Chapter 1

INTRODUCTION

1.1. Overview.

1.1.1. This publication establishes guidance and procedures for processing awards (including personal military decorations) and special trophies. DAF personnel and units at all levels must ensure compliance with this publication.

Commanders use personal military decorations; campaign, expeditionary, and service awards; and unit awards to recognize meritorious or outstanding service, as well as excellence above and beyond the actions of others.

1.1.3. Personal military decorations and unit awards are processed using a 3-step process: proper recommendation and submittal into official channels, approval of the recommendation, and presentation of the approved award.

1.1.4. Campaign, expeditionary, and service awards typically do not enter the 3-step process, as they are considered awards of entitlement that are automatically awarded based on meeting the established criteria.

1.1.5. Awards contained in this publication are not used to recognize military service animals, (e.g., K-9 dogs and horses). **(T-0)**. The exception is provided in [paragraph 8.4](#).

2.7.2. Veterans or their PNOK, refer to [Chapter 5](#).

2.7.3. Miniature medals are not replaced by DAF. However, they may be available for purchase from commercial sources at the requestor's expense.

2.8. Engraving Medals. Medals are not engraved for living recipients, except for the MOH, AFC and medals for foreign nationals and foreign military members. **(T-2)**. For posthumous personal military decorations, engrave valor decorations, the PH, and the Prisoner of War (POW) Medal. **(T-2)**. The engraving is in capital letters and contains the awardee's grade (abbreviated), first name, middle initial, last name, and branch of service.

2.8. (AETC) Engraving Medals. The member's unit of assignment funds the engraving of decorations awarded to foreign nationals and foreign military members assigned to AETC units.

2.9. Public Display of Awards. Public institutions (e.g., state or local government funded, museums, libraries, historical societies, and Chambers of Commerce type organizations), military welfare societies, and DoD and U.S. government agencies may request DAF awards (i.e., medals, ribbons, etc.) for display. Visual aids of awards, such as pictures and posters, do not require authorization to display.

2.9.1. Awards authorized for display remain the property of DAF. These awards may be loaned on a short- or long-term basis. Authorizing officials shall periodically request verification that the display is adhering to requirements. **(T-1)**.

2.9.2. **Display Requirements.** DAF awards are displayed as follows: open to the public under circumstances beneficial to the department, available for public viewing free of charge, protected by a 24-hour guard or alarm system, and displayed in a locked showcase or cabinet that cannot be moved. For the MOH (excludes the MOH flag), bulletproof or shatterproof glass is preferred for the showcase or cabinet.

2.9.3. **Prohibitions.** Awards are not provided to private individuals, associations, or organizations; and in the case of the MOH, will not be provided to foreign governments or institutions. **(T-1)**. Display of awards solely for the purpose of decorating an office or building is not authorized. **(T-1)**.

2.9.4. **Costs.** Awards are provided at cost. The cost covers mailing, engraving, and other incidentals. DoD and U.S. government agencies may be furnished, without cost, one set of

awards for display in the office of the secretary of the government agency provided there is opportunity for public viewing of the display.

2.9.5. Authorizing official maintains a roster of authorizations and periodically verifies that authorizations continue to adhere to DAF requirements. **(T-1)**.

2.9.5.1. The AFPC Military Recognition Branch (AFPC/DP1SSP) authorizes displays for public institutions and DoD and U.S. federal agencies. Submit requests to Headquarters Air Force Personnel Center, ATTN: AFPC/DP1SSP, 550 C Street, Joint Base San Antonio-Randolph, TX 78150.

2.9.5.2. MAJCOM, FLDCOM, Field Operating Agency (FOA), and Direct Reporting Unit (DRU) commander or vice commander (or deputy commander) may authorize their subordinate organizations to display awards, provided the display meets the requirements outlined in [paragraph 2.9](#) Excluded from this authorization are the MOH, AFC, SS, Distinguished Flying Cross (DFC), Airman's Medal (AmnM), Bronze Star Medal (BSM), and the PH. Requests for these awards are submitted to AFPC/DP1SSP (AFPC.DP1SSP.RecognitionProcess@us.af.mil).

2.9.5.3. **(Added-AETC)** Submit requests through command channels to AETC Military Personnel Programs Branch (AETC/A1KK) in Enterprise Task Management Software Solution (ETMS2). Display must be authorized prior to the expenditure of any funds and prior to notifying an individual (or family member) of a proposed display in their honor.

2.10. Verifying Prior Awards. Make every effort to verify entitlement to prior awards before initiating a request to other headquarters or centers. This verification effort includes reviewing all available official records; requesting the member search personal files for copies of special orders or related documents, reviewing instructions for unit awards and campaign and assault landing credit; and reviewing entries on the member's copy of separation certificates or statements of service for previous periods of service.

2.11. Records Management. Commands and organizations ensure records pertaining to the awards program are maintained and disposed of in accordance with AFI 33-322.

2.11. (AETC) Records Management. AETC approval authorities at all levels must ensure compliance with Air Force (AF) records management policy, to include electronic records management filing/staging of approved/disapproved awards. **(T-2)**

Section 2B—Time Limitation

2.12. Time Limitation.

2.12.1. Recommendations (including reconsiderations and upgrades), are entered into official channels within 3 years and awarded within 5 years of the act, achievement, or service performed. The PH is excluded from the time limitation.

2.12.2. Service members currently serving, a time waiver may be requested for SS and lesser decorations (except the PH). The request is submitted through the chain of command the member was assigned to during the period of the act, achievement, or service being recognized, for endorsement by the MAJCOM, FLDCOM, FOA, or DRU Director of Manpower, Personnel, and Services (A1/S1) to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil).

2.13. Requesting Statutory Time Waiver. Recommendations (to include reconsiderations and upgrades) for veterans and nominations for the MOH, AFC, and DSM (pursuant to 10 USC § 9274) submitted after the applicable time limitation are only considered if submitted pursuant to 10 USC § 1130. This legislation allows consideration of recommendations submitted beyond the time limitation. The PH is excluded from this requirement.

2.13.1. Requests shall be made by someone other than the member, who has firsthand knowledge of the acts or achievements. **(T-0)**. Every effort should be made to obtain an endorsement from someone in the member's chain of command at the time of the act, achievement, or service performed.

2.13.2. **Procedure.** The requester submits a written request to a member of Congress for endorsement on a recommendation, pursuant to 10 USC § 1130. Recommendations should include a narrative justification, citation, eyewitness statements (2 or more), and supporting documents. Refer to [paragraph A3.5](#) and [Table 2.1](#) for additional guidance. The member of Congress endorses the recommendation and submits it to the Air Force Legislative Liaison Office, 1160 Air Force Pentagon, Washington, DC 20330-1160. The Air Force Legislative Liaison Office forwards the recommendation to AFPC/IG for action.

Section 2C—Criteria and Eligibility

2.15. General Information. Service members make many personal and professional sacrifices to ensure DAF accomplishes its missions. Acts of valor, non-combat heroism, and meritorious service and achievement deserve special recognition. This manual provides a means for commanders and supervisors to recognize these acts. Refer to **Attachment 2** for a list of decorations and their criteria.

2.15.1. To preserve the integrity of personal military decorations, they are only approved to recognize acts or services that are clearly and distinctly outstanding by nature and magnitude. These acts or services place a member's performance clearly above that of their peers and must be of such importance that they cannot be appropriately recognized in any other way. Members may be recommended for decorations at the conclusion of a completed period of service marked by a PCS, PCA, retirement, or separation. Other times at which members may be recommended for decorations are: upon qualifying under the Extended Tour provision, upon injury or death, or upon performing acts of achievement or non-combat heroism.

2.15.2. The process of approving and presenting a decoration involves the chain of command. Typically, the supervisor prepares a nomination, the first sergeant or senior enlisted leader reviews the nomination (if enlisted), the squadron commander endorses the nomination, the approval authority prepares the award elements and signs the certificate; the military personnel files, updates, and distributes the award elements, and the certificate is presented to the recipient. A variation of this process is authorized; however, the nominee's chain of command is primarily responsible to follow guidance in this publication.

2.15.3. **Award Elements.** For the purpose of this chapter, award elements consist of a certificate, citation (or combined certificate and citation), the special orders announcing the award (may be included on the certificate), folder for encasing the citation and certificate, and a medal set containing the medal with suspension ribbon, ribbon, clusters (if any), lapel button, or rosettes (as applicable).

2.16. Criteria. Refer to [Attachment 2](#) for personal military decorations. Also refer to DoD Instruction (DoDI) 1348.33, *Military Awards Program*, and Volumes 1, 2, 3, and 4 of DoD Manual (DoDM) 1348.33, *Manual of Military Decorations & Awards*, for DoD awards.

2.17. Eligibility. Personal military decorations are approved in accordance with Table 2.2 in DAFI 36-2803, provided a basis for a decoration exists (see [paragraph 2.22](#)).

2.17.1. Reserve members may be recommended for a personal military decoration while serving in active or inactive status; provided the recommendation complies with requirements set by the Air Force Reserve Command, Air Reserve Personnel Center, and/or other assigned and higher command (whichever is applicable). **(T-2)**.

2.17.2. Air National Guard members may be recommended for a personal military decoration while in any status, active or inactive; provided the recommendation complies with requirements set by the National Guard Bureau and the applicable Air National Guard State Headquarters. **(T-2)**. Personal military decorations requiring HAF or the Director, Air National Guard approval are forwarded to the NGB/A1 for staffing.

2.17.3. Retired and separated members may be considered for a personal military decoration. Refer to [Chapter 5](#).

2.17.3. **(AETC)** Submit recommendations for retired/separated personnel requiring AETC Commander (AETC/CC) or AETC Deputy Commander (AETC/CD) or higher approval through command channels to AETC/A1KK in ETMS2. A memo detailing why the package was not submitted in a timely manner, signed by the recommending official, must be included. **(T-2)** Contact AETC/A1KK for additional instructions.

2.17.4. It is not appropriate to approve personal military decorations for members attending or upon completion of training programs, such as Air War College, Undergraduate Pilot Training, or Air Staff Training.

2.17.5. Members of the Other Military Departments.

2.17.5.1. Non-Combat Related. The MSM, ASCOM, and ASAM may only be awarded and presented to a member of another Military Department permanently assigned to a DAF unit or organization without concurrence from the member's Service if, the act, achievement, or service was performed under non-combat conditions. **(T-0)**.

2.17.5.1.1. DSM and LOM nominations will be submitted to the member's Service for processing and final decision. **(T-0)**.

2.17.5.1.2. All other personal military decorations and nominations for members temporarily assigned to DAF units or organizations require Military Department concurrence. Nominations will be submitted through the applicable MAJCOM or FLDCOM A1 or S1 to AFPC/DP1SSP. AFPC/DP1SSP will obtain concurrence from the applicable Military Department and return the decision (concurrence or non-concurrence) to the requesting command for action. **Note:** DAF personal military decorations are not approved for members of the other Military Departments without prior concurrence from the respective Service headquarters. **(T-0)**.

2.17.5.2. Combat Related. Personal military decorations for acts, achievements, or service arising from combat operations may only be considered for members of another Military Department permanently or temporarily assigned to a DAF unit or organization. Military

Department concurrence is required prior to approval of a personal military decoration. (T-0). Nominations will be processed in accordance with the guidelines in [Section 2D](#) and [Attachment 12](#).

2.17.5.3. Personal military decorations and nominations not covered by the requirements in paragraphs [2.17.5.1](#) and [2.17.5.2](#), will be submitted to the member's Service for processing and final decision. (T-0).

2.17.6. **U.S. Public Health Services Officers.** As prescribed by 42 USC § 213, effective 2 August 1990, U.S. Public Health Service officers assigned or attached for full-time duty to a DAF unit or organization are eligible for DAF personal military decorations on the same basis as DAF officers.

2.17.7. **U.S. Civilian, Foreign National, and Foreign Military Personnel.** Refer to [Attachment 8](#) in this publication and Table 2.2 in DAFI 36-2803.

2.18. Who Can Recommend. Any member of the U.S. Armed Forces or DoD civilian employee who has firsthand knowledge of the act, achievement, or service can recommend a personal military decoration.

2.19. Submitting a Recommendation. Supervisors and commanders, at all levels, ensure only deserving personnel are submitted for personal military decorations. Submit recommendations as soon as possible following the act, achievement, or service to ensure the time limitation (see [Section 2B](#)) is met. Refer to [Attachment 3](#) for additional guidance.

2.19.1. Do not submit recommendations in a token effort to "do something for your people".

2.19.2. Recognize acts of valor, non-combat heroism, and meritorious service and achievement, that clearly place the member above his or her peers.

2.19.3. Recommendations are based solely on the merits of a member's actions or the member's level of responsibility, achievements, accomplishments, and manner of performance.

2.19.4. Recommendations should be based on specific projects, plans, programs, or actions that are beneficial to DAF.

2.19.5. Recognition by inspection agencies for superior duty performance, attainment of honors based solely on academic achievement (such as graduating with honors), or receipt of other forms of recognition (for example, selection as Airman or Guardian of the month, quarter, year; recipient of a trophy, or identification as a superior performer by the Inspector General) do not, in themselves, justify a personal military decoration.

2.19.5. (AETC) Do not initiate recommendations when the justification for the decoration is solely for recognition by an inspection agency for superior duty performance, attainment of honors based solely on academic achievement (i.e., graduating with honors from Professional Military Education or other courses of instruction), or receipt of other forms of recognition (i.e., quarterly/annual award winners, special trophy and award recipients).

2.19.6. The criteria for personal military decorations prescribes standards that define the degree and magnitude of an act, achievement, or service considered worthy for approval.

2.19.7. No member is automatically entitled to a personal military decoration upon a permanent change of station, permanent change of assignment, retirement, separation,

completion of a temporary duty, or reaching or achieving other career points at which a personal military decoration may be expected or customarily awarded.

2.19.8. Do not establish preconditions or use personal military decorations for incentives (e.g., if certain inspections are achieved or attainment of a high fitness assessment score) or as prizes in contests.

2.19.9. Immediate supervisors and commanders evaluate all related facts regarding the service of a member before recommending or approving a personal military decoration.

2.19.10. The reassignment (permanent change of assignment and permanent change of station), retirement, separation, or death of a commander or supervisor is not a basis for recommending a subordinate for a personal military decoration.

2.19.11. The appropriate recognition for DAF members assigned to a joint billet at a DoD agency or joint command is with a joint personal military decoration. Exceptions to this rule are the occasion of retirement and separation, when the service or act being recognized was DAF-specific (not related to the joint mission), and combat conditions where an appropriate DoD joint personal military decoration does not exist. Refer to DoD Instruction (DoDI) 1348.33, *DoD Military Decorations and Awards Program*, and Volume 4 of DoD Manual (DoDM) 1348.33, *Manual of Military Decorations and Awards: DoD Joint Decorations and Awards*, for criteria.

2.19.12. Refer to [paragraph 2.21](#) for the honorable service requirement and Attachments [3](#), [4](#), and [5](#) for processing instructions.

2.20. Duplicate Recognition. Only one personal military decoration is authorized for the same act, achievement, or period of service. **(T-0)**. This includes DoD and the other Military Departments' personal military decorations.

2.20.1. Personal military decorations for valor, non-combat heroism, or specific achievement within a longer period of meritorious service is not considered duplication, provided the citation and the accompanying documentation justifying the meritorious service does not cite any of the actions for which the valor, non-combat heroism, or achievement decoration was earned.

2.20.2. A personal military decoration for deployed meritorious service (e.g., BSM) within a longer period of service is not considered duplication, provided the citation and the accompanying documentation justifying the meritorious service does not cite any of the actions for which the deployed meritorious service decoration was given.

2.20.3. Personnel awarded two or more personal military decorations for the same act or service are required to report the discrepancy to their servicing military personnel flight.

2.21. Honorable Service Requirement. In accordance with 10 USC § 1136, do not approve or present a personal military decoration to any person whose entire service after the distinguished act, achievement, or service has not been honorable. **(T-0)**. Refer to [paragraph 2.27](#) for revocation procedures.

2.22. Basis (Condition) for Personal Military Decorations. Recommendations are considered based on the merits of the member's actions. Refer to Table 2.2 in DAFI 36-2803. Approval authorities establish policy and determine the propriety for situations or assignment locations in which a projected action (permanent change of station, retirement, separation, etc.) is forthcoming.

2.22.1. **Meritorious Service.** Recommendations for meritorious service are typically awarded for a period of service greater than 12 months. Approval authorities may adjust the start and end dates of a personal military decoration based on the honorable service requirements in [paragraph 2.21](#).

2.22.1.1. Permanent Change of Station and 365-Day Temporary Duty Deployment. The start date for a personal military decoration is the date arrived at station or unit. If a previous permanent change of station, permanent change of assignment, or extended tour decoration was approved and the inclusive period extends into the inclusive period of the new nomination, the start date is the first day after the ending date of the previous award. The end date is the projected departure date as reflected on the DECOR6, which is usually the scheduled out-processing date from the military personnel flight.

2.22.1.1.1. Should a member receive notice for a 365-day temporary duty deployment and be eligible for a personal military decoration on the occasion of a permanent change of station, follow the procedures outlined in [paragraph 2.22.2.3](#).

2.22.1.1.2. Only on very rare and unusual occasions (such as base closure, unit deactivation, military to contract conversion, assignments less than 12 months, Reserve IMAs, etc.) in which a member was not recommended for a personal military decoration, combining service in two (or more) assignments or commands to justify a decoration is authorized. When this is warranted the losing commander of the member being recognized provides written input for the service period at that assignment or command to the current supervisor. **(T-1)**.

2.22.1.2. Permanent Change of Assignment. A permanent change of assignment is a reassignment from one unit to another on the same base. The new assignment must be markedly different from the previous duty to meet the intent of the completed period of service requirements. **(T-1)**. The member's losing supervisor or commander may forgo a personal military decoration to qualify the member later for an extended tour decoration. The permanent change of assignment is the date arrived station or date arrived to the organization. If a previous permanent change of assignment or extended tour decoration was approved, the start date of the new nomination is the first day after the end date of previous decoration. The end date for a permanent change of assignment is the projected departure date.

2.22.1.3. Retirement.

2.22.1.3.1. The retirement start date is normally the date arrived station, most recent assignment, or unit. If a previous permanent change of assignment or extended tour decoration was approved, the start date of the new nomination is the first day after the end date of the previous decoration. The end date for retirement decorations is the last day of the month prior to the retirement effective date. For example, if the projected retirement effective date is 1 July, the nomination end date is 30 June.

2.22.1.3.2. The disability retirement start date is the same criteria as the length of service. The end date is the date of retirement. Disability retirements can occur any day within a month.

2.22.1.4. Separation. The separation start date is normally the date arrived station, most recent assignment, or unit. If a previous permanent change of assignment or extended tour

decoration was approved, the start date of the new nomination is the first day after the end date of the previous decoration. The end date is the projected separation effective date.

2.22.1.5. Posthumous. The posthumous start date is normally the date arrived station, most recent assignment, or unit. If a previous permanent change of assignment or extended tour decoration was approved, the start date of the new nomination is the first day after the end date of the previous decoration. The end date is the date of the member's death.

2.22.1.6. Extended Tour. A member may be considered for a personal military decoration for clearly outstanding and unmistakably exceptional or meritorious service for an extended period. For the MSM and lesser personal military decorations, the member should be assigned to the unit or base for 3 or more years; and 4 or more years for the LOM. After approval of an extended tour decoration, supervisors may consider a personal military decoration for a subsequent completed period of service, regardless of the time period elapsed since the extended tour decoration.

2.22.1.7. (Added-AETC) Commanders on G-Series Orders: Start date is the date the member assumed command per the G-series orders; stop date is the date the member relinquished command. If the officer is retiring, stop date is the day prior to the retirement effective date.

2.22.2. **Outstanding Achievement.** Recommendations for outstanding achievement usually cover a short period of time with definite beginning and ending dates, typically less than 12 months.

2.22.2.1. To afford prompt recognition, submit personal military decorations for outstanding achievement within 10 duty days, if practical, after the specific act or accomplishment.

2.22.2.2. Submit a recommendation for outstanding achievement only when there is no other way to recognize the specific act or achievement and waiting would diminish the significance of the accomplishment. Do not use the basis of outstanding achievement to justify personal military decorations when the conditions for a completed period of service have not been met.

2.22.2.3. 365-Day Temporary Duty Deployment.

2.22.2.3.1. Consideration for a personal military decoration is reserved for DAF members selected to deploy from home station for a 365-day period. Members selected for this temporary duty could receive a follow-on assignment to another installation upon completion of the temporary duty; however, some members return to home station. Should a member be selected for a follow-on assignment to another installation and the member is considered for a personal military decoration based on this criteria, the inclusive period start date is the date arrived station at the deployed location and the closeout date is the date of departure from the deployment location. If applicable, the inclusive period for the permanent change of station decoration should be the date arrived on station unless a previous personal military decoration closed out after this date (i.e., permanent change of station, permanent change of assignment, or extended tour), and the close date should be the final out-processing date or the date estimated return from overseas (DEROS).

2.22.2.3.2. Submission. Processing a recommendation prior to a 365-day temporary duty deployment would follow the same processing procedures for other personal military decorations at home station. The recommending official should confirm the member's projected 365-day temporary duty inclusive period to ensure the member's entire period of service on the installation is properly captured in the submission. Should the member not receive a personal military decoration from the deployed location, this prevents the member from having a break of dates at home station and the member's accomplishments could then be captured in the recommendation. Deployed locations that submit a personal military decoration for a 365-day period processes the nomination as an achievement decoration. Upon approval, the deployed location is responsible for forwarding a copy of the approved decoration to the member's home station and, if applicable, to the member's gaining base or military personnel flight for inclusion in the member's personnel records.

2.22.2.4. Aerial Achievements. Recognize aircrew members involved with operating aircraft or other personnel performing aircrew duties. The recommendation must clearly substantiate the exceptional performance and outstanding airmanship above that normally expected of professional service members. **(T-1)**.

2.22.3. **Non-Combat Heroism.** An act or acts of heroism involving voluntary risk of life under conditions other than those of conflict with an armed enemy of the U.S.

2.22.4. **Valor.** An act or acts of heroism above what is normally expected in direct combat with an enemy of the U.S., or an opposing foreign or armed force, with exposure to enemy hostilities and personal risk.

2.23. Approval and Disapproval Authority. Approval and disapproval authorities will comply with the responsibilities prescribed in this publication. Refer to Table 2.2 in DAFI 36-2803 for a list of approval authorities.

2.23.1. **Approval Authority.** Approval authority evaluates nominations within his/her command to determine appropriateness and may approve, disapprove, and if applicable or authority exists, may downgrade or upgrade.

2.23.1.1. Refer to Table 2.2 in DAFI 36-2803, for a list of approval authorities for personal military decorations.

2.23.1.2. Annual Reporting Requirement.

2.23.1.2.1. DSM and LOM approval authorities will provide an annual report for the preceding calendar year to the AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) no later than 31 January each year. **(T-1)**. The report will be formed from all DSM and LOM nominations considered for the year and include the nominee's name, grade and duty title, inclusive period, award reason (i.e., PCS, retirement), disposition (i.e., approved, disapproved, downgraded, or recommended for upgrade (if applicable)), and whether the nomination was an exception to policy.

2.23.1.2.1. **(AETC)** AETC approval authorities will submit an annual Legion of Merit report to AETC/A1KK no later than 15 January. **(T-2)** AETC/A1KK will submit a consolidated report to Secretary of the Air Force Personnel Council (SAFPC) by 31 January. **(T-2)**

2.23.1.2.2. Delegated approval authorities for valor decorations (refer to DAFI 36-2803) will provide an annual report to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil). Refer to **Section 2D** and **Attachment 12** for the requirements.

2.23.1.3. The Secretary of the Air Force Decorations Board approves nominations for U.S. Public Health Services officers and all personal military decorations with the “V” or “C” device (see **Attachment 16** and Table 2.3 in DAFI 36-2803), unless authority has been delegated by SecAF.

2.23.1.4. Approval authority for the AM (without valor) and AAM is restricted to units with a flying mission.

2.23.1.5. Approval authority for joint units is restricted to nominations for DAF members only. Refer to **paragraph 2.19.11** for additional guidance.

2.23.2. **Disapproval Authority.** A recommendation may be disapproved by a colonel/0-6 or higher (or civilian leader equivalent) in the chain of command provided the officer has approval authority for the next lesser personal military decoration. Refer to DAFI 36-2803 for personal military decorations arising from combat conditions, international terrorists and foreign terrorist organizations, and international incidents.

2.24. Increase in Retirement Pay Based on Extraordinary Heroism. This entitlement is authorized by the Secretary of the Air Force Decorations Board for enlisted members in accordance with of 10 USC § 9361. Refer to AFI 36-3203, *Service Retirements*, for additional information and eligible personal military decorations. The board's decision will be annotated on the special order (refer to [Attachment 4](#)).

2.25. Reconsiderations and Upgrades. Refer to [Attachment 3](#).

2.26. Presentation. Approved personal military decorations should be presented in a binder or folder, at an appropriate and dignified ceremony at the earliest possible date. Posthumous presentations should be presented in a binder to the PNOK. Refer to AFI 34-1201 for additional guidance.

