This manual implements Department of the Air Force Policy Directive (DAFDP) 36-21, *Utilization and Classification of Air Force Military Personnel*. This publication applies to all uniformed members of the Regular Air Force (RegAF), Air Force Reserve (AFR), and the Air National Guard (ANG). It does not apply to civilian employees. The Joint Travel Regulation (JTR) controls guidance in the event of a disagreement in policy. This manual requires the collection and/or maintenance of information protected by the Privacy Act of 1974, *Public Law 93-579, The Privacy Act of 1974*, authorized by Department of Defense Directive (DoDD) 5400.11, *DOD Privacy Program*. The applicable System of Record Notices, F036 AF PC K, *Relocation Preparation Project Folders*, and F036 AF PC I, *Incoming Clearance Records*, are available at: <https://dpcl.d.defense.gov/privacy/SORNS.aspx>. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with AFI 33-322, *Records Management and Information Governance Program*, and disposed of in accordance with the Air Force Records Disposition Schedule, which is located in the Air Force Records Information Management System. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using AF Form 847, *Recommendation for Change of Publication*; route AF Forms 847 from the field through the appropriate functional chain of command. This publication may be supplemented at any level, but all supplements that directly implement this publication should be routed to the Office of Primary Responsibility of this publication for coordination, and all Major Command (MAJCOM)-level supplements should be approved by the Human Resource Management Strategic Board prior to certification and approval. The authorities to waive wing/unit level requirements in this publication are identified with a Tier (“T-0, T-1, T-2, T-3”) number following the compliance statement. See Department of the Air Force Instruction (DAFI) 33-

360, *Publications and Forms Management*, for a description of the authorities associated with the Tier numbers. Submit requests for waivers through the chain of command to the appropriate Tier waiver approval authority, or alternately, to the requestor's commander for non-tiered compliance items. This manual has been developed in collaboration between the Deputy Chief of Staff for Manpower, Personnel and Services (AF/A1), the Chief of the Air Force Reserve (AF/RE), and the Director of the Air National Guard (NGB/CF).

Chapter 2

PREPARING AIRMEN FOR ASSIGNMENT RELOCATION

2.1. General Overview. This chapter explains how to prepare a member for assignment relocation.

2.2. Use of Virtual Out-Processing (vOP). The virtual out-processing (vOP) application is mandatory for all permanent party personnel on active duty status on installations where the capability exists. **(T-1).** AFPC Assignment Policy and Procedures (AFPC/DP3AM) must approve any deviation from using vOP. **(T-1).**

2.3. Assignment Notification. For procedural guidance, refer to AFPC/DP3AM.

2.3.1. Airman. Upon receipt of the assignment notification email, the Airman must acknowledge receipt of assignment via the virtual MPF (vMPF) Official Assignment Notification Page within seven calendar days. **(T-2).** In addition, the Airman must complete the vMPF initial relocation briefing following the acknowledgment of assignment notification in vMPF. **(T-2).** Airmen must also verify the data listed on the assignment selection information page and notify the MPF of any errors. **(T-2).**

2.3.2. The MPF Career Development Section. Upon receipt of an assignment selection report on individual personnel (RIP) from the AFPC, the MPF Relocations Element has seven calendar days to verify and complete actions to identify the Airman's eligibility for reassignment per guidance found in Air Force Instruction (AFI) 36-2110, *Total Force Assignments*.

2.3.2.1. The MPF will initiate reclama actions when notified by the Airman's commander that Airman is ineligible for reassignment. **(T-1).**

2.3.2.2. If official assignment notification is by email or letter, the commander and the Airman must acknowledge receipt of the correspondence with date notified and return to MPF. **(T-1).**

2.3.2.3. After the Airman submits the completed assignment selection notification email, letter, or RIP to the MPF, the MPF will establish assignment eligibility criteria. If the Airman elects not to accept the assignment and associated active duty service commitment, the MPF must follow seven-day option procedures in AFI 36-2110. **(T-1).**

2.4. Initial Relocation Briefing. The MPF career development section conducts an initial relocation briefing within 15 calendar days after the Airman has officially acknowledged assignment notification. **(T-2).** The MPF relocations counselors are responsible for ensuring Airmen have all required instructions and documentation for their reassignment and advise the Airman to visit the Financial Services Office for relocation pay and entitlements counseling.

