircrew qualification in a single aircraft.

7.3.1.2. Use of the AF Form 8a is optional for aircrew maintaining qualification in multiple aircraft and/or multiple series qualification in the same MDS or are Universal Qualified.

7.3.1.3. Completion of an AF Form 8/8a is accomplished by four individuals: the flight examiner, a Reviewing Officer, a Final Approving Officer, and the examinee.

7.3.2. **General Data Entry.** See Attachment 3 for sample AF Forms 8, Attachment 4 for sample AF Forms 8a.

7.3.2.1. In all instances of data entry, if an electronic form is used, the format required by the electronic form will be used (see also paragraph 7.1.2).
7.3.2.2. For date fields use a two-digit day, three-letter month and two-digit year format (e.g. 24 Jun 12).

7.3.2.2.1. (Added-PACAF) Incorrect date formats are not required to be listed in FEF Minor discrepancy logs.

7.3.2.3. The “Eligibility Period” and “Expiration Date of Qualification” blocks will use a three-letter month and two-digit year format (Jun 12).

7.3.2.4. Except where specifically noted otherwise (i.e. annotating the type evaluation, “INSTR”), use upper and lower case letters.

7.3.2.5. Requirements for font, indentation, and justification (right, left or centered) of data are not specified. MAJCOM supplements may direct specific format standards as desired.

7.3.3. **Date Completed.**

7.3.3.1. Use the latest completion date of the evaluation requisites (ground or flight phase) or the additional training if assigned.

7.3.3.2. **(Form 8a)** Use the latest completion date of all MDS listed.

7.3.4. **Examinee Identification.**

7.3.4.1. Name, Rank (USAF-standard abbreviated or non-abbreviated rank is acceptable) and last four of Social Security Number (SSN).

7.3.4.2. Organization and Location.

7.3.4.2.1. Enter the unit designation and location where the examinee is assigned/attached for flying (actual unit/office symbol will be annotated IAW paragraph 7.3.6.4).

7.3.4.2.2. For FTU courses in which an evaluation is administered, the organization and location will reflect the FTU organization/location.

7.3.4.2.3. (Added-PACAF) Use HQ PACAF/A3TV or HQ PACAF/IG (as appropriate), for HQ PACAF-approved flight examiners.

7.3.4.3. Aircraft/Crew Position.

7.3.4.3.1. Enter the MDS in which the evaluation was given

7.3.4.3.2. **(Form 8a)** Enter the aircraft MDS in which the flight phase evaluation was given. When no flight phase evaluation was accomplished or when aircrew are qualified in two or more aircraft IAW Universal Qualification guidelines, enter the primary aircraft MDS.

7.3.4.3.3. Enter the examinee’s highest qualification reflecting the intention of the evaluation in that particular MDS. **Note:** Examiner (e.g. EP, EF, etc.) is not a qualification, it is a certification, and should only be entered when the flight examiner is receiving a SPOT Flight Examiner Objectivity evaluation IAW MAJCOM supplements.

7.3.4.4. Eligibility Period.
7.3.4.4.1. Enter the 6-month period preceding the expiration date from the last similar periodic aircrew qualification evaluation (e.g., if the last MSN evaluation expires Sep 12, enter Apr-Sep 12).

7.3.4.4.2. Enter N/A (not applicable) for INIT, SPOT, RQ, and out-of-the-eligibility period evaluations (see paragraph 5.8.3.2).

7.3.4.4.3. For periodic evaluations where the evaluation expiration date of the previous evaluation is extended under the provisions of paragraph 5.8.3.2.3, enter the 6-month period preceding the original expiration date (SQ/CCs extend only the expiration date, not the eligibility period).

7.3.4.4.4. Dual entries are authorized for misaligned combined evaluations (e.g., if last INSTM evaluation expires Nov 12 and QUAL evaluation expires Jan 13, enter “INSTM: Jun-Nov 12/QUAL: Aug 12-Jan 13” for an INSTM/QUAL evaluation).

7.3.5. - Qualification.

7.3.5.1. Ground Phase.

7.3.5.1.1. Examination/Check.

7.3.5.1.1.1. Make a separate entry for each ground requisite exam/evaluation. Discrepancies will be noted in the examiner’s remarks (see paragraph 7.3.7.3.3).

7.3.5.1.1.2. If requisites exceed available lines, make combined entries or document additional requisite completion in the Comments section.

7.3.5.1.1.3. Annotate an EPE as 1, 2, or 3 regardless of whether all or a portion of the EPE was performed inflight.

7.3.5.1.1.4. Annotate “Instrument” for instrument requisite exam.

7.3.5.1.1.5. Annotate “Boldface” or “CAPs” as required by the applicable AFI 11-2MDS Vol 2.

7.3.5.1.1.6. (Form 8a) Make a separate entry for each ground requisite exam/evaluation by MDS IAW published guidance.

7.3.5.1.1.7. (Form 8a) For a combined ground requisite that includes all applicable aircraft under Universal Qualification guidelines (example: one closed/open book examination which contains questions for more than one aircraft or one EPE which evaluates more than one aircraft) make a single line entry for each requisite (i.e. Open Book, Closed Book, EPE etc.).

7.3.5.1.2. Date. In the date column, enter the date that the requisite is successfully completed. Enter the recheck (EPE)/reexam (test/Boldface/CAPs) date if a recheck/reexam was required.

7.3.5.1.3. Grade.

7.3.5.1.3.1. Enter failed exam score with a successfully completed reexam as follows: 84/98.

7.3.5.1.3.2. Enter failed Boldface/CAPs with successful re-accomplishment as follows: U/Q.
7.3.5.1.3.3. Separate Boldface/CAPs grades from other requisite examination grades when on the same line by enclosing them in parentheses as follows: **84/98 (U/Q)**.

7.3.5.1.3.4. Enter failed EPE grades with a successful recheck as follows: **3/1**.

7.3.5.2. **Flight Phase.**

7.3.5.2.1. **(Form 8a)** If applicable governing instructions require non-rated aircrew to demonstrate in-flight proficiency in more than one MDS, MAJCOMs may use a separate AF Form 8a for each MDS with flight phase evaluations IAW multiple qualification guidance in paragraph 5.10 and universal qualification guidance in paragraph 5.11.

7.3.5.2.2. **Mission/Check.**

7.3.5.2.2.1. IAW paragraph 5.2, use the following designations to describe the purpose of the evaluation(s): INSTM, QUAL, MSN, INSTR, or SPOT. If combined, include the designation of each evaluation (e.g., QUAL/MSN, INSTM/QUAL/MSN, etc.).

7.3.5.2.2.2. Use the following prefixes, when applicable, to describe the type of evaluation: INIT, RQ, N/N and/or SIM. More than one prefix may be used to describe an evaluation as outlined in paragraph 5.2.6.

7.3.5.2.2.2.1. The only annotations of INSTR used are INIT INSTR and RQ INSTR as described in paragraph 5.2.4.

7.3.5.2.2.2.2. INSTR will not be used for periodic evaluations as the AF Form 8/8a aircraft/crew position is already annotated with the instructor designation (e.g. IB, IN, IP)

7.3.5.2.2.2.3. When requalification deals with regaining a complete loss of instructor qualification, document it as RQ INSTR (not RQ SPOT).

7.3.5.2.2.3. Make a single line entry to document the flight(s)/event(s) used to complete the evaluation.

7.3.5.2.2.4. Make multiple single line entries for each flight/event if two or more flights/events are required and administered by either different flight examiners or on separate days.

7.3.5.2.2.5. Where a single mission (such as airlift tasking) consists of multiple flights over one or more days with the same flight examiners, a single line entry may be used.

7.3.5.2.3. **Date.**

7.3.5.2.3.1. Enter the date the flight/event was completed.

7.3.5.2.3.2. For evaluations where a single mission consists of multiple flights over one or more days (see paragraph 7.3.5.2.2.5), enter the inclusive dates of the flight(s). Document the details IAW paragraph 7.3.7.3.2.

7.3.5.2.3.3. For evaluations conducted on missions consisting of a single flight
spanning more than one day, use a single line entry with the date the mission was completed. Document the details IAW paragraph 7.3.7.3.2.

7.3.5.3. Qualification Level.

7.3.5.3.1. Annotate the examinee’s overall qualification level IAW the definitions of paragraph 5.3.3 by placing a “1” (for Q1) or “2” (for Q2) in the qualified block or a “3” (for Q3) in the unqualified block.

7.3.5.3.2. Combined evaluations (e.g., INSTM/QUAL, INSTM/QUAL/MSN, etc.) require only one grade if all evaluations were awarded the same overall level.

7.3.5.3.2.1. If the overall level varies for each type of evaluation accomplished, indicate the qualification level for each part separately (e.g., “INSTM: 1” and “QUAL: 2” in the qualified block or “INSTM/MSN: 1” in the qualified block and “QUAL: 3” in the unqualified block).

7.3.5.3.3. (Form 8a) Place a 1, 2, or 3 in the Qual Level block next to the applicable flight phase.

7.3.5.3.4. (Form 8a) This section does not apply to Universal Qualified aircrew members or to crewmembers that do not require a flight phase evaluation (see Chapter 8).

7.3.5.4. Expiration Date of Qualification.

7.3.5.4.1. IAW paragraph 5.8.1. for evaluations that establish a new eligibility period, enter the month and year that is 17 months after the month in which the flight phase of the evaluation was successfully completed.

7.3.5.4.2. For evaluations that do not establish a new eligibility period, enter “N/A.”

7.3.5.4.3. Combined evaluations require only one date if all parts of the evaluation were successfully completed and/or “N/A” if all parts were assigned an unqualified grade.

7.3.5.4.3.1. For combined evaluations where one component is successfully completed and/or one component is assigned an unqualified grade, indicate by assigning a new expiration date for those portions completed successfully, and “N/A” for those portions awarded an unqualified grade (e.g., QUAL 1 and INSTM 3, then enter “QUAL-Jul 12” under Qualified and “INSTM-N/A” under Unqualified).

7.3.5.4.4. (Form 8a) For evaluations without a flight phase requirement that establish a new eligibility period enter the month and year that is 17 months after the month in which the latest ground requisite was successfully completed.

7.3.5.4.5. (Form 8a) For evaluations with a flight phase that establish a new eligibility period, enter the month and year that is 17 months after the month in which the flight phase evaluation was successfully completed.

7.3.5.5. (Form 8a) Universal Qualification. Annotate each MDS separately in Section II, Universal Aircraft Qualification blocks, where qualification is being
attained/maintained. The first block will contain the MDS listed under ACFT/CREW POSITION, and will be annotated on the AF Form 942 IAW paragraph 7.7.2.

7.3.5.6. **Additional Training.** If additional training not required, annotate each of the blocks described below with “N/A.”

7.3.5.6.1. **Due Date(s).**

7.3.5.6.1.1. Enter a date not to exceed the last day of the third month following the event requiring additional training (e.g. 26 Jan 12 Flight Eval, 30 Apr 12 due date).

7.3.5.6.1.2. If more than one date is required, preface the due dates with EPE or FLT as appropriate.

7.3.5.6.2. **Date Additional Training Completed.**

7.3.5.6.2.1. Enter the date(s) the examinee completed additional training, otherwise, enter “N/A.”

7.3.5.6.2.2. If more than one date is required, preface the date completed with EPE or FLT, as appropriate.

7.3.5.6.3. **Certifying Official.** The instructor who completed the additional training (or final event if more than one instructor is used) will sign as the Certifying Official.

7.3.5.7. **Restrictions/Exceptionally Qualified/Commander-Directed Downgrade.** Place an “X” in the appropriate block when comments are annotated in Section IV. Do not annotate for restrictions resulting from failed requisite exams.

7.3.6. **Certification Signatures.**

7.3.6.1. **Flight Examiner.**

7.3.6.1.1. *(Form 8a)* With only ground phase requisites required, any unit designated flight examiner can sign the AF Form 8a.

7.3.6.1.2. The flight examiner signing Section III of the AF Form 8:

7.3.6.1.2.1. Is responsible for the content of the AF Form 8/8a, and will not sign Section III until verifying all required items (IAW this AFI and AFI 11-2MDS Vol 2) are documented.

7.3.6.1.2.2. Will always place an “X” in the remarks block and make comments in the comments block

7.3.6.1.2.2.1. *(Form 8a)* This applies only when a flight phase is required; if only a ground phase is required, do not place an "X" in the remarks block and no Examiner Remarks are required in the Comments block in Section IV.

7.3.6.1.3. If two or more flights are required to complete an evaluation, only the flight examiner completing the evaluation will sign Section III, any other evaluator(s) will enter remarks in the Mission Description block describing those parts of the flight evaluation they evaluated and sign a signature block immediately adjacent to their remarks (see examples in Attachment 3).

7.3.6.2. **Reviewing and Final Approving Officers.**
7.3.6.2.1. *(Form 8a)* A Reviewing Officer is not required for non-rated aircrew with only ground phase examination requisites for qualification.