2.26.1. It is highly recommended units support the "Pin 'Em Where You Win 'Em" practice which promotes timely approval and presentation to members prior to departing the organization, unless the member specifically requests otherwise.

2.26.2. When practical, POTUS presents the MOH (including the MOH flag, if applicable) in a formal ceremony in Washington, D.C; and SecAF presents the AFC in a formal ceremony at the Pentagon.

2.26.3. For approved nominations of the SS and DFC with Valor, an invitation to the presentation ceremony is sent via the MAJCOM or FLDCOM A1/S1 to SecAF and the applicable Service Chief (Chief of Staff of the Air Force (CSAF) and Chief of Space Operations (CSO)) and Chief Master Sergeant (CMSAF and CMSSF). **(T-2)**.

2.26.4. **365-Day Tour.** Presentation should take place at the home station prior to the member's departure on a 365-day temporary duty. If the member is required to return to home station for out-processing purposes, the presentation ceremony should take place upon the member's return. The recommending official is responsible for coordinating with the member and the military personnel flight to ensure adequate presentation.

2.26.5. **Presentation to PNOK.** If the recipient is deceased, the recipient's squadron commander or other designated representative, determines the presentation desires of the PNOK. Posthumous decorations and decorations approved but not presented prior to the recipient's death, usually are not presented until an appropriate period of time lapses after the recipient's interment, depending on circumstances and the PNOK's bereavement. The PNOK is entitled to receive all personal military decorations earned by the member but not presented prior to the member's death.

2.26.5.1. Whether or not a personal military decoration is presented to the PNOK of married deceased members, a duplicate set of award elements is provided cost free to the parents (surviving father or mother, unless legal exclusive (sole) custody was granted to a person by reason of a court decree or statutory provision). These elements may be presented to the parents during the presentation ceremony held for the PNOK, if mutually convenient and agreeable to all concerned, or may be delivered or mailed to the parents at a later date. A separate presentation ceremony will not be held to present duplicate award elements.

2.26.5.2. Ceremony officials read the citation and present the medal and original certificate and citation in a presentation binder to the PNOK at the gravesite, funeral service, at a

formal parade and ceremony, at an office ceremony in the commander's office or other appropriate room or office in the headquarters or installation, or at an informal ceremony at the PNOK's residence.

2.26.5.3. The medal may be pinned to the PNOK's clothing or may be presented in the open award case.

2.27. Revocation. Refer to [Attachment 4](#) for revocation procedures.

2.27.1. Approval authorities may revoke a decoration if facts, later determined, would have prevented original approval or presentation of the decoration, or if the basis for the decoration no longer exists (i.e., cancellation of retirement or permanent change of station). Approval authorities should seek legal advice from their base judge advocate whenever there is doubt as to the propriety of a revocation.

2.27.2. Revocations under the honorable service requirements in [paragraph 2.21](#) should be limited to those cases where the member's actions are not compatible with continued military service (e.g., dismissal of a commissioned officer from military service), result in criminal convictions, result in determinations that the member did not serve satisfactorily in a specific grade or position, result in a discharge from military service that is characterized as "Other Than Honorable," "Bad Conduct," or "Dishonorable."

2.28. Refused Decorations. A member may refuse to accept an approved decoration. The unit will file documents that prove the member did not accept the decoration along with a copy of the citation and special order in the member's unit personnel record. Do not revoke the special order. (T-1). The servicing military personnel flight updates the member's personnel records that the decoration was an approved award.

Section 2D—Decorations and Awards Arising from Combat Conditions, International Terrorists, Foreign Terrorist Organizations, and International Incidents

2.29. Combat Conditions. Refer to DAFI 36-2803 for policy. For preparing and processing valor decorations and unit awards refer to [Attachment 12](#) in this publication. To ensure timely recognition and accurate substantiation, nominating officials submit recommendations within 90 days of the act, event, or service being recognized. In the case of hostilities of limited duration, all recommendations should be submitted within 90 days after the cessation of hostilities.

2.30. International Terrorists, Foreign Terrorist Organizations, and International Incidents. Refer to DAFI 36-2803 for policy. SAF/MRM notifies the Under Secretary of Defense for Personnel and Readiness of PH requests involving international terrorists or foreign terrorist organizations, prior to SecAF approval.

Chapter 3

UNIT AWARDS

3.1. General Information. Unit awards are designed to recognize DAF units for acts of valor, non-combat heroism, and meritorious service or achievement during peacetime, armed conflicts, international tension, national emergencies, or extraordinary situations or events that involve national interests. Unit awards are not intended to recognize single individual actions, but rather to acknowledge and recognize the combined efforts of every member of a unit or organization. Refer to [Attachment 9](#) for unit award criteria and [Attachment 10](#) for guidance on campaign participation credit, campaign streamers, and assault landing credit.

3.1. (AETC) General Information. AETC/A1KK is the office of primary responsibility for the AETC (below Headquarters [HQ] AETC-level) Unit Award Program. AETC/CC is the approval authority for the AETC Unit Awards program and has delegated Air and Space Outstanding Unit Award (ASOUA) and Air and Space Organization Excellence Award (ASOEA) approval authority to AETC/CD.

3.1.1. To preserve the integrity of unit awards, nominations should be limited to acts or service that are clearly and distinctly outstanding by nature and magnitude. The acts or service recognized places the unit's performance above that of other units similar in composition and mission and must be of such importance that they cannot be appropriately recognized in any other way.

3.1.2. Unit award recommendations are normally submitted annually, but this does not preclude recommendations for outstanding achievement. A unit award based on outstanding achievement does not preclude a second award based on meritorious service. The unit's entire service must have been honorable during the inclusive period of the nomination. **(T-1)**.

3.1.3. Units from the other Military Departments are not authorized DAF unit awards. **(T-1)**. However, they may share a unit award approved for a DAF unit (refer to [paragraph 3.6](#)).

3.1.4. A foreign unit may only be recommended for a DAF unit award if the qualifying combat action was in direct support of a U.S. military operation.

3.1.5. Refer to [paragraph 3.6](#) for instructions on sharing unit awards.

3.1.6. Refer to [Chapter 6](#) for guidance on receiving non-DAF unit awards.

3.1.7. **(Added-AETC)** The annual close out date for AETC unit awards is 30 Jun. Approximately 15 Jun of each year AETC/A1KK will solicit unit award (ASOUA and ASOEA) nominations via ETMS2. **(T-2)** Suspense for nominations to AETC/A1KK will be approximately 30 Sep.

3.1.7.1. **(Added-AETC)** 2 AF, 19 AF, Air University (AU), and Air Force Recruiting Service (AFRS) will select their wing-level and below nominations and provide them to AETC/A1KK for consolidation and final approval by AETC/CD. **(T-2)** 502 Air Base Wing, 59 Medical Wing, HQ 2 AF, HQ 19 AF, and HQ AU will submit nominations directly to AETC/A1KK for boarding. **(T-2)** Board results will be submitted to AETC/CD for final approval. HQ AFRS is considered part of the HQ AETC staff and is included in the HQ AETC nomination for the AF-level ASOEA.

3.1.7.2. **(Added-AETC)** The following are the requirements for Air Force unit award nominations for which AETC/CD has approval authority:

3.1.7.2.1. **(Added-AETC)** Recommendation Memo: Prepare on official letterhead and address to HQ AETC/A1KK. Ensure opening paragraph includes the name of the parent unit, name of the award, type of service (exceptionally meritorious service or outstanding achievement) and the inclusive period of the award.

3.1.7.2.1.1. **(Added-AETC)** In the second paragraph, list all unit awards the parent unit earned the last 5 years and any other unit or team recognition (including deployment awards) earned by parent and subordinate units during the inclusive period.

3.1.7.2.1.2. **(Added-AETC)** Include a statement indicating the Subordinate Organization Matrix (instructions below) has been validated and all the organizations listed will share with the parent organization. Do not list specific subordinate organization information on the recommendation memo.

3.1.7.2.1.2.1. **(Added-AETC)** Per [paragraph 3.7.3](#), provide justification for any units with resident staff assigned, or list each resident staff member, authorized to share in the unit award.

3.1.7.2.1.2.2. **(Added-AETC)** The recommendation memo is signed (written or electronic) or endorsed by the 2 AF, 19 AF, AU, AFRS, or wing or wing-equivalent commander. The deputy or vice commander may sign the letter if the commander is unavailable. Finally, identify an administrative point of contact (include rank, name, office phone number and email address) and submit to A1KK as a .pdf file. Include the following documents as attachments to the Recommendation Memo:

3.1.7.2.2. **(Added-AETC)** Subordinate Organization Matrix: List the parent unit and all assigned and attached subordinate units (by Personnel Accounting Symbol [PAS] code in alphabetical order) that will share in the award by providing the full organization title, office symbol, PAS code, award inclusive dates, and any additional information pertinent to the award period.

3.1.7.2.2.1. **(Added-AETC)** Only utilize each PAS code once, no duplicate PAS codes.

3.1.7.2.2.2. **(Added-AETC)** Do not list student squadrons unless resident staff is assigned. See [paragraph 3.7.3](#).

3.1.7.2.2.3. **(Added-AETC)** Coordinate the Subordinate Organization Matrix with the local Manpower office to validate it accurately reflects all subordinate organizations (and PAS codes) that will share the award. Matrix information is used to publish special orders. Requests for changes after special orders are published are signed or endorsed by the parent organization commander or vice commander.

3.1.7.2.2.4. **(Added-AETC)** Submit the matrix to A1KK as an Excel file or a Word file with an imbedded Excel file.

3.1.7.2.3. **(Added-AETC)** Nomination/Narrative Justification: Submit on the most current version of the AF Form 1206, *Nomination for Award*, available on E-Pubs.

3.1.7.2.3.1. **(Added-AETC)** Limit award justification to the “Specific Accomplishments” block. Limit to front and back of the AF Form 1206. Ensure it highlights unit accomplishments during the submission period that are clearly and distinctly outstanding, placing the unit’s performance above other units similar in composition and mission. Begin the justification with a mission statement (usually one sentence long) using the heading "Mission:" and state in present tense the mission of the parent unit. Only use “Performance Statement” narrative style, written in past tense. Bullet format is not authorized. See <https://www.afpc.af.mil/Career-Management/Awards/> for additional guidance on the “Performance Statement” narrative style. Heading lines are optional. Competitive packages are well organized with strong supporting justification. Unrelated and unsubstantiated justification degrade nomination packages. If using acronyms and abbreviations, use only those identified and on the approved Air Force Acronym and Abbreviation List. Submit the actual AF Form 1206, not a scanned copy.

3.1.7.2.3.2. **(Added-AETC)** The justification may not contain classified information.

3.1.7.2.4. **(Added-AETC)** Proposed Unit Award Citation: Use portrait orientation, with 1 inch top and side margins; and 3 inch bottom margin. Do not identify oak leaf clusters. Use Times New Roman font, size 11, maximum 15 lines. Do not change opening or closing sentences or use acronyms. Submit as an editable Word document using the following format:

Figure 3.1. (Added-AETC) UNIT AWARD CITATION GUIDANCE

<p>CITATION TO ACCOMPANY THE AWARD OF</p> <p>(Double Space)</p> <p>THE AIR AND SPACE OUTSTANDING UNIT AWARD</p> <p>(Double Space)</p> <p>TO</p> <p>(Double Space)</p> <p>56TH FIGHTER WING</p> <p>(Triple Space)</p> <p>The 56th Fighter Wing, Air Education and Training Command, distinguished itself by exceptionally meritorious service (or outstanding achievement) from 1 July 2016 to 30 Jun 2018. During this period, the 56th Fighter Wing... The distinctive accomplishments of the members of the 56th Fighter Wing reflect great credit upon themselves and the Department of the Air Force.</p>

3.1.7.2.5. **(Added-AETC)** Other Recognition Certificates (if applicable): Provide scanned copies of certificates/citations for unit/team recognition (including deployment awards) earned by parent and subordinate units during the inclusive period and listed in the Recommendation Memo.

3.1.7.2.6. **(Added-AETC)** Acronym Page: Provide editable Word document, portrait layout, 1 inch top and side margins, with the name of the Parent Unit at the top of the page. Do not use page headers or footers. List and define the acronyms used throughout

the package in alphabetical order and in two columns, if necessary. Try to limit to one page.

3.1.7.2.7. **(Added-AETC)** Tenant Unit Sharing Concurrence (if applicable): Parent organizations may identify tenant (non-AETC) units to share in the award providing the tenant units' parent MAJCOM/FLDCOM/FOA/DRU A1 concurs with the award in writing. Parent MAJCOM/FLDCOM/FOA/DRU A1 concurrence is submitted with the nomination package as a .pdf file. **Note:** Do not include a tenant unit or any of the tenant unit's achievements unless proper concurrence has been obtained.

3.1.7.2.8. **(Added-AETC)** Exception to Policy (ETP) Request Memo (if applicable): All unit award ETP requests require SAFPC or MAJCOM/FLDCOM approval. In general, numbered units are eligible for and nominated for the ASOUA and unnumbered units are eligible for and nominated for the ASOEA. Any situation which results in a parent unit sharing a unit award with an unlike subordinate unit requires approval of an ETP. Likewise, any unit (numbered or unnumbered; parent or subordinate) with less than one calendar year of meritorious service requires an ETP approval to earn an ASOUA or ASOEA.

3.1.7.2.8.1. **(Added-AETC)** ETP requests are fully justified on this memo. List each unit for which an ETP is being requested and fully explain why the unit should share with the parent organization rather than be nominated for a unit award on its own merits, or why the unit should earn a unit award with less than one year of meritorious service.

3.1.7.2.8.2. **(Added-AETC)** Prepare the ETP memo on official letterhead and address to HQ AETC/A1KK. The same official who signed the Recommendation Memo signs this memo. Submit as a .pdf file.

3.1.7.2.9. **(Added-AETC)** Request for Sister Service Unit Concurrence Memo (if applicable): In accordance with [paragraph 3.6.2](#), when the actions or service are in direct support of combat operations (war) or armed conflict, parent organizations may identify sister-service organizations to share in an Air Force unit award. If the parent unit is selected for a unit award, the entire unit award package is forwarded to AFPC to obtain formal sister service concurrence. Document the nomination of a sister-service unit on a separate memo prepared on official letterhead, addressed to AETC/A1KK, and signed by the same official who signed the Recommendation Memo. List the full name and service of each nominated unit, and to two or three main achievements of each sister service unit listed. Submit memo with the nomination package as a .pdf file.

3.1.7.2.10. **(Added-AETC)** Request for Sister Service Personnel Concurrence Memo (if applicable): In accordance with [paragraph 3.7.5](#), members of other Military Services assigned or attached to an Air Force unit during the award inclusive period may share in a unit award. If the parent unit is selected for a unit award, the entire unit award package is forwarded to AFPC to obtain formal sister service concurrence. Document the nomination of sister service personnel on a separate memo prepared on official letterhead, addressed to AETC/A1KK, and signed by the same official who signed the Recommendation Memo. List the full name, grade, and service of each nominated member, and at least three achievements detailing how their service was in

direct support of a war or armed conflict contributing to the AF unit's mission. Submit memo with the nomination package as a .pdf file.

3.1.7.2.11. **(Added-AETC)** Board Summary Memo: 2 AF, 19 AF, AU, and AFRS submit a board summary memo which includes a list of all nominated units, identifies selected units, and explains the process used for selection. This memo is signed by the respective commander or vice commander.

3.1.7.3. **(Added-AETC)** Submit recommendations to AETC/A1KK Workflow (aetc.a1kkm.workflow@us.af.mil) no later than the established suspense date. Extensions will only be granted for extraordinary circumstances. Nomination packages submitted late and without an approved extension will be returned without action.

3.2. Limitations.

3.2.1. Only one unit award is authorized for the same act, achievement, or period of service. **(T-1)**. This policy includes DoD and the other Military Departments' unit awards.

3.2.2. Recommendations are formally entered into official military channels within 3 years and awarded within 5 years of the termination date of the act, achievement, or service performed. **(T-0)**. However, it is DAF's goal that nominations for valor decorations be initiated within 90 days of the act justifying the award.

3.2.3. Recommendations for exceptionally meritorious service cover a period of not more than 2 years and not less than 1 year. **(T-1)**.

3.2.4. Recommendations for outstanding achievement cover a period of not more than 1 year. **(T-1)**.

3.3. Approval Authority. Refer to DAFI 36-2803 and **Table A9.1** in this publication. Approves unit award nominations based on the merits of the unit.

3.3.1. **Prepare Certificates, Citations, and Special Orders.** Refer to **Attachment 4**. Also refer to **Attachment 10** for requesting streamers.

3.3.2. **Distribution of Special Orders.** Copies of special orders are forwarded by 31 December of each year, to AFPC/DP1SSP (AFPC.DP1SSP.RecognitionProcess@us.af.mil) and the Air Force Historical Research Agency (AFHRA/RSO), 600 Chennault Circle, Maxwell, AFB AL 36112-6424 or email to afhra.rs@us.af.mil, Attention: RSO.

3.4. Reconsiderations. Initiate a reconsideration request within 1 year of the date the recommendation was disapproved. Requests are submitted through the same official channels that the original recommendation was processed to the current approval authority (in that chain of command) for decision. The request should include justification for the reconsideration and a copy of the original recommendation package, to include all endorsements and previous decisions. A one-time reconsideration by the approval authority is final.

3.5. Unit Awards Arising from Combat Operations. Refer to **Attachment 12**.

3.6. Sharing Approved Unit Awards. Units and organizations may share their award with like subordinate organizations (i.e., a numbered parent organization may share with subordinate units-numbered or unnumbered). **(T-1)**. Sharing of parent unit or organization awards is not automatic. Each subordinate unit must be able to demonstrate a direct impact on parent unit mission accomplishment. **(T-2)**.

3.6. (AETC) Sharing Approved Unit Awards. All ETP requests require SAFPC or MAJCOM CC/CD approval. Approved ETP requests do not carry over to subsequent award submissions. Parent units requesting an ETP of any kind (i.e., sharing with unlike unit, less than one year of meritorious service) must provide a separate ETP Request Memo with their nomination package. **(T-2)** See [paragraph 3.1.7.2.8](#).

3.6.1. Host organizations may identify tenant units to share in their award providing the tenant unit's parent MAJCOM, FLDCOM, FOA, or DRU concurs in writing.

3.6.2. Units of the other Military Departments may only share in a DAF unit award when the actions or service was in direct support of a war or armed conflict. Before completing the special order, the approval authority forwards the entire nomination package to AFPC/DP1SSP (AFPC.DP1SSP.RecognitionProcess@us.af.mil) to obtain concurrence from the respective Military Department headquarters. Include with the nomination a list containing the names of the Military Department units and personnel intended to share the unit award.

3.6.2. **(AETC)** Parent units desiring to share an Air Force unit award with a sister service unit must provide a separate recommendation memo. **(T-2)** This memo should identify the unit and provide supporting justification of at least three achievements showing the actions or service were in direct support of a war or armed conflict.

3.6.3. DAF unit awards are not authorized to be shared with foreign units. **(T-1)**. However, foreign units may be recommended for a unit award on their own merit.

3.7. Individual Entitlement to Unit Awards.

3.7.1. Assigned and attached members (to include civilian employees) who served in the unit or organization for at least 1-day during the inclusive period of the award and directly contributed to the mission and accomplishments of the unit, are authorized the appropriate ribbon. Civilian employees wear the lapel button. The commander of the approved unit validates and determines entitlement via the AF Form 104 for military and a memorandum for civilians.

3.7.2. Personnel and students who are on temporary duty with a unit or organization approved for a unit award are not entitled to share the unit award, unless authorized by the unit award approval authority. The approval authority determines whether the contributions of the personnel or student(s) on temporary duty significantly and directly contributed to the mission and accomplishments of the unit or organization. The AF Form 104 for military and a memorandum for civilians are submitted to the servicing personnel flight.

3.7.2. **(AETC)** Personnel in student status do not normally contribute directly to the daily mission and accomplishments of the unit, and therefore are not eligible to share in unit awards. As an exception, if a unit award approval authority deems an assigned student meets the criteria for individual entitlement to an award, the unit award approval authority may provide a letter to the student authorizing them to share in the award. The student should provide the letter to their servicing Military Personnel Flight for update of the Military Personnel Data System and filing in their official personnel records.

3.7.3. Resident staff of DAF units or organizations may be entitled to share in unit awards provided the commander who submitted the recommendation made reference to this entitlement in the nomination package, or if the unit or organization commander signs a

memorandum identifying each resident staff member and authorizing entitlement. Blanket approval is not authorized. **(T-1)**.

3.7.4. Personnel on temporary duty or permanently assigned or attached to an air expeditionary force, contingency, or provisional unit for at least one-day during the inclusive period of a unit award are authorized the award, provided they directly contributed to the mission and accomplishments of the unit.

3.7.5. Individual members of the other Military Departments and foreign military personnel may share in a unit award if they were assigned or attached to a DAF unit or organization anytime during the inclusive period of the award. The approval authority forwards the entire nomination package (including a list containing the names of the members of the other Military Departments and foreign military personnel), to AFPC/DP1SSP (AFPC.DP1SSP.RecognitionProcess@us.af.mil) to obtain concurrence.

3.7.5. **(AETC)** Parent units desiring to share an Air Force unit award with sister service members must provide a separate recommendation memo. **(T-2)** This memo should identify the members and provide supporting justification of at least three achievements showing the actions or service were in direct support of a war or armed conflict. See **paragraph 3.1.7.2.10**.

3.7.6. Effective 2 August 1990, U.S. Public Health Service officers may share in a unit award if they were assigned to a DAF unit or organization anytime during the inclusive period of the award.

Chapter 4

CAMPAIGN, EXPEDITIONARY, AND SERVICE AWARDS

4.1. Background. Campaign, expeditionary, and service awards recognize participation in military campaigns and expeditions, significant military operations, personal military service, or attainment of a requirement. These medals are divided into the following categories.

4.1.1. Campaign Medals. Recognize long-duration combat operations and are associated with the highest level of personal risk and hardship. The medals are awarded to service members who are deployed to the geographic areas where the combat is actually occurring. Members deployed to areas where combat is occurring as a result of prolonged or large-scale military combat operations should be recognized with a separate and distinct campaign medal.

4.1.2. Expeditionary Medals. Recognize deployed participation in small-scale and/or short-duration combat operations or military operations where there is an imminent threat of hostilities. Expeditionary medals are also awarded to members deployed in support of combat operations, but who are not in the geographic area where the actual combat is occurring. Expeditionary medals are associated with high levels of personal risk and hardship.

4.1.3. Service Awards. Recognize support to operations while deployed or at home station, military service during a period of time, or attainment of a requirement.

4.1.3.1. Deployed Service Awards. Recognize deployment or assignment to a designated area of eligibility to participate in, or directly support, a designated military operation where there is no foreign armed opposition or imminent threat of hostile action.

4.1.3.2. Individual Service Awards. Individual service medals recognize individual merit; direct participation in a DoD approved military activity, undertaking, event, or operation; or service during a specified period.

4.1.3.2.1. Some individual service awards, such as the POW medal, may recognize service involving significant personal risk and hardship, while others only recognize being in active military service during a particular period of time.

4.1.3.2.2. Some individual service awards, such as the Overseas Ribbon (Long and Short), may recognize attainment of specific types of pre-established criteria or requirements.

4.2. General Information.

4.2.1. Refer to Attachments **13**, **14**, and **15** for criteria. Unless specified in the eligibility criteria, campaign, expeditionary, and service awards are not awarded retroactively and do not have Weighted Airman Promotion System (WAPS) point values.

4.2.2. Only one campaign, expeditionary, or service award is authorized for the same act, achievement, or period of service, unless the criteria authorize multiple awards (**T-1**).

4.2.3. DAF members may accept the other Military Departments' campaign, expeditionary, and service awards. However, they are not eligible for campaign, expeditionary, and service awards issued by any federal department or agency outside DoD, or by any foreign nation (unless authorized by DoD).

4.2.4. Campaign, expeditionary, and service awards may be awarded posthumously and presented to the deceased member's PNOK.

4.2.5. U.S. civilians, foreign nationals, and foreign military personnel are not eligible for campaign, expeditionary, or service awards, unless specified in the award criteria. **(T-0)**.

4.2.6. U.S. Navy and U.S. Marine Corps members are not eligible for DAF campaign, expeditionary, or service awards. **(T-0)**.

4.2.7. The period of service qualifying an individual for an award listed in this section must have been honorable. **(T-0)**.

4.2.8. Certificates and special orders are not issued for campaign, expeditionary, or service awards.

4.3. Submitting a Request. Unless otherwise stated in the award criteria, nominations are submitted on the AF Form 104, *Service Medal Award Verification*, approved by the commander, and submitted to the servicing military personnel flight.

4.4. Requests for Veterans and Deceased Members. Refer to **Chapter 5**. Proof of at least one day of eligibility may qualify the veteran or deceased member for the Nuclear Deterrence Operations Service Medal (basic).

4.5. Exception to policy. Nominations that do not meet the duty requirement are submitted through the member's chain of command to AFPC/DP1SSP.

Chapter 5

5.1. Background. Veterans (retired and separated) and the PNOK of deceased members may request consideration and reconsideration for awards in this publication. Refer to [Attachment 2](#) for a list of personal military decorations.