2.5. Initial Processing Actions. Upon an Airman's completion of the initial relocation briefing, the MPF Relocations Element prepares a relocation folder for each Airman selected for reassignment. The Relocations Element will dispose of the relocation folder three months after report-not-later-than date (RNLTD) month, or when relocation action is cancelled in accordance with Air Force Records Disposition Schedule located in the Classification and Assignment Records Table at <https://afrims.cce.af.mil>. **(T-1).** The documents in the relocation folder may

vary based on the relocation type. Do not use local clearance forms for out-processing. PCS memorandums are available in myPers. The relocation folder requirements include the following documents:

- 2.5.1. Completed assignment selection notification letter, message, or RIP.
- 2.5.2. Confirmation page of the vMPF initial relocation briefing.
- 2.5.3. AF Form 907, *Relocation Preparation Checklist*.
- 2.5.4. Special Requirements. Annotate on AF Form 907 when the assignment selection notification RIP indicates there are special requirements not otherwise covered by this manual (example: Personnel Processing Codes); include a copy of the specific requirements in the relocation folder.
- 2.5.5. Retainability requirements. Follow procedures directed in AFI 36-2110.
- 2.5.6. AF Form 63, *Active Duty Service Commitment (ADSC) Acknowledgment Statement*; follow procedures directed in AFI 36-2107, *Active Duty Service Commitments*.
- 2.5.7. Security Requirements, Security Clearance Memorandum. Required when the assignment requires a higher or more current security clearance than the one possessed, eligibility for special access, or eligibility for assignment to a special program.
- 2.5.8. Servicemembers' Group Life Insurance (SGLV) 8286, *Servicemembers' Group Life Insurance Election and Certificate*. Ensure the Airman has completed updates, if applicable.
- 2.5.9. Overseas Tour Election. AF Form 965, *Overseas Tour Election Statement*, if applicable.
- 2.5.10. All documents pertaining to the Airman's relocation: reassignment orders, special orders (North Atlantic Treaty Organization (NATO) travel orders), and respective amendments.
- 2.5.11. Immunization Memorandum. Immunizations for the Airman and/or dependents, if required.
- 2.5.12. Medical and Dental Clearance Memorandum. Medical and dental clearances are required for relocating Airmen and/or dependents. MPF must request delay of RNLTD when an Airman is within 30 days of RNLTD or 45 days of date eligible for return from overseas month and the results of medical or dental clearance actions are not yet available. **(T-1)**.
- 2.5.13. Dependent Medical Clearance. Ensure medical clearances for dependents are completed in the cases of continental United States (CONUS), CONUS-to-overseas assignments, consecutive overseas tours, designated location moves, and for Exceptional Family Member Program CONUS-to-CONUS and overseas-to-CONUS moves. If an Airman has a family member enrolled in the Exceptional Family Member Program (assignment limitation code "Q") and receives a CONUS-to-CONUS or overseas-to-CONUS assignment, provide the Airman with AF Form 1466, *Request for Family Member's Medical and Education Clearance for Travel*. Advise the Airman that only those family members enrolled in the Exceptional Family Member Program must be cleared for travel and to hand-carry the AF Form 1466 to the medical treatment facility. **(T-1)**.

2.6. Exceptional Family Member Program Reassignment. AFPC/DP3AM will announce by message when an Airman receives an approved Exceptional Family Member Program reassignment. In this instance only, the AF Form 1466 is not required since AFPC/DP3AM will have confirmed with the gaining location that the needed medical or educational resources are available. File a copy of the AFPC/DP3AM approval message in the Airman's relocation folder in place of the AF Form 1466. The AFPC/DP3AM approval message is authority for the dependent's relocation (depending upon approved concurrent travel or designated location move travel (overseas only)). The MPF will not release PCS orders prior to receipt of dependent's medical clearance results. **(T-2)**. If dependent's travel is denied, inform the Airman that he/she may be authorized Family Separation Allowance and should contact the Financial Services Office for assistance.