7.3.6.2.2. The Reviewing and Final Approving Officers (those officers holding these positions, or acting in their stead during the period of the signature process -- not necessarily the date of the evaluation) will review the content of the AF Form 8/8a and the flight examiner’s overall assessment, ensure all required additional training is adequate to correct the noted deficiencies and is complete, and will place an “X” in the “Concur” block.

7.3.6.2.2.1. If either or both officers do not agree with any portion of the Form 8/8a, the overall grade will not be changed, but the dissenting officer will place an “X” in the “Do Not Concur” block on his/her line of the AF Form 8/8a.

7.3.6.2.2.2. If “Do Not Concur” is marked, the non-concurring officer(s) will provide justification (e.g. reason for non-concurrence, suggested modifications to additional training as recommended by the flight examiner, etc.) IAW paragraph 7.3.7.4 and/or paragraph 7.3.7.5.

7.3.6.2.3. The Reviewing Officer will sign and date the AF Form 8/8a after the flight examiner, but prior to the Final Approval Officer.

7.3.6.2.4. The Final Approval Officer will sign and date the AF Form 8/8a after the Reviewing Officer but prior to the examinee. As applicable, the Final Approving Officer may recommend or give a commander-directed downgrade IAW paragraph 5.9 if further action is warranted.

7.3.6.2.5. MAJCOMs will specify in the MAJCOM supplement who the reviewing and final approving officers will be for evaluations other than formal course evaluations accomplished at an FTU. The same individual will not sign as both the Reviewing and Final Approving Officer.

7.3.6.2.5.1. *(Added-PACAF)* Units may develop their own matrices for determining reviewing and final approving officers. Any unit-developed matrices will be included in the unit supplement to this instruction. In the absence of unit-developed matrices, units will use Table 7.1 *(Added)* to determine reviewing and final approving officers. For attached flyers at the NAF level and above, use Table 7.1 *(Added)* to determine reviewing and final approving officers.

7.3.6.2.5.2. *(Added-PACAF)* If unable to meet the requirements of Table 7.1 *(Added)* due to personnel availability or the FE’s position (ie. CC or DO), the Reviewing Officer and Approving Officer will be the next higher individual in the examinee’s chain of command. In no case will the Flight Examiner (Block III.1.), the Reviewing Officer, or the Approving Officer be the same individual.

7.3.6.2.5.2.1. *(Added-18WG)* Use Table 7.1 to determine reviewing and approving officers.

7.3.6.2.5.3. *(Added-PACAF)* Associate units will define variations from above required to satisfy Active/Guard/Reserve chain of command oversight in their unit supplements.

NOTES:
1. For evaluations given by the SQ commander, the reviewing officer will be the examinee’s supervisor and the approving officer will be the 18 OG/CC.
2. The examiner who administered the evaluation will not be the reviewing or approving officer. In this case, elevate the reviewing/approving officer to the next higher level in the examinee’s flying chain of command or utilize the CCV/AEV Chief as the reviewing officer. Example: the reviewing and approving officers for an attached crew member assigned to the 18 OSS whose evaluation was given by the flying SQ/DO would be the SQ/CC and group commander or the CCV/AEV Chief and the SQ/CC.
3. For evaluations of 18 AES flight commanders and attached personnel, the reviewing officer will be the Chief Nurse Executive.
4. If attached personnel do not have a SQ/CC, their rater will be the reviewing officer.
7.3.6.2.6. For evaluations completed at formal course FTU locations, the reviewing and final approving officers will be assigned to the FTU.

7.3.6.3. **Organization Block Format.** The format and content of data for the Organization block for the flight examiner and reviewing and final approving officers will be as follows:

7.3.6.3.1. **Flight examiner.** Annotate unit/organization and office symbol of the flight examiner that completed the evaluation (e.g., 526 ARS/DOT, 12AF/OV, USAFE/A3TV).

7.3.6.3.2. **Reviewing and Final Approving Officers.** Annotate unit/organization and office symbol as directed by MAJCOM supplement (e.g., 93 BS/DO, 388 OG/CC, 4 FW/CC).

7.3.6.4. **Examinee.** The examinee will sign and date after the Final Approving Officer certifying that they have been debriefed and understand the action(s) being taken. Annotate unit/organization and office symbol in the Typed Name and Grade block (e.g. HQ ACC/A3TV, 48 OG/OGV, etc.).

7.3.6.4.1. *(Added-PACAF)* Errors or omissions regarding the examinee’s office symbol are not required to be listed in FEF Minor discrepancy logs.

7.3.7. **– Comments.**

7.3.7.1. Restrictions (if required).

7.3.7.1.1. Specific restrictions and the criteria for the removal of the restrictions will be documented as the first item of Section IV.

7.3.7.1.2. Document each restriction by annotating the specific restriction, level of supervision required, and criteria for removal of the restriction.

7.3.7.1.3. Restrictions associated with failed requisite examinations will not be documented on the AF Form 8/8a.

7.3.7.2. **EQ Designation (when used).** Enter designation in all capital letters. Document justification (e.g., areas of excellence) before Examiner’s Remarks. Do not use OPR/EPR style statements (e.g. stratification). See examples in Attachment 3.

7.3.7.3. Examiner Remarks.

7.3.7.3.1. **General.** For evaluations requiring two or more flights, the mission description will be annotated with First Sortie, Second Sortie, etc., as applicable.

7.3.7.3.1.1. First Sortie, Second Sortie, etc. entries on subsequent paragraphs/subparagraphs will be annotated only if there are discrepancies or recommended additional training.

7.3.7.3.1.2. In all instances, except for the mission description, if no verbiage is needed annotate with “None”.

7.3.7.3.2. **Mission Description.** The verbiage of the Mission Description will be IAW AFI 11-2MDS Vol 2 and will verify that the required areas for the evaluation were accomplished. Comments addressing specific areas in which instructional ability
was demonstrated are mandatory for all evaluations of instructors (if the instructor taught throughout the entire mission and there were numerous areas in which instructional ability was demonstrated, one general comment will suffice).

7.3.7.3.2.1. (Added-PACAF) In addition to a description of the significant mission events, a blanket statement such as “All evaluation areas required by AFI 11-2MDS, Volume 2 were accomplished” is the recommended method for confirming that all required areas were evaluated. At the end of the Mission Description add the examinee’s supervisor’s rank, name, position (CC/DO/Flt CC), and whether he/she attended the debrief or was debriefed on mission results (i.e. “Lt Col Jones, 69 FS/DO, attended the debrief.”).

7.3.7.3.2.2. (Added-18WG) For crew positions that do not clearly indicate the crew position in the “Examinee Identification” block (i.e. E-3 mission crewmembers), ensure that the crew position is stated in the “Mission Description” section. The CCV/AEV Chief will consult 18 OG/OGV for guidance concerning any evaluations that do not conform to examples shown.

7.3.7.3.3. **Discrepancies.** Document discrepancies by annotating the grading area number, grading area title (followed by any subarea title in parenthesis), grade (Q-/U), annotation if discrepancy was debriefed and synopsis of discrepancy. Associate all ground phase discrepancies under paragraph B. Discrepancies, 1. Ground, and all flight phase discrepancies under B. Discrepancies, 2. Flight.

7.3.7.3.4. **Recommended Additional Training.**

7.3.7.3.4.1. If discrepancies are documented in paragraph B and are not listed as Debriefed, annotate Paragraph C with recommended additional training.

7.3.7.3.4.2. Descriptions of assigned additional training will include how satisfactory knowledge or proficiency will be demonstrated to a flight examiner or an instructor.

7.3.7.3.4.3. If additional training items will not fit on the AF Form 8/8a, at a minimum annotate the proficiency that will be required by the examinee prior to the recheck.

7.3.7.3.4.4. Flight and ground discrepancies will be listed separately. If there is no additional training, annotate paragraph C as, “Recommended Additional Training. None.”

7.3.7.3.5. **Additional Comments.**

7.3.7.3.5.1. Comments are restricted to significant information dealing with the evaluation not documented elsewhere.

7.3.7.3.5.2. Document any commendable items (see paragraph 5.3.2.7) under Additional Comments using the following format: “Commendable” followed by grading area number, grading area title (followed by any subarea title in parenthesis) and flight examiner’s description of commendable circumstances (see Attachment 3).

7.3.7.3.5.3. OPR/EPR-type comments or comments comparing the examinee to
other individuals are prohibited.

7.3.7.3.5.4. If the flight phase grade differs from the overall qualification level, the flight phase grade will be entered in this paragraph.

7.3.7.3.5.5. If an alternate evaluation method is used to satisfy a part of the ground or flight phase requirements (unless always accomplished verbally, on the ground, or in the simulator/ATD according to the AFI 11-2MDS Vol 2 grading criteria), enter area number, area title, reason not accomplished in the normal method, alternate evaluation method used and date.

7.3.7.3.5.6. If an individual received an overall Q3, indicate whether the entire evaluation must be reaccomplished, or just specific areas/subareas.

7.3.7.3.5.7. If the recheck examiner of a ground recheck is different from the initial flight examiner, the recheck examiner will sign and date a statement under this paragraph.

7.3.7.3.5.8. IAW paragraph 5.2.5.2.1, if a SPOT evaluation is used to update a periodic evaluation and/or the OG/CC authorizes additional flights after the SPOT to accomplish a periodic evaluation, document the circumstances in this section.

7.3.7.3.5.9. Incorporate the information contained in any applicable MFRs (e.g. extension, waivers, etc.) in this paragraph (see paragraph 7.8.3.2.2).

7.3.7.3.5.10. Document individual or group waivers applicable to the evaluation.

7.3.7.4. Reviewing Officer’s Remarks. Reviewing Officers will annotate their remarks following the Examiner’s Remarks in the space provided. If no remarks, annotate with “None.”

7.3.7.5. Approving Officer’s Remarks. Approving Officers will annotate their remarks following the Reviewing Officer Remarks in the space provided. If no remarks, annotate with “None.”

7.3.7.6. Additional Reviews (Optional). Additional reviews are at MAJCOM/unit discretion and will be defined in the MAJCOM and/or unit supplement.

7.3.7.6.1. (Added-18WG) Completed AF Form 8 will be reviewed by 18 OG/OGV prior to routing for signatures. SQs will put “18 OG/OGV_____” at the end of the AF Form 8 text.” 18 OG/OGV will document the review by initialing. The 18 OG/OGV reviewer does not have authority to “Non-concur” with an AF Form 8 and will initial the review as a certification of proper format. However, if any discrepancies in accuracy or content are noted and unresolved, they will be brought to the attention of the 18 OG/OGV Chief to be resolved. The 18 OG/OGV initials certify the end of the comments on the AF Form 8.

7.3.8. Temporary Evaluation Documentation.

7.3.8.1. File temporary evaluation documentation in the aircrew member’s FEF after all evaluation requirements are complete (i.e., all ground and flight requisites) as a temporary record of the flight evaluation results.
7.3.8.2. The temporary evaluation documentation will include examinee, examiner, type evaluation, qualification level, requisites results, and date completed. List any discrepancies by area/subarea, any restrictions, any additional training and any additional training due dates.

7.3.8.2.1. (Added-18WG) Temporary Form 8. Print a temporary AF Form 8 via PEX. The evaluator has the option to either write in pencil “Temporary Form 8” across the front of the form, or have “Temporary Form 8” written diagonally across the form as a printer water mark. The examiner will then review and sign the temporary Form 8. The evaluator will complete temporary documentation before the examinees next flight, but no later than 5 duty days after the evaluation was completed.

7.3.8.2.1.1. (Added-18WG) The F-15 SQs will file the temp copy along with 18 WG Form 42, F-15 Flight Evaluation Card and 18 WG Form 42A, F-15 EPE Card in the examinee’s Flight Evaluation Folder (FEF), but this will not replace the Temporary Form 8 requirement.

7.3.8.3. The examiner completing the evaluation will sign and date the temporary evaluation documentation.

7.3.8.4. Remove temporary evaluation documentation when the permanent AF Form 8/8a is filed in the FEF.

7.3.8.4.1. (Added-18WG) The AF Form 8 will be completed and filed in the individual’s FEF no later than 60 days from the “Date Completed” block.

7.3.8.5. File the completed AF Form 8/8a in the FEF not later than the end of the third month following the date completed annotated on the AF Form 8/8a.

7.3.8.6. Further guidance concerning temporary evaluation documentation will be outlined in MAJCOM and unit supplement.

7.3.9. Rechecks

7.3.9.1. Flight Rechecks

7.3.9.1.1. Use a separate AF Form 8/8a from the Q3 AF Form 8/8a for flight phase rechecks.

7.3.9.1.2. The recheck AF Form 8/8a will only include documentation of the flight phase evaluation. Requisite completion dates from the Q3 AF Form 8/8a will not be annotated on the recheck form unless requisites were not completed or are required to complete the recheck.