5.2. Submitting Recommendations. Refer to [Section 2B](#) for submitting recommendations past the time limitation, reconsiderations, and upgrades.

5.2.1. 5.4. Correction of Military Records. The AFBCMR considers applications after all administrative remedies have been exhausted to correct the alleged error or injustice. Refer to [Section 2B](#) and [Chapter 5](#) for administrative options, and AFI 36-2603, *Air Force Board for Correction of Military Records (AFBCMR)*. Requests to the AFBCMR is submitted using a DD Form 149, *Application for Correction of Military Record*.

5.5. Veterans Replacing Certificates and Medals. Veterans or their PNOK may submit requests (with supporting documentation and the Report of Separation – WD AGO 53-55, DD Form 214, etc.) for replacement certificates and medals to Headquarters, Air Force Personnel Center, ATTN: AFPC/DP1SSP, 550 C Street, Joint Base San Antonio-Randolph, TX 78150-4714. Requests are submitted on a Standard Form (SF) 180, *Request Pertaining to Military Records*. Replacement medals are mailed to the requester within 90 days after verification of the veteran’s service record.

5.6. Correction of Decorations. Correction solely to create chronological sequence of a veteran’s (discharged and retired member) decoration(s), is not necessary. However, the veteran’s DD Form 214 (or Report of Separation for service prior to 1950) must reflect the correct number of decorations awarded.

Chapter 6

RECEIPT OF NON-DAF AWARDS

6.1. General Information. This chapter does not apply to DoD and joint personal military decorations. Typically, the most appropriate means to recognize USAF and USSF members is through the DAF awards program.

6.2. Other Military Departments' Awards.

6.2.1. Personal Military Decorations.

6.2.1.1. Non-Combat Related. Awards of the MSM and the other Military Departments' Commendation and Achievement Medals may be awarded to DAF members permanently assigned to a unit or organization of the other Military Departments without written concurrence from DAF, provided the act, achievement, or service was performed under non-combat conditions. **(T-0)**. A copy of the final award elements is sent to Headquarters Air Force Personnel Center, ATTN: AFPC/DP1SSP, 550 C Street, Joint Base San Antonio-Randolph, TX, 78150 or email to AFPC.DP1SSP.RecognitionProcess@us.af.mil, for update to the member's personnel record.

6.2.1.2. Combat Related. Personal military decorations for acts, achievements, or service arising from combat operations are only considered for DAF members permanently or temporarily assigned to another Military Department. Concurrence is required from AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) prior to approval of the decoration. **(T-0)**. Nominations will be processed in accordance with the guidelines in DAFI 36-2803 and **Sections 2D** and **Attachment 12** in this publication. **Note:** Other Military Departments' personal military decorations may not be accepted (or updated in official military records) by USAF and USSF members without prior concurrence from DAF.

6.2.1.3. Refer to DAFI 36-2803 for DAF members with no command relationship to another Military Department.

6.2.2. Unit Awards. Unit awards from the other Military Departments are not presented to a DAF unit or organization without written concurrence from AFPC/DP3SP. **(T-1)**.

6.3. U.S. Non-Military Awards. DAF members may accept awards proffered by federal agencies, except:

6.3.1. U.S. Non-Military Valor Awards. DAF members are not authorized to wear any U.S. non-military award specifically intended to recognize valor. **(T-0)**. The appropriate means to recognize a DAF member's valorous act(s) is with a military decoration. The individual having knowledge of the member's valorous act(s) should contact AFPC/DP2SP to initiate a recommendation for a military valor award.

6.3.2. U.S. Non-Military Service Awards. DAF members are not authorized to wear any U.S. non-military service awards specifically intended to recognize participation in campaigns, expeditions, or fulfillment of specific service requirements. **(T-0)**.

6.4. Foreign and International Awards. Acceptance of awards from foreign governments and international organizations is prescribed by 5 USC § 7342 and AFI 51-506, *Gifts to the Department of the Air Force from Domestic and Foreign Sources*. Refer to DAFI 36-2903 for wear policy.

6.4.1. Foreign awards proffered to DAF members or units by foreign governments may be accepted only in recognition of combat service, or outstanding or unusually meritorious performance. **(T-0)**. Activities normally undertaken by DAF in support of a friendly foreign nation during peacetime are not considered sufficient to merit foreign awards.

6.4.2. DAF members may not request, or otherwise encourage, the offer of an award from a foreign government. **(T-0)**. Acceptance is only authorized upon receiving official approval to accept the award.

6.4.3. The foreign country concerned normally issues the applicable medal or ribbon. DAF does not stock and issue foreign medals and ribbons. These awards may be purchased from commercial sources.

6.4.4. Refer to [Attachment 11](#) for a list of authorized foreign service awards.

6.4.5. Administrative Procedures.

6.4.5.1. Foreign government representatives typically notify senior U.S. Government representatives in advance of the intent to proffer an award to a DAF member or unit. Upon such notification, the approval authority (refer to [paragraph 6.4.6](#)) determines whether acceptance is authorized. If a member or unit receives initial notification, the member or unit immediately submits a request for authority to accept and retain the award through the servicing military personnel flight. The servicing military personnel flight will forward the request to the appropriate approving authority.

6.4.5.2. In circumstances when advance authorization to accept a foreign award cannot be made, the member or unit may make token acceptance of the award. Token acceptance does not constitute an official acceptance. The member or unit immediately submits a request for authority to accept and retain the award through the servicing military personnel flight to AFPC/DP1SSP. Failure to request permission to accept and retain the award will result in the award becoming U.S. property, requiring the member or unit to surrender the award to AFPC/DP1SSP for disposal. **(T-1)**.

6.4.5.3. A request for acceptance and retention will include: a memorandum containing the full name, grade, and social security number of the recipient, the title of the decoration, the country offering it, the date and place of presentation, the name and title of the person making the presentation, the location and organization awarding the decoration, and a brief description of the act or service performed; a copy of the award citation (an English translation of the citation is required); and other original copies of the foreign elements that awarded the decoration.

6.4.6. Approval Authority. The approval authority evaluates the award to determine its appropriateness and approves or disapproves acceptance and retention.

6.4.6.1. SECDEF approves acceptance of foreign awards intended to recognize participation in campaigns, expeditions, or fulfillment of specific service requirements. In cases where advanced authorization has not been made through joint channels, requests

may be staffed through command channels to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil).

6.4.6.2. SecAF approves acceptance of foreign unit awards after coordination with the Under Secretary of Defense for Personnel and Readiness. Requests are staffed through command channels to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil).

6.4.6.3. AFPC/DP3SP approves or disapproves acceptance of foreign awards to DAF general officers and members not falling under a MAJCOM, FLDCOM, FOA, or DRU. Requests are staffed through command channels to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil).

6.4.6.4. The MAJCOM, FLDCOM, FOA, or DRU A1/S1 approves and disapproves acceptance for DAF members in the grade of colonel/O-6 and below, assigned or attached to their command.

6.4.6.4.1. **(Added-AETC)** Submit the request in standard memorandum format, addressed to the Director of Manpower, Personnel, and Services (HQ AETC/A1). Include the recipient's rank, full name, and full social security number; the title of the award; the country and organization offering it; the date and place of presentation; the name and title of the person who made the presentation; and a brief description of the act, service, or accomplishment. The member's unit commander validates by endorsing the request.

6.4.6.4.2. **(Added-AETC)** Provide a copy of the award certificate, citation, and orders (if applicable), and an English translation of any documents provided.

Chapter 7

SPECIAL TROPHIES AND AWARDS

7.1. Purpose. Pursuant to 10 USC § 1125, special trophies and awards are designed to recognize individual and unit accomplishments that are unique and meritorious or that clearly contributed to increased effectiveness or efficiency of DAF.

7.2. Background. Special trophies and awards are announced annually and are considered through a nominative selection process.

7.3. General Information.

7.3.1. The eligibility criteria and submission procedures for DAF special trophies and awards, functional community awards, and awards sponsored by other Federal agencies and non-Federal entities, are provided online at <https://access.afpc.af.mil/>. Also, additional guidance for DAF special trophies and awards can be found in the solicitation messages on the myPers website (<https://mypers.af.mil/>).

7.3.2. Effective 1 October 2022, bullet-style writing is no longer authorized on the AF Form 1206, *Nomination for Award*. **(T-1)**. All nominations must be written in narrative-style Performance Statements. **(T-1)**. A Performance Statement is the DAF narrative-style of writing designed to communicate performance and achieve greater clarity to the broadest audience. Each Performance Statement must be a stand-alone sentence and include at least two of the following: action, impact, and/or outcome. The OPR for each award will establish the maximum length (number of lines) when announcing the award nomination criteria, however, no award nomination may exceed one full page. **(T-1)**. (Exception: Awards sponsored by Department of Defense, other federal agencies, and non-federal entities, when specified.)

7.3.3. Performance Statements will be written in plain language and avoid use of uncommon acronyms and abbreviations. Only those items specifically identified on the approved Acronym and Abbreviation List should be considered. The Acronym and Abbreviation List is located online at <https://www.afpc.af.mil/Career-Management/Acronyms/>.

7.3.4. Comments regarding completion of advanced academic degree are prohibited for all officer nominations unless the specific award requires an advanced academic degree. **(T-1)**.

7.3.5. Refer to DAFI 36-2803 for guidance on awards sponsored by non-Federal entities, procurement of recognition items, travel for military or civilian employees, and travel for non-military members or non-DAF civilian employees.

7.3.6. Unless otherwise stated, nominations should be based on the grade held for the majority of the qualification period.

7.3.7. Refer to [paragraph A14.7](#), for Air and Space Recognition Ribbon eligibility criteria. Civilian employees wear the Air and Space Recognition lapel button.

7.4. Special Trophies and Awards Managed by AFPC.

7.4.1. Refer to DAFI 36-2803 for composition of the AFPC awards board.

7.4.2. Commanders and civilian directors at all levels should actively advertise the nomination period and procedures for special trophies and awards. Commanders and civilian directors verify achievements and nominate those qualified for appropriate awards. MAJCOM, FLDCOM, and higher headquarters commanders, vice commanders (or deputy commanders), or civilian directors endorse nominations on their personnel. Refer to [Attachment 7](#) for preparing nominations.

7.5. Establishing Special Trophies and Awards. Commanders and civilian directors at any level may establish special trophies and awards to recognize military and civilian personnel, teams, units, and organizations, provided the award fosters morale and esprit de corps. These awards should adhere to the requirements in paragraphs [7.5.1](#) and [7.5.2](#), and shall be published in a supplement to this manual. (T-1).

7.5.1. Naming Special Trophies and Awards.

7.5.1.1. Awards may be named in honor of living or deceased DAF military and civilian personnel who had honorable records and made significant contributions to DAF or to the functional area in which the award is being established. Consider individuals of prominence or those whose careers or actions were important and meaningful to the function in which the award is established. Because the significance of one's contribution to the DAF takes time to be considered objectively, the naming of awards after living individuals, particularly recent commanders and leaders, should be a rare, and only when well-considered, practice.

7.5.1.2. Conduct quality force reviews and/or background checks to ensure there is no derogatory or reportable (information not derogatory but may bring discredit upon DoD or DAF) information on the individual. Possible sources to be included in these checks are:

7.5.1.2.1. Military Personnel Records.

7.5.1.2.1.1. Retired or deceased military members whose service was prior to 30 September 2004. Records are located at the National Personnel Records Center, Military Personnel Records, 1 Archives Drive, St Louis, MO 63138.

7.5.1.2.1.2. Currently serving members and members who separated or retired on or after 1 October 2004. Records are located at AFPC/DP1OR, 550 C Street West, Joint Base San Antonio-Randolph, TX 78130.

7.5.1.2.2. Civilian Personnel Records.

7.5.1.2.2.1. Employees who retired or separated before 20 April 2009, records are located at the National Archives and Records Administration, National Personnel Records Center (Civilian Personnel Records), 111 Winnebago Street, St Louis, MO 63118-4126.

7.5.1.2.2.2. Employees who retired or separated on or after 20 April 2009, records are located at the National Archives and Records Administration Annex, 1411 Boulder Boulevard, Valmeyer, IL 62295.

7.5.1.2.3. Public Access to Court Electronic Records (PACER) review. PACER provides the public access to documents filed at federal courts.

- 7.5.1.2.4. Local Staff Judge Advocate can review (or coordinating the review of) the Automated Military Justice Analysis and Management System and/or the Foreign Criminal Jurisdiction databases.
- 7.5.1.2.5. Online websites for archived news articles.
- 7.5.1.2.6. Local newspapers.
- 7.5.1.2.7. Local courthouse records.
- 7.5.1.2.8. Local Office of Special Investigations or Security Forces.
- 7.5.1.2.9. Interview family, friends, acquaintances, and coworkers.
- 7.5.1.3. Commanders and civilian directors at all levels who create a new organization level special trophy or award will establish the name of the award in accordance with **paragraph 7.5.1.1**. Awards manager or offices of primary responsibility notifies AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) in writing with a memorandum signed by the appropriate commander or civilian director. Include the name of the award and criteria in an appropriate supplement to this manual.
- 7.5.1.3. (AETC) For new AETC organizational level special trophies or awards, the unit award manager or office of primary responsibility submits the memorandum to HQ AETC/A1KK via the AETC/A1KK Awards & Decorations Workflow org box.
- 7.5.1.3.1. (Added-AETC) Ensure the commander/civilian director endorsed memorandum includes the following: Award name, office of primary responsibility, description of award, eligibility, criteria, justification for creating the award and a statement confirming an Air Force Special Trophies and Awards database search was conducted to confirm no other comparable award exists. (T-2)
- 7.5.1.3.2. (Added-AETC) If an award is to be named after an individual, ensure the justification for creating the award clearly explains why the award is being named after the individual. Also, the memorandum will include a statement confirming a quality force and/or background check was conducted (who conducted the check and the results) to ensure there is no derogatory or reportable (not derogatory but may bring discredit upon the DoD or DAF) information on the individual. Reference paragraphs **7.5.1.2.1** to **7.5.1.2.9** for possible background check sources. The package must include a separate page biography, reference **Figure A7.1**.
- 7.5.1.3.3. (Added-AETC) HQ AETC/A1KK will review the package and submit it to the Air Force Personnel Center (AFPC) for final approval. (T-2) When notified of final approval, AETC/A1KK will enter the award into the Air Force Special Trophies and Award database. (T-2)
- 7.5.1.4. HAF functional area managers who create a new functional community special trophy or award will establish the name of the award in accordance with **paragraph 7.5.1.1**. Awards managers or offices of primary responsibility for functional community special trophies or awards will add the criteria, submission procedures, and deadlines to the special trophies and awards database (<https://access.afpc.af.mil/>).
- 7.5.1.5. The names of awards will not include names of or references to non-Federal entities. (T-1). For DAF awards sponsored by non-Federal entities refer to DAFI 36-2803.

7.5.1.6. Recognition of distinguished individuals through the naming of DAF special trophies and awards is separate and distinct from acceptance of gifts of real property by the U.S. Air Force Academy, Air University, and DAF military museums made conditional upon naming rights pursuant to 10 USC § 2601(e) and AFI 51-506.

7.5.2. **Duplicate Awards.** Do not duplicate existing awards in either name or criteria. **(T-1).**

7.6. Recognition by DoD and other Federal Agencies. Commanders and civilian directors at all levels may nominate meritorious individuals, teams, or subordinate units for awards sponsored by DoD and other Federal agencies. **Note:** Contractor personnel may not be nominated or included in a nomination for a special trophy or award. **(T-0).** Criteria, submission procedures, and deadlines for awards are listed in the special trophies and awards database (<https://access.afpc.af.mil/>). For some DoD awards (e.g., Spirit of Hope, Spirit of Service), AFPC/DP1SSP reviews nominations for a centralized DAF submission. For guidance regarding possible travel by service members and spouses to participate in presentation ceremonies refer to DAFI 36-2803.

Chapter 8

LAPEL BUTTONS AND OTHER AWARDS

8.1. Air Force Lapel Button. There are two buttons that have been issued. The first consists of the winged Air Force star in gold and silver colored metal, and was worn by USAF members (regular Air Force and Reserve component) who served in the USAF during the period of 10 February 1948 through 29 July 1981. The second consists of the Air Force Coat of Arms without encircling stars with scroll inscription “US Air Force” in an oxidized silver finish, and is worn by USAF members who have since 30 July 1981. Wear lapel buttons only with civilian clothing, unless authorized in DAFI 36-2903.

8.2. Other Lapel Buttons. Lapel buttons are 21/32 inch long and 1/8 inch tall and are an enamel reproduction of the U.S. military award they represent. The MOH is represented by a lapel rosette.

8.3. Cold War Recognition Certificate. Public Law (PL) 105–85, Section 1084, established a Cold War Recognition Certificate to recognize all members of the U.S. Armed Forces and qualified Federal Government civilian personnel who faithfully and honorably served the U.S. during the Cold War Era, from 2 September 1945 to 26 December 1991.

8.3.1. Applicants present documentation of service or employment, such as a copy of their DD Form 214 for military members or an SF 50, *Notification of Personnel Action*, for civilian personnel. One certificate is authorized per person. **(T-0)**. An individual who served in both civilian and military capacities may choose if he or she wants to receive a certificate for service as a member of the U.S. Armed Forces or as a federal civilian employee.

8.3.2. Submit requests via the Cold War Certificate Program webpage at <https://www.hrc.army.mil/content/Cold%20War%20Recognition%20Certificate%20Program%20>. 8.4. Military Working Dog Handler Certificate of Commendation. Commanders and civilian leaders authorized to approve the ASAM, may award the certificate to military working dog handlers for acts of valor or meritorious achievement on or after 13 August 2018, by such handlers and their working dog. Approval of the certificate does not prevent award of other types of recognition to the military handler (e.g., a decoration award and campaign medal). The certificate may be awarded posthumously. Retroactive award of the certificate is not authorized prior to 13 August 2018. **(T-0)**. A DD Form 3059, *Military Working Dog Handler Certificate of Commendation*, is issued for approved awards. No medal or device accompanies the award.

8.4.1. The DD Form 3059 can be downloaded at <https://www.esd.whs.mil/Portals/54/Documents/DD/forms/dd/dd3059.pdf>. Print the form in full-color on 8.5 x 11-inch cardstock paper. Cardstock paper shall have a smooth surface and of solid color (i.e., no marbling or flecks).

8.4.2. Instructions for completing the DD Form 3059 are: 1) in the space below the “TO” line, enter the military working dog handler’s grade, first name, middle initial, last name, and Military Department (e.g., SSGT JOHN M. DOE, USAF) and 2) in the space below the “AND” line, enter the name and breed or type of the military working dog (e.g., BULLET, GERMAN SHEPHERD; REX, PATROL-EXPLOSIVE DETECTOR DOG).

8.5. Atomic Veterans Service Certificate. Pursuant to Section 581, FY19 NDAA, the Atomic Veterans Service Certificate is awarded to radiation-exposed veterans as defined in 38 USC § 1112(c)(3). For submission requirements and procedures go to the Defense Threat Reduction Agency webpage at <https://www.dtra.mil/Mission/Nuclear-Test-Personnel-Review/Atomic-Vets-Service-Certificate/>.

8.6. Certificate of Commendation. Military and civilians serving as commander, director, or division chief may recognize members for an unusual achievement or contribution that does not meet the criteria for other awards. Such situations include, but are not limited to, noteworthy accomplishments while on special assignment or during short periods when an unusual duty situation or emergency exists, significant contribution to a DAF program recognized by an outside organization, and job-related exceptional participation in civic or professional activities. An AF Form 3034, *Certificate of Commendation*, is issued for approved awards. No medal or device accompanies the award. Refer to DODI 1400.25V451_AFI36-1004, *Civilian Recognition Program*, for civilian eligibility.

8.7. Certificate of Achievement. Military and civilians serving as commander, director, or division chief may recognize members for periods of faithful service, acts, or achievements which do not meet the criteria for a decoration. An DAF Form 3032, *Certificate of Achievement*, or a Certificate of Achievement of local design, accompanies this award. No medal or device accompanies the award. Refer to DODI 1400.25V451_AFI36-1004, for civilian eligibility.

8.8. Commemorative Medals. Various commercial vendors offer commemorative medals that recognize historical events, campaigns, or service, such as the D-Day Invasion, the Battle of the Bulge, overseas tours, or combat service. These medals are not issued by DoD, DAF, or the other Military Departments. As such, and in accordance with DAFI 36-2903, these medals and corresponding ribbons are not authorized for wear on official military uniforms.

8.9. One-Time Recognition Awards. A one-time award (e.g., certificates and leadership coins) may be presented to an individual or team members (except contractor employees) whose achievements make a noteworthy contribution to the effectiveness and efficiency of DAF. Refer to AFI 65-601 Volume 1, *Budget Guidance and Procedures*, and DAFMAN 65-605, Volume 1, *Budget Guidance and Technical Procedures*, for guidance on the procurement and use of these items, including Unit Recognition Coins.

8.9.1. Unit Recognition Coins should be purchased with appropriated funds or nonappropriated funds as appropriate in accordance with DAF budget guidance and restrictions. Such Unit Recognition Coins are separate and distinct from coins used as mementos and welcoming gifts for distinguished foreign and civilian dignitaries, pursuant to AFI 65-603, *Emergency and Extraordinary Expense Authority*.

8.9.2. Many leaders also choose to purchase coins with personal funds for select uses (e.g., recognize a member of the mayor's staff who worked commendably to finalize a community partnership agreement with the installation). Such personally-funded coins may not be given to contractor personnel unless completely outside the scope of their (their company's) contract with the Department of Defense (e.g., a contractor employer performs lifesaving cardiopulmonary resuscitation on a retiree who collapsed at the Exchange Food Court)".

8.9.3. Unit Recognition Coins may be used as one-time recognition items by unit commanders or directors, vice (or deputy) commanders or deputy directors, and senior enlisted advisors

consistent with unit guidance. Such members of unit leadership teams may designate officials to present said coins on their behalf when circumstances warrant. Commander coins may not be personalized, except the coins of SecAF, Under Secretary of the Air Force, CSAF, CSO, Vice Chief of Staff of the Air Force, Vice Chief of Space Operations, Assistant Vice Chief of Staff of the Air Force, Assistant Vice Chief of Space Operations, CMSAF, and CMSSF.

8.9.4. Unit unofficial activities (e.g., social fund under the direction of the unit commander) may sell unofficial unit coins bearing the unit logo and emblem to military members, civilian employees, and family members that are procured using only unit unofficial activity resources and in order to conduct 'by us, for us' fundraising in accordance with DoD 5500.07-R, *Joint Ethics Regulation*, section 3-210. Unit affiliated and installation-recognized private organizations, pursuant to AFI 34-223, *Private Organizations (PO) Programs*, may purchase at wholesale cost and later resell at a profit unofficial unit coins and other unofficial unit memorabilia (e.g., ball caps) at Open Houses in accordance with AFMAN 10-1004, *Conducting Air Force Open Houses*, with an approved concessionaire license. Unit-affiliated private organizations may sell unofficial unit coins and memorabilia at other community relations events with the installation commander's advance permission, in accordance with AFI 36-3101, *Fundraising*. Contractor personnel are free to purchase unofficial unit coins at such events. Such sales will not take on the appearance of a DAF ceremony or presentation.

Terms

Above and Beyond the Call of Duty—Exercise of a voluntary course of action the omission of which would not justly subject the individual to censure for failure in the performance of duty. It usually includes the acceptance of existing danger or extraordinary responsibilities with praiseworthy fortitude and exemplary courage. In its highest degrees, it involves the voluntary acceptance of additional danger and risk of life.

Accoutrement—See Device.

Area of Eligibility (or Area of Responsibility)—The designated area identified as theater of combat or expeditionary operations.

Armed Forces—Army, Navy, Air Force, Marine Corps, Space Force, and Coast Guard.

Battle—A fight, especially a large-scale engagement, between armed forces on land, at sea, or in the air; armed fighting, combat, or war; a fight, struggle, or conflict.

Campaign—A series of related military operations aimed at accomplishing a strategic or operational objective within a given time and space.

Campaign Medal—Used to recognize active participation in a war or significant military combat operation, of long duration and significant scope. Award is limited to those who have physically participated in the campaign from within the actual area of operations. Historically, all of the following factors are present before a campaign medal is created: (1) a declared war, state of emergency, or legislative resolution; (2) the presence of sustained hostilities by an opposing force within a defined geographic area; and (3) the assumption of significant risk (proximity to the enemy), personal hardship, or extended family separation by the service member.

Combat Support—Fire support and operational assistance provided to combat elements.

Combat Zone—1) That area required by combat forces for the conduct of operations. 2) The territory forward of the Army rear area boundary.

Combatant Command—A unified or specified command with a broad continuing mission under a single commander established and so designated by POTUS, through SECDEF and with the advice and assistance of the Chairman of the Joint Chiefs of Staff. Combatant commands typically have geographic or functional responsibilities. See also unified command.

Combatant Commander—A commander of one of the unified combatant commands.

Component—1) One of the subordinate organizations that constitute a joint force. Normally a joint force is organized with a combination of Service and functional components. 2) A subcategory of a military Service that is designated as either “Active/Regular” or “Reserve.”