2.7. Home-basing and Follow-on Assignments. When applicable, MPF relocations counselors will advise the Airman on home-basing and follow-on assignments. **(T-2)**. If applying for a home-basing or follow-on assignment, the Airman will turn in his/her application within 15 days of initial relocation briefing or notification of in-place consecutive overseas tour approval. **(T-2)**.

2.8. Weapons Training. Airmen will complete weapons qualification according to AFI 36-2654, *Combat Arms Program*, and the applicable assignment Personnel Processing Codes. **(T-1)**.

2.9. Passport and/or Visa Requirements. Refer to the Foreign Clearance Guide and any associated Personnel Processing Codes to determine passport and visa requirements for the Airman and dependents. When required, the Airman will initiate passport and/or visa requirements not later than 15 days after completion of initial relocation briefing. **(T-2)**.

2.10. Family Member Travel. Dependent travel to a designated place must be approved prior to any movement of dependents. **(T-1)**. If applicable, follow procedures directed in accordance with AFI 36-3012, *Military Entitlements*.

2.11. Fitness Assessment. Airmen pending PCS must have a current fitness assessment score on file that will not expire through the RNLTD and 42-day acclimatization period. **(T-2)**. Graduated BMT Airmen are advised to hand-carry their AF Form 4446, *Air Force Fitness Assessment Scorecard*, to their first duty station or technical training, whichever location they report to first. Upon arrival, the Fitness Assessment Cell will input the AF Form 4446 into the AF Fitness Assessment System II, in accordance with AFI 36-2905, *Fitness Program*. **(T-2)**.

2.12. Intermediate Processing Actions. The MPF relocations element creates the Airman's vOP checklist. The MPF will instruct agencies that their documentation or actions in the vOP checklist must be completed not later than seven calendar days prior to the Airman's projected departure date. **(T-1)**. The MPF may establish local agreements with agencies to have the Airman acquire documents for out-processing or to have documents sent electronically not later than seven calendar days prior to the Airman's projected departure date.

2.13. Departure Notification. The MPF will notify the Financial Services Office; Army and Air Force Exchange Service; Commissary; Transportation Management Office; medical treatment facility; Air Force Office of Special Investigations; FSS; and all interested base agencies of projected PCS departures using a computer-generated listing of departees, or virtual MPF, not later than 30 calendar days before scheduled departure date or as-soon-as-known (for short-notice). **(T-0).** Since the Privacy Act requires protection of social security numbers (SSNs), the MPF will ensure the SSN is only disclosed to offices with the Department of Defense (DoD) who have an official need to know. **(T-0).** **(Note:** Do not send listings including SSN to any agency outside of the DoD in accordance with the Privacy Act of 1974). The MPF will ensure listing includes: SSN, projected base of assignment, reporting month, projected departure date, names of Airmen relocating to short-tour areas (for the base medical treatment facility), and names of Airmen relocating on short-notice, even if already departed. **(T-0).**

2.14. Assignment Processing Updates. The MPF will update Military Personnel Data System (MilPDS) as required in accordance with related assignment instructions and execution guidance available in myPers. **(T-1).** These updates include projected departure date changes, RNLTD extensions, administrative actions and assignment holds, assignment cancellations, join spouse applications, and Defense Enrollment Eligibility Reporting System (DEERS) updates as required.