7.3.9.1.3. If the flight recheck is completed prior to completion of required requisites, delay completion of the AF Form 8/8a until requisites are complete and enter the requisites on the recheck AF Form 8/8a.

7.3.9.2. Ground Rechecks.

7.3.9.2.1. A ground recheck will be documented on the Q3 AF Form 8/8a that generated it.
7.3.9.2.2. Except as described below, the AF Form 8/8a will be documented as described in paragraphs 7.3.4 through 7.3.7.

7.3.9.2.2.1. **Date Completed.** Use the latest completion date (ground requisite or successful ground recheck) of the evaluation.

7.3.9.2.2.2. **Flight Phase.** Document the date of the ground recheck on a separate line as “GROUND RECHECK” below the flight evaluation entry under Flight Phase.

7.3.9.2.2.3. **Qualification Level.** Annotate the overall qualification level as “3/1” in the qualified block.

7.3.9.2.2.4. The flight examiner that completed the flight evaluation (i.e. the one that gave the overall Q3) will sign the front of the AF Form 8/8a. If the recheck examiner is different than the flight examiner that gave the Q3, the recheck examiner will sign and date an appropriate statement in Section IV - Comments, Examiner’s Remarks (see paragraph 7.3.7.3).

7.4. **Commander-Directed Downgrade (see also paragraph 5. 9).** Except as described below, the AF Form 8/8a for a Commander-directed Downgrade will be IAW paragraph 7.3.

7.4.1. **Date Completed.** The effective date of the downgrade. This is the date the commander initiated the downgrade action. If this is a result of a downgrade for non-flying related issues, the date the commander mandated the downgrade action will be used.

7.4.2. **Examinee Identification.**

7.4.2.1. **Aircraft/Crew Position.** In addition to the aircrew member’s MDS, if the downgrade includes a loss of a qualification (i.e. instructor) enter the downgraded crew position. If the individual is downgraded to a completely unqualified status (i.e. IP to UP), enter the crew position to which he/she will be re-qualified upon successful completion of either an RQ evaluation or ground recheck.

7.4.2.2. **Eligibility Period.** Enter “N/A”.

7.4.3. **Qualification.**

7.4.3.1. **Flight Phase.** In the Mission/Check block enter the type evaluation commensurate with the downgrade being given (e.g. if the commander is downgrading an area/subarea related to the tactical mission of the weapon system, then enter MSN) with the date of the situation that caused the downgrade.

7.4.3.2. **Qualification Level.**

7.4.3.2.1. If the commander does not intend to reduce the qualification(s) of the individual and is issuing a downgrade in a non-critical area/subarea (i.e. a Q- in one or more non-critical areas/subareas), then enter “2”.

7.4.3.2.2. If the commander intends either to remove a qualification (e.g. instructor), or reduce the individual to a completely unqualified status, then enter “3”.

7.4.3.2.2.1. Normally, requalification evaluations following a commander directed downgrade are documented on a separate AF Form 8/8a IAW paragraph 7.3.9.1.
7.4.3.2.2. If the commander intends for the individual to regain their qualification through a ground recheck, enter “3/1” (see paragraph 7.3.9.2).

7.4.3.3. **Expiration Date of Qualification.** Enter “N/A”.

7.4.3.4. **Restriction(s) and Additional Training Due Date.**

7.4.3.4.1. If a “2” is entered in the Qualification Level IAW guidance above, restrictions and additional training are not required.

7.4.3.4.1.1. Leave the box for Restriction(s) unmarked and enter “N/A” for Due Dates and “N/A” for Date Additional Training Completed.

7.4.3.4.1.2. If desired, the commander may still recommend restrictions and/or additional training. If used, document IAW the next paragraph.

7.4.3.4.2. If a “3” is entered in the Qualification Level, restrictions and additional training are required.

7.4.3.4.2.1. Place an “X” in the box for Restriction(s) and enter the Due Date as the last day of the third month from the effective date (i.e. the date entered into “Date Completed” at the top of the AF Form 8/8a.

7.4.3.4.2.2. Enter a date into the Date Additional Training Completed block when required training is complete.

7.4.3.4.2.3. The Instructor completing the additional training (or last training event if more than one) will sign and date the Certifying Official block.

7.4.3.5. **Commander-Directed Downgrade Block.** Place an “X”.

7.4.4. – **Certification Signatures.**

7.4.4.1. Only the commander directing the downgrade and the individual concerned will sign the AF Form 8/8a. Additional reviews (annotated under Section IV) are at the MAJCOM discretion.

7.4.4.2. **Final Approving Officer.** The commander directing the downgrade will sign and place an “X” in the remarks block.

7.4.4.3. **Examinee.** The crewmember will sign acknowledging the action being taken by the commander.

7.4.5. – **Comments.**

7.4.5.1. At the top of the page enter, “RESTRICTIONS: COMMANDER-DIRECTED DOWNGRADE.”

7.4.5.2. Paragraph A, Narrative: describe the reason for the commander directed downgrade. Include “for cause” in the reasoning statement for all flying-related cases, but for non-flying cases enter only if due to disciplinary/adverse administrative action (e.g. Article 15).

7.4.5.3. **Paragraph B, Discrepancies.**

7.4.5.3.1. Non-flying cases: “None”.

7.4.5.3.2. Flying-related cases: IAW paragraph 7.3.7.3.3.
7.4.5.4. Paragraph C, Recommended Additional Training.

7.4.5.4.1. Non-flying cases (not required): As desired or “None”.

7.4.5.4.2. Flying-related cases IAW paragraph 7.4.3.2.1 (not required): As desired or “None”.

7.4.5.4.3. Flying-related cases IAW paragraph 7.4.3.2.2 (required): Enter corrective action or training required prior to requalification.

7.4.5.5. Paragraph D, Additional Comments: As desired or “None”.

7.4.5.6. Additional Reviews: As directed by MAJCOM and/or unit supplement or “None”.

7.5. **Initial Cadre (see also paragraph 5. 12).** Except as described below, the AF Form 8/8a for an Initial Cadre will be completed IAW paragraph 7.3.

7.5.1. **Date Completed.** The effective date as annotated on the MAJCOM/A3 memo described in paragraph 5.12.2.

7.5.2. **Examinee Identification.**

7.5.2.1. Aircraft /Crew Position. Enter the aircrew member’s new MDS and crew position.

7.5.2.2. Eligibility Period. Enter “N/A”.

7.5.3. – Qualification.

7.5.3.1. Flight Phase. In the Mission/Check block enter “INIT CADRE QUAL” with the same date as noted in paragraph 7.5.1.

7.5.3.2. Qualification Level. Enter a “1” in the qualified block.

7.5.3.3. Expiration Date of Qualification. Enter “N/A”.

7.5.3.4. Additional Training Due Date. Leave blank.

7.5.4. – Certification Signatures.

7.5.4.1. Flight Examiner. Leave blank.

7.5.4.2. Reviewing Officer. The SQ/CC (or equivalent) will sign and place an “X” in the remarks block. If the SQ/CC is being upgraded then leave blank.

7.5.4.3. Final Approving Officer. The OG/CC (or equivalent) will sign and place an “X” in the remarks block.

7.5.4.4. Examinee. The crewmember will sign.

7.5.5. – Comments.

7.5.5.1. Paragraph A, Narrative. Include a brief description of the new qualification as well as any training received before awarding qualification. Reference the MAJCOM/A3 memo described in paragraph 5.12.2.

7.6. **AF Form 4348, USAF Aircrew Certifications (Optional).** See Attachment 7 for sample AF Forms 4348.
7.6.1. **Purpose.** The AF Form 4348 provides a record of aircrew certification that may be kept in the FEF.

7.6.1.1. Maintain a separate AF Form 4348 in the FEF, Section I, under tab 1 documenting certifications by assigned flying unit and primary MDS. For aircrew members with aircraft certifications in multiple MDS aircraft which do not require qualification in each aircraft (e.g. F-16C and F-16CM), only one AF Form 4348 is required; specify the primary mission MDS designation.

7.6.1.2. Unit Stan/Eval will document all initial, downgrade and re-certifications for aircrew assigned/attached to their flying unit to indicate a chronological history of certifications of aircrew while assigned/attached to their flying unit.

7.6.1.3. During the initial review of individual FEF, also review previous AF Form 4348 entries to determine all applicable certifications of new assigned/attached aircrew member. Then, document applicable aircrew certifications accepted by the gaining flying unit commander on a new AF Form 4348.

7.6.1.4. The OGV/squadron Stan/Eval Chief or other individual designated by the SQ/CC will sign a one line entry below all other entries verifying that above certification transcriptions are accurate.

7.6.1.5. Do not use AF Form 4348 to document one-time training/new equipment unless directed by MAJCOM.

7.6.1.6. Appropriate guidance that may require aircrew certification using AF Form 4348 entry include MAJCOM and/or supplement; AFI11-2MDS Vol 1; AFI11-2MDS Vol 3.

7.6.1.6.1. **(Added-PACAF)** Units may use a unit certification document (such as a Letter of X’s) signed by an authorized official in lieu of an AF Form 4348. An authorized official for a unit certification document will be the SQ/DO or higher.

7.6.2. **General Data Entry.**

7.6.2.1. Complete individual identification block with last name, first name, middle initial, any titles (e.g., Jr. or II), last four of SSN, unit MDS and unit (assigned/attached for flying) organization/location.

7.6.2.2. Use one line for each certification.

7.6.2.3. Enter each certification in chronological order based on the date the action is completed.

7.6.2.4. For date fields in the AF Form 4348, use a two-digit day, three-letter month and two-digit year format, or as required for electronic forms.

7.6.3. **Certification.**

7.6.3.1. Certified Event Title. Enter each certification title on the top block on the AF Form 4348.

7.6.3.2. Enter the instructor’s rank, name and organization who completed applicable training for the certified event below the event title of the Certified Event block for the MDS under which the certification is given.
7.6.3.3. **Date Certified.** Enter the effective date of certification.

7.6.3.4. For certifications attained as part of a FTU, the date will match the date of the applicable AF Form 8/8a, or enter the date of completion or graduation from FTU if no AF Form 8/8a is issued.

7.6.3.5. **Certification Official/Organization.** MAJCOM Supplement will specify AF Form 4348 certifying officials. The Certifying Official will sign above their typed name, rank, organization and office symbol.

7.6.3.6. The Certifying Official is the person authorized by governing directives to approve or certify an aircrew member for a specific position or event.

7.6.3.7. If a certification is given with restrictions, state the restrictions on the AF Form 4348 in the Remarks block.

7.6.4. **Decertification.** Decertification of events fall into two categories: Decertification for Cause (with prejudice) and Discretionary Decertification (without prejudice).

7.6.4.1. **Decertification for Cause.** Used for observed substandard performance.

7.6.4.1.1. This action is normally associated with Commander-Directed Downgrade, but also applies to commander-directed decertification of evaluators (resulting from substandard performance).

7.6.4.1.2. To document Decertification for Cause, place an “X” in the appropriate box; enter date of decertification under Decertification Date block; enter name, rank, organization and office symbol and signature of the decertifying official under Decertifying Official/Organization block; see Attachment 7 for example.

7.6.4.2. **Discretionary Decertification.** An administrative action not based on performance.

7.6.4.2.1. Such decertification is warranted when loss of currency or certification occurs that will not be regained IAW AFI11-2 Vol 1, when instructor certified events become core mission events, or when a higher certification is obtained making the previous entry obsolete. Discretionary Decertification is also applicable for decertification of flight examiners as a result of reasons other than substandard performance.

7.6.4.2.2. To document Discretionary Decertification, place an “X” in the appropriate box; enter date of decertification under Decertification Date block; enter name, rank, organization and office symbol and signature of the decertifying official under Decertifying Official/Organization block; see Attachment 7. **Note:** For decertification due to loss of currency with no requirement for re-certification, the effective date of decertification will be the date of certification loss.

7.6.4.2.3. For events that have changed in name only (e.g., In-Flight Refueling to Air Refueling) no action is necessary. If desired for clarity: annotate “Renamed (new title)” under Remarks.

7.6.4.2.4. For members who change MDS while assigned/attached to the same Stan/Eval organization, prepare a new AF Form 4348 indicating the new MDS and transcribe all events which apply to the new MDS IAW paragraph 7.6.1.3.
7.6.5. **Unusual Circumstances.** When unusual circumstances require additional information for an AF Form 4348 entry, use additional lines as necessary or reaccomplish the AF Form 4348.

7.6.6. **Computer Generated AF Forms 4348.** Units may use a computer-generated AF Form 4348 to make new entries or corrections as long as cumulative hard copy entries are maintained. Computer-generated AF forms must mirror AF forms published on the Air Force e-Publishing web site.