Conspicuous—Attracting attention by being unexpected, unusual, outstanding, remarkable, striking.

Conflict—An armed struggle or clash between organized groups within a nation or between nations in order to achieve limited political or military objectives. Although regular forces are often involved, irregular forces frequently predominate. Conflict often is protracted, confined to a restricted geographic area, and constrained in weaponry and level of violence. Within this state, military power in response to threats may be exercised in an indirect manner while supportive of other instruments of national power. Limited objectives may be achieved by the short, focused, and direct application of force.

Death or Wounding by Friendly Fire—Service member(s) killed in action or wounded in action mistakenly or accidentally by friendly forces who are directly engaged with the enemy and directing fire at a hostile force or what is thought to be a hostile force.

Decoration—Refer to personal military decoration.

Department of the Air Force—Also called “DAF”; comprised of Regular Air Force, the Regular Space Force, the Air Force Reserve, and the Air National Guard.

Device—An accessory or other item associated with an award (i.e., lapel button, rosette, or oak leaf cluster). Referred to as an appurtenance or accoutrement in previous versions of the awards instruction and manual.

Direct Support—Services being supplied to participating forces in the area of eligibility by ground units and aircrafts provided it involves actually entering the designated area of eligibility.

This includes units and aircrafts providing logistic, patrol, guard, reconnaissance, or other military support within the designated area of eligibility.

Direct Impact—“Hands-on” employment of a weapons system, including remote employment, or other activities in any domain, that had direct, immediate, and on-site effects on the outcome of an engagement or other operation intended to have an effect upon the target.

Domain—Described as air, land, maritime, space, and cyberspace domains. While domains are useful constructs for visualizing and characterizing the physical environment in which operations are conducted (the operational area), the use of the term “domain” is not meant to imply or mandate exclusivity, primacy, or command and control of any domain.

Employment—The strategic, operational, or tactical use of forces.

Engage—1) In air defense, a fire control order used to direct or authorize units and/or weapon systems to fire on a designated target. 2) To bring the enemy under fire.

Expedition—A military operation conducted by an armed force to accomplish a specific objective in a foreign country.

Expeditionary Medal—Used to recognize direct participation: 1) In military operations against an armed opposing force; or, 2) In limited hostilities against an opposing force; or, 3) In military operations where service members are exposed to the imminent threat of hostilities. Award is typically limited to those who have physically participated in the military expedition from within the area of operations. Expeditionary operations are typically shorter in duration and more limited in scope than operations that qualify for creation of Campaign medals.

Foreign Awards—A “foreign award” is typically a medal, ribbon, device, badge, emblem, or insignia from a foreign governmental authority (including any foreign national, state, local, or municipal government), or any international or multinational organization whose membership is composed of the agents or representatives of any of these foreign governments, awarded to a DAF member, unit, organization, or command.

Basic Corpsmen and medics are not physician extenders.

Attachment 2

CRITERIA--PERSONAL MILITARY DECORATIONS

A2.1. General Information. Refer to [Section 2C](#) of [Chapter 2](#). Also refer to Attachments [3](#) and [12](#) for processing procedures.

A2.2. MEDAL OF HONOR (MOH). The medal was established by Joint Resolution of Congress on 12 July 1862 (amended by Act of 9 July 1918 and 10 §§ 9271, 9284 and 9285). It is the highest and most prestigious U.S. military medal.

A2.2.1. **Eligibility.** The medal is awarded by POTUS in the name of Congress to a person who, while a member of the Air Force or the Space Force, distinguishes himself or herself conspicuously by gallantry and intrepidity at the risk of his or her life above and beyond the call of duty: while engaged in an action against an enemy of the U.S.; while engaged in military operations involving conflict with an opposing foreign force; or while serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the U.S. is not a belligerent party.

A2.2.2. The deed performed must have been one of personal heroism or self-sacrifice so conspicuous as to clearly distinguish the service member above his or her comrades and must have involved risk of life. **(T-0)**.

A2.2.3. The nomination must contain proof beyond a reasonable doubt that the service member performed the valorous action for which they were recommended for the MOH. **(T-0)**.

A2.2.4. While criteria includes a requirement for the member to risk his or her life, there is no requirement for the member to be wounded or killed in order to meet the “risk of life” portion of the criteria.

A2.2.5. The MOH may not be awarded to foreign military personnel. **(T-0)**.

A2.2.6. Premature public disclosure of information concerning the recommendation, processing, and approval or disapproval action is a potential source of embarrassment to those recommended and the government. Additionally, in the case of approved recommendations, it could diminish the impact of ceremonies at which the presentation is made. Therefore, to prevent premature disclosure, public comments should not be made on any MOH case under consideration. Accordingly, the processing of a MOH recommendation is marked and handled as Controlled Unclassified Information until the decoration is announced officially by the White House. Pending MOH recommendations are pre-decisional and are exempt from public release.

A2.2.7. Preparing a Recommendation. Refer to [Attachment 12](#).

A2.2.7.1. Substantiating documents in the recommendation must show that the nominee met the criteria and provide proof beyond a reasonable doubt that the member performed the valorous act(s) that led to the recommendation. **(T-0)**.

A2.2.7.2. If the recommendation is an upgrade of a previously approved decoration to the MOH, include an executive summary clearly outlining the basis for the upgrade request (e.g., new, substantive, and material information not known or previously considered; or

substantiated error or injustice in processing the original nomination). Executive summaries specifically identify the new and substantive information included in the recommendation justifying the upgrade request.

A2.2.7.3. Include a synopsis and eyewitness statement matrix with all recommendations.

A2.2.7.4. Recommendations Lost or Not Acted on Due to Inadvertence. In the endorsement memorandum clearly state whether the recommendation was lost or not acted on due to inadvertence and the corrective action taken to preclude such an occurrence in the future. Also clearly articulate in the memorandum why the recommendation should be considered and why the MOH nomination was not submitted within the time limit. Also include an executive summary (for upgrades or reconsiderations only).

A2.2.7.5. Recommendations Submitted Beyond the Time Limitation. Substantiating documents must show proof beyond a reasonable doubt that the decoration criteria have been met and that the nominee performed the actions for which they were recommended for the MOH. (T-0). Refer to [Section 2B](#).

A2.2.8. **Approval Authority.** POTUS.

A2.2.9. **Description.**

A2.2.9.1. Medal. Within a wreath of green laurel, a gold five-pointed star, one point down, tipped with trefoils and each point containing a crown of laurel and oak on a green background. Centered on the star, an annulet of 34 stars is a representation of the head of the Statue of Liberty. The star is suspended from a bar inscribed with the word “VALOR” above an adaptation of the thunderbolt from the Air Force Coat of Arms. The bar is suspended from a light blue moiré silk neckband behind a square pad in the center with corners turned in and charged with 13 white stars in the form of a triple chevron.

A2.2.9.2. Ribbon. The ribbon is light blue with five white stars.

A2.2.10. **Subsequent Awards.** A separate MOH is presented to an individual for each succeeding act that justifies the decoration.

A2.2.11. **Authorized Devices.** None. Refer to Table 2.3 in DAFI 36-2803.

A2.2.12. **Duplicate Medal.** In accordance with 10 USC § 9284, upon written request, MOH recipients are issued, without charge, one duplicate medal with ribbon and accoutrements for display purposes. The recipient’s name and the word “DUPLICATE” is engraved on the back of the medal. Refer to [paragraph 2.8](#) for engraving instructions.

A2.2.13. **MOH Flag.** (Prescribed by PL 107-248 § 8143 and 36 USC § 903). The flag is a light blue flag with gold fringe bearing thirteen white stars in a configuration as on the MOH ribbon. The flag commemorates the sacrifices and bloodshed for our freedoms and gives emphasis to the MOH being the highest decoration for valor by members of the U.S. Armed Forces. Upon written request, MOH recipients are issued, without charge, a duplicate MOH flag for display purposes.

A2.2.14. **Medal History.** The Air Force design of the MOH was presented for approvals on or after 1 November 1965. Original design Medals of Honor awarded before 1 November 1965 remain in effect. They are not replaced by the Air Force-design. Replacements for MOH lost or destroyed, which were awarded before 1 November 1965, are of the original MOH

design. Federal statutes direct the present MOH should not be officially called or referred to as the “Air Force Medal of Honor.” It may be generally referred to as “Medal of Honor—Air Force design,” or “the (new) Air Force-designed Medal of Honor.”

A2.2.15. Courtesies and Privileges. MOH recipients are afforded certain courtesies and privileges in accordance with 10 USC § 1134a.

A2.2.15.1. AFPC/DP3SP enters the name of a MOH recipient in DAF MOH Roll and issue to each living recipient a certificate of enrollment on the MOH Roll. AFPC/DP3SP also sends a certified copy of the certificate of enrollment to the Secretary of the Department of Veterans Affairs. This document authorizes the Secretary of the Department of Veterans Affairs to pay a monthly pension to the MOH recipient.

A2.2.15.2. Enlisted recipients who retire with 20 or more years of military service receive a 10-percent increase in retired pay, not to exceed the 75 percent maximum. Refer to [paragraph 2.24](#), for additional information.

A2.2.15.3. Living recipients who are not currently in active service nor retired from military service, are issued an AF Form 3501, *Medal of Honor Travel and Identification Card*, signed by SecAF and CSAF. This card entitles the recipient to use space available military air transportation.

A2.2.15.4. Recipients may wear their uniforms at any time or place they choose, except in connection with the furtherance of any political or commercial interests, or when engaged in off-duty civilian employment; when participating in public speeches, interviews, picket lines, marches, rallies, or public demonstrations, except as authorized by competent authority; when attending any meeting or event that is a function of, or is sponsored by, an extremist organization; when wearing the uniform would bring discredit upon DoD or DAF; or when specifically prohibited by DoD or DAF instructions or directives.

A2.2.15.5. Recipients who are not currently serving and not military retirees are issued a DoD Identification Card, as are their family members, authorizing them military commissary, Base or Post Exchange, and theater privileges. In addition, recipients are authorized, consistent with DoD policy, to use morale, welfare, and recreation activities; and an honorary club membership without dues.

A2.2.15.6. Children of MOH recipients are not required to obtain Congressional nominations if they are qualified and desire to attend one of the U.S. military academies.

A2.2.15.7. MOH recipients receive invitations to attend Presidential inaugurations and accompanying festivities. Recipients who remain in military service and those who are civil servants should be authorized administrative absence instead of chargeable leave to attend these events.

A2.2.15.8. The Department of Veterans Affairs provides a special engraved headstone for deceased recipients of the MOH.

A2.2.15.9. Recipients should be accorded on-base billeting commensurate with the prestige associated with the MOH.

A2.3. AIR FORCE CROSS (AFC).

A2.3.1. **Eligibility.** The medal was established by PL 88-593, 1 November 1965 and made effective 6 July 1960 by 10 USC § 9272. The medal is awarded to any person, while serving in any capacity with the Air Force or the Space Force, distinguishes himself or herself by extraordinary heroism, not justifying the award of a MOH:

A2.3.1.1. While engaged in an action against an enemy of the U.S.;

A2.3.1.2. While engaged in military operations involving conflict with an opposing foreign force; or

A2.3.1.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the U.S. is not a belligerent party.

A2.3.2. The required gallantry, while of a lesser degree than that required for award of the MOH, must nevertheless have been performed with marked distinction. **(T-1)**.

A2.3.3. The gallant actions are reviewed against the criteria to ensure the actions do not justify award of the MOH.

A2.3.4. Deserving actions prior to 6 July 1960 were recognized with an Army Distinguished Service Cross.

A2.3.5. **Preparing a Recommendation.** Refer to [Attachment 12](#).

A2.3.6. **Approval Authority.** SecAF. Also refer to paragraph 2.4 in DAFI 36-2803.

A2.3.7. **Description.**

A2.3.7.1. Medal. A bronze cross with an oxidized satin finish. Centered on the cross is a gold-plated American bald eagle, wings displayed against a cloud formation (from the Air Force Crest) encircled by a laurel wreath finished in green enamel.

A2.3.7.2. Ribbon. The ribbon is Brittany Blue, edged with Old Glory red, and bears a narrow white vertical stripe inside the red edges.

A2.3.8. **Authorized Device.** Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A2.4. DISTINGUISHED SERVICE MEDAL (DSM). The medal was established by an act of Congress on 9 July 1918 and is currently awarded pursuant to 10 USC § 9273. It is awarded to any person who, while serving in any capacity with the Air Force or the Space Force, distinguishes himself or herself by exceptionally meritorious service to the U.S. in a duty of great responsibility.

A2.4.1. **Eligibility.**

A2.4.1.1. Restricted to a minimum of 18 months (time in position) in a general officer position and 36 months as a general officer (including frocked time, if applicable), and the CMSAF and CMSSF. For recommendations submitted prior to 12 November 2015, the time in position requirement was 24 months.

A2.4.1.2. There is no time in position requirement for rotating (e.g., permanent change of station or assignment) MAJCOM and FLDCOM commanders.

A2.4.1.3. General officer time covered by a LOM awarded for wing or delta commander duty does not count toward the "36 months as a general officer" requirement for a subsequent DSM.

A2.4.1.4. The basic award of the DSM may be made for a completed period of outstanding service. However, subsequent awards, prior to retirement, are restricted to extraordinary, specific achievements during one or more periods of service.

A2.4.1.5. A "duty of great responsibility" is one that involves the exercise of authority or judgment in matters that decide the successful operation of a MAJCOM, FLDCOM, activity, installation, or major program. The discharge of such duty involves the acceptance and fulfillment of the obligation so as to greatly benefit the interests of the U.S.

A2.4.1.6. Nominations for general officers are not automatic or necessary upon every permanent change of station or permanent change of assignment. Normally pinned-on general officers serving as wing or delta commanders are prohibited from receiving the DSM, with the exception of retirement or extraordinary performance.

A2.4.1.7. On 24 January 2003, SecAF revised the DSM criteria by limiting the medal to four in a career (3 for exceptional service; 1 at retirement). This restriction may not be waived.

A2.4.2. **Approval Authority.**

A2.4.2.1. Refer to **paragraph 2.23** in this publication and Table 2.2 in DAFI 36-2803.

A2.4.2.2. SAF/MR is the approval authority for the appeals. The decision of the SAF/MR is final and not subject to further review.

A2.4.3. **Appealing Disapproved and Downgraded Exception to Policies.** Appeals are placed in official channels within 1 year of the awarding authority's decision. **(T-1)**. The senior commander or civilian leader in the chain of command forwards a written request to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil), no later than 10 working days before the desired presentation date. The appeal package includes: original nomination with all attachments, revised nomination with attachments, and a memorandum from nominating authority detailing specific justification as to why the appeal should be granted. The complete package may be forwarded via e-mail to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) for staffing to SAF/MR for decision. Final decision will be provided to the member's senior commander or civilian leader. If approved, the AFPC/DP1SSP issues the award elements.

A2.4.5. **Authorized Devices.** Combat "C" device and Oak Leaf Cluster. Refer to **Attachment 16** for additional device guidance.

A2.5. SILVER STAR (SS).

A2.5.1. The medal was established by an act of Congress on 9 July 1918 and 10 USC § 9276. The medal is awarded to any person who, while serving in any capacity with the Air Force or the Space Force, distinguishes himself or herself by gallantry in action that does not warrant the MOH or AFC under any of the following circumstances:

A2.5.1.1. While engaged in an action against an enemy of the U.S.;

A2.5.1.2. While engaged in military operations involving conflict with an opposing foreign force; or

A2.5.1.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the U.S. is not a belligerent party.

A2.5.2. **Eligibility.** The required gallantry, while of a lesser degree than that required for award of the AFC, must nevertheless have been performed with marked distinction. **(T-1)**.

A2.5.3. **Preparing a Recommendation.** Refer to [Attachment 12](#).

A2.5.4. **Approval Authority.** Secretary of the Air Force Decorations Board. Also refer to paragraph 2.4 in DAFI 36-2803.

A2.6.1. **Eligibility.**

A2.6.1.1. The performance merits recognition of key individuals for service rendered in a clearly exceptional manner. Performance of duties normal to the grade, branch, specialty, assignment or experience is not an adequate basis for this decoration.

A2.6.1.2. For service rendered in peacetime, the term “key individual” applies to a narrower range of positions than would be the case in time of war and requires evidence of significant achievement. In peacetime, service should be in the nature of a special requirement or of an extremely difficult duty performed in an unprecedented and clearly exceptional manner. However, justification may accrue by virtue of exceptionally meritorious service in a succession of important positions.

A2.6.1.2.1. Service should have been of marked national or international significance to DoD or DAF; or

A2.6.1.2.2. Service that has aided the U.S. in furthering its national policies; or

A2.6.1.2.3. Service which has furthered the interest or the security of the U.S.; or

A2.6.1.2.4. Service that has furthered the interests or the security of the U.S., or any nation allied or associated with the U.S. during a period of national emergency declared by POTUS or Congress.

A2.6.1.3. The medal for achievement is only authorized when awarded with the “C” or “R” device. **(T-0)**.

A2.6.1.4. A limit of four medals is authorized in a career (3 for exceptional service; 1 at retirement). Waiver requests may be forwarded via e-mail to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) for staffing to SAF/MR for decision. The decision of the SAF/MR is final and not subject to further review.

A2.6.1.5. For U.S. Military Personnel.

A2.6.1.5.1. Restricted to officers in the grade of Colonel (O-6) (and above) and Chief Master Sergeants (E-9) with a minimum of 12 months time in the position being recognized.

A2.6.1.5.2. Upon retirement, after a long and distinguished career, liberal interpretation of the time in position requirement is appropriate provided the most recent performance warrants such consideration.

A2.6.1.6. For Foreign Military Personnel. The medal may be awarded to members of the armed forces of friendly foreign nations who, after 8 September 1939, have distinguished themselves by exceptionally meritorious conduct in the performance of outstanding services to the U.S. To maintain the prestige and dignity of the medal and to ensure uniformity, the LOM is awarded in four degrees based on the grade and position of the nominee. Refer to **Table A2.1** for the degrees.

A2.6.2. Preparing a Recommendation. Refer to **paragraph A3.5**.

A2.6.2.1. Exceptions to policy recommendations that do not meet the grade, time in position, or other criteria are forwarded through the chain of command to AFPC/DP1SSP for processing to the Secretary of the Air Force Decorations Board. These nominations are endorsed by the commander or vice commander (or deputy commander) of the MAJCOM, FLDCOM, FOA, or DRU to be considered.

A2.6.2.2. Foreign Military Personnel. Refer to **Attachment 8**.

A2.6.3. Approval Authority.

A2.6.3.1. Refer to **paragraph 2.23** in this publication and Table 2.2 in DAFI 36-2803.

A2.6.3.2. SAF/MR is the approval authority for the appeals. The decision of the SAF/MR is final and not subject to further review.

A2.6.4. Appealing Disapproved and Downgraded Exception to Policies. Appeals are placed in official channels within 1 year of the awarding authority's decision. **(T-1)**. The senior

commander or civilian leader in the chain of command forwards a written request to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil), no later than 10 working days before the desired presentation date. The appeal package should include: original nomination with all attachments, revised nomination with attachments, and a memorandum from nominating authority detailing specific justification as to why the appeal should be granted. The complete package may be forwarded via e-mail to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) for staffing to SAF/MR for decision. Final decision will be provided to the member's senior commander or civilian leader. (T-2). If approved, the AFPC/DP1SSP issues the award elements.

A2.6.5. Description.

A2.6.5.1. Medal. A five-rayed white enamel pronged star on a green wreath with crossed arrows. The cloud and stars of the coat of arms of the U.S. are layered in the center.

A small red brass attachment is used on the service ribbon. A miniature medal is provided. This degree is authorized for foreign military members only (T-0).

A2.6.5.3.4. Degree of Legionnaire. Finish is same as in the Degree of Chief Commander. The service ribbon repeats the colors of the pendant ribbon. A miniature medal is provided. This degree may be authorized for members of the U.S. Armed Forces and foreign military members (T-0).

A2.6.6. **Authorized Devices.** Combat "C" device, Remote "R" device and Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A2.6.6.1. Remote "R" Device. The LOM approval authorities outlined in Table 2.2 of DAFI 36-2803, may authorize the "R" device provided the decoration and device criteria are met. Exception to policy requests will be routed through command channels to the MAJCOM or FLDCOM commander or deputy commander for endorsement to AFPC/DP1SSP. AFPC/DP1SSP will submit exception to policy requests to the Secretary of the Air Force Decorations Board. Exception to policy requests must detail the circumstances which exist that may warrant an exception.

A2.9.1. The BSM was established by EO 9419, 4 February 1944, which was superseded by EO 11046, 24 August 1962, amended by 10 USC § 1133, further amended by PL 111-383 § 571. The BSM is awarded to any person who, while serving in or with the Air Force after 6 December 1941, has distinguished himself or herself by heroism (valor), meritorious achievement or service, not involving participation in aerial flight:

A2.9.1.1. While engaged in an action against an enemy of the U.S.;

A2.9.1.2. While engaged in military operations involving conflict with an opposing foreign force; or

A2.9.1.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the U.S. is not a belligerent party.

A2.9.2. The BSM may be awarded with the “V” device for valor in combat to a lesser degree than required for award of the SS. The medal may also be awarded for meritorious achievement or service during armed conflict that is of a lesser degree than that required for award of the LOM.

A2.9.3. Effective 7 January 2016, meritorious service that ended on or after 7 January 2016, the BSM may only be awarded if during the period of the decoration the nominee was exposed to hostile action or was at significant risk of exposure to hostile action. Otherwise, the appropriate decoration would be the MSM.

A2.9.4. After October 30, 2000, in accordance with 10 USC § 1133, the BSM may only be awarded to a member of a military force who:

A2.9.4.1. At the time of the event being recognized, was serving in a geographic area in which hostile fire pay or imminent danger pay was authorized in accordance with 37 USC § 310, or hazardous duty pay in accordance with paragraph (1) or (3) of 37 USC § 351(a); or

A2.9.5. Members who were awarded the Combat Infantryman Badge or Combat Medical Badge for exemplary conduct in ground combat against an armed enemy between 7 December 1941 to 2 September 1945 may apply by letter to the Department of the Army for award of the BSM. A copy of the general order announcing the award of either badge should be attached to the application letter, with a statement as to whether approval of the BSM would duplicate any previous decoration for the same period of service. If general orders are not available, the specific authority for the award of the badge is included in or attached to the application letter.

A2.9.6. Preparing a Recommendation. A recommendation for achievement or service follows the same procedures as a recommendation for valor. Refer to [Attachment 12](#).

A2.9.7. Approval Authority. Secretary of the Air Force Decorations Board. Also refer to paragraph 2.4 in DAFI 36-2803.

A2.9.8. Description.

A2.9.8.1. Medal. A bronze star bearing in the center a small star of the same color.

A2.9.8.2. Ribbon. The ribbon is predominantly red with a white-edged narrow blue band in the center and white lines at each edge.

A2.9.9. **Authorized Devices.** Valor “V” device and Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A2.10. PURPLE HEART (PH). The PH was established by General George Washington on 7 August 1782. It was reestablished by War Department General Order No. 3, 1932, and is currently awarded pursuant to EO 11016, 25 April 1962, subject to the provisions in 10 USC §§ 1127, 1129, 1129a, and 1131; PL 104-106; DoDI 1348.33; and DoDM 1348.33 Volume 3. The PH is awarded to any service member who is killed or wounded as a result of enemy action. The wounds received must have required treatment by a medical officer. **(T-0).** The PH differs from other decorations in that a member is entitled to the PH if the approval authority determines the member meets the eligibility criteria.

A2.10.1. Eligibility.

A2.10.1.1. The PH may be awarded to any service member, while serving under competent authority after April 5, 1917, has been wounded, killed, or who has died or may hereafter die of wounds received under any of the following circumstances:

A2.10.1.1.1. In any action against an enemy of the U.S.

A2.10.1.1.2. In any action with an opposing armed force of a foreign country in which the Military Departments are or have been engaged.

A2.10.1.1.3. While serving with friendly foreign forces engaged in an armed conflict against an opposing armed force in which the U.S. is not a belligerent party.

A2.10.1.1.4. As a result of an act of any such enemy or opposing armed forces.

A2.10.1.1.5. As the result of an act of any hostile foreign force.

A2.10.1.1.6. After March 28, 1973, as a result of an international terrorist attack against the U.S. or a foreign nation friendly to the U.S., recognized as such an attack for purposes of award of the PH by SecAF, or jointly by the Secretaries of the Military Departments concerned if members from more than one Military Department are killed or wounded in the attack.

A2.10.1.1.7. After March 28, 1973, as a result of military operations while serving outside the territory of the U.S. as part of a peacekeeping force.

A2.10.1.1.8. On or after December 7, 1941, pursuant to 10 USC § 1129, as the result of action by friendly weapon fire while directly engaged in armed conflict, other than as a result of an act of an enemy of the U.S., unless the wound is the result of willful misconduct of the member.

A2.10.1.1.9. Before April 25, 1962, pursuant to PL 104-106 § 521, while held as a POW, or while being taken captive, in the same manner as a former POW who is wounded on or after that date while held as a prisoner. A person is considered a former POW if the person is eligible for the POW Medal under 10 USC § 1128.

A2.10.1.1.10. On or after 7 December 1941, to a service member who is killed or dies while in captivity as a POW under circumstances establishing eligibility for the POW Medal pursuant to 10 USC § 1128, unless compelling evidence is presented that shows that the member's death was not the result of enemy action.

A2.10.1.1.11. On or after 11 September 2001, pursuant to 10 USC § 1129a, to a service member on active duty who is killed or wounded in an attack by a foreign terrorist organization in circumstances where the death or wound is the result of an attack targeted on the member due to such member's status as a member of the armed forces, unless the death or wound is the result of the member's willful misconduct.

A2.10.1.1.11.1. An attack by an individual or entity is considered to be a foreign terrorist attack if the individual or entity was in communication with the foreign terrorist organization before the attack, and the attack was inspired or motivated by the foreign terrorist organization.

A2.10.1.1.11.2. To assist in making a PH determination pursuant to 10 USC § 1129a, the Secretary of the Air Force may request an intelligence assessment from the Defense Intelligence Agency's Defense Combating Terrorism Center.

A2.10.1.2. A wound for which the PH is made is of such severity that it required treatment, not merely examination, by a medical officer. Treatment of the wound is documented in the service member's medical or health record. The PH may be approved for wounds treated by a medical professional other than a medical officer provided a medical officer includes a statement in the service member's medical record that the extent of the wounds was such that they would have required treatment by a medical officer if one had been available to treat them.

A2.10.1.3. A wound is an injury to any part of the body from an outside force or agent. The term encompasses all kinds of wounds and other injuries caused by an outsider force or agent, whether there is a piercing of the body, as in a penetrating or perforating wound, or none, as in a contused wound; all fractures, burns, blast concussions, all effects of gases and like chemical and biological warfare agents; and the effects of exposure to radioactive substances.

A2.10.1.3.1. Examples of enemy-related injuries which clearly justify the award of the PH include injuries caused by: enemy bullet, shrapnel injuries that require wound closure or have retained foreign bodies, fractures, perforated eardrum, inhalation injuries or burns due to smoke, fumes, or chemical agents introduced or caused by the enemy, second- and third-degree burns, moderate or penetrating traumatic brain injuries, and concussions resulting in a loss of consciousness.

A2.10.1.3.1.1. When considering award of the PH for a mild traumatic brain injury or concussion that did not result in the loss of consciousness, ensure the diagnosed mild traumatic brain injury resulted in a disposition of "not fit for full duty" by a medical officer for a period of greater than 48 hours based on persistent signs, symptoms, or findings of functional impairment resulting from the concussive event.

A2.10.1.3.1.2. The following nonexclusive list provides examples of medical treatment for mild traumatic brain injury or concussion that meet the standard of

treatment necessary for award of the PH:

A2.10.1.3.1.2.1. Referral to neurologist or neuropsychologist to treat the diagnosed mild traumatic brain injury or concussion.

A2.10.1.3.1.2.2. Rehabilitation (such as occupational therapy, physical therapy, and so forth) to treat the mild traumatic brain injury or concussion.

A2.10.1.3.1.2.3. Restriction from full duty for a period of greater than 48 hours due to persistent signs, symptoms, or physical finding of impaired brain function due to the mild traumatic brain injury or concussion.

A2.10.1.3.1.3. Combat theater and unit command policies, or medical protocols, mandating rest periods, light duty, or “down time” and/or the administration of pain medication (e.g., acetaminophen, aspirin, or ibuprofen) in the absence of persistent symptoms of impairment following concussive incidents do not constitute qualifying treatment for a concussive injury.

A2.10.1.3.1.4. Treatment of the mild traumatic brain injury or concussive injury is documented in the service member’s medical and/or health record. **(T-0)**.

A2.10.1.3.2. Examples of injuries or wounds which clearly do not justify award of the PH include: frostbite or trench foot injuries; heat stroke; food poisoning not caused by enemy agents; chemical, biological, or nuclear agents not released by the enemy; disease not directly caused by enemy agents; accidents, to include explosive, aircraft, vehicular, and other accidental wounding not related to or caused by enemy action; self-inflicted wounds, except when in the heat of battle and not involving gross negligence; post-traumatic stress disorders; jump injuries not caused by enemy action; and/or injuries that are the result of the member’s willful misconduct.

A2.10.1.4. After May 17, 1998, pursuant to 10 USC § 1131, the PH may only be awarded to a person who is a member of the armed forces at the time the person is killed or wounded under circumstances otherwise qualifying that person for award of the PH. Prior to this date, the Secretary of the Air Force was authorized to award the PH to U.S. civilians who were serving under competent authority in any capacity with an armed force of that department.

A2.10.1.5. A U.S. civilian or citizen of the U.S. wounded under described circumstances, while serving under competent authority in any capacity with the U.S. armed forces, will be recommended for award of the Secretary of Defense Medal for the Defense of Freedom. This includes civil service and non-appropriated fund employees of the Air Force and Space Force, technical representatives, and newsmen, who are so serving. Refer to DoDI1400.25V451_AFI36-1004, for additional guidance.

A2.10.1.6. Posthumous Award. The PH may be awarded posthumously, and when so directed, may be presented to such representatives of the deceased as the Secretary concerned considers appropriate (War Department Circular 125 and E.O. 9277).

A2.10.2. Preparing a Recommendation.

A2.10.2.1. Members who are evaluated at a military hospital or by on-scene doctors or nurses for injuries received at the time of an incident, and are classified as casualties, are

reported on casualty messages to the AFPC Casualty Matters Division. Members reported as casualties on casualty messages are automatically considered for PH eligibility.

A2.10.2.2. Members not reported as casualties through the AFPC Casualty Matters Division may submit a PH request to their servicing military personnel flight. The military personnel flight ensures the request contains the required documents and forwards those documents to AFPC/DP1SSP. The request includes the following:

A2.10.2.2.1. Signed memorandum from the injured member requesting the PH and explaining how the injuries occurred.

A2.10.2.2.2. Signed official medical documentation identifying the source, type, treatment, and date of injury.

A2.10.2.2.3. A completed DECOR6 signed by the member's squadron commander or equivalent.

A2.10.2.3. Members and veterans of foreign wars, refer to [Chapter 5](#).

A2.10.2.4. Foreign military personnel are not eligible for the PH. **(T-0)**.

A2.10.3. DAF Purple Heart Review Board. Members who are evaluated at a military hospital or by on-scene doctors/nurses for injuries received at the time of an incident, and are classified as casualties, are reported on casualty messages to the AFPC Casualty Matters Division. Members reported as casualties on casualty messages are automatically considered for the PH by the DAF Purple Heart Review Board. The board has authority (unless delegated in accordance with [Section 2D](#)), on behalf of SecAF, to evaluate the circumstances of a member's injuries and determine PH entitlement. AFPC/DP1SSP prepares and forwards PH elements to the recipient's servicing military personnel flight for a records update and presentation. Members not reported as casualties through the AFPC Casualty Matters Division must provide to the military personnel flight the below information or documents for PH consideration (paragraphs [A2.10.3.1](#) through [A2.10.3.3](#)). **(T-3)**. The military personnel flight verifies and forwards the documents to AFPC/DP1SSP. Questions should be referred to the military personnel flight. **(T-3)**.

A2.10.3.1. Signed memorandum from the injured member requesting the PH and explaining how the injuries occurred.

A2.10.3.2. Signed official medical documentation identifying the source, type, treatment, and date of injury.

A2.10.3.3. A completed DECOR6, signed by the member's squadron commander or equivalent.

A2.10.4. Approval Authority.

A2.10.4.1. SecAF renders decision on requests involving international terrorists or foreign terrorist organizations.

A2.10.4.2. AFPC/DP3SP is the approval and disapproval authority, after consultation with the Purple Heart Review Board. Also included in this authority are requests for prisoners of war and internees who are repatriated, killed in action, or declared dead; and the Secretary of Defense Medal for the Defense of Freedom.

A2.10.4.3. During wartime, or as circumstances dictate, approval authority may be delegated by SecAF to the Commander Air Force Forces (COMAFFOR), or to commanders in the grade of brigadier general or higher of comparable organizations. Refer to paragraph 2.4 in DAFI 36-2803.

A2.10.5. Description.

A2.10.5.1. Medal. A heart-shaped pendant of purple enamel bearing a gold replica of the head of General George Washington, in relief, and the Washington Shield. The shield is in colors.

A2.10.5.2. Ribbon. The ribbon is dark purple with white edges.

A2.10.6. **Authorized Device.** Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A2.11. MERITORIOUS SERVICE MEDAL (MSM). The MSM was authorized by EO 11448, 16 January 1969. The medal is awarded to any service member, or to any member of the armed forces of a friendly foreign nation, who has distinguished himself or herself by outstanding meritorious achievement or service.

A2.11.1. Eligibility.

A2.11.1.1. Normally the acts or services rendered are comparable to that required for the LOM, but in a duty of lesser though considerable responsibility.

A2.11.1.2. The MSM may be awarded for outstanding achievement or service while serving in combat zones, combat zone tax exclusion areas, and areas authorized for hostile fire pay, imminent danger pay, or hazardous duty pay. However, the BSM is the appropriate equivalent level decoration to recognize meritorious achievement or service performed under combat conditions.

A2.11.1.3. Members assigned to training positions (staff and faculty) are eligible for the medal; students of such training are not.

A2.11.2. Approval Authority. Refer to [paragraph 2.23](#) in this publication and Table 2.2 in DAFI 36-2803.

A2.11.2.1. Refer to paragraph 2.4 in DAFI 36-2803, for achievements or service performed in a combat zone, combat zone tax exclusion area, or area authorized hostile fire pay, imminent danger pay, or hazardous duty pay.

A2.11.2.2. Approval authority for the MSM with “R” device is the wing or delta (or equivalent) commander (must be a USAF or USSF officer). This authority may not be further delegated.

A2.11.3. Description.

A2.11.3.1. Medal. A bronze medal consisting of six rays issuant from the upper three points of a five-pointed star with beveled edges and containing two smaller stars defined by incised outlines. In front of the lower part of the medal appears an eagle with wings upraised standing on two upward curving branches of laurel tied with a ribbon between the eagle's feet.

A2.11.3.2. Ribbon. The ribbon is predominately ruby, with white vertical stripes and ruby lines at each edge.

A2.11.4. **Authorized Devices.** Remote “R” device and Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

The medal is awarded to any person who, while serving in any capacity with the Air Force, distinguishes himself or herself by meritorious achievement while participating in an aerial flight.

A2.12.1. Eligibility.

A2.12.1.1. The AM may be awarded for combat or non-combat action in recognition of single acts of valor, heroism, or merit while participating in an aerial flight. Both heroism and achievement are entirely distinctive, involving operations that are not routine.

A2.12.1.2. The AM is not awarded for sustained operational activities and flights.

A2.12.1.3. The required achievement to warrant award of the AM is less than that required for the DFC, and is accomplished with distinction above and beyond that expected of professional service members.

A2.12.1.4. Crewmembers of remotely piloted aircrafts are not authorized the AM. **(T-0)**. However, they may be awarded the AAM.

A2.12.1.5. The AM may be awarded to foreign military personnel in actual combat in support of operations.

A2.12.1.6. Members assigned to training positions (staff and faculty) are eligible for the AM; students of such training are not.

A2.12.1.7. Requests for establishment and designation of mission profiles are submitted through command channels to the applicable MAJCOM, FLDCOM, FOA, or DRU for coordination with AF/A3, prior to approval. MAJCOM, FLDCOM, FOA, or DRU Director of Operations will submit coordination requests to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) for staffing through AF/A1 or SF/S1 to AF/A3. Approvals will be included in the applicable MAJCOM, FLDCOM, FOA, or DRU supplement to this manual. AF/A3TF is the office of coordinating responsibility for questions pertaining to qualifying mission profiles; and any MAJCOM, FLDCOM, or local supplements to this manual regarding the AM.

A2.12.2. Preparing a Recommendation. For valor recommendations refer to [Attachment 12](#).

A2.12.3. Approval Authority. Refer to [paragraph 2.23](#) in this publication and Table 2.2 in DAFI 36-2803. For valor and combat situations refer to paragraph 2.4 in DAFI 36-2803.

A2.12.4. Description.

A2.12.4.1. Medal. A bronze compass rose displaying an eagle in flight bearing lightning flashes.

A2.12.4.2. Ribbon. The ribbon is predominately blue with two orange-gold bands just inside the edges.

A2.12.5. **Authorized Devices.** Valor “V” device, Combat “C” device and Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance. Retroactive award of the “V” device is not authorized prior to 21 October 2004. **(T-0)**.

A2.13. AERIAL ACHIEVEMENT MEDAL (AAM). The AAM was established by SecAF, 5 February 1988. The medal is awarded to any U.S. military or civilian person, who has distinguished himself or herself by sustained meritorious achievement while participating in an aerial flight.

A2.13.1. Eligibility.

A2.13.1.1. The AAM may not be awarded for single event flights.

A2.13.1.2. Effective 9 January 2003, SecAF approved inclusion of unmanned aerial vehicle (later called remotely piloted aircraft) operators (to include onboard systems) and other weapons systems as determined by SecAF.

A2.13.1.3. Members assigned to training positions (staff and faculty) are eligible for the AAM; students of such training are not.

A2.13.1.4. Requests for establishment and designation of mission profiles are submitted through command channels to the applicable MAJCOM, FLDCOM, FOA, or DRU for coordination with AF/A3, prior to approval. MAJCOM, FLDCOM, FOA, or DRU Director of Operations will submit coordination requests to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil) for staffing through AF/A1 or SF/S1 to AF/A3. Approvals will be included in the applicable MAJCOM, FLDCOM, FOA, or DRU supplement to this manual. AF/A3TF is the office of coordinating responsibility for questions pertaining to qualifying mission profiles; and any MAJCOM, FLDCOM, or local supplements to this manual regarding the AAM.

A2.13.1.5. **(Added-AETC)** The following Aerial Achievement Medal guidance applies to aircrew members within AETC:

A2.13.1.5.1. **(Added-AETC)** To qualify for award of an Aerial Achievement Medal within AETC, the following criteria apply:

A2.13.1.5.2. **(Added-AETC)** Provided assistance to a theater commander during contingency operations. Aircrew members meet the criteria established by their host major command. Awards will be submitted through their assigned unit.

A2.13.1.5.3. **(Added-AETC)** Performed ten (10) search and rescue mission sorties with the intent of locating personnel in distress, providing medical support, or transporting such individuals, which resulted in six (6) total saves. The search and rescue are not required to be from the same operation. Sorties from subsequent rescue coordination center tasking may be combined to meet the total.

A2.13.1.5.4. **(Added-AETC)** Performed ten (10) humanitarian relief mission sorties. Qualifying mission sorties are those missions providing support to local authorities in response to natural disasters. Mission sorties may be combined with other humanitarian relief missions from a different time period or relief operation.

A2.13.1.6. **(Added-AETC)** The Aerial Achievement Medal is not awarded for single event flights or meritorious service. Instead, consider the Air Medal for significant singular aerial accomplishments.

A2.13.1.7. **(Added-AETC)** The Air and Space Commendation Medal and Air and Space Achievement Medal may not be awarded for sustained meritorious achievements while personnel are participating in aerial flight. However, the medals may be awarded to personnel in crew positions based on outstanding achievement or meritorious service. **Note:** The Air and Space Achievement Medal may not be awarded for aerial achievement.

A2.13.1.8. **(Added-AETC)** Units devise a local method of ensuring missions are properly documented, tracked, and credited. Aircraft commanders ensure only qualifying missions are credited. Mission types cannot be combined to reach an overall total. Aircrew members who have not been awarded the basic Aerial Achievement Medal and are separating, relocating to another command, or moving to a nonflying billet may be submitted for the award after meeting 75 percent of the requirements. Do not give individuals new to AETC credit for flights that took place prior to being assigned to AETC.

A2.13.2. **Approval Authority.** Refer to [paragraph 2.23](#) in this publication and Table 2.2 in DAFI 36-2803.

A2.13.3. **Description.**

A2.13.3.2. Ribbon. The ribbon is predominately bird blue, with golden yellow vertical stripes and flag blue at each edge.

A2.13.4. **Authorized Device.** Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A2.14. AIR AND SPACE COMMENDATION MEDAL (ASCOM). The ASCOM was established by SecAF, 24 March 1958 and announced in DAF General Orders No. 16, 28 March 1958. The medal is awarded to any service member, or to any member of the armed forces of a friendly foreign nation, who has distinguished himself or herself by meritorious achievement or service, valor, or heroism. On 16 November 2020, SecAF approved the renaming of the Air Force Commendation Medal to the Air and Space Commendation Medal.

A2.14.1. **Eligibility.**

A2.14.1.1. The ASCOM is awarded to U.S. and foreign military personnel in the grade of O-6 and below. Do not award to U.S. and foreign general or flag officer grades (O-7 and above).

A2.14.1.2. Awarded for achievement, service, or heroism that does not rise to the level of the BSM.

A2.14.1.3. Awarded for heroism that does not rise to the level of the AmnM.

A2.14.1.4. The ASCOM may also be awarded for sustained meritorious performance by crewmembers.

A2.14.1.5. Members assigned to training positions (staff and faculty) are eligible for the ASCOM; students of such training are not.

A2.14.2. **Preparing a Recommendation.** For valor recommendations refer to [Attachment 12](#).

A2.14.3. **Approval Authority.** Refer to [paragraph 2.23](#) in this publication and Table 2.2 in DAFI 36-2803. For valor and combat situations refer to paragraph 2.4 in DAFI 36-2803.

A2.14.4. **Description.**

A2.14.4.1. Medal. A bronze hexagon medallion bearing eagle, shield, and arrows from the DAF seal.

A2.14.4.2. Ribbon. The ribbon is predominately yellow with blue edges and three bands of blue spaced in the center.

A2.14.5. **Authorized Devices.** Valor “V” device, Combat “C” device, Remote “R” device, and Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A2.15. AIR AND SPACE ACHIEVEMENT MEDAL (ASAM). The ASAM was established by SecAF on 12 October 1980. The medal is awarded to any service member, or to any member of the armed forces of a friendly foreign nation, who has distinguished himself or herself by outstanding achievement or service. On 16 November 2020, SecAF approved the renaming of the Air Force Achievement Medal to the Air and Space Achievement Medal.

A2.15.1. **Eligibility.**

A2.15.1.1. The ASAM is awarded to U.S. and foreign military personnel in the grade of O-5 and below.

A2.15.1.2. No more than one ASAM may be awarded during a 1-year period except under extraordinary circumstances. **(T-3)**.

A2.15.1.3. The ASAM may not be awarded for aerial achievement or retirement. **(T-2)**.

A2.15.1.4. Superior performance of duty or attainment of honors based solely on academic achievement (such as graduating with honors from a Noncommissioned Officer Academy or other course of instruction) does not, in itself, constitute justification for an award of the ASAM.

A2.15.1.5. ASAMs should be restricted to achievements or services that are clearly outstanding and unmistakably exceptional when compared to similar achievements and accomplishments of personnel of like grade and responsibilities. Accordingly, appropriate remarks on effectiveness and performance reports, favorable communications, locally developed certificates, and command special trophies and awards provide ample means of recognizing the high caliber performance expected of DAF members.

A2.15.1.6. The successful accomplishment of a predesignated number of tasks or functions is not a valid basis for an award of the ASAM. However, unusual and extraordinary sustained performance may be used as a point of departure in justifying meritorious achievement or service. In instances where persons are affiliated with an exceptionally successful program, project, or mission, the medal may only be awarded to

the relatively few members whose contributions clearly stand out from the others, and who have contributed most to the success of the program.

A2.15.1.7. The ASAM is not to be awarded retroactively for any period of service with a close date prior to the medal's effective date (1 October 1981). **(T-1)**.

A2.15.1.8. Members assigned to training positions (staff and faculty) are eligible for the ASAM; students of such training are not.

A2.15.2. **Approval Authority.** Refer to **paragraph 2.23** in this publication and Table 2.2 in DAFI 36-2803. For combat situations refer to paragraph 2.4 in DAFI 36-2803.

A2.15.3. **Description.**

A2.15.3.1. Medal. A silver-colored nebular shaped disc with an oxidized satin finish. The pendant bears the heraldic thunderbolt similar to that of the shield on the DAF seal.

A2.15.3.2. Ribbon. The ribbon is predominantly silver gray with 12 vertical ultramarine-blue stripes.

A2.15.4. **Authorized Devices.** Combat "C" device, Remote "R" device and Oak Leaf Cluster. Refer to **Attachment 16** for additional device guidance. Also refer to **paragraph A16.16** for information about retroactive award of the Valor "V" device.

Attachment 3

PREPARING, SUBMITTING AND WITHDRAWING RECOMMENDATIONS

A3.1. Initiating a Recommendation. Recommendations should be submitted as soon as possible following the act, achievement, or service. It is the responsibility of the recommending official to ensure a recommendation is placed into official channels in a timely manner (refer to [Section 2B](#)). A recommendation is considered in official channels when the recommending official signs the recommendation and a higher official in the member's chain of command endorses it. Should the recommending official not endorse the submission, the submission is considered disapproved. Refer to [Section 2B](#) for initiating recommendations past the time limitation.

A3.2. Recommendations Lost or Not Acted on Due to Inadvertence. Recommendations that were placed into official channels within the prescribed time limitation (refer to [Section 2B](#)), but no award was made because the original recommendation was lost or through inadvertence the recommendation was not acted upon; may be resubmitted for processing through the chain of command of the original recommendation. Consideration is contingent upon credible evidence the original recommendation was submitted within the time limit, but not acted on due to loss or inadvertence.

A3.3. Reconsideration and Upgrade Requests. Initiate a reconsideration (or upgrade) request within 1 year of the date the recommendation was disapproved. A one-time reconsideration of a disapproved or downgraded decoration or a request for upgrade of an approved decoration, may be submitted through the same official channels as the original recommendation to the current approval authority (in that chain of command) for decision. Requests must include new, substantive, and relevant material evidence that was not available or known at the time the original recommendation was considered or evidence of material error or impropriety in the processing or adjudication of the original recommendation. Information that merely adds details to what was previously provided in the original recommendation does not meet the "new and relevant" requirement. Also see checklist at [Table 2.1](#).

A3.4. Preparing a Recommendation. All nominations should be marked and handled as Controlled Unclassified Information until the awarding authority announces the final decision. **(T-1)**. Do not include classified, highly sensitive, or special category information requiring special handling procedures in regular recommendations. **(T-1)**.

A3.4.1. Recommendations are prepared in chronological sequence to recognize the order in which the act, service, or achievement was performed. **Note:** Only during war, conflict, or intense operational conditions, which can often delay the processing of decorations, would the chronological sequence be out of order when finalizing decorations.

A3.4.2. Refer to [Attachment 12](#) for preparing and processing valor decorations.

A3.4.3. Recommendations for the MSM, AAM, ASCOM, and ASAM are prepared in the myDecs application (refer to [Attachment 6](#)). All other decorations are prepared with the following documents.

A3.4.3.1. DECOR6. The primary document required with each recommendation. It provides general, but critical, personnel information, among other things, necessary when deciding whether to recommend a decoration and serves as an official document for personnel decisions, evaluations, and actions.

- A3.4.3.1.1. The DECOR6 is automatically generated by the MilPDS upon a projected action such as permanent change of station, retirement, or separation. If not automatically generated, the DECOR6 can be requested from the awards manager at the unit or organization, the military personnel flight, or other locally established methods.
- A3.4.3.1.1. (AETC) A DECOR6 generated by MilPDS is mandatory for all decoration recommendations unless the decoration is processed entirely within myDecs. Do not change or delete the system generated date of the DECOR6; this date is mandatory and included as part of the special order information.
- A3.4.3.1.2. To avoid late processing, a suspense is applied to each DECOR6 and must be adhered to. (T-2).
- A3.4.3.1.3. The First Sergeant or senior enlisted leader reviews enlisted member nominations and prints or types “[*first sergeant or senior enlisted leader*] reviewed”, the date reviewed, and signs the DECOR6 at item 8 under the supervisor’s signature.
- A3.4.3.1.4. Inclusive Period (dates). Unless under extenuating circumstances, requests to change either start or stop dates (i.e., to facilitate promotion eligibility) once a decoration has been finalized and presented, should not be approved.
- A3.4.3.1.5. The DECOR6 is signed (written or electronic).
- A3.4.3.1.6. Units or organizations not having MilPDS access must contact their MAJCOM, FLDCOM, or the applicable HAF office for permission to use a recommendation memorandum (see [Figure A8.1](#)). (T-1).
- A3.4.3.1.6. (AETC) A recommendation memorandum ([Figure A8.1](#)) is authorized for recommendations for foreign nationals, separated and retired members, or members of other military Service Branches. Contact AETC/A1KK for permission to utilize a recommendation memorandum for any other situation.
- A3.4.3.2. Narrative Justification. The narrative justification is a detailed description of the act, achievement, or service. Recommendations should be fully justified to avoid the perception that decorations are automatic. All actions in the narrative should be verifiable through the substantiating documents contained in the recommendation. The justification should be factual and avoid generalities, broad or vague terminology, superlative adjectives, or a recapitulation of duties performed. It must provide concrete examples of exactly what the member did, how well he or she performed the action, what impact or benefit did it result in, and how the person significantly exceeded duty performance. The following formats are used.
- A3.4.3.2.1. The narrative justification is optional for LOM, MSM, ASCOM, and ASAM recommendations, except those submitted as an exception to policy and for actions involving combat operations or achievements not covered in the member’s performance report or letter of evaluation. In absence of a narrative justification provide a copy of the member’s performance report or letter of evaluation during the inclusive dates of the recommendation.