7.6.6.1. A computer-generated AF Form 4348 must be signed IAW guidance in this section. The signature on a computer-generated AF Form 4348 certifies:

7.6.6.1.1. New or rescinded certification attained while assigned/attached to unit of certifying official.

7.6.6.1.2. All cumulative entries were maintained; that they were signed or had proper documentation; or were carried forward from a previously signed computer-generated AF Form 4348.

7.6.7. **Unit Supplement.** Describe unit AF Form 4348 procedures/program. Include a list of certifications applicable to the unit with appropriate source documents and designated certifying officials. Document procedures to ensure certifications reflected on AF Form 4348 are also included in ARMS. Annotate if someone other than the Chief of OGV/squadron Stan/Eval has been authorized by the SQ/CC to sign the last line of an AF Form 4348 to signify transcription accuracy.

7.7. **AF Form 942, Record of Evaluation.** The AF Form 942 is an index providing pertinent information extracted from all the AF Forms 8/8a accomplished by the aircrew member. See example at **Attachment 5.**

7.7.1. **Data Entry.**

7.7.1.1. Except where specifically noted otherwise (i.e. annotating the type evaluation, “INSTR”), use upper and lower case letters.

7.7.1.2. Requirements for font, indentation, and justification (right, left or centered) of data are not specified. MAJCOM supplements may direct specific format standards as desired.

7.7.1.3. A one-line entry is used for all evaluations with the exception of those in which the qualification levels awarded on portions of a combined evaluation are not all the same.

7.7.1.4. For combined evaluations in which different qualification levels are awarded for any of the portions, a single line entry will be made for each different qualification level awarded indicating which portions of the combined evaluation received that qualification level.

7.7.1.5. Use each AF Form 942 until it is completely filled. If additional blocks not needed, “Z” out any unused blocks.

7.7.2. **Type Aircraft/Crew Position.** Enter MDS used and crew position flown during the evaluation as it appears in the Aircraft/Crew Position area under Examinee Identification of the subject AF Form 8/8a. For AF Form 8a, enter first aircraft.
7.7.3. **Type of Evaluation.** Enter type of evaluation (or applicable portions of a combined evaluation in which different qualification levels were awarded to different portions - see paragraph 7.3.5.3.2.1) as it appears in the Mission/Check area under Flight Phase of the subject AF Form 8/8a. If the evaluation did not include a flight phase, enter type of evaluation as it appears in the Examination/Check area under Ground Phase of the subject AF Form 8/8a.

7.7.4. **Date Completed.** Enter date from the Date Completed block of the subject AF Form 8/8a.

7.7.5. **Qualification Level.** Enter the appropriate qualification level as it appears on the subject AF Form 8/8a.

7.7.6. **MAJCOM Change.** A one-line, undated entry containing MAJCOM title will be made for each change in the individual’s MAJCOM based on a Permanent Change of Station (PCS)/Permanent Change of Assignment (PCA). Do not annotate a change of MAJCOM if the individual is receiving an evaluation from an evaluator in a different MAJCOM unless the individual is enrolled in a formal training program.

7.7.7. **Computer Generated AF Form 942.** A computer generated AF Form 942 may be used as long as cumulative entries are retained. Electronic copies of the AF Form 942 should be forwarded with the FEF when the individual moves to a new squadron.

7.8. **Flight Evaluation Folders (FEF).** The FEF contains the source documents that constitute the history of flying qualifications for each aircrew member.

7.8.1. **Maintenance.**

7.8.1.1. Each aircrew member who is on flying status must have a FEF that includes all AF Forms 8/8a, AF Forms 942, AF Forms 4348 (if used), and any additional MAJCOM and/or unit specified items. **EXCEPTION:** for flight surgeons, combat camera, and non-rated aircrew that only require an examination to establish qualification do not require an FEF, documentation will be IAW paragraph 8.1.

7.8.1.2. The FEF must be maintained by a Stan/Eval functional office - normally in the organization to which the individual is assigned or attached for flying.

7.8.1.3. HHQ personnel on active flying status may have their FEFs maintained by the Stan/Eval function of the unit to which they are attached for flying.

7.8.1.4. For personnel on inactive flying status, the FEF will be maintained with their Flight Records Folder (FRF).

7.8.1.5. Individuals assigned or attached to other than USAF units may use the format of the service to which they are attached to document their history of qualifications.

7.8.2. **Electronic FEFs.**

7.8.2.1. For electronic FEFs, any hard copy historical information (once incorporated into the electronic FEF system) will be archived with the Stan/Eval function that maintains the FEFs. Archive method will be at unit discretion.

7.8.2.2. Scanned versions of historical documents will be saved IAW AFI 33-364, *Records Disposition—Procedures and Responsibilities.*
7.8.2.3. Electronic FEF systems must be able to produce hard copies of FEF products, when needed, consistent with the guidance in this AFI. Additionally, the electronic FEF must be transportable.

7.8.3. Contents. Divide the FEF into two sections:

7.8.3.1. (left side). This Section contains AF Forms 942, AF Forms 4348 (if used), and any items authorized by the MAJCOM and/or unit supplement. Section I may contain two sub-sections.

7.8.3.1.1. AF Forms 942 will be placed on top in chronological order with the most recent on top, followed by the AF Form 4348 (if used).

7.8.3.1.2. Any additional information as directed by MAJCOM and/or unit supplement will be placed under the AF Form 942 and 4348 (if used).

7.8.3.1.3. If the FEF is not maintained at the same base with the individual’s FRF, a copy of the most recent AF Form 1042, Medical Recommendation for Flying or Special Operational Duty, and AF Form 702, Individual Physiological Training Record, may be filed in this section behind and MAJCOM and/or unit directed items.

7.8.3.2. (right side). This Section contains AF Forms 8/8a and any related MFRs for all evaluations listed on the AF Form 942.

7.8.3.2.1. AF Forms 8/8a. File AF Forms 8/8a in chronological order with the most recent on top. Individuals who maintain qualification in two or more MDSs or two or more crew positions in the same MDS will file AF Forms 8/8a in chronological order – without consideration of MDS or crew position.

7.8.3.2.2. MFRs.

7.8.3.2.2.1. MFRs documenting waivers, extensions, and/or unusual circumstances to potentially be included in an AF Form 8/8a are filed on top of the affected AF Form 8/8a.

7.8.3.2.2.1.1. Incorporate the information contained in the MFR onto the applicable AF Form 8/8a under Examiner Remarks paragraph D, Additional Comments, when action is complete.

7.8.3.2.2.1.2. Once MFR information is incorporated onto the AF Form 8/8a, remove the MFR from the FEF.

7.8.3.2.2. Expiration Date Extensions (see also paragraph 5.8.3.2).

7.8.3.2.2.1. On the expiration date extension MFR specify extension authority, the new expiration date, and a brief description of the extension.

7.8.3.2.2.2. MFRs will be dated prior to the expiration date of any affected periodic evaluation.

7.8.3.2.2.3. Permanent MFRs. MFRs become a permanent part of the FEF only when a Major discrepancy addressed by the MFR is not addressed or corrected by a later Form 8 (see paragraph 7.8.6.1) or an unusual circumstance cannot be documented any other way.
7.8.3.3. **(Added-PACAF)** Do not maintain extraneous documents, such as training documentation or historical ASEV information, in the FEF.

7.8.4. **Hard-Copy Folders.**

7.8.4.1. Folders must be letter size, able to separate contents into two sections and constructed of heavy stock (recommend press board folder or equivalent).

7.8.4.2. Standard 2 ¾-inch metal fasteners may be used.

7.8.4.3. Affix a label bearing the individual’s name and last four of SSN to the inside back cover so that the folder may be identified when filed. Include additional information on the label if required by MAJCOM and/or unit supplement.

7.8.4.4. Folders must bear the “For Official Use Only” label/stamp on both sides of the FEF.

7.8.5. **Review of FEF.** Document the procedures on how to accomplish an initial review and how to implement the periodic review of FEFs.

7.8.5.1. **Initial Review.** The flying unit will review the FEF for all newly assigned aircrew members to verify their qualification(s) (and certifications on AF Form 4348 if used) prior to their first flight.

7.8.5.1.1. The reviewing organization is responsible for establishing the qualification of the aircrew member as determined from the latest applicable documentation in Sections I and II of the FEF.

7.8.5.1.2. Following the initial review, the unit maintaining the FEF is responsible only for documentation subsequently placed in the FEF.

7.8.5.1.3. If the FEF of HHQ personnel on active flying status is maintained by the Stan/Eval function at the unit/squadron to which they are attached to fly, the Stan/Eval function of that unit/squadron will also review the FEF prior to their first flight.

7.8.5.1.4. **(Added-PACAF)** Document initial reviews with a one-line entry on the AF Form 942. Annotate “Initial Review” in the Type of Evaluation block and the date conducted in the Date Completed block.

7.8.5.2. **Posting Review.**

7.8.5.2.1. The Stan/Eval function will review each AF Form 8/8a and AF Forms 4348 (if used) when they are placed in the FEF to ensure accuracy and completeness.

7.8.5.2.2. The Form 8/8a review will confirm that the eligibility period and qualification as documented are correct, all required flight evaluation events and requisites were accomplished within the eligibility period and that all signatures and initials are obtained within the allotted time (see paragraph 7.3.8.5).

7.8.5.2.3. The AF Form 4348 (if used) will be reviewed for correct certification signature and to ensure all previous entries are accurate and accounted for.

7.8.5.2.4. Document the posting review IAW unit or MAJCOM supplement.

7.8.5.2.4.1. **(Added-PACAF)** For aircrew evaluations performed as a part of any
HHQ ASEV, the Form 8/8a will indicate review and initials by the PACAF/A3TV or guest ASEV evaluator in the Mission Description. This includes any evaluation where the local administering evaluator was receiving a SEFE Objectivity evaluation.

7.8.5.3. Periodic Review.

7.8.5.3.1. The Stan/Eval function will review all applicable FEFs to confirm expiration dates used to track required aircrew qualification evaluations are the same as those listed in the FEFs. Periodic review of FEFs for personnel in inactive status is not required.

7.8.5.3.2. The interval between reviews will not exceed the standard qualification period window unless a more restrictive review period is established by the MAJCOM and/or unit supplement.

7.8.5.3.3. Document the periodic review IAW MAJCOM and/or unit supplement.

7.8.5.3.3.1. (Added-PACAF) Document periodic reviews with a one-line entry on the AF Form 942. Annotate “Periodic Review” in the Type of Evaluation block and the date conducted in the Date Completed block.

7.8.6. FEF Discrepancies. FEF Discrepancies include those of the AF Forms 8/8a, AF Forms 4348 (if used), AF Form 942, and any MAJCOM-directed documentation.

7.8.6.1. Major Discrepancies. Discrepancies that affect the qualification of the affected aircrew member.

7.8.6.1.1. Major discrepancies are documented on a permanent MFR filed in Section I or II immediately above the affected AF Forms 8/8a and/or 4348 (if used), or in chronological order for items other than those found on AF Forms 8/8a and/or 4348 (if used).

7.8.6.1.2. MFRs documenting similar major discrepancies found on multiple AF Forms 8/8a will be filed on top of the latest affected AF Form 8/8a.

7.8.6.1.3. (Added-PACAF) MFRs documenting major discrepancies will be signed by the OGV Chief (or acting OGV Chief). If the major discrepancy in question exists in the OGV Chief’s FEF, the major discrepancy MFR will be signed by the OG/CC.

7.8.6.2. Minor Discrepancies. Discrepancies that do not affect the qualification (and/or certifications if using the AF Form 4348) of the affected aircrew member (e.g. typos, formatting and misspellings).

7.8.6.2.1. Minor discrepancies are documented on a non-permanent record as defined by the MAJCOM or unit supplement to this instruction and need not reside in the FEF.

7.8.6.2.1.1. (Added-PACAF) Minor discrepancy documentation will be maintained in the left side of the FEF. Minor discrepancy logs will cover all Forms 8/8a for the period since the member arrived at the current unit, to include the Form(s) 8/8a that documented their qualifications (INSTM/QUAL/MSN) upon their arrival. Units will not maintain discrepancy logs from previous units – these are considered extraneous documents.
7.8.6.2.1.2. *(Added-PACAF)* Minor discrepancies resulting solely from software limitations (such as office symbols or improperly checked boxes on the front of Forms 8) are not required to be documented on the minor discrepancy log. This exception does not apply to simple inaccurate data entries by the evaluator.

7.8.6.2.1.3. *(Added-18WG)* All AF Form 8 minor discrepancies will be compiled on a tracking sheet placed in the member’s FEF on top of the AF Form 942.

7.8.6.3. **Corrections.**

7.8.6.3.1. **AF Form 8/8a.** As a source document, the AF Form 8/8a may be corrected by use of white-out or pen and ink alteration of the original document provided the flight examiner signing Section III of the form initials the correction. If the original FE is not available then document the discrepancy IAW paragraphs 7.8.6.1 or 7.8.6.2. When the original FE is not available, OGV Chiefs may also correct minor discrepancies as prescribed in MAJCOM supplements.