A3.4.3.2.1. (AETC) Narrative justification and/or performance reports provided cover the entire award period. Narrative justification is mandatory for decorations requiring SAFPC or above approval.

A3.4.3.2.2. When using the narrative justification, prepare the justification on one page of bond paper. (T-2). The justification is written as a narrative using blocked, paragraphed, or talking paper format (bullet). (T-2).

A3.4.3.2.2. (AETC) Prepare the narrative justification on plain bond paper with 1-inch top and side margins, with the opening sentence, "I recommend (grade, first name, middle initial, last name) for the award of the (decoration and [if applicable] oak leaf cluster)." Do not include the member's Social Security Number. The recommending official uses the narrative justification to provide concrete examples of exactly what the person did, how well the person performed the actions, the resulting impacts/benefits, and how the person significantly exceeded duty performance. Provide the approval authority more detail about achievements included in the citation, and include notable achievements not included in the citation. Do not restate the citation, list job description duties, or cut and paste bullets from performance reports. Avoid generalities, broad/vague terminology, and superlative adjectives. The narrative justification will be signed, using the appropriate signature block.

A3.4.3.2.3. Limit the DSM justification to three pages. A narrative justification is optional for retiring general officers.

A3.4.3.2.4. A 1-page narrative justification is required for exception to policy nominations.

A3.4.3.2.5. Do not include classified information.

A3.4.3.3. Proposed Citations. A proposed citation is included in a recommendation (except for the PH). Citations must be in good taste and quality that capture the substance of the decoration with dignity and clarity. (T-2). All actions included in the proposed citation should be verifiable through substantiating documents contained in the recommendation. Stratification statements are not authorized. (T-1). An example stratification statement is: While deployed to Camp Victory, Iraq, for a 365-day deployment, the Director of Manpower, Personnel, and Services stated, "Major Garcia is the number one personnel officer at Camp Victory, Iraq." Refer to [Attachment 5](#) for preparing citations.

A3.4.3.4. Supporting Documents. A recommendation may include supporting documentation, if the person initiating the recommendation does not have firsthand knowledge of the act or service performed, or access to official supporting records. Examples of supporting documents are eyewitness statements (2 or more), diagrams, photographs, and citations for other decorations received during the period of the recommended decoration.

A3.5. Submit a Recommendation. Recommendations are forwarded through the nominee's chain of command.

A3.5. (AETC) Submit a Recommendation. For decorations requiring AETC CC/CD or higher approval the AETC Form 114, *Indorsement for Decoration*, can be used if needed to document

intermediate commander endorsements when their written endorsement is not otherwise part of the recommendation package, or their endorsement cannot be verified in ETMS2. Lower level approval authorities ensure intermediate commander endorsements are properly obtained and documented and can determine utilization of this form. This form is not required for decorations processed entirely in myDecs.

A3.5.1. Recommendations for the MSM, AAM, ASCOM, and ASAM are submitted in the myDecs application (see [Attachment 6](#)).

A3.5.2. All other awards are submitted as follows.

A3.5.2.1. The recommending official decides whether or not to recommend a decoration.

A3.5.2.1.1. If the decision is to not recommend a decoration, the recommending official circles “Do not” at item 8 of the DECOR6, sign and date it, and return it to the appropriate office prior to the suspense in the heading paragraph of the DECOR6. No further action is needed.

A3.5.2.1.2. If the decision is to recommend, the recommending official completes items 1. A, B, C, D, E, F (G and H and item 2 if applicable), circle “I recommend” at item 8, and sign and date the DECOR6. Electronic and digital signatures are not authorized. **(T-1)**.

A3.5.2.1.2. **(AETC)** Complete all items on the DECOR6, and whenever possible type in DECOR6 entries. When necessary, neat and legible handwritten entries and pen corrections are authorized. Include a desired presentation date in item 1F; only use “Upon Approval” for achievement decorations or if the presentation date cannot be determined until after approval of the decoration. For separation or retirement decorations, include a complete forwarding mailing address in item 1H. If the DECOR6 was requested after reassignment, include all data for the period of service being recommended in items 2D (include PAS code), 2E and 2F. If the assignment was changed after the DECOR6 was generated, correct items 1G and 1H. Provide information for item 3, or mark “N/A”. Mark item 4 accordingly and provide additional information if required. The recommending official (supervisor) and approval authority (commander) sign (written or electronic) and date the Décor 6. For written signatures, include the official signature blocks of those signing the Décor 6. When one individual signs as both supervisor and commander, annotate “Same as Commander” directly above and on the left side of the signature line.

A3.5.2.2. Once signed by the recommending official, the recommendation continues through the chain of command (unless local, higher command or other commands direct otherwise) to the approval or disapproval authority. The commander, vice commander (or deputy commander), or other intermediate endorsing official at each organizational level in the chain of command reviews the recommendation and provides a signed endorsement to the approval or disapproval authority recommending approval, disapproval, upgrade, or downgrade of the decoration.

A3.5.2.3. The MAJCOM, FLDCOM, FOA, or DRU commander will be the recommending official for decorations requiring decision by HAF or higher levels. **(T-1)**. These nominations should be submitted no later than 60-days prior to the desired presentation date.

A3.5.2.3. (AETC) Submit recommendations requiring AETC CC/CD approval in ETMS2 to AETC/A1KK no later than 30 days prior to the desired presentation date. Submit recommendations requiring SAFPC/higher level approval in ETMS2 to AETC/A1KK no later than 75 days prior to the desired presentation date. For recommendations not meeting these suspense guidelines provide a late memo signed by the commander/director or vice commander/deputy commander of the responsible organization.

A3.5.2.4. Process recommendations submitted on a member or a group of members from various organizations, to recognize a single act or outstanding achievement, through the project officer's or operation commander's chain of command. Obtain concurrence from each member's home station commander prior to submitting the recommendation. For members of the other Military Departments, refer to [paragraph 2.17.5](#).

A3.5.2.5. Forward recommendations requiring HAF or higher-level decision through the chain of command to AFPC/DP1SSP. If the recommendation is classified, send the unclassified portion to AFPC/DP1SSP and have the classified portion forwarded under separate cover directly to the Secretary of the Air Force Decorations Board.

A3.5.2.6. Recommendations for DAF decorations originating from DoD and its agencies, the Joint Staff, joint and unified commands or units, and federal agencies outside of DoD are forwarded as follows:

A3.5.2.6.1. For USAF members: Submit nominations to AFDW/A1 unless administrative control responsibilities have been assigned. (T-1). In this case, the command or unit with administrative control processes the recommendation.

A3.5.2.6.2. For USSF members: Submit nominations to the Space Force Enlisted Talent Management Office, 550 C Street, JBSA-Randolph, TX 78150, unless administrative control responsibilities have been assigned. (T-1). In this case, the command or unit with administrative control processes the recommendation. Space Force ETMO will submit the nomination to 811 FSS Workflow (811.FSS.CCQ.Workflow@us.af.mil) for processing.

A3.5.2.7. Recommendations (includes endorsement memorandum) for MAJCOM or FLDCOM commanders are forwarded directly to 811 FSS Workflow (811.FSS.CCQ.Workflow@us.af.mil) for processing.

A3.5.2.8. Recommendations for acts, achievements, or service that occurred in a deployed environment are processed by the deployed chain of command. In the absence of established routing channels, a deployed immediate supervisor may recommend a member(s) through the member's home station commander.

A3.5.2.9. Process decorations for centrally-managed Reservists (those assigned to the Chaplain, Medical, Legal, Office of Special Investigations (OSI), or Intelligence career fields) to the approval or disapproval authority at the local level (the same as regular USAF members) using the decoration approving authority of the unit of attachment. Recommendations for individual Reservists are processed to the approval authority for consideration as outlined in [Table 2.2](#).

A3.5.2.10. Reviewing officials at any level may return recommendations for administrative correction or for supporting data. Do not consider these recommendations

as having been removed from official channels, but return them without delay to the reviewing or awarding authority.

A3.6. Withdraw a Recommendation. Recommendations may be withdrawn at any time in the process. Recommending officials who wish to withdraw nominations already in official channels must send a memorandum (or letter) that includes an explanation of the withdrawal, through the chain of command to the approval authority. Intermediate endorsing officials or commanders forwards the memorandum (or letter) and provides a recommendation to approve or disapprove the request. **(T-3)**.

Attachment 4

PREPARATION AND DISTRIBUTION OF CERTIFICATES, CITATIONS, AND SPECIAL ORDERS

A4.1. General Information. Upon approving a personal military decoration, the approval authority prepares (or delegates preparation of) the certificate, citation, and special orders, signs the certificate, distributes the original and copies of the certificate, citation, and special orders, and retains and disposes of the recommendation file.

A4.2. Certificate. Prepare a certificate for the AFC, DSM, SS, LOM, DFC, AmnM, BSM, PH, PUC, GUC, MUA, ASOEA, and ASOUA.

A4.2.1. The certificate will contain the oak leaf cluster or other device, if applicable.

A4.2.2. The “Given Under My Hand” date on the certificate is the date the award was approved. This will not be a future date.

A4.2.3. Do not place the word “Posthumous” on the certificate, if applicable.

A4.2.4. Refer to [paragraph A4.4](#) for the MSM, AM, AAM, ASCOM, ASAM, PUC, GUC, MUA, ASOEA, and ASOUA. These awards are accomplished on a combined certificate with the citation collocated on the certificate.

A4.3. Citation. Refer to [Attachment 5](#) for instructions on how to prepare a citation and required opening and closing sentences.

A4.3.1. Prepare a citation on plain bond paper for the AFC, DSM, SS, LOM, DFC, AmnM, and BSM.

A4.3.2. The citation will contain the oak leaf cluster or other device, if applicable.

A4.3.3. Place the word “Posthumous” below the title on the citation when the basis for the decoration is posthumous (refer to [paragraph 2.22](#)).

A4.3.4. Use past tense for citation text accomplishments. Exception is the closing line “accomplishments are in keeping” and “reflect(s) great credit”.

A4.3.5. Avoid “during this period”, it’s redundant. Inclusive dates are given in the opening line.

A4.3.6. Avoid use of first person, such as “our two countries”. Use “the two countries”.

A4.3.7. Avoid personal possessives whenever possible when referring to an individual’s country, unit, forces, etc. These things do not belong to the person, the person is entrusted with them.

A4.3.8. When referring to the United States and another country in the same sentence, the United States is always spelled out and goes first. For example, “the United States and Canada”; not “the U.S. and Canada”, “Canada and the U.S.” or “Canada and the United States”. The formal, long name of the “United States of America” is only used in the opening, top line. Use the formal short name, “the United States”, throughout the remainder of the citation.

A4.3.9. Ensure the name of the Military Service is consistent throughout the citation. For example, do not type “Canadian Armed Forces” immediately below the recipient’s name in the opening line, then use “Armed Forces of Canada” in the closing line.

A4.3.10. Ensure the information in the citation is consistent with the supporting documents, such as the name and grade of the recipient and the type of award approved.

A4.3.11. Ensure the citation includes at least 2 to 3 substantive accomplishments.

A4.3.12. Avoid the use of absolutes or unquantifiable statements whenever possible. Examples are “unparalleled”, “unprecedented”, or “invaluable”.

A4.3.13. Alternate the use of a person’s name throughout the citation using pronouns. Following the opening line that states “the President of the United States...”, type the recipient’s full grade and name, position, and inclusive dates for the award. Start the next sentence with the recipient’s grade and name. For example, “General Smith led the Canadian Armed Forces’ initiative to...” Alternate the use of the recipient’s proper name and pronouns throughout the citation, while using the recipient’s name and grade in the closing line.

A4.3.14. Ensure the recipient’s country is used consistently throughout the citation. Many countries have several formal variations of their name. For example, the formal long name for the U.S. is the “United States of America” and the formal short name is the “United States”.

A4.3.15. Typically use “his country” or “her country” in the closing line.

A4.4. Combined Certificate and Citation. Prepare a combined certificate and citation for the MSM, AM, AAM, ASCOM, ASAM, PUC, GUC, MUA, ASOEA, and ASOUA. The citation is collocated on the certificate. Follow the guidance in paragraphs [A4.2](#) and [A4.3](#). Do not place the word “Posthumous” on the combined certificate (if applicable).

A4.5. Special Orders. Separate special orders are only required to authenticate the MOH, AFC, SS, DFC, AmnM, BSM, PUC, GUC, MUA, ASOEA, and ASOUA. The citation for these awards will be added to the special order (see [Figure A4.1](#)). For all other awards, the special order data will be annotated at the bottom of the certificate. The data required is: Special Order Number, Recommendation for Decoration Printout (RDP) DECOR6 Date, Award Condition (i.e., retirement, service, etc.), and personnel accounting symbol code (see [Figure A4.2](#)).

A4.5.1. Award approval authorities are responsible for preparing, publishing, reproducing, distributing, maintaining, and retiring all special orders they publish. Approval authorities may designate (verbally or in writing) an orders publishing official--an officer, a noncommissioned officer in the grade of E-5 (or above), or a civilian employee (GS-5 or above), to publish special orders.

A4.5.1.1. Publish a “G” series special order to approve an award starting with “1” for each fiscal year (Example: G-0001, G-0002, G-0003, etc.).

A4.5.1.2. The effective date of awards is the closing date (last day of period recognized, or date of action or act) of the time period, date of action, or service period recognized, regardless of the order date or date the combined citation and certificate or individual certificate was signed or dated by the approval authority.

A4.5.2. In accordance with [paragraph 2.24](#), AFPC/DP1SSP will input the following statement on the special orders: “An additional 10% increase in retirement pay, not to exceed

75%, has been considered and (*approved or disapproved*) by (*title of award approval authority, i.e., President, Secretary of the Air Force, Secretary of the Air Force Decorations Board*).

A4.5.3. Special orders typically consist of three parts: heading, body, and close.

A4.5.3.1. Heading. The heading of the order identifies the title “DEPARTMENT OF THE AIR FORCE”, the complete name (unit designation) of the approving unit, the MAJCOM or FLDCOM (abbreviated and in parentheses) to which the unit is assigned, the unit’s complete mailing address, the type series and number of order, and date the order was published (see [Figure A4.3](#)). This information is used by human resources technicians to add the award to MilPDS and, if necessary, to refer discrepancies back to the award approval authority. Do not postdate or antedate orders. Above the heading of the first order of the year, identify the last order published of the previous year. For example: “Last Order Published in 2002 was SO G-56, Dated 22 Sep 02”.

A4.5.3.2. Body. The body of the order identifies the award authority, approval authority, and individual data essential to personnel matters. Create a heading paragraph that identifies the decoration authority, approval authority, the decoration type, and effective date (see [Table A4.1](#)). If appropriate, identify if the decoration is approved posthumously or with a device (refer to [Attachment 16](#) in this publication and Table 2.2 in DAFI 36-2803). Write a separate paragraph for each decoration and number paragraphs when using more than one.

A4.5.3.2.1. Below the paragraph, create data columns and list the recipient’s grade, last name, first name, middle initial, last four of member’s social security number (for multiple-person orders) or full social security number (for single-person orders), period of service recognized or date of act, oak leaf cluster of the decoration, condition code, the date the DECOR6 was computer generated (for enlisted only), and the personnel accounting symbol code.

A4.5.3.2.2. For members of the other Military Departments and foreign military, include the recipient’s grade; last name; first name; middle initial; branch of Service or foreign service; last four of member’s social security number (for multiple-person orders), full social security number (for single-person orders), service number, or other official identification number for foreign military members; period of service or date of act recognized; oak leaf cluster of the decoration (if applicable); condition code; and personnel accounting symbol code. The branch of Service will be placed in parenthesis after the recipient’s name. Examples are:

A4.5.3.2.2.1. Other Military Department: CPT HESS, MARK R. (U.S. ARMY)

A4.5.3.2.2.2. Foreign Military: SQ LEADER FEARS, JAMES W. (ROYAL AIR FORCE)

A4.5.3.3. Order Close. The order close contains the decoration approval authority’s signature block and signature, or the orders publishing official (see [paragraph A4.3.1](#)) signature block and signature or official stamp, the authority line, and orders distribution. The authority line is not needed when approval authorities use their signature block and signature on orders. However, when the signature block and signature or official stamp of the orders publishing official is used an authority line is required.

A4.5.4. Computer-generated orders may be used as long as the orders include all required data. No seal or signature is needed on computer-generated orders; place the word “OFFICIAL” above the signature block. The decoration approval authority determines which special orders format is used. The higher headquarters of the decoration approval authority may dictate format requirements.

TO

FOR

ACCOMPLISHMENTS

GIVEN UNDER MY HAND
 DAY MONTH YEAR

Special Order: G-1XX Condition: 6

AF FORM 2226, AUG 58

PAS Code: AUXXXXXX RDP: DAY MONTH YEAR

A4.6. Distribution of Certificate, Citation, and Order. Distribute copies of the certificate, citation, and special order of approved decorations not processed in the myDecs application (see

paragraph 3.3.2 and **Attachment 6**) immediately, or within 5 working days of approval. Include the recipient's full social security number immediately after the name on the copy that will be placed in the personnel records. Forward one copy of the certificate, citation, and/or special order to the following:

A4.6.1. Currently Serving Members. Forward copies of the decoration elements marked, "for MilPDS update and filing in member's personnel record" to the member's servicing military personnel flight or Commander's Support Staff.

A4.6.2. Reassigned Members. Forward decoration elements to the current or gaining military personnel flight or Commander's Support Staff for members who departed (permanent change of station or permanent change of assignment) before receiving their decoration.

A4.6.3. Retired or Separated Members. Forward the decoration elements to the servicing military personnel flight or Commander's Support Staff for members who retired or separated before receiving their decoration. The military personnel flight or Commander's Support Staff locates the member to obtain their presentation desires. If no presentation is desired, the military personnel flight forwards to the member the medal (or cluster) and original elements in a presentation binder or folder. If presentation is desired, the military personnel flight forwards the original elements to the military personnel flight or Commander's Support Staff closest to the member's location for presentation.

A4.6.4. Posthumous. Personal military decorations approved after the recipient's death are considered posthumous; however, a decoration approved (certificate signed and dated) prior to death that recognizes an act, achievement, or service prior to a recipient's death is not considered posthumous. Forward a copy of the special order, citation, and certificate, or combined citation and certificate, marked "For MilPDS update and filing in personnel record or Automated Records Management System" to the servicing military personnel flight. Should the military personnel flight no longer have MilPDS access to the member's record, contact AFPC/DP1SSP (AFPC.DP1SSP.RecognitionProcess@us.af.mil) for assistance.

A4.7. Management and Disposition of Records. Include decorations in office file plan and retain and dispose of recommendation and approval records in accordance with AFI 33-322. Maintain the original DECOR6, special order, citation, certificate (or combined citation and certificate), endorsement letters, decisions, board meeting minutes, and other documents related to a recommendation for decoration for 1 year in active files and 2 years in inactive files before transferring. Maintain a copy of the original DECOR6, the citation, certificate (or combined citation and certificate), endorsement or recommendation letters, and other related documents forwarded to higher approval authorities or higher commands for 1 year in active files and 2 years in inactive files before destroying.

A4.8. Correcting a Decoration. Approval authorities may correct a certificate, citation, special order, or combined certificate and special order when discrepancies are identified and/or when special order amendments change information on the elements. For example, if a special order amendment changes the inclusive dates of a decoration, the approval authority who approved the decoration may correct certificate and citation to match the changes.

A4.8.1. Decorations are awarded in chronological sequence and follow the order in which the act, service, or achievement was performed. Sometimes, for example, when operational or combat conditions prevent chronological and timely processing of decorations, the order

sequence of decorations may be affected. The member's servicing military personnel flight will request correction from the approval authority of each affected decoration based on the chronological sequence of decorations (not when the order was published). Correction to a decoration of a DAF member is necessary if a decoration is approved and chronologically precedes another decoration of the same type. In this situation, the approval authority(s) of decorations chronologically displaced correct their decorations by amending their special order and correcting the certification and citation, as applicable.

A4.8.2. Veterans refer to **Chapter 5** for correction to a decoration.

A4.8.3. To correct an error in the heading or closing parts of a special order, publish a "Corrected Copy" of the order. Make a copy of the order, then make corrections to the heading or closing part of the order; then type "Corrected Copy – Destroy All Others" at the top of the corrected copy. Distribute the corrected copies the same as the original order and file the corrected copy on top of the original order. File a copy with each name attached. Corrections or changes to the heading and closer parts of the order are done by publishing a corrected copy order or decoration certificate annotating the change(s).

A4.9. Amend, Revoke, and Rescind Special Orders. Amendments, revocations, and rescissions allow approval authorities to change data on special orders or remove the order totally or in part and are distributed as the original order and filed with the original order. The two most common actions to special orders are the amendment and revocation, both of which are used to change the "order body". Decoration approval authorities who published an original order are the only ones authorized to amend, revoke, or rescind the order. However, in unique cases, approval authorities or commanders of other commands, installations, or units, may be authorized by AFPC/DP3SP to publish, amend, rescind, or revoke special orders published by another command or approval authority.

A4.9.1. Situations in which this may be required are those arising from base closures or command mergers, re-designations, deactivations; however, typically, when an order publishing organization no longer exists, the next higher level of command is responsible for resolving awards and decorations matters. To find who has assumed administrative responsibility for the closed organization, contact the closed organization's MAJCOM or FLDCOM. Approval authorities may use the AF Form 973, *Request and Authorization for Change of Administrative Orders*, paragraph form, or the capability in the myDecs application. The paragraphs at **Figure A4.3**, or a variation of them, may be added to a decoration order or used by themselves in an order.

A4.9.2. **Amend.** To amend, approval authorities may use the AF Form 973, paragraph form, the capability in the myDecs application, or the special orders placed on the certificate. The paragraphs at **Figure A4.3**, or a variation of them, may be added to a decoration order or used by themselves in an order.

A4.9.2.1. An amendment "corrects" selective data on the order. Publish an amendment to correct the following data: member's name, social security number, period of service, oak leaf cluster, condition code, DECOR6 (for enlisted only), or personnel accounting symbol code. Do not publish an amendment to delete a member on an order.

A4.9.2.2. If amending information on a combined certificate and citation, ensure the following is included on the bottom of the certificate: special order number, amendment

order number, condition code, personnel accounting symbol code, and RDP date (if applicable). If desired and space permits, the reason for the amendment can be listed in parenthesis (i.e., “Amends 3 OLC to 4 OLC; Amends 1 January 2007 to 1 February 2007, etc.). Refer to [Figure A4.3](#).

Figure A4.3. Special Order Amendment.

So much of S.O. GA-070, dated 20 July 2001, ACC, as it pertains to the AIR MEDAL (BASIC) to MAJ DOE, JOHN J., is amended to read (1OLC).

A4.9.3. **Revoke.** A revocation “removes” an item from an official document (the order). When an item or order is revoked, it no longer exists as an official item or document. Publish a revocation to remove a decoration for someone when the basis (reasons) for which it was approved no longer exists or didn’t consummate. For example, if a decoration was approved for someone retiring, separating, or PCSing, but the personnel action was cancelled, the decoration is revoked. Commanders may have other options to keep the decoration using a different condition (reason).

So much of S.O. GA-070, dated 20 July 2001, ACC, as it pertains to the AIR MEDAL (BASIC) to MAJ DOE, JOHN J., is revoked IN PART.

S.O. GA-044, dated 4 May 1998, ACC, as it pertains to the AIR MEDAL (3OLC) to CAPT BROWN, JAMES W., is revoked IN FULL.

A4.9.4. **Rescind.** A rescission “removes” an item on an order, but the order is still considered an official document. This type of action is not commonly used with decoration orders. An example of utilizing a rescission would be a special order that listed multiple members for a decoration and one of the members should be omitted.

PREPARING CITATIONS

A5.1. General Information.

A5.1.1. Citations are prepared on 8 1/2 x 11-inch, plain bond paper, in letter-quality format without corrections, white-outs, strikeouts, or abbreviations. The orientation for citations is landscape, except for the MOH and the MSM and lesser decorations. If available use parchment paper.

A5.1.2. The top margin is 1 inch to 1 1/2 inches, the side margins are 1 to 2 inches, and the bottom margin should be minimum of 3 inches.

A5.1.2. (AETC) For citations on certificates, use 1 inch right and left margins. For separate page citations, use landscape orientation with 1 inch top, right and left margins, and the bottom margin a minimum of 3 inches.

A5.1.3. Use the mandatory opening and closing sentences listed in [paragraph A5.2](#) and [Table A5.1](#) In the closing sentence of decorations awarded to members of the other Military Departments, identify the applicable Service. For example, “reflects credit upon himself and the United States Army” or “reflects credit upon herself and the United States Navy”.