7.8.6.3.1.1. *(Added-PACAF)* When the original FE is not available, OGV Chiefs may correct administrative Form 8 discrepancies provided the discrepancy does not fundamentally alter the evaluation grade.

7.8.6.3.2. **AF Form 942.** AF Forms 942, not being source documents, may be altered without restriction to reflect the assignment of the affected aircrew member and the contents of the FEF.

7.8.6.3.3. **AF Form 4348** *(if used).* AF Forms 4348 may be corrected by use of white-out or pen and ink alteration of the original document provided the certifying official signing that line of the AF Form 4348 initials the correction. For significant corrections that alter the certification’s intent, make a new AF Form 4348 entry.

7.8.6.3.4. **Electronic Corrections.** If the system used to store the record does not allow corrections to be made, then document the discrepancy IAW paragraph 7.8.6.1 and/or paragraph 7.8.6.2.

7.8.7. **Transfer of FEF.**

7.8.7.1. **Retention of Records.** Retain all records in the FEF until reviewed by the gaining unit. After review, return to the individual those forms not retained in the FEF.

7.8.7.2. **Formal Training Graduates.** For Formal Training School graduates reporting directly to an overseas command for a short tour, retain formal training school records for transfer to the subsequent gaining unit.

7.8.7.3. **PCS of Individual.** Aircrew members will normally hand-carry their FEF along with their FRF to the gaining organization.

7.8.7.3.1. When circumstances prevent this, the losing organization will mail the folder to the gaining unit via registered mail.

7.8.7.3.2. Mail any records not included in the FEF to the gaining organization with clear identification of the individual concerned.
7.8.7.3.3. When mailing an FEF or any of its contents, retain a copy (hard or soft copy is acceptable) until the gaining organization has received the original FEF.

7.8.8. Disposition of FEF.

7.8.8.1. Dispose of the aircrew FEF according to the Air Force Records Disposition Schedule (RDS) and Air Force guidance concerning the protection of Personally Identifiable Information.

7.8.8.2. Outdated certification documents, ARMS products, medical recommendations and miscellaneous documentation identified during reviews will be returned to the aircrew member for disposal.
Chapter 8

SPECIALIZED AIRCREW

8.1. Purpose. This chapter provides additional guidance pertaining to flight surgeons, Combat Camera, and non-rated aircrew that only require an examination to establish qualification.

8.1.1. Initial and periodic qualification consists of a written (open or closed book) examination; a flight evaluation is not required. Upon completion of the examination, members will be qualified in all USAF aircraft (universal qualification).

8.1.2. MAJCOMs and subordinate units may direct additional general and/or MDS-Specific qualification requirements.

8.1.3. Qualification requirements will be documented on an AF Form 1522, ARMS Additional Training Accomplishment Report, and stored in ARMS in the Formal Training module with currency tracked in the Training module. No AF Form 8/8a or FEF is required; however, the Stan/Eval function of the unit to which specialized aircrew are assigned/attached for flying will verify that ARMS information is logged appropriately. When MAJCOMs or subordinate units require a flight phase, or if directed by the applicable MDS-Specific Volume 2, document IAW Chapter 7 (to include creating an FEF).

8.2. Evaluations. Initial, periodic, and MDS-Specific (if required) examinations are considered QUAL evaluations. Other examinations are not required by this AFI, but may be prescribed in MAJCOM and subordinate unit supplements.

8.2.1. Flight Surgeons. Test questions will be randomly generated from a test bank maintained by AFMOA/SG3P.

8.2.1.1. (Added-18WG) 18 OG/OGV does not require any further testing of flight surgeons beyond the current on-line test. Any unit-developed tests that will be given in addition to the on-line test will be coordinated/reviewed by the respective 18 OG/OGV MDS Element Chief prior to administration.

8.2.2. Combat Camera. Test questions will be randomly generated from a test bank maintained by the Combat Camera career field manager (CFM), in coordination with HQ USAF/A3O-AT and using commands.

8.2.3. Non-Rated Aircrew Members. Test questions will come from the lead MAJCOM Master Question Files (MQFs).
Chapter 9

ADDITIONAL PROGRAMS (FCIF, SII, GO/NO-GO, SUPPLEMENTARY EVALUATIONS)

9.1. FCIF.

9.1.1. Units will establish and maintain a library consisting of a current read file and publications. This library will consist of a minimum of four volumes as listed in Table 9.1 in either hardcopy or electronic format.

9.1.1.1. (Added-18WG) The CCV Chief will appoint in writing an FCIF monitor and alternate to manage the FCIF library. They are required to update SQ libraries as changes occur. At a minimum they will verify the accuracy of unit current read files monthly.

9.1.2. FCIFs may be issued to alert crewmembers to publications changes for TOs or AFIs that affect aircraft operations, but actual publication changes must be accomplished IAW established procedural guidance, to include AFI 33-360 (as applicable) and TO 00-5-1.

9.1.3. Required Volumes. Volume I is a table of contents for all volumes and current read file items, Volumes II through IV are made up of publications and flight manuals, and Volume V (optional) is reserved for flight safety information. If units choose hardcopy format and the contents of any volume exceed the capacity of its binder, use an additional binder and identify the first and subsequent binders by a letter of sequence (e.g., IIIA, IIIB). Label binders on the spine indicating Volume and Title as follows:

9.1.3.1. (Added-PACAF) The unit Stan/Eval organization is the OPR for any information to be entered into FCIF Volumes I - IV. Limit entries to those items with a direct bearing on immediate flight requirements.

Table 9.1. Required Volumes.

<table>

<tr>
<td>VOLUME IV</td>
<td>Flight Manuals/Checklists/Airc rew Aids/Technical Orders</td>
</tr>
<tr>
<td>VOLUME V (Optional)</td>
<td>Flight Safety Information</td>
</tr>
</tbody>
</table>

9.1.3.2. (Added-PACAF) NAFs generating Volume I FCIF items and/or SIIs should coordinate with their units’ OGVs prior to publication for the purpose of the units’ OGV providing Stan/Eval expertise. NAFs will forward a copy of all NAF Volume I FCIF items and SIIs to HQ PACAF/A3TV.
9.1.4. **Current Read File.** Volume I consists of a minimum of two parts to include an Index (Part A) and Current Read Files (Parts B and C (*Note*: Part C is optional)). MAJCOMs may add additional components to Volume I as appropriate.

9.1.4.1. Part A is a table of contents listing all material contained in FCIF Volumes I through V.

9.1.4.1.1. (**Added-18WG**) 18 OG/OGV will provide each SQ with an FCIF Library Index for Parts A and B, as well as Part C, Section 1 (C1). The CCV Chief will be the OPR and will publish an updated index after each change to Part C Sections 2 and 3.

9.1.4.2. Part B is the Current Read File of FCIF messages. Messages contain information temporary in nature, directly pertinent to the safe conduct of flight, and must be read before flight. FCIFs that contain aircraft-related information will be forwarded to all using MAJCOMs.

9.1.4.2.1. (**Added-PACAF**) Lengthy documents should be summarized or salient points highlighted to avoid overwhelming aircrews.

9.1.4.3. Part C is the Current Read File that contains information temporary in nature but not related to the safe conduct of flight and not required to be read before flight.

9.1.4.3.1. (**Added-18WG**) Volume 1, Part C. Part C will be further divided into Sections 1, 2 and 3.

9.1.4.3.1.1. (**Added-18WG**) Section C1 will contain information non-critical in nature such as policy and current operations guidance as approved by the 18 OG/CC or designated representative. The index and distribution system for the Section C1 FCIF will be identical to the Part B FCIF.

9.1.4.3.1.2. (**Added-18WG**) Section C2 will contain information approved by the SQ/CC. The SQ/CC may grant approval authority for C2 items to SQ/DO and/or CCV/AEV Chief. The CCV/AEV will be the OPR and publish an index at least quarterly. Units will document delegated approval authority for C2s.

9.1.4.3.1.3. (**Added-18WG**) Section C3 will contain notices of flight publication changes. The CCV/AEV will be the OPR and publish an index at least quarterly. Publishing the index will be evidence of a quarterly review.

9.1.4.4. Squadrons with both primary crewmembers and mission crewmembers may use separate sections in Volume I for mission crewmembers. In addition, these squadrons are exempt from the requirement to maintain mission crewmember checklist and aircrew aids in the FCIF volumes.

9.1.4.5. Refer to **Attachment 7** for a sample FCIF format.

9.1.4.6. (**Added-PACAF**) Part D (optional) is reserved for the Flight Crew Bulletin (FCB). At the OG/CC’s discretion, a FCB may be used to ensure vital aircrew information, not otherwise immediately accessible by aircrews, is published and updated.

9.1.4.6.1. (**Added-PACAF**) OGV manages the FCB process, if utilized. Review, publish, and consolidate FCBs quarterly. Active duty host units will coordinate FCBs with their Guard/Reserve associate units as applicable. The FCB will include an
official memorandum indicating crewmember applicability. The memorandum will be signed by the OGV Chief and approved by the OG/CC (or equivalent) and (if applicable) guard/reserve associate OG/CC (or equivalent).

9.1.4.6.2. (Added-18WG) FCBs may contain Part B/C FCIFs (exceeding the unit’s quarterly review) and/or any other information as deemed appropriate by 18 OG/CC. All items in the FCB must cite the authority for inclusion. Example: AUTH: HQ PACAF FCIF 05-67, AUTH: 18 OG/OGV, etc.

9.1.4.6.3. (Added-18WG) Active Part B/C (PACAF and/or locally generated) FCIFs may be removed from the Vol I, Part B/C and placed into the FCB under the following conditions:

9.1.4.6.3.1. (Added-18WG) Active Part B/C FCIFs will remain on the Master Index and indicate that FCIF information is located in the FCB.

9.1.4.6.3.2. (Added-18WG) Units may include C2 FCIFs into the FCB by coordinating with their respective 18 OG/OGV MDS branch chief and the 18 OG/OGV FCIF monitor.

9.1.4.6.3.3. (Added-18WG) Part B/C FCIFs will be separated from other reference material in the FCB.

9.1.4.6.3.4. (Added-18WG) FCB release will be accomplished via a Part B FCIF to ensure that active Part B FCIFs are read prior to flight. Release FCIF will contain the statement “Signing this FCIF acknowledges aircrew responsibility for all active FCIFs in the FCB.”

9.1.4.7. (Added-PACAF) Part B and C Admin.

9.1.4.7.1. (Added-PACAF) Annotate Part B and Part C FCIF items with, as a minimum, an approved date, a control number, subject, originator and originator title, expiration date, and suspense date (review date) and a cross-reference of classified items (if used). Note: the subject should match the MAJCOM FCIF subject, when applicable. The Go/No-Go box will be checked for all Part B items. Units will review items for applicability in conjunction with the PACAF quarterly message.

9.1.4.7.2. (Added-PACAF) Part B and Part C will each consist of a numerical index of current FCIF items, a numerical index of rescinded FCIF items, and FCIF items filed in reverse numerical sequence with the last item on top.

9.1.4.7.3. (Added-PACAF) Part B and C indexes may be combined.

9.1.4.7.4. (Added-PACAF) Part B and C indexes will contain at a minimum the following information: subject, control number, and suspense date (review date).

9.1.4.7.5. (Added-PACAF) List the subject, control number, expiration date, and disposition in the rescinded FCIF index. Remove from index at the end of the quarter following the quarter of rescission. OGV will maintain rescinded items in a separate file for at least six months. Electronic copies are adequate.

9.1.4.7.6. (Added-18WG) Notification of Part B and C1 FCIFs. 18 OG/OGV will disseminate Part B and Part C Section 1 FCIF items via PEX. Notification of a newly released FCIF will be initiated by 18 OG/OGV FCIF. Both “Active FCIFs” and
“Rescinded FCIFs” sections will be checked periodically for newly released FCIFs. Backup notification will be provided to units through the 18 OG/OGV SharePoint. Unit FCIF monitors will verify the accuracy of their indexes monthly on the 18 OG/OGV SharePoint and check PEX periodically for new FCIFs.

9.1.4.7.7. **(Added-18WG)** 18 OG-initiated FCIF memorandums with the approving official’s signature will be maintained at 18 OG/OGV.

9.1.4.7.8. **(Added-18WG)** 18 OG/OGV will post the Part B and C Section 1 FCIF indexes on the 18 OG/OGV SharePoint. The SQ CCV/AEV will post the most current index in the FCIF book. Each FCIF will be numbered sequentially. Since all FCIFs will not apply to all MDSs, the index will indicate the applicable FCIF items for each MDS. Each SQ will maintain only those FCIF items that apply to their MDS.

9.1.5. **Publications Library.** Volumes II through IV will consist of an FCIF Functional Publications Library according to MAJCOM directives. See AFI 33-360 for basic library requirements.

9.1.5.1. All publications in the library will be current and complete. MAJCOMs may authorize units to withhold posting of information that does not apply based on aircraft configuration.

9.1.5.1.1. **(Added-PACAF)** Volume II will contain Air Force publications with corresponding HHQ and unit supplements applicable to the unit’s operation. Publications will be included in Volume II as denoted in Table 9.2 R denotes required publication. M denotes required publication based on unit’s mission. O denotes optional publication. (Note: Some AFI 11-2MDS series required publications may not apply to every MDS. Publications not listed but pertinent to the unit’s mission may be included in the appropriate volume.)

9.1.5.1.2. **(Added-PACAF)** Volume III will contain publications with corresponding supplements, applicable to the unit’s operation, originating from an outside agency, MAJCOM, NAF, or the unit (see Table 9.3 (Added)). Publications may include unit standards, unit syllabi, phase manuals, copies of Letters of Agreement, etc. (Note: Publications not listed but pertinent to the unit may be included).

9.1.5.1.3. **(Added-PACAF)** Volume IV (see Table 9.4 (Added)) of the FCIF library will contain (as applicable) flight manuals, performance data, aircrew checklists, weapons delivery manuals, weapons checklists, air refueling aids, and locally prepared aircrew aids. Include all tech orders normally used by aircrew. This volume contains aircraft weight and balance information for all applicable aircraft IAW T.O. 1-1B-50 if it is not available elsewhere. A copy of each canned DD Form 365-4 for standardized loads may be maintained in this volume. Units using pre-computed weight and balance forms may file them in this volume.

9.1.5.1.4. **(Added-PACAF)** Volume V is an optional volume, reserved for the unit safety officer. This volume is exempt from the controls applicable to Volumes I through IV. Items for this volume will be submitted to and maintained current by the unit safety officer in accordance with AFI 91-202.
9.1.5.2. Units will establish and maintain a table of contents for the publications library containing, as a minimum, a listing of basic publications numbers and short titles. Publication dates, supplements and changes are not required.

9.1.5.3. MAJCOMS may waive Volumes II-V requirements for special training units (i.e., Red Flag).

9.1.5.3.1. (Added-PACAF) 353 CTS and 497 CTS are not required to maintain Volumes

9.1.5.3.2. (Added-18WG) Submit requests to use publications not already specified in Volumes II-V to 18 OG/OGV for inclusion in the Table Contents.

9.1.5.4. The FCIF index and library will be filed IAW AFI 33-360, regardless of hardcopy or electronic format.

9.1.5.4.1. If any part of the FCIF library is maintained electronically and not specifically addressed above (or in AFI 33-360 and/or TO 00-5-1), units will ensure that the information is current and accessible for concurrent viewing by multiple aircrew members.

9.1.5.4.2. At a minimum, units will maintain the required index and location of electronic files in a hard-copy binder in the FCIF library.

9.1.5.4.3. Documents in the FCIF library will be made available for deployments via either electronic or hardcopy means.

9.2. Flight Related SII.

9.2.1. Flight Related SIIs are items of emphasis relating to existing procedure(s) designed to mitigate or eliminate specific risks or trends.

9.2.1.1. SIIs do not add to or amend established procedures (reference guidance on issuing FCIFs in paragraph 9.1, above).
9.2.1.2. SIIs will be based on analysis of risks and trends from a variety of sources to include Safety Investigation Board (SIB) findings/recommendations, safety related incidences, trend analysis, deployed area of operations and potential problems with equipment/procedures.

9.2.2. SII(s) will be issued through the same process used to release FCIFs with the following elements:

9.2.2.1. Specific MDS applicability
9.2.2.2. References (document, SIB, etc)
9.2.2.3. Risk factors and trend details
9.2.2.4. Specific emphasis actions to reduce/eliminate the risk or trend that generated the SII.
9.2.2.5. Effective date of rescission
9.2.2.6. SME/POC for further information

9.2.3. SII(s) will be of limited duration (generally not to exceed 90 days).

9.2.4. SII(s) may be issued/rescinded from the HAF, MAJCOM, NAF or unit level. If issued from agencies outside the MAJCOMs (e.g. HAF, HQ AFFSA, but not subordinate NAFs or units), the lead MAJCOM stan/eval function will coordinate the intent and verbiage of the SII with other MAJCOM stan/eval functions in order to determine the level of applicability within the individual MAJCOMs prior to release.

9.2.4.1. **(Added-18WG)** 18 OG/OGV will serve as OPR. Group SIIs will be approved by the 18 OG/CC and will be published in FCIF Part B. The SQ/CC may develop SQ SIIs independent of the group program. SQ SIIs will be posted in Part C2. CCV/AEV will include a copy of new SQ SIIs in the SQ monthly report to be compiled into the SEB report.

9.2.5. Units will place all applicable SIIs into the FCIF, Current Read File, Part B, for dissemination to crewmembers.

9.2.6. All current MDS-Specific and CRM/ORM related SII(s) will be briefed during flight briefings for the duration of the SII(s). Mission-specific SII(s) need only be briefed on those missions for which the SII is relevant.

9.3. **Go/No-Go Procedures.** Units will establish a positive control system that ensures aircrew members have completed all ground training and Stan/Eval items required for flight. Units will provide guidance on this system in the unit supplement.

9.3.1. As a minimum, the Go/No Go system will monitor:

9.3.1.1. Form 8/8a qualification or appropriate ARMS products.
9.3.1.3. Examination items required for flight from this AFI and applicable supplements (see Chapter 6).
9.3.1.4. Any Duty Not Involving Flying (DNIF) status.
9.3.1.5. Currency on all FCIF (Volume 1, Part B) items.

9.3.1.5.1. **(Added-PACAF)** Unit Stan/Eval offices are responsible for oversight of the unit Go/No-Go process. Commanders may delegate the functions of the Go/No-Go process to other offices within the unit (ie. HARM/SARM), but this delegation will be documented, and the Stan/Eval office will maintain ultimate responsibility for program effectiveness. Units will utilize PEX to ensure that aircrews have acknowledged each applicable FCIF item. Backup Go/No-Go procedures will be maintained to permit Go/No-Go verification procedures when information system connectivity difficulties are experienced.

9.3.1.5.2. **(Added-18WG)** Go/No-Go Program. Aircrew will accomplish and sign off all Go/No-Go items before flight. Aircraft Commanders (and Mission Crew Commanders for E-3 Aircraft or Medical Crew Directors for AE) will ensure that all Go/No-Go items are accomplished for all crewmembers before crew step. Off-Station aircrew will use ePEX to ensure they have received the latest FCIF information prior to next takeoff. **Note:** If PEX is unavailable, use any means available. SQ CCV/AEV will ensure Stan/Eval items required for flight are included in the Go/No-Go system.

9.3.1.6. **(Added-PACAF)** Boldface/CAPs monthly examinations. All units will establish a Boldface/CAPs monthly written examination program for all applicable crew positions (unless not required by aircraft Technical Order). As a minimum, all applicable aircrew members will successfully complete a Boldface/CAPs written examination prior to the first flight of each month. The examination will be taken during the applicable month or up to seven days prior to the month.

9.3.1.7. **(Added-18WG)** SQ/CCV will conduct monthly spot checks of the Go/No-Go Program. Report any discrepancies to SQ leadership, Go/No-Go monitor, and OGV (via monthly reporting) as soon as possible. Document spot checks in spreadsheet format and retain in CCV continuity book.

9.3.1.8. **(Added-18WG)** Visiting aircrew flying on 18 WG aircraft will provide the following documentation prior to flight in accordance with AFI 11-401: AF Form 1042, *Medical Recommendations for Flying or Special Operational Duty*, AF Form 702, *Individual Physiological Training Record*, ARMS Training Printout, inter-fly approval (if required), training records (if upgrade training is to be accomplished), and signed Letter of X’s or AF Form 8, *Certificate of Aircrew Qualification* (for most recent qualification and mission evaluation as applicable). Each SQ CCV/AEV, in conjunction with the SQ operations section, will develop unit-tailored visiting aircrew flight release procedures. **Attachment 15** should be used as a guide to develop the unit process.

9.3.2. **(Added-PACAF)** Units will develop procedures to notify off-station aircrews of new Go/No-Go items prior to the aircrew’s next takeoff.

9.3.2.1. **(Added-18WG)** Deployed/TDY Aircrew. DETCO or Aircraft Commander will ensure that aircrew receives the latest FCIF information prior to flight. PEX will be the
primary means of dissemination, followed by email. If PEX is unavailable, DETCO or AC will maintain an 18 OG FCIF binder (may be electronic). A local FCIF binder will also be maintained if required.

9.3.3. (Added-PACAF) Accomplish and annotate an annual review of FCIF Volume 1, Part B/C items. Flyers who are inactive for more than 90 days will accomplish and annotate a review of FCIF Volume 1, Part B/C items.

9.4. Supplementary Evaluations.

9.4.1. Purpose. Supplementary evaluations are administrative tools used by a commander to ensure standardization of operations and to identify and evaluate implemented solutions to operational problems, such as negative checkride trends. The form and content of a supplementary evaluation is at the discretion of the commander directing it.

9.4.2. Supplementary evaluations are not aircrew qualification evaluations.

9.4.3. The commander directing the supplementary evaluation will determine the areas to be evaluated. The Stan/Eval function directly under the commander directing the supplementary evaluation will determine the method of evaluation, is responsible for administrative management of data collection, and will report results as directed by the commander.

9.4.4. Individuals other than flight examiners, as determined by the commander directing the supplementary evaluation, may participate in its conduct.

9.4.5. Supplementary evaluations may be administered in conjunction with a flight evaluation. If conducted in-flight, supplementary evaluations will not be all-encompassing, result in the assignment of an overall grade or be documented on an AF Form 8/8a.

9.4.6. At a minimum, supplementary evaluations results will be documented in SEB minutes (see Attachment 2).

9.4.7. (Added-PACAF) Accomplish the following when a specific area is identified for a supplementary evaluation:

9.4.7.1. (Added-PACAF) Outline the specific objectives of the evaluation and determine an adequate time frame to achieve the objectives. Develop checklists to ensure standardization.

9.4.7.2. (Added-PACAF) For non-flying supplementary evaluations, include a review of lesson plans, syllabi, training, tactics, etc.

9.4.7.3. (Added-PACAF) Evaluate the results and determine discrepancies, recommended corrective action, suspense dates, and OPR for corrective action.

9.4.7.4. (Added-PACAF) Report supplementary evaluation results to the appropriate OPR through the OG/CC. The report will include the objectives of the evaluation, the time frame during which it was performed, discrepancies that were noted, recommended corrective action and suspense dates for completion of corrective action.

9.4.7.5. (Added-PACAF) Perform follow-up to ensure that completed corrective action is effective. Stan/Eval will recommend when the commander should close corrective action items.
9.4.7.6. (Added-PACAF) Retain a copy of supplementary evaluation reports for at least one year.

9.4.8. (Added-18WG) OGV Staff Assistance Visit (OGV/SAV). The 18 OG/OGV will serve as OPR. Evaluation team will consist of OGV Staff. SQ FEs may augment evaluation teams. The following units/programs will be evaluated annually: 18 AES, 31 RQS, 33 RQS, 44 FS, 67 FS, 623 ACF, 909 ARS, 961 AACS, 18OSS/MTC, and Aero Club. Except for OG/CC-directed no-notice evaluations, units should be given 30 days advance notice.

9.4.8.1. (Added-18WG) OGV/SAVs will review the following areas: unit Stan/Eval organization and manning, FEFs, Go/No-go procedures, FCIF library, evaluations, examinations, trends, briefing facilities, no-notice program, flight manuals/publications, 847 program, and monthly reports. 18 OG/OGV will post its Supplementary Evaluation checklists on the 18 OG/OGV SharePoint.

9.4.8.2. (Added-18WG) Grading will be based on a five-tier rating: Outstanding, Excellent, Satisfactory, Marginal, and Unsatisfactory. Units receiving a Marginal or Unsatisfactory rating will require a re-evaluation. If a reevaluation is required, units should be given an additional 30-day notice.

9.4.8.3. (Added-18WG) A written evaluation report will be forwarded through the 18 OG/CC/CD, the unit CC, and the unit CCV/AEV. Findings noted during the evaluation will be assigned an 18 OG/OGV tracking number. A unit point of contact (POC) will be assigned to correct the discrepancy and reply to 18 OG/OGV via monthly reporting. Findings will be resolved in a timely manner. Once the discrepancy has been cleared, the tracking number will be closed. SQ commanders may direct SAVs within their SQ. SQ CCV will notify 18 OG/OGV of the SAV results, when it occurred and include the results in the monthly report.

9.5. Forms Adopted. AF Form 702, Individual Physiological Training Record, AF Form 847, Recommendation for Change of Publication, AF Form 1042, Medical Recommendation for Flying or Special Operational Duty, AF Form 1522, ARMS Additional Training Accomplishment Report, AFTO Form 781, ARMS Aircrew/Mission Flight Data Document.