A5.1.3. (AETC) Normally, quotation marks will not be used except when referring to inspection result designations (i.e., “Excellent”, “Outstanding”). The dollar sign is not used; spell out “dollars” (i.e., 10 million dollars, 8,000 dollars). The percent sign is not used; spell out the word “percent” (95 percent). Express numbers 10 and above in figures, and with exceptions, numbers “zero” through “nine” are expressed in words. If both categories of numbers are used in the same related series, figures may be used for all. Spell out “million” and “billion” (six million, 15 billion), but use figures for “thousands” (1,000; 500,000; 62,000, etc.).

A5.1.4. Ensure the inclusive period is on the same line.

A5.1.4. (AETC) Whenever possible, ensure the numeric designator and the unit name are on the same lines throughout citations. Whenever possible, ensure the day, month, and year are on the same lines throughout citations. When it is necessary to divide a date, separate the year from the month.

A5.1.5. The use of commonly identified code names is acceptable in citations (i.e., RED FLAG, Operation ENDURING FREEDOM, etc.). Do not use any abbreviations other than Jr., Sr., II, III, and so on, following the member’s name. For compound grade titles, such as first lieutenant, master sergeant, lieutenant colonel, and so on, spell out the complete grade title in the opening sentence and then use the short title in the balance of the citation. Reflect the title “Chaplain” as “Chaplain, full grade, full name” (Ex: Chaplain, Lieutenant Colonel Frederick Thompson) in the opening sentence. Thereafter, reflect “Chaplain surname” (Ex: Chaplain Thompson). Ensure the common identified code name and/or the recipient’s name is not split on two separate lines in the citation.

A5.1.5. (AETC) Use “Chief Master Sergeant full name” in the opening sentence. Thereafter, reflect “Chief surname” in the balance of the citation. In citations for retirement decorations use the words “long and” (closing sentence) only for 30 years or more of service (to the day).

Calculate service of 30 years using the total military service date or total active federal military service date.

A5.1.6. Numeric designators of units should read 3rd Aerospace Wing, 4th Mission Support Group, etc.

A5.1.7. **Font.** Times New Roman or a comparable font at 10- to 12-font size. For the DSM and LOM use no less than 11-font size.

A5.1.7. **(AETC)** Only the Times New Roman font is authorized. For separate page citations, use no less than 11-font size with a 16-line maximum. If necessary, adjust the bottom margin slightly to fit 16 lines.

A5.1.8. **Length of Citations.** Citations are left and right justified, not to exceed:

A5.1.8.1. For the MSM, AM, AAM, ASCOM, and ASAM: 14 lines maximum.

A5.1.8.2. For the BSM and higher decorations: 16 lines maximum.

A5.1.9. The citation should be grammatically correct and free of errors.

A5.1.9. **(AETC)** For certificates, the citation must not begin or end on the same lines as the preprinted text, and there must be a visible space between the citation narrative and the preprinted certificate words “ACCOMPLISHMENTS” and “GIVEN UNDER MY HAND”.

A5.1.10. All numbers through one hundred and all round numbers should be expressed in two words (one hundred, five thousand). All other numbers are written in figures (214). Refer to Air Force Handbook (AFH) 33-337, *The Tongue and Quill*, for additional guidance.

A5.1.11. Do not include the grade or title in the name line, i.e., JOHN A. DOE, not SENIOR AIRMAN JOHN A. DOE. **Note:** This procedure does not apply to the MSM, AM, AAM, ASCOM, and ASAM.

A5.1.12. Do not contain superfluous embellishments or quotations.

A5.1.13. Do not include classified information in the citation.

A5.1.14. Do not use abbreviations and acronyms in the citation.

A5.2. Citation Content--Examples. Refer to [Attachment 12](#) for valor decorations.

A5.2. (AETC) Citation Content--Examples. When processing decorations in myDeeds, use the option to include the duty title and unit in the opening sentence. The citations opening sentence reflects the duty title and unit of the member at the time of award close out date. Use only the duty title reflected in the member’s duty history in the Military Personnel Data System. Accomplishments while performing in other duty titles are authorized if they occurred during the award period and were not used to justify a previous decoration. For decorations not processed in myDeeds, or those with separate page citations, list one or two duty titles with duty locations in the opening sentence. If the member performed three or more duties, use "in various assignments culminating as" (duty title and duty location at award closeout). The decoration inclusive date must show the total period of service for all duties.

UNIT AWARD CRITERIA

A9.1. Presidential Unit Citation (PUC). The award (formerly named the Distinguished Unit Citation (DUC) prior to 1965), established by E.O. 10694, is the Nation's highest unit award. It is awarded in the name of the POTUS to units of the U.S. Armed Forces and cobelligerent nations, for extraordinary heroism in action against an armed enemy on or after 7 December 1941.

A9.1.1. **Eligibility.** The unit must have displayed such gallantry, determination, and esprit de corps in accomplishing its mission under extremely difficult and hazardous conditions to have set it apart and above other units participating in the same campaign. **(T-1)**.

A9.1.1.1. The degree of heroism required is the same as that which would be required of an AFC to an individual.

A9.1.1.2. Being on combat duty for an extended period or participating in a large number of operation missions, either ground or air, is not sufficient to justify the PUC. The award is normally earned by units that have participated in a single action or successive actions covering relatively brief time spans.

A9.1.1.3. Only on rare occasions does a unit higher than a wing or delta qualify for this award.

A9.1.1.4. Members entitled to wear both the DUC and PUC may wear an oak leaf cluster on the DUC ribbon to denote entitlement to both awards.

A9.1.2. **Authorized Device.** Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A9.2. Gallant Unit Citation (GUC). The award was established by SecAF in March 2004. The award recognizes units that distinguished themselves by extraordinary heroism in action against an armed enemy of the U.S., while engaged in military operations involving conflict with an opposing foreign force on or after 11 September 2001.

A9.2.1. **Eligibility.**

A9.2.1.1. Although requiring a lesser degree of gallantry, determination, and esprit de corps than required for the PUC, the GUC requires the unit to have performed with marked distinction under difficult and hazardous conditions in accomplishing its mission so as to set it apart from and above other units participating in the same conflict. The degree of heroism required is the same as that which would warrant award of the SS to an individual.

A9.2.1.2. The GUC is awarded to units that have participated in single or successive actions covering relatively brief time spans. Extended periods of combat duty or participation in a larger number of operational missions, either air or ground, is not sufficient.

A9.2.1.3. Only on rare occasions would a unit larger than a group qualify for the GUC.

A9.2.2. **Authorized Device.** Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance.

A9.3. Meritorious Unit Award (MUA). The award was established by SecAF in March 2004. The award recognizes units that distinguished themselves by exceptionally meritorious conduct in the performance of outstanding achievement or service in direct support of combat operations. The performance must have occurred for at least 90 continuous days during the period of military operations against an armed enemy of the U.S. on or after 11 September 2001. **(T-1)**.

A9.3.1. Eligibility.

A9.3.1.1. The MUA is awarded to squadrons, groups, deltas, and wings.

A9.3.1.2. The unit displayed such outstanding devotion and superior performance of exceptionally difficult tasks as to set it apart and above other units with similar missions. The degree of performance required is the same as that which would warrant award of the LOM to an individual. Superior performance of a normal mission does not solely justify the award of the MUA.

A9.3.2. Authorized Device. Oak Leaf Cluster. Refer to **Attachment 16** for additional device guidance.

A9.4. Air and Space Outstanding Unit Award (ASOUA). The award was established by SecAF on 6 January 1954, to recognize numbered units that have distinguished themselves by exceptionally meritorious service or outstanding achievement that clearly sets the unit above and apart from similar units. The award may also be awarded for achievements of national or international significance, combat operations against an armed enemy of the United States, or military operations involving conflict with or exposure to hostile actions by an opposing foreign force. On 16 November 2020, SecAF approved the renaming of the Air Force Outstanding Unit Award to the Air and Space Outstanding Unit Award.

A9.4.1. Eligibility.

A9.4.1.1. The ASOUA is awarded to numbered units such as air forces, air divisions, wings, deltas, groups, squadrons, provisional units, and medical facilities (i.e., hospitals, clinics, medical centers (numbered or unnumbered)).

A9.4.1.2. Detachments, operating locations, training sites, and Air Force, and Space Force elements are often included in the parent unit's award; however, they may be considered on their own merit or identified by the parent unit to share in the award, but not both.

A9.4.1.3. Unnumbered units may not be nominated for the ASOUA; however, they may be submitted for the ASOEA.

A9.4.1.4. Units below squadron level are not eligible for the ASOUA.

A9.4.2. Authorized Device. Oak Leaf Cluster. Refer to **Attachment 16** for additional device guidance. Also refer to **paragraph A16.16** for information about retroactive award of the Valor "V" device.

A9.5. Air and Space Organizational Excellence Award (ASOEA). The award was established by SecAF in August 1969, to recognize the achievements and accomplishments of DAF organizations or activities. On 16 November 2020, SecAF approved the renaming of the Air Force Organizational Excellence Award to the Air and Space Organizational Excellence Award.

A9.5.1. Eligibility.

A9.5.1.1. The ASOEA is awarded to internal DAF organizations that are entities within larger organizations. The organizations are unique, unnumbered organizations or activities that perform functions normally performed by numbered wings, deltas, groups, squadrons, etc. The following types of organizations are eligible for consideration: unnumbered organizations, such as MAJCOM or FLDCOM headquarters, FOAs, DRUs, centers, and any other unnumbered organization; offices of SecAF, CSAF, CSO, and HAF Secretariat and Assistant Chiefs of Staff (i.e., all two-digit office symbol organizations at HAF); each Air Force level school, academy college, and Air Force Reserve Officers Training Corps detachments; and similar U.S. Armed Forces services organizations or activities (except DoD and joint activities).

A9.5.1.2. Detachments, operating locations, training sites, or Air Force or Space Force elements are often included in the parent unit's award; however, they may be considered on their own merit or identified by the parent unit to share in the award, but not both.

A9.5.1.3. Unnumbered units at the squadron-level and above, may be submitted for the ASOEA to the appropriate approval authority.

A9.5.1.4. Unnumbered organizations below squadron level are not eligible for the ASOEA.

A9.5.1.5. Numbered units may not be nominated for the ASOEA; however, they may be submitted for the ASOEA.

A9.5.2. **Authorized Device.** Oak Leaf Cluster. Refer to [Attachment 16](#) for additional device guidance. Also refer to [paragraph A16.16](#) for information about retroactive award of the Valor "V" device.

Attachment 10

CAMPAIGN PARTICIPATION CREDIT, ASSAULT LANDING CREDIT, AND UNIT STREAMERS

A10.1. Streamers – General Information. Streamers are carried on flags approved for use and display on DAF installations. Streamers denote the unit's service, battle honors, and/or awards. All streamers are swallow-tailed ribbons of the same design as the service ribbon for the theater, area of operations, or unit decorations. Refer to AFI 34-1201 for a list of streamers and display instructions.

A10.1.1. **Procuring Streamers.** Commanders may request a streamer by submitting a DD Form 1348-6, *Single Line Item Requisition System Document*, to the Air Force Clothing and Textile Office at the Defense Logistics Agency, electronically to AFPHLHERALDRY@dla.mil or by mail. The mailing address is AFC&TO, AFLCMC/WNU Human Systems Division, 700 Robbins Ave, Building 3/C South, Philadelphia, PA 19111-5096. Provide a contact name, phone number, and e-mail address in the remarks section. Normal processing time is 30-45 days.

A10.1.1.1. The ASOEA streamer may be procured with or without embroidery.

A10.1.1.2. The ASOUA streamer is not procured without embroidery. Organizations requiring a blank streamer for use in a ceremony, prior to receiving the embroidered streamer, may request a blank streamer from the Air Force Clothing and Textiles as a loan.

A10.1.2. Streamer sizes vary depending on the size of the flag on the flag staff.

A10.1.3. **Distribution of Special Orders.** Approval authorities forward by 31 December of each year copies of special orders or memorandums entitling units to streamers, to AFPC/DP1SSP (AFPC.DP1SSP.RecognitionProcess@us.af.mil) and the Air Force Historical Research Agency (AFHRA/RSO), 600 Chennault Circle, Maxwell, AFB AL 36112-6424 or email to afhra.rs@us.af.mil, Attention: RSO.

A10.2. Unit Award Streamers. Swallow-tailed streamer of the same design as the unit award issued to units authorized a flag or guidon.

A10.2.1. **Eligibility.** To be eligible for a unit award streamer, a unit has been awarded a DAF unit award, or authorized to share in a higher headquarters unit award. Refer to [paragraph A10.4.1](#) for procuring streamers. Streamers are not issued to units not authorized an organizational flag or guidon. (T-1).

A10.2.2. **Display of Streamer.** Eligible units carry a unit award streamer on the organizational flag staff and guidon. Unit award streamers are embroidered in white with the name of the act or the inclusive period of the service (1 JANUARY 2003 – 31 DECEMBER 2004). Authorized abbreviations may be used for lengthy action or achievement names. Each award is represented by a separate streamer.

A10.3. Campaign Streamers. Campaign streamers are awarded for active federal military service to flag or guidon bearing unit or organizations credited with campaign participation. The streamers are swallow-tails of the same design as a DoD campaign or service medal issued to members of the U.S. Armed Forces. Campaign streamers are usually embroidered with the name

of the campaign, operation, or expedition designated by the Chairman, Joint Chiefs of Staff, authorized by DoD, and announced in DoDM 1348.33, Volume 2.

A10.3.1. Eligibility. To be eligible for a campaign streamer, a unit must have been awarded campaign participation credit by HAF. Authority to approve campaign participation credit may be delegated by SecAF to the Air Force or Space Force Component Commander or Commander of Air Force Forces to the Combatant Command that has operational control over the designated campaign, operation, or expedition. Units are deemed to have participated if they were stationed in a designated combat zone and actually engaged the enemy in combat or performed duties either in the air or on the ground in any part of the combat zone at any time during the designated period of the respective battle, campaign, or expedition. Campaign credit represents a unit's participation in a campaign. Units are considered for eligibility if the home unit deploys more than 50 percent of their unit simultaneously to the deployed location.

A10.3.2. Approval Process. Upon establishment or approval of a DoD campaign or service medal, AF/A1P and SF/S1P collaborates with AF/A3, Space Force Chief of Operations, and AFPC to determine if a campaign streamer is necessary and, if warranted, AF/A1P submits a proposal to SecAF for approval. If approved, AF/A1P initiates actions for availability of the streamer in the DoD supply system and AFPC announces approval of the campaign streamer.

A10.3.3. Display of Streamer. Eligible units or organizations carry a campaign streamer on their organizational flag staff or guidon. Each designated campaign name for which the unit receives participation credit is embroidered on an individual campaign streamer.

A10.4. War Service Streamer. A war service streamer is awarded to a flag-bearing unit or organization for service in a theater or area of operations during a war or conflict when the unit or organization is not entitled to campaign credit. The war service streamer is identical to the applicable campaign streamer, but without inscription.

A10.4.1. Eligibility. To be eligible for a war service streamer, a unit or organization mobilized in support of a campaign for which a campaign or service medal was authorized; entered the geographical area designated for the campaign, its area(s) of operations, or campaign theater; and meets the "in geographical area" or service criteria prescribed for individual award of the campaign or service medal.

A10.4.2. Approval Process. Upon establishment or approval of a DoD campaign or service medal, AF/A1P and SF/S1P collaborates with AF/A3 and AFPC to determine if a war service streamer is necessary and if warranted AF/A1P submits a proposal to SecAF for approval. If approved, AF/A1P initiates actions for availability of the streamer in the DoD supply system and AFPC announces approval of the campaign streamer.

A10.4.3. Display of Streamer. Eligible units or organizations carry a war service streamer on the organizational flag staff and guidon.

A10.5. Assault Landing Credit. Assault landing credit is awarded to units that participate in a combat parachute jump, helicopter assault landing, combat glider landing, or amphibious assault landing as part of an organized force carrying out an assigned tactical mission.

A10.5.1. Eligibility.

A10.5.1.1. Assault landing credit may be granted to DAF units that, in the combat zone of a battle, campaign, or expedition as established by the Joint Staff, accomplishes one of the following types of assault operation:

A10.5.1.1.1. Makes a parachute jump into enemy-held territory as a part of an organized force carrying out an assigned tactical mission.

A10.5.1.1.2. Participates in the assault waves of an amphibious landing on enemy-held territory.

A10.5.1.1.3. Makes a helicopter assault landing into enemy-held territory as a part of an organizational force carrying out an assigned tactical mission.

A10.5.1.2. The assault landing was of such scope that it would warrant Joint Staff designation as a battle or campaign and be of such magnitude as to include tactical elements of at least one other Service. The forces committed should be spearheading a major assault into enemy controlled territory. The operation is such that the committed forces ultimately control the area in which they have landed and not rely on immediate link-up with other forces or extrication after a hit-and-run type mission. Day-to-day combat assault type missions in an already established combat zone do not qualify for award of the arrowhead device.

A10.5.2. **Submitting a Request.** Refer to **Section 2D** for procedures. Requests include: the size and composition of the force involved, list of units that participated in the assault landing with personnel accounting symbol codes, mission description, the length of the operation and the relationship to the tactical operations of the unified command controlling the operation, the date and time of start and close of the assault operation, enemy situation and reaction, and specific location where the assault landing occurred.

A10.5.2.1. AF/A1P obtains AF/HO and AF/A3 coordination prior to staffing to SecAF.

A12.1.1. Members who perform an act(s) of valor will be accorded appropriate recognition based solely on the merits of the actions. **(T-0)**. Grade will not be a factor in determining the type or level of valor recognition, nor are quotas established limiting the number of valor decorations that may be recommended or approved. **(T-0)**. Nominations for valor decorations are endorsed by the deployed wing or delta commander and processed within 20 days of receipt at each echelon in the review process. **(T-1)**. As long as the submission meets the timeliness requirements, proper and substantiated award recommendations may not be disapproved (or foregone) on the basis that they did not comply with the time goals.

A12.1.2. Refer to **paragraph 2.17.5** for members of the other Military Departments' eligibility and **Attachment 8** for foreign military members' eligibility.

A12.1.3. Refer to **Chapter 3** for units of the other Military Departments and foreign units' eligibility.

A12.2. Preparing a Recommendation. Recommendations for valor decorations should be submitted on an AF Form 3994, *Recommendation for Decoration Deployment/Contingency Operation*, with the following documents. If classified supporting documents are necessary, arrangements should be made with the approving unit to receive the documents.

A12.2.1.2. Be clear, be concise, and be specific.

A12.2.1.3. Avoid jargon and overuse of acronyms.

A12.2.1.4. The narrative justification should be tailored to the criteria of the specific award and contain a description of the following elements:

A12.2.4. Submitting a Recommendation. It is DoD and DAF’s policy that recommendations for valor decorations are initiated within 90 days of the act justifying the award and the recommendation is processed within 20 working days of receipt at each command in the review process. Timely initiation helps ensure eyewitness statements and other evidence justifying the personal military decoration is collected as close to the date of the combat action as possible. Recommendations for the MOH and AFC are forwarded to SecAF within 11 months of initiation to meet the 12-month requirement to SECDEF.

A12.2.4.1. Recommendations will be expeditiously processed. **(T-1).** Each command in the review process ensures the nomination is acted upon within 20 working days of receipt. **(T-1).**

A12.2.4.2. Advance notification is mandatory for all recommendations for a valor decoration.

A12.2.4.2.1. The first colonel/O-6 commander in the chain of command sends advanced notice to the Air Force or Space Force Component Commander or Commander of Air Force Forces A1 to the U.S. Combatant Command concerned, of

the intent to nominate or endorse a valor decoration. At such point, the A1 provides guidance as needed.

A12.2.4.2.2. For MOH recommendations, the first colonel/O-6 commander in the chain of command sends advanced notice to the Air Force or Space Force Component Commander or Commander of Air Force Forces A1 and AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil). Ensure notification is properly marked “**CUI**”. AFPC/DP3SP provides guidance on completing the nomination package. In cases of valorous actions by members of the other Military Departments, AFPC/DP3SP notifies the headquarters of the Military Department concerned of the MOH nomination and compiles a list of all awards given (by Military Department) for the combat action. The list is included in the MOH nomination package.

A12.2.4.3. Premature disclosure of information to the public or to the individual being recommended for a valor decoration is prohibited. Accordingly, the recommendation should be marked and handled as Controlled Unclassified Information until the award is officially announced or presented.

A12.2.4.4. MOH recommendations are endorsed by the U.S. Combatant Commander or unified or joint commander concerned.

A12.2.4.5. MOH recommendations are deliberative, pre-decisional and are exempt from release to the public.

A12.2.4.6. The recommending official submits the nomination packet through the member’s deployed chain of command to the Air Force or Space Force Component Commander or Commander of Air Force Forces A1 to the U.S. Combatant Command concerned. Recommendations are considered in official channels when the recommending official signs the AF Form 3994 and a higher official in the nominee’s chain of command endorses the nomination. Recommendations should be processed in accordance with **Table A12.3**.

A12.2.4.7. Preparing an AF Form 3994. Refer to **Table A12.4**.

A12.2.6.1. Upon notification from AFPC/IG of an approved MOH, AFC (or the other Military Departments' Cross), or SS, SAF/LL releases and distributes to the recipient's Congressional delegation (Senate and House) the recipient's grade and name, name of award, and legal residence or domicile. The following factors are considerations before release.

A12.2.6.1.1. When it does not present a compromise to National Security, ongoing military operations, or the overall security of DoD. If awardees are serving in intelligence, counterintelligence, special mission, or security positions, and/or involved in sensitive programs or operations or are in a unit or a position that frequently or regularly deploys overseas, the above mentioned information will not be released without concurrence from the Deputy Chief of Staff for Intelligence, Surveillance, Reconnaissance, and Cyber Effects Operations (AF/A2/6). **(T-0)**.

A12.2.6.1.2. When it does not create an undue risk to the privacy and security of the recipients and their families. Where such a risk is possible, the information may be denied.

A12.2.6.1.3. Only after official announcement or presentation of the award. This is to prevent premature disclosure which could minimize the impact of ceremonies.

A12.2.6.1.4. Include in all information provided to Congress: "The information contained herein is provided to Congress in the event members wish to convey congratulations to valorous service members. Geographic locations or units of assignment of awardees, while not classified, may potentially expose the member to risk if the information is publicized openly, or released without attention to purpose."

A12.2.6.1.5. The certificate and citation will not be forwarded to Congress, unless specifically requested by a Member of Congress. **(T-0)**. Upon receipt of requests for additional information, coordinate the information with the AF/A2/6, prior to release. In situations of potential risk or compromise to national security, sanitize the information by removing and/or rewording the identifying particulars or the release may be denied.

A12.2.7. **DoD Valor Website.** AFPC/DP3SP provides a list of approved MOH, AFC, and SS to AF/A1PPP for update of the DoD Valor Awards website (valor.defense.gov). The list should contain the name of the approved award, the recipient's name and grade, and the conflict or campaign. Provide the MOH and AFC list within 5 workdays of presentation and the SS list on the first duty day of the month following award presentation. **(T-0)**. In addition, AFPC/DP3SP annually reviews, each January, the names of recipients excluded from publication on the DoD Valor Website for reasons of security or classification to determine if the prior justification for exclusion from the website remains relevant.

A12.2.8. **Annual Valor Report.** To monitor the timeliness of valor decorations and ensure recommendations are being acted upon in accordance with [paragraph A12.1](#), each approval authority provides an annual report to the Air Force or Space Force Component Commander or Commander of Air Force Forces A1 concerned, for consolidation and forwarding to the Secretary of the Air Force Decorations Board. Provide the report by January 20th following the reporting year (e.g., 1 January to 31 December 2020 report is due by 20 January 2021). The report should provide the number of valor decorations completed in the calendar year,

average time between initiation of award and final action (i.e., approve, disapprove), and an explanation for those awards not processed within 12 months of initiation. Refer to [Figure A12.8](#).

DOD CAMPAIGN, EXPEDITIONARY AND SERVICE AWARDS CRITERIA

A13.1. General Information. Refer to [Chapter 4](#).

A13.2. Prisoner of War Medal. The POW medal was established by 10 USC § 1128, to recognize qualifying individuals who, while serving in a capacity with the Military Departments, were taken prisoner and held as prisoners of war.

Figure A13.1. Prisoner of War Medal Illustration.

A13.2.1. Eligibility.

A13.2.1.1. The POW medal is awarded to any person who, while serving in any capacity with the U.S. Armed Forces, was taken prisoner and held captive after 5 April 1917. The medal is issued to members and other personnel serving in any capacity with the Military Departments, who were taken prisoner and held captive while:

A13.2.1.1.1. Engaged in an action against an enemy of the U.S.;

A13.2.1.1.2. Engaged in military operations involving conflict with an opposing foreign force; or

A13.2.1.1.3. Served with friendly forces engaged in an armed conflict against an opposing armed force in which the U.S. was not a belligerent party.

A13.2.1.2. The POW medal may be awarded to any person who, while serving in any capacity with DAF, was held captive under circumstances not covered above, but which SecAF finds were comparable to those circumstances under which persons have generally been held captive by enemy armed forces during periods of armed conflict (i.e., World War II, Korean War or Vietnam Conflict).