9.6. Forms Prescribed. AF Form 8, Certificate of Aircrew Qualification; AF Form 8a, Certificate of Aircrew Qualification (Multiple Aircraft); AF Form 942, Record of Evaluation; AF Form 4348, USAF Aircrew Certifications.

9.7. (Added-18WG) Aircrew Flight Manuals Program.

9.7.1. (Added-18WG) Control and Distribution. The 18 OG/OGV Chief will appoint in writing a Technical Order Distribution Office (TODO) Custodian to have oversight for each SQ. The TODO account will be maintained in accordance with T.O. 00-5-1, Air Force Technical Order System, using the Enhanced Technical Information Management System (ETIMS).

9.7.1.1. (Added-18WG) The CCV/AEV Chief will appoint in writing a TODO and Technical Order Distribution Account (TODA). (See Attachment 16) Custodians to serve as an OPR for SQ flight manuals and technical order accounts. The TODO/TODA will use established SQ technical order sub-account and submit a Technical Order Requirements letter, Attachment 17, to the 18 OG/OGV TODO. A copy of both letters
will be maintained in the CCV/AEV continuity binder and will be reviewed / updated on a semiannual basis.

9.7.2. *(Added-18WG)* AF Form 847 Program. 18 OG/OGV will serve as the OPR. CCV will review the electronic version of AF Form 847 for accuracy. CCV will forward these electronic forms will be forwarded to 18 OG/OGV 847s email distribution inbox, 18 OG/OGV will accomplish the final review, submission to PACAF, and tracking. Units will maintain signed digital copies of their initiated AF Form 847 until incorporated or one year after disapproval. See AFI 11-215 and PACAF Supplement for additional guidance.

9.7.3. *(Added-18WG)* Shogun In-flight Guides. 18 OG/OGV is the OPR for in-flight guides. The 18 OG/CC approves all in-flight guides.

9.7.4. *(Added-18WG)* Aircrew Publications Check. FEs will conduct publications check as a requisite for all evaluations. FEs will inspect all publications required for flight.

9.7.5. *(Added-18WG)* CCV/AEV will conduct a semiannual review of all flight manual publications in conjunction with but prior to the periodic examination. The intent of the review is to ensure all crewmembers have been issued the required publications and are current. Aircrews will check their publications against the FCIF library or a printed publications listing generated by the flying SQ. This semiannual requirement is in addition to the aircrew publications check requisite for INSTM/QUAL evaluations. Aircrews are subject to publications no-notice checks.

9.8. *(Added-18WG)* 18 OSS/MTC Procedures.

9.8.1. *(Added-18WG)* The MTC is responsible for:

9.8.1.1. *(Added-18WG)* Maintaining its own evaluation program and evaluation records.

9.8.1.2. *(Added-18WG)* Conducting evaluations in accordance with AFI 11-202, Volume 2, PACAF, and 18WG supplements as well as Boeing Statement of Work (SOW) PACAF-OKC-001, Addendum A.

9.8.1.3. *(Added-18WG)* Informing 18 OG/OGV of any changes to the SOW or government contracts that would necessitate changes to this instruction.

9.8.2. *(Added-18WG)* 18 OG/OGV is responsible for:

9.8.2.1. *(Added-18WG)* Providing/maintaining flight examiner guides and publications to the MTC Flight Examiners.

9.8.2.2. *(Added-18WG)* Inspecting the OSS/MTC evaluation program to ensure compliance with AFI 11-202, Volume 2, PACAF, and 18WG supplements. Inspections will include an annual OGV/SAV.

9.8.2.3. *(Added-18WG)* Updating this instruction to ensure alignment with the MTCs SOW and government contracts.

9.8.2.4. *(Added-18WG)* Provide and maintain current approach plates and checklists to the MTC.

9.8.2.5. *(Added-18WG)* Provide and maintain Stan/Eval program equipment and software (PEX).
9.8.3. **(Added-18WG)** MTC Contractor Instructor Pilot (CIP) FE Upgrade Procedures.

9.8.3.1. **(Added-18WG)** CIP FEs will be nominated and certified by the 18 OSS/CC and 18 OG/CC in writing (**Attachment 10**). CIP FE candidates with prior FE experience in the same MDS are not required to monitor an FE performing a simulator evaluation.

9.8.3.2. **(Added-18WG)** CIP FEs will take a 25-question open book exam prepared by OGV. FEs will take the test prior to final certification by the OG/CC. The MTC is responsible for administering and grading the open book exam. Questions will come from AFI11-202V2, AFI11-202V2_PACAFSUP, and AFI11-202V2_PACAFSUP_18WGSUP. A passing grade is 90%.

9.8.3.3. **(Added-18WG)** Prior to administering an evaluation, the certification letter will be forwarded to the OSS/CC and OG/CC for review, signature, and certification. The nomination letter and completed upgrade checklist will accompany the certification letter. The upgrade material will be maintained in the individual’s evaluation folder.

9.8.4.1. **(Added-18WG)** CIP Instructor Evaluations. CIPs will be evaluated on their ability to brief/debrief, instruct, and execute the mission effectively as an instructor pilot/E-3 mission crew instructor in the respective MTC.

9.8.4.1.1. **(Added-18WG)** Initial Evaluations. The 18 OG is responsible for providing the initial mission evaluation. The evaluation will be in accordance with AFI 11-2MDS, Vol 2 and administered in the MTC. 18 OG/OGV will conduct the initial MTC instructor evaluation. If an 18 OG/OGV evaluator is unavailable, then the SQ may provide the FE. **Note:** A CIP who has a current instructor qualification from another base (evaluation received while CIP was still active-duty/reserve/national guard) must present the original Form 8 to 18 OG/OGV and 18 OSS/CC for review and acceptance. The acceptance will be written (official memorandum) and maintained in the individual’s evaluation folder at the MTC. With acceptance, the qualification will serve in place of an initial instructor mission evaluation administered by the 18 OG.

9.8.4.1.2. **(Added-18WG)** Periodic Evaluations. 18 OG and CIP FEs can administer CIP periodic mission evaluations. The FE must be current and qualified in that MDS and must use the MTC for the evaluation.

9.8.4.1.3. **(Added-18WG)** Requisites. CIPs do not have requisites (IRC, testing, EPE, etc) except completion of initial cadre training for initial evaluations only.

9.8.4.1.4. **(Added-18WG)** Scheduling. CIP evaluations will be scheduled by the MTC through the OSS and in conjunction with the line SQ (if a non-MTC FE is required).

9.8.5. **(Added-18WG)** FEFs and AF Form 8 Procedures.

9.8.5.1. **(Added-18WG)** Preparing Evaluation Documentation. A Temporary Form 8 is required for all evaluations given in the MTC until the Form 8 of record has been finalized. Form 8s for MTC Instructors will conform to 18 OG/OGV standards. The reviewing officer and final approving officer will be the 18 OSS/DO and 18 OSS/CC respectively.
9.8.5.2. **(Added-18WG)** Maintaining Evaluation Documentation. The MTC will maintain qualification documentation on all CIPs in individually marked folders. Folders are not required to be in accordance with AFI 11-202, Volume 2, and applicable supplements; however, folders will contain all previous and current Form 8s and/or contractor equivalents as well as FE upgrade paperwork (nomination and certification letters and checklist)._folders can be co-located or maintained in the separate MTC offices. Folders should be readily accessible for review by 18 OG/OGV and 18 OSS/CC/DO. AF Form 8 data will be extracted for trend analysis by 18 OG/OGV MDS representative during the OGV reviews.

9.9. **(Added-18WG)** 18 AES, Det 1 Procedures

9.9.1. **(Added-18WG)** Det 1/CC will establish and maintain the programs as designated in this supplement.

9.9.2. **(Added-18WG)** 18 OG/OGV will conduct an annual SAV of 18 AES, Det 1 in accordance with paragraph 9.4.8 of this publication.

Terms

Active Guard and Reserve (AGR)—Members of a Reserve component on active duty under Titles 10 U.S.C., 14 U.S.C., or full-time National Guard duty under 32 U.S.C. 502(f) for a period of 180 consecutive days or more. The tour purpose is organizing, administering, recruiting, instructing or training the Reserve components according to Subsection 101(d)(6).

Additional Training—Any training recommended by flight examiner to remedy deficiencies identified during an evaluation that must be completed by a specific due date. This training may include self-study, ground instruction, ATD, simulator or flying. Additional training must include demonstration of satisfactory knowledge or proficiency to flight examiner, supervisor or instructor (as stipulated in the Additional Training description) to qualify as completed.

Aircrew—The total complement of rated, career enlisted aviator, and nonrated aircrew personnel responsible for the safe ground and flight operation of the aircraft and onboard systems, or for airborne duties essential to the accomplishment of the aircraft’s mission. Individuals must be on AOs and assigned to an authorized position according to AFI 65-503, or nonrated aircrew not in an aircraft’s basic complement, but required for the mission. See AFPD 11-4.

Aircrew Training Device (ATD)—A training platform suitable to conduct evaluations.

Air Reserve Technician (ART)—A civilian employee of the United States Air Force Reserve Command (AFRC) who provides permanent party support to an AFRC unit and occupies an AFRC Unit Manning Document military position in the unit comparable to his or her civilian position.

Air Technician (AT)—A civilian employee of the Air National Guard (ANG) who provides permanent party support to an ANG unit and occupies an ANG unit manning document military position in the unit comparable to his or her civilian position.

Certification—Procedure used to document competency in a particular task. Not interchangeable with “qualification,” which requires Form 8/8a documentation.

Combat Crew Training Squadron (CCTS)/Formal Training Unit (FTU)—A unit with a primary mission to train aircrew personnel according to approved syllabi.
**Debriefed Discrepancy**—Remedial action taken by a flight examiner to remedy a discrepancy noted during an in-flight or, if applicable, simulator evaluation (e.g. EPE conducted in the sim). This action is accomplished during debrief of the evaluation wherein the flight examiner provides briefing/instruction concerning the discrepancy and determines that the examinee has gained the necessary knowledge or proficiency to remedy said discrepancy. The discrepancy area/subarea description is annotated with “Debriefed” in the Examiner’s Remarks section of the AF Form 8/8a Comments.

**Eligibility Period**—The six-month period prior to the expiration date of an evaluation that includes the month in which the evaluation is due.

**Emergency Procedures Evaluation (EPE)**—A flight, ATD, sim or verbal evaluation used to evaluate emergency procedures and systems knowledge.

**Evaluation**—1) Procedure to determine the effectiveness of the performance of an instructional product or process in order to ascertain specific causes for the effectiveness or lack of it, and to make decisions appropriate to the extent of the effectiveness. Evaluation of formal courses includes field evaluation and internal evaluation. 2) The review and analysis of qualitative or quantitative data obtained from design review, hardware inspection, testing or operational use of equipment. See also Joint Pub 1-02.

**Education and Training Course Announcement (ETCA)**—Air Force Database located at URL: [https://etca.randolph.af.mil/](https://etca.randolph.af.mil/) that incorporates all the information previously contained in AFCAT 36-2223, USAF Formal Schools Catalog. ETCA is prescribed by AFI 36-2201, Vol 1, Training Development, Delivery, and Evaluation.

**Flight Crew Information File (FCIF)**—A collection of publications and material determined by the MAJCOM and unit as necessary for day-to-day operations.

**Flight Evaluation Folder (FEF)**—A two-part folder containing the source documents that constitute the history of flying qualifications (and certifications if the AF Form 4348 is used) of each aircrew member.

**Flight Examiner**—An aircrew member designated to perform evaluation duties as specified by this instruction. Flight examiners must be qualified in the events they evaluate (EXCEPTION: SPOT evaluations). *Unit Flight Examiners* include squadron flight examiners assigned to the flying squadron, OGV flight examiners assigned to the OGV but attached to the flying squadron and other Wing individuals tasked with flight examiner duties assigned above the squadron level. A *HHQ Flight Examiner* is a flight examiner assigned to a NAF or MAJCOM. *Senior Flight Examiners* are senior flying commanders – specifically, flying NAF/CCs and OG/CCs (and/or, their deputies) – that act in the capacity of flight examiners.

**Ground Recheck**—A procedure used by an examiner to remedy an unqualified evaluation that does not entail in-flight or simulator demonstration on the part of the examinee.

**Initial Evaluation**—The first evaluation of any type for an MDS (e.g., INIT QUAL/ INSTM, INIT MSN, INIT INSTR).

**Instructor Evaluation**—An evaluation that initially and reestablishes instructor qualification of the examinee in an MDS (i.e., INIT INSTR and RQ INSTR) as directed in AFI11-2MDS Vol 1.

**Instrument Evaluation**—Qualifies an aircrew member to operate under IFR.
**Lead Command**—The Air Force MAJCOM or agency possessing an MDS that is designated by AFPD 10-9 as responsible for the coordination of MDS-Specific activities.

**Master Question File (MQF)**—Question bank used to construct closed book exams. Aircrew members have access to MQFs.

**Mission Evaluation**—Qualifies an aircrew member to employ the member’s assigned weapon system in accomplishing the unit’s operational or DOC statement mission. Requires AF Form 8/8a documentation.

**No—Notice Evaluation**—An evaluation where the examinee is notified of the evaluation at or after the beginning of normal preparation for the mission.

**Office of Collateral Responsibility (OCR)**—Any headquarters, agency, or activity having coordinating functional interest in, and responsibility for, a specific action, project, plan, program or problem.

**Office of Primary Responsibility (OPR)**—Any headquarters, agency, or activity having the primary functional interest in, and responsibility for, a specific action, project, plan, program or problem.

**Operations Group Commander (ANG/AFRC)**—ANG/AFRC may use Air Operations Officer/Operations and Training Officer, if appropriate, when Operations Group Commander (OG/CC) is referenced.

**Qualification Evaluation**—Qualifies an aircrew member to perform the duties of a particular crew position in the specified aircraft. Requires AF Form 8/8a documentation.

**Requalification Evaluation**—An evaluation administered to remedy a loss of qualification due to expiration of a required periodic evaluation, loss of currency exceeding six months (as specified in applicable AFI11-2MDS Vol 1), a recheck following a failed evaluation or a commander directed downgrade. Requires AF Form 8/8a documentation.

**Requisites**—Requirements such as exams, EPEs, Boldface/CAPs, etc., that have to be accomplished before an evaluation is considered complete. Requires AF Form 8/8a documentation.

**Recheck**—A subsequent evaluation used to remedy a failed evaluation. Requires AF Form 8/8a documentation.

**Secure Question Bank (SQB)**—Questions used to construct open book examinations. Aircrew members do not have access to the SQB.

**Specialized Aircrew**—Flight Surgeons, Combat Camera, and Non-Rated aircrew, to include K-, Q- and X- prefix specialty codes. Does not include X-prefix Aeromedical Evacuation Crewmembers.

**SPOT Evaluation**—An evaluation other than one used to satisfy the requirements of a periodic, initial instructor or requalification instructor evaluation. May be No-Notice. Requires AF Form 8/8a documentation.

**Squadron Supervisor**—Any of the following: squadron commander, operations officer, assistant operations officer, flight commander or person specifically designated by the squadron commander.
Stan/Eval Board (SEB)—A forum convened at the group level to review and resolve aircrew-related issues.

Stan/Eval Function—An organization at appropriate echelons of command that accomplishes the objectives of this instruction.

Standardization/Evaluation Liaison Officer (SELO)—An individual (officer or enlisted) tasked to perform squadron Stan/Eval administrative duties.

Student Aircrew Member—An aircrew member enrolled in a formal course or training under a MAJCOM approved syllabus.

Supervised Status—The status of an aircrew member who must fly under the supervision of either an instructor or a designated supervisor (as specified in the applicable AFI11-2MDS Vol 1) qualified in that specific aircrew position. The flight examiner determines when supervision is required. The type of supervisor, i.e., instructor or designated supervisor, is as specified in the applicable AFI11-2MDS Vol 1, or as determined by the SQ/CC.

Supplementary Evaluation Program—Administrative tools used by a commander to ensure standardization of operations and to identify and evaluate implemented solutions to operational problems.

Trend Program—Analysis designed to identify areas requiring attention, monitoring or correction.

Unit—A level of organization under HHQs (MAJCOM and/or NAF) required to establish a Stan/Eval function (normally this is an operations group and consists of both the group and flying squadrons).

Universal Qualification—Process where Specialized Aircrew attain/maintain qualification in two or more MDS aircraft where qualification is attained/maintained via a minimum of a ground phase examination.

User Command—Any Air Force MAJCOM/agency, other than the lead command, that possess a MDS.

Weapon System—A combination of one or more weapons with all related equipment, materials, services, personnel, and means of delivery and deployment (if applicable) required for self-sufficiency.

STAN/EVAL BOARD MINUTES

Note: The information below is an example of the minimum information a Board should address.

MEMORANDUM FOR (SEE DISTRIBUTION)

FROM: (UNIT’S COMPLETE ADDRESS)

SUBJECT: STAN/EVAL BOARD MINUTES

1. Personnel Attending: (name and organization)

2. Overview:
   a. Manning. (Enter any Stan/Eval manning problems discussed or deviations from authorized manning. Record all current flight examiners including attached HHQ and/or attached squadron flight examiners.) Include any OG/CC designated additional OGV flight examiners.
   b. Summary.
      (1) Evaluations. Report EPEs and Flight evaluations by crew position and type of evaluation (INSTM, QUAL and MSN as outlined in the appropriate AFI 11-2MDS Vol 2). Include SPOT, N/N, and INIT INSTR evaluations, when applicable. Show qualification levels, sub-levels and rates (Rate = # given divided by total given).
         (a) Q1s
         (b) Q2s
         (c) Q3s
         (d) Total evaluations for each crew position
      (3) Waivers and Extensions. Identify all waivers and extensions as identified in this AFI.
      (4) Trends. Identify new, continuing and resolved trends. Where necessary, report corrective action as OPEN/CLOSED, the OPR(s) and any suspense date.
      (5) Report progress toward achievement of no-notice requirements, if applicable.
   c. Stan/Eval Program Inspections and Reviews (if applicable).
   e. Supplementary Evaluations. Report results of evaluations conducted at both the OGV and squadron level.
   f. MTR and Air Refueling Track Reviews (annotate date completed or “N/A” as applicable - see para 3.2.2.11.).
3. Old Business. Enter the disposition of any items left open at the last Board meeting. If final action was taken on an item during the quarter, state the action taken and then close the item if closure is approved by the Board Chairman. If an item remains open, list the action taken since the last Board. Findings from formal Stan/Eval inspections will be addressed and covered until they are closed out.

4. New Business. Enter all new business discussed during the Board. The new business items are those included on the published agenda along with any unplanned items discussed.

5. Other: This is an optional paragraph that can be used as necessary.

6. Problems Requiring HHQ Assistance: Enter problems that, based on Board resolution, require HHQ assistance. The assistance may be in any form (for example, staff assistance visit requests, clarification of directives, change of directives, and so forth).

Figure A3.2. with EQ (See paragraph 7.3.7.2).

EXCEPTIONALLY QUALIFIED: The examinee demonstrated exceptional aircraft handling and instrument skills during all phases of this evaluation. Rapidly changing weather and denial of service at two planned out-bases caused the examinee to have to change his plan several times in-flight, each time done quickly and efficiently so that all aspects of the mission could still be accomplished.

**EXAMINER'S REMARKS:**

A. Mission Description. Maj Brown flew his SEFE Objectivity evaluation as a standing evaluator of an aircraft commander in the wing position of a two-ship SKE route, airdrop, and recovery followed by a full INSTM/QUAL profile, a tactical arrival, and assault takeoff and landing procedures. Mission elements included: flight evaluation briefing, in-flight evaluation, CRM and mission debrief, and evaluation documentation. Maj Brown complied with all HHQ and local Stan/Eval directives, properly briefed and debriefed the evaluation, and awarded the correct grades for each evaluated area and the overall grade. Lt Col Smith, 36 AS/CC, was debriefed on the evaluation results.

FCIF TEMPLATE

Note: The information below is an example of a template MAJCOMs may use when drafting an FCIF.

MEMORANDUM FOR (SEE DISTRIBUTION)
FROM: (UNIT’S COMPLETE ADDRESS)
SUBJECT: The Subject Line contains the FCIF number and title of the FCIF (if applicable)

1. Applicability paragraph. This paragraph lists the MAJCOM(s) that the FCIF item is applicable to, and those MAJCOMs for which the FCIF item is “for information only.” May also include applicable aircraft or units as necessary.

2. Directive paragraph. Use this paragraph to give direction to aircrews regarding procedures or guidance. This information should be placed immediately following the applicability paragraph in order to ensure a consistent place for new procedures or guidance.

3. Amplification paragraph. This paragraph should focus on background information to the aircrews or any other amplifying data deemed necessary by the FCIF item author for aircrews to understand the impetus behind the FCIF item. The FCIF item should be limited to one or two pages in length. Additional supporting background documentation should be included in attachments or references.
   a. Amplifying data may be organized into subparagraphs or follow-on paragraphs.
   b. If follow-on paragraphs are used, ensure paragraphs are numbered correctly.

4. Administrative paragraph. Use this paragraph to show where the FCIF item is to be placed (Part B or C), and how for long the FCIF item is to remain in effect. Other items of an administrative nature may also be placed in this paragraph.

5. Receipt/POC paragraph. This paragraph directs units to acknowledge receipt of the FCIF item within a desired period of time, FCIF item POC(s), and the POC phone number and email address.

RESTRICTIONS/ADDITIONAL TRAINING SAMPLE LETTER

MEMORANDUM FOR (UNIT)/CC/DO/DOT/DOS/SARM
(SUPERVISOR)
(MEMBER)

FROM: (SQ)/CCV

SUBJECT: Crewmember Restrictions/Additional Training Letter

1. _______________________ is restricted / requires additional training due to substandard performance in the following area(s):

EXAMINATION: Type:_____________ Score ____________
EVALUATION: Type:______________Grade _____________

COMMANDER-DIRECTED DOWNGRADE (Reference: AFI11-202V2_PACAFSUP, para 7.5.)

2. Restrictions:
   Requisite Exams – See AFI 11-202V2_PACAFSUP_I Para 6.4.6 for restrictions
   Emergency Procedures Evaluations – See Para 5.3. - 5.3.7
   Flight Evaluations – See Para 5.2.13 – 5.2.15

3. The crewmember will accomplish the following additional training: (Insert additional training requirements here.) (Include estimated completion date)

4. The crewmember is / is not MR / CMR / BMC / BAQ.

5. A copy of this letter will be posted in the individual’s FEF and training folder/gradebook until closed. Remove after restriction is rescinded.

(Flight Examiner or CCV Signature Block)

6. Successful retest / additional training / re-evaluation was completed on (Date) by (IP/Supervisor). Recommend remove from supervised status and returned to MR / CMR / BMC / BAQ status.

(CCV Signature Block)

Concur / Non-concur.

(CC Signature Block)
Attachment 10 (Added-18WG)

MONTHLY REPORTS

A10.1. (Added-18WG) Monthly reporting allows 18 OG/OGV to gather critical information for the semiannual SEB and provides an effective means to monitor employment effectiveness, flight safety, and supervisory oversight. It also keeps SQ CCs, DOs and staff agencies informed on data collected and reported by CCV.

A10.2. (18WG) The unit CCV will generate monthly reports certified by the CCV Chief. The report will be submitted electronically to SQ/CC, SQ/DO and 18 OG/OGV. Applicable portions of the report may be submitted to appropriate SQ staff agencies at the discretion of the SQ/CC or SQ/DO. Provide monthly reports to 18 OG/OGV no later than the tenth duty day of the following month. Unit CCV should ensure all evaluations from the reported month are completed and closed out in PEX so that an accurate depiction of the month’s evaluations is captured.

A10.3. (18WG) Format. The format submitted will be a word document with the following data: SQ assigned FEs, trends/near trends, SQ SIIs, AF 847 submissions, completed flight evaluations with discrepancies, completed EPEs with discrepancies, no-notice evaluations with aircrew position breakout, testing results, boldface failures, go/no-go spot check results, letter of X’s (digital link acceptable), part C2 or C3 FCIFs published, FE upgrades, response to supplementary evaluation findings (if required), annual publications and FCIF review, semi-annual testing results, special projects, and waivers/extension status. Ensure that crew position is clearly defined and accurate on the report. Additional required data may be requested by OGV representative.

A10.3.1. (18WG) It is acceptable to supplement the monthly report word document with PEX’s “completed evals” function if it includes data required in the report. Annotate in the report “see PEX attachment.” Attach the PEX document with the monthly report upon submission and ensure the following is annotated in the attachment: under the “evaluations” and “requisite” sections of the report, add the following data: zone month each pilot took the evaluation, test or EPE (4th month, 5th month, etc…) and if the evaluator was HHQ, OGV, or from another SQ (Y or N). Additionally, if any evaluation, test or EPE was taken late, provide a brief explanation of the circumstances leading up to it. Direct any questions to 18 OG/OGV.

**Note:** Rules for determining trends

Sample Population = A (i.e. # of ACs or #Booms)
Items by population = B (i.e. number of people missing a question)

**Rule #1:** For sample sizes greater than 20
A > 20 -- use this rule:
   If A/B is greater than .15 (i.e. 15%), this area is a trend.

**Rule #2:** For sample sizes less than 20
A < 20 -- use this rule:
If B is greater than 3 this area is a trend. (Above shows Navigator area #4 to be a trend)