A13.2.1.2.1. Award of the POW medal under the comparable conditions provision is the exception and not the rule. SecAF is the approval authority for medal requests submitted under this provision.

A13.2.1.2.2. In cases where personnel from the other Military Departments were held captive in the same location, the Secretaries concerned make a joint determination as to whether the conditions were comparable to those of prisoners of war during periods of armed conflicts.

A13.2.1.3. The period of service qualifying an individual for the medal must have been honorable. **(T-0)**. Any person convicted by a U.S. military tribunal of misconduct or a criminal charge or whose discharge is less than honorable based on actions while a POW is ineligible for the medal. Prisoners of war whose conduct as documented by U.S. military records is not in accord with the Code of Conduct contained in EO 10631 are ineligible for the medal. Refer questionable cases through the member's chain of command to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil), for staffing to SecAF for decision.

A13.2.2. **Missing in Action.**

A13.2.2.1. Personnel officially classified as "Missing in Action" are not eligible for the POW medal. The medal is only issued to the legal PNOK of military personnel or civilians who have received credit for U.S. military service and whose POW status officially has been confirmed and recognized as such by DAF. The PNOK of persons listed as "missing, but for whom there is no evidence of having been a POW" will not be issued the medal. **(T-0)**.

A13.2.2.2. The return of remains, in and of itself, does not constitute evidence of confirmed POW status. The PNOK of a POW who dies in captivity may be issued the medal irrespective of the length of the captivity period.

A13.2.3. **Period of Captivity.** There is no minimum time period of captivity for award of the medal. Each case is evaluated on its own merit. A period of captivity terminates on return to U.S. military control. Escapees who do not return to U.S. military control and are recaptured by an enemy do not begin a new period of captivity for subsequent award of the medal.

A13.2.4. **Character of Service.** Any person convicted by a U.S. military tribunal for misconduct or a criminal charge of whose discharge is less than honorable based on actions while a POW is ineligible for the medal. A POW whose conduct is not in accord with the Code of Conduct and whose actions are documented by U.S. military records are ineligible for the medal. Refer questionable cases through the member's chain of command to AFPC/DP3SP (afpc.dp3sp.workflow@us.af.mil), for staffing to SecAF for decision.

A13.2.5. **U.S. Civilian Personnel.** The POW medal is issued only to U.S. civilians who have received credit for U.S. military service, as determined by the Air Force Review Board Agency. The period of creditable military service includes the period of captivity from date of capture through the date of release.

A13.2.6. **Foreign Personnel.** The medal is authorized for award to foreign military and foreign nationals who, while serving in any capacity with DAF, were taken prisoner and held captive.

A13.2.7. **Submitting a Request.**

A13.2.7.1. Requests for the POW medal should be initiated in writing and accompanied by supporting documents. Examples of supporting documents are: separation documents, casualty reports, medical records from repatriation, sworn eyewitness statements or affidavits, photos, identification card or other documents taken or obtained while in captivity; messages, letters, telegrams sent home; unit journals, news clippings, and other evidence in support of the request.

A13.2.7.2. Requests are submitted to Air Force Personnel Center, ATTN: AFPC/DP3SP, 550 C Street, Joint Base San Antonio-Randolph, TX 78150, as follows:

A13.2.7.2.1. Currently serving members may submit a memorandum through their chain of command to the senior DAF commander supporting the U.S. Combatant Command concerned, for endorsement to the AFPC/DP3SP.

A13.2.7.2.2. Veterans and the PNOK of deceased DAF members, refer to [Chapter 5](#). Requests may be submitted on an SF 180 or a personal letter to AFPC/DP3SP.

A13.2.7.2.3. U.S. civilians (credited with U.S. military service), foreign military, and foreign nationals may submit a personal letter to AFPC/DP3SP.

A13.2.8. **Approval Authority.** AFPC/DP3SP validates eligibility and renders final decision; or staffs those cases that are questionable to SecAF for decision.

A13.2.9. **Award Category.** Service Medal (individual service award).

A13.2.10. **Subsequent Awards.** A service star is worn to denote subsequent award of the medal.

A13.2.11. **Authorized Device.** Service star. Refer to [Attachment 16](#) for additional device guidance.

On or after 7 January 2016, the recipient must have contributed to and influenced the humanitarian operation while deployed to the designated area of eligibility for the humanitarian operation, as defined by the Department of State's request for assistance for overseas areas. **(T-0)**. When appropriate, the local commander may propose to the awarding authority specific clarification of designated boundaries based on the intent of the Department of State request for assistance.

A13.14.1.3. For humanitarian operations within the U.S., the recipient must have been physically present at the designated location of the humanitarian assistance, having directly contributed to and influenced the action. **(T-0)**. The designated location is the immediate site(s) of the humanitarian operations, as defined by the Presidential authorization of federal assistance.

A13.14.1.4. Specifically excluded from eligibility are members or elements that remain entirely outside of the area of eligibility, or who were assigned to the area of eligibility but were not directly supporting the humanitarian operation.

A13.14.1.5. Award of the medal does not prevent or conflict with other medals or ribbons awarded on the basis of unit achievement, or of individual valor, achievement, or meritorious service. The Humanitarian Service Medal should not be awarded for humanitarian operations that occur as part of the operational plan of a military operation for which a campaign or expeditionary medal is authorized.

A13.14.1.6. Under no condition will personnel receive more than one award of the medal for participation in the same military act or operation of a humanitarian nature. **(T-0)**.

A13.14.1.7. The following types of military acts or operations may qualify for award of the medal:

A13.14.1.7.1. Significant assistance in the event of national or international disasters, natural or manmade, such as earthquakes, floods, hurricanes, typhoons, or conflagrations.

A13.14.1.7.2. Relief to a famine-stricken area.

A13.14.1.7.3. Evacuation of personnel from an area threatened by a hostile force.

A13.14.1.7.4. Support or resettlement of refugees or evacuees.

A13.14.1.7.5. Other significant military activities, directly related to humanitarian service, that are above and beyond routine actions. For example, normal search and rescue operations conducted by search and rescue units specifically trained for these types of missions would not be eligible for consideration.

A13.14.1.7.6. Services rendered in one of the above types of acts or operation must meet the following criteria **(T-0)**:

A13.14.1.7.6.1. Be of major significance.

A13.14.1.7.6.2. Provide immediate relief, relieve human suffering, and should save lives (property may be a factor).

A13.14.1.7.6.3. Affect the outcome of the situation.

A13.14.1.7.6.4. Specific dates are restricted to the period of immediate relief. Periods beyond immediate relief are considered established ongoing operations beyond the initial emergency conditions, and these periods are no longer eligible for the medal.

A13.14.1.7.6.5. Provide evidence that the emergency assistance was authorized by POTUS for assistance in the U.S. (for example, a Presidential Emergency Declaration or established contingency plans issued under Presidential authority) or requested by the Department of State for overseas areas.

A13.14.1.7.7. The medal is not authorized for:

A13.14.1.7.7.1. Services, such as law enforcement or protection of property, performed incident to domestic demonstrations or unrest. **(T-0)**.

A13.14.1.7.7.2. Humanitarian relief missions when part of an operational plan for which a campaign or expeditionary medal is authorized. **(T-0)**.

A13.14.1.7.7.3. Humanitarian operations performed solely by service members under the authority of a state governor. In these instances, the appropriate level of recognition is provided by the applicable State governor. However, Reserve Component members who supported a humanitarian operation that was simultaneously supported by members operating under Title 10 USC, are eligible for any Humanitarian Service Medal approved as a result of that operation. **(T-0)**.

A13.14.2. A list of DoD operations authorized the Humanitarian Service Medal can be found on <http://prhome.defense.gov/M-RA/Inside-M-RA/MPP/OEPM/> and a list of DAF approved operations can be found on <https://access.afpc.af.mil/>.

A13.14.3. **Requesting Authorization for an Operation.** The following information applies to operations not already authorized the Humanitarian Service Medal.

A13.14.3.1. When multi-Service participation is involved, a recommendation is submitted by the applicable Combatant Command to the Joint Staff.

A13.14.3.2. When humanitarian assistance is performed by multiple Military Departments but the operation was not conducted under the authority of a joint commander, the Secretaries of the other Military Departments concerned will collaborate to adjudicate the award nomination. The recommendation is forwarded through command channels to AFPC/DP1SSP for submission to the Secretary of the Air Force Decorations Board for approval.

A13.14.3.3. When humanitarian assistance is performed by a single Military Department (only one Service involvement), nominations are routed to the Secretary concerned. Nominations originating within the DAF are endorsed by the applicable MAJCOM or FLDCOM commander or deputy commander.

A13.14.3.3.1. Recommendations are entered into command channels within 5 years of the military act or operation to be recognized. **(T-0)**.

A13.14.3.3.2. Recommendations should include the following:

A13.14.3.3.2.1. A written justification fully explaining and attesting to the humanitarian aspects of the services rendered by members in the act or operation being recommended.

A13.14.3.3.2.2. Forwarding endorsements that make specific recommendations for approval or disapproval.

A13.14.3.3.2.3. Documentation of the Presidential or the Department of State request for assistance.

A13.14.3.3.2.4. Documentation from the federal agency (for example, Federal Emergency Management Agency) requesting USAF, USSF, or installation assistance.

A13.14.4. **Approval Authority.**

A13.14.4.1. Secretary of the Air Force Decorations Board approves the medal for operations.

A13.14.4.2. Individual requests for operations already authorized the medal are submitted through the chain of command to the colonel/O-6 commander (or civilian leader equivalent) or higher for approval. The approval authority validates eligibility and ensures actions are taken to update personnel records of qualified personnel. **Note:** This authority may not be further delegated. **(T-0).**

A13.14.4.2.1. When members of the other Military Departments are involved, the DAF commander coordinates with the owning commander to ensure the military personnel servicing centers of all members who participated are informed of action required.

A13.14.4.2.2. The military personnel flights may determine the required documentation for recordkeeping, such as by-name lists.

A13.14.5. **Award Category.** Service Medal (individual service award).

A13.14.6. **Subsequent Awards.** A service star is worn to denote subsequent award of the medal.

A13.14.7. **Authorized Device.** Service Star. Refer to [Attachment 16](#) for additional device guidance.

A13.15. Military Outstanding Volunteer Service Medal. The medal was established by EO 12830, to recognize service members who, after 31 December 1992, perform outstanding volunteer community service of a sustained, direct, and consequential nature.

Figure A13.14. Military Outstanding Volunteer Service Medal Illustration.

A13.15.1. Eligibility.

A13.15.1.1. The medal is awarded for volunteer service that meets the following requirements:

A13.15.1.1.1. Be to the civilian community, to include the military family community.

A13.15.1.1.2. Be significant in nature and produce tangible results.

A13.15.1.1.3. Reflect favorably on DoD or DAF.

A13.15.1.1.4. Be of a sustained and direct nature.

A13.15.1.2. While there is no specific time period to qualify for the medal (for example, 500 hours of community service within 24 calendar months), approval authorities ensure the volunteer service merits special recognition. The medal is intended to recognize exceptional community support over time, not a single act or achievement. Further, it is intended to honor direct support of community activities. For the purpose of this award, attending membership meetings or social events of a community service group is not considered qualifying service, while manning a community crisis action telephone line for a sustained period of time is considered qualifying service. The overall level of volunteer participation and impact of a member's community service is key to determining whether the medal is justified.

A13.15.1.3. Multiple awards of the medal during a single tour of duty are not authorized. **(T-0)**. However, a sustained record of significant community service performed during successive tours may be considered by approval authorities when adjudicating recommendations for the medal.

A13.15.1.4. The service recognized will be of voluntary nature, not detailed or tasked, nor performed as part of a military mission (for example, a unit project). **(T-1)**.

A13.15.2. **Submitting a Request.** Requests are submitted, processed, and approved in the myDecs application.

A13.15.3. **Approval Authority.** Group commanders to include commanders of composite and provisional groups and (colonel) group commander, or equivalent, of geographically separated units. This approval authority may not be further delegated. **(T-1)**.

A13.15.4. **Award Category.** Service Medal (individual service award).

A13.15.5. **Subsequent Awards.** A service star is worn to denote subsequent award of the medal.

A13.15.6. **Authorized Device.** Service Star. Refer to [Attachment 16](#) for additional device guidance.

A13.16. Armed Forces Reserve Medal. The medal was established by EO 10163, as amended by EO 10439 and EO 13013, to recognize service members or former service members of the reserve components of the Military Departments who have: completed a total of 10 years of honorable military service in the reserve components; been called to active duty and served under specific statutory conditions; or volunteered and served on active duty in support of designated U.S. military operations or contingencies.

A13.16.1.1.1.2.1. Service in a Reserve Component that is concurrent, in whole or part, with service in the regular Air Force will be included in computing the required 10 years of Reserve service. **(T-0)**.

A13.16.1.1.1.2.2. Any period of time during which Reserve service is interrupted by service in the regular Air Force will be excluded in computing and will not be considered a break in the said period of 12 consecutive years. **(T-0)**.

A13.16.1.1.3. On or after 1 August 1990, the member volunteered and served on active duty under the provisions of 10 USC § 12301, in support of specific U.S. military operations or contingencies designated by DoD, as defined in 10 USC § 101(a)(13). Refer to **Table A13.12**.

A13.16.1.1.4. For eligibility prior to 1 August 1990, refer to **paragraph A13.16.5**.

A13.16.1.2. Multiple periods of service during one designated contingency pursuant to **paragraph A13.16.1.1.3** will count as one award of the medal qualifying for a single “M” device. **(T-0)**.

A13.16.1.3. Active Guard and Reserve members who receive orders changing their duty status (legal authority under which they perform duty), their duty location, or assignment to support a contingency operation are eligible for the medal provided one of the award criteria in paragraph **A13.16.1.1.2** or **A13.16.1.1.3** are met.

Attachment 14

DAF CAMPAIGN, EXPEDITIONARY AND SERVICE AWARDS CRITERIA

A14.1. General Information. Refer to [paragraph 4.2.6](#) and [Chapter 4](#).

A14.2. Combat Action Medal (CAM). On 15 March 2007, SecAF approved the establishment of the CAM to recognize members of DAF (grades E-1 through O-6) who actively participated in ground or air combat. On 16 November 2020, SecAF approved the renaming of the Air Force Combat Action Medal to the Combat Action Medal.

Figure A14.1. Combat Action Medal Illustration.

A14.2.1. Eligibility.

A14.2.1.1. Nomination for the CAM is restricted to members of the U.S. Armed Forces who on or after 11 September 2001:

A14.2.1.1.1. Deliberately go into the enemy's domain (outside the wire) to conduct official duties, either on the ground or in the air, and have come under enemy fire by lethal weapons while performing those duties, and are at risk of grave danger; or

A14.2.1.1.2. While defending the base (inside/on the wire), member came under fire and engage the enemy with direct and lethal fire, and are at the risk of grave danger; or

A14.2.1.1.3. Are personnel in ground operations who actively engage the enemy with direct and lethal fire also may qualify even if no direct fire is taken, as long as there was risk of grave danger and meets other criteria.

A14.2.1.2. Ground Combat.

A14.2.1.2.1. The ground combat must have occurred in a combat zone defined as a geographic area designated by POTUS via an Executive Order, or a qualified hazardous duty area in which a member received imminent danger pay or hostile fire pay. The member must have been physically present, at risk of grave danger, and performing in accordance with the prescribed rules of engagement.

A14.2.1.2.2. Members outside the defended perimeter must have been fired upon by the enemy with lethal weapons. Returning fire is situation dependent and not necessarily a precondition of the award. Risk of grave danger to the member must be detailed in the award submission.

A14.2.1.2.3. Encampments, compounds, and protected areas (inside the defended perimeter) normally do not qualify as venues for this award unless the member was serving in a defensive capacity, taking fire, and engaging the enemy. Augmenting a defensive fighting position and taking fire, regardless of official duties, would also qualify as combat action if all other criteria were met. Receiving mortars, responding to alarm conditions, reporting to bunkers, do not independently constitute combat action for the purpose of this award. However, should combat conditions arise out of such events an exception to policy can be submitted (see [paragraph A14.2.2](#)).

A14.2.1.2.4. PH recipients are not automatically qualified for the CAM. Members must apply for the medal through their chain of command.

A14.2.1.3. Air Combat.

A14.2.1.3.1. The member must have been flying as an authorized aircrew member on aeronautical orders in direct support of a combat zone and in combat. Combat must take place in a combat zone defined as a geographic area designated by POTUS via an Executive Order, or a qualified hazardous duty area in which a member is receiving imminent danger pay or hostile fire pay. The member must be physically present, at risk of grave danger, and performing in accordance with the prescribed rules of engagement.

A14.2.1.3.2. The member must have been performing assigned duties. Traveling passengers, including aircrew manifested as passengers, on an aircraft are not eligible based solely on their presence when the aircraft came under fire.

A14.2.1.3.3. Offensive air operations may qualify if they are engaging hostile forces with direct and lethal fire. Taking fire from the enemy is not a prerequisite as long as the member was physically present and the risk of grave danger was imminent.

A14.2.1.4. The medal may be awarded to members from the other Military Departments (see [paragraph 4.2.6](#)) and foreign military members assigned or attached to a DAF unit, provided they meet the award criteria. Refer to [paragraph A8.3](#) for processing awards for foreign military.

A14.2.1.5. Members who receive the Army Combat Infantryman Badge, the Army Combat Action Badge, the Army Combat Medical Badge, or Navy Combat Action Ribbon may submit a copy of that award, along with other documentation, to the appropriate chain of command for conversion to the CAM. Approval authorities for the CAM will coordinate with the applicable other Military Department headquarters to arrange revocation.

A14.2.2. Approval Authority, Appeals, and Exceptions to Policy. Also refer to [paragraph A14.2.5](#).

A14.2.2.1. Approval Authority. The Secretary of the Air Force Decorations Board is the approval authority unless authority has been delegated in accordance with [Section 2D](#).

A14.2.2.2. Appeal. Both the commander and first colonel in the operational chain may return a submission as "not supported". Members wishing to appeal must do so through the officer who did not support the initial application to the next level in the chain of command for further consideration. All appeals will be labeled as such. If the appeal is

approved for submission, the application will be forwarded to the approval authority in accordance with [paragraph A14.2.5](#).

A14.2.2.3. **Exception to Policy.** Exception to policy requests are justified and forwarded through command channels. Home stations route requests through the applicable MAJCOM or FLDCOM commander to AFPC/DP3 (afpc.dp3sp.workflow@us.af.mil). AFPC/DP3 will obtain endorsement from the COMAFFOR concerned (if possible) and staff to the AF/CV or SF/VCSO for final decision. In-theater exceptions to policy will route through COMAFFOR to AFPC/DP3 (afpc.dp3sp.workflow@us.af.mil) for staffing to AF/CV or SF/VCSO.

A14.2.3. **Qualifying Periods of Service.** Only one medal is authorized for a qualifying war or conflict (see [Table A14.1](#)). For the purpose of the CAM, the qualifying war or conflict is defined as the DoD contingency or conflict that CSAF, in collaboration with the CSO, designates will qualify for the medal.

A14.2.4. **Retroactive Award.** Retroactive award is not authorized prior to 11 September 2001. (T-1).

Table A14.1. Combat Action Medal Qualifying Periods of Service (See note).

QUALIFYING WAR/CONFLICT	DATE
War on Terrorism (see note)	11 September 2001 to a date to be determined
Note: Only one medal is authorized, regardless of the number of deployments or operations participated in.	

A14.2.5. **Submitting a Request.** Requests are endorsed by the member's commander to the first colonel in the operational chain to the approving official (i.e., COMAFFOR) (see [Section 2D](#) and [Attachment 12](#)). The request should be submitted on an AF Form 3994, *Recommendation for Decoration Deployment/Contingency Operations*, and include a narrative justification and eyewitness statements (2 or more statements containing date, time, location, event description, other members present, etc.) from a person with first-hand knowledge of the incident. If necessary, a narrative detailing the event, possibly attained by coordination with a senior leader who was in a position to know of the event, and endorsed by no less than the member's current wing or delta commander attesting to the veracity of the content, will suffice.

A14.2.5.1. The narrative justification must contain details on how the member was in grave danger (e.g., enemy action, fragmentation zone, type of enemy fire, blast radius, mounted/dismounted, proximity to weapons fire, where rounds impacted, damage to equipment or vehicles, injuries sustained by the occupants in the vehicle or surrounding area, etc.). In a ground event, state size of team, patrol or convoy, where the member was located in the team, patrol or convoy (e.g., vehicle 3 of 29), and what the member's duties were.

A14.2.5.2. Additional documents that may be submitted with the request are: contingency exercise deployment orders, finalized travel vouchers, personal military decorations, letters of evaluation, sketches, maps, diagrams, and photographs.

A14.2.6. **Award Category.** Service Medal (individual service award).

A14.2.7. **Subsequent Awards.** A gold star is worn to denote a subsequent war, conflict, or operation authorized the medal (see [Table A14.1](#)).

A14.2.8. **Authorized Device.** Gold Star. Refer to [Attachment 16](#) for additional device guidance.

A14.3. Combat Readiness Medal (CRM). The medal was authorized by SecAF on 9 March 1964.

Figure A14.2. Combat Readiness Medal Illustration.

A14.3.1. **Eligibility.** The CRM is awarded for sustained individual combat mission readiness or preparedness for direct weapon-system employment, after 1 August 1960.

A14.3.1.2. On or before 17 April 2018. Members must meet all of the following criteria **(T-1)**:

A14.3.1.2.1. Be a member of a unit subject to combat readiness reporting,

A14.3.1.2.2. Be individually certified as combat and/or mission ready and has been subject to a continuous individual positional evaluation program, according to a MAJCOM, FLDCOM, or higher headquarters' standards, and

A14.3.1.2.3. Complete 24 months of sustained combat and or mission readiness with no more than a 120 calendar-day break. If the break in combat or mission ready status exceeds 120 calendar days due to reassignment to another combat or mission duty that requires upgrading in or retraining to a new system, only the enroute and retraining time is deducted from qualifying service.

A14.3.2. **Submission Procedures.** A member requests award of the CRM by submitting a certification letter signed by the first colonel/O-6 (or equivalent) in the operational chain of command to the servicing military personnel flight. The letter will contain, at a minimum (**T-3**):

A14.3.3. **Approval Authority.** Requests are submitted, processed, and approved in the myDecs application.

A14.3.3.2. The wing and delta commander, deputy commander, or deputy commander for operations; and group (not reporting to a wing) commander, deputy commander, or deputy commander for operations.

A16.8.3. Award of the "C" device is determined solely on the specific circumstances under which the service or achievement was performed. The award is not determined by geographic location.

A16.8.3.1. The fact that the service was performed in a combat zone, a combat zone tax exclusion area, or an area designated for imminent danger pay, hostile fire pay, or hostile duty pay, is not sufficient to qualify for the "C" device.

A16.8.3.2. The service member must have been personally exposed to hostile action or under significant risk of hostile action. **(T-0)**.

A16.8.3.3. Grade will not be a factor in determining whether the "C" device is warranted, nor will any quotas, official or unofficial, be established limiting the number of "C" devices authorized for a given combat engagement, a given operation, or cumulatively within a given expanse of area or time. **(T-0)**.

A16.8.4. **Exception to Policy.** The "C" device criteria is set by the Office of the Secretary of Defense. Exceptions are routed through command channels to the MAJCOM or FLDCOM commander or vice commander (or deputy commander) for endorsement to AFPC/DP3SSP (afpc.dp3sp.workflow@us.af.mil). A metallic, bronze letter "N" that represents duties performed within a missile complex in direct support of Intercontinental Ballistic Missile operations or in direct support of nuclear laden aircraft. Only one "N" device is worn, regardless of the number of qualifying assignments. When worn alone, the device is centered on the ribbon. When worn with oak leaf clusters, the "N" device is worn to the wearer's right of the clusters.

A16.12. Numeral Device. A numeral device represents the number of times the Mobilization "M" device has been awarded. For first award of the "M" device, no number is worn. Refer to [paragraph A16.10](#).

A silver oak leaf cluster is used for the 6th, 11th, and so forth, entitlement or award, or instead of five bronze oak leaf clusters. A16.14.1. To be designated as such, the action must have been performed through any domain, in circumstances that did not expose the individual to hostile action, or place him or her at significant risk of exposure to hostile action, on or after 7 January 2016, under one of the following conditions **(T-0)**:

A16.14.2.2.2. Recognition for direct and immediate impact shall be based on the merit of the individual's actions, the basic criteria of the decoration, and the "R" device criteria.

A16.14.2.2.3. Performance of a normal duty or accumulation of minor acts will not justify the "R" device. The act must have been: performed in a manner significantly above that normally expected and sufficient to distinguish the individual above members performing similar acts.

A16.14.2.2.4. A decoration should only be recommended in cases where the event clearly merits special recognition of the action (i.e., achieving a strategic objective or saving of lives on the ground).

A16.14.3. **Exception to Policy.** Requests will be routed through command channels to the MAJCOM or FLDCOM commander or vice commander (or deputy commander) for endorsement to AFPC/DP1SSP. A16.16.2. The "V" device may be awarded for a single event, such as a terrorist act, isolated combat-type incident, etc. The device is not awarded for normal peacetime achievements or service. **(T-0)**.