2.15. Out-Processing Unavailable Airmen. The MPF will coordinate with unit commanders or equivalent when processing actions for Airmen unable to accomplish their own relocation actions. **(T-1).** The unit commander will appoint someone to accomplish out-processing actions for the unavailable Airman or assign an escort to accompany the Airman to comply with out-processing requirements. **(T-1).**

2.16. Travel Requirements. The MPF will instruct Airmen to begin these actions upon completion of their initial relocation briefing, unless otherwise directed by assignment authority to accomplish earlier. **(T-2).** Refer relocating Airmen to the Traffic Management office to receive counseling on PCS travel, dependent travel, shipment of household goods, accompanied or unaccompanied baggage, non-temporary storage, shipment of a mobile home (if applicable), circuitous travel (if applicable), additional weight allowance (if applicable), and shipment and/or storage of privately owned vehicle. **(T-0).** The MPF will use the JTR for processing personnel to overseas locations. **(T-1).**

2.17. Dependent Travel. Airmen denied dependent travel may be authorized to request a waiver for Family Separation Allowance in accordance with AFI 36-3012. Airmen who elect to serve an unaccompanied tour in lieu of an accompanied tour are not eligible for Family Separation Allowance. **(T-1).**

2.18. Travel by Trainees. Basic Military Training (BMT) and Technical Training Centers may establish local procedures instead of requiring personal visits to the Transportation Management Office.

2.19. Dependency Determination. Refer any questions relating to dependency determination to the Financial Services Office. Airmen with dependents in the following categories may be required to complete a dependency determination: children born outside of marriage; dependent parents (includes step, adopted, or parents-in-law); and incapacitated children over age 21 who do not reside in the Airman's household or who are not in possession of a valid Department of Defense (DD) Form 1173, *Uniformed Services Identification and Privilege Card*, or enrolled in

DEERS. MPF orders processing officials are not authorized to include the above dependents on the Airman's PCS orders until the dependency determination is approved and completed. **(T-1)**. The MPF will coordinate with the Financial Services Office or request dependency determination approval letter from the Airman prior to completing PCS orders and DD Form 1172-2, *Application for Identification Card/DEERS Enrollment*. **(T-1)**.

2.20. Permanent Change of Station Orders. The MPF order processing official completes PCS order(s) in the orders processing application after the Airman has completed all retainability, medical and dental (including dependents) clearances, security clearance, active duty service commitment (if applicable), and personnel processing code requirements related to the reassignment. **(T-2)**.

2.20.1. The orders publishing authority maintains all record sets of Airmen orders according to AFI 33-322, and the Records Distribution Schedule. **(T-1)**.

2.20.2. Orders processing officials will provide PCS orders, if required by assignment instructions, to the member, agencies requesting the orders as a source document, or to the assignment authority. **(T-2)**.

2.20.3. Submit PCS orders for authentication not later than 60 days prior to projected departure date. **(T-2)**.

Note: The Air Force implemented the accelerated orders initiative, changing the requirements and timeline for when RegAF Airmen receive orders for a PCS assignment. Airmen may be provided orders in-hand prior to turning in all required PCS documents identified within [paragraph 2.20](#); however, all relocation related items must be completed by final out-processing. **(T-2)**. Airmen in the categories listed below are not eligible for accelerated orders and must complete all PCS requirements before orders are issued. **(T-2)**.

2.20.3.1. Exceptional Family Member Program Q-coded Airmen.

2.20.3.2. Personnel reliability program assignments.

2.20.3.3. Accessions.

2.20.3.4. Pipeline students/trainees.

2.20.3.5. Airmen with the following personnel processing codes: 999, PAG, 9NC, CAA, SAV, 9IZ.

2.20.4. Do not release PCS orders until receipt of approval or disapproval of follow-on or home-basing application from the assignment authority, if eligible. **(T-1)**.

2.20.5. If the Airman is approved for reassignment based on acceptance of a 365-day Extended Deployment Advance Assignment, PCS orders will be published up to 16 months prior to Advance Assignment RNLTD and will include a comment in the remarks section of the PCS orders. **(T-1)**.

2.20.6. Dependent travel to a designated place must be approved prior to any movement of dependents and will include a comment in the remarks section of the PCS orders; follow procedures directed in AFI 36-3012. **(T-1)**.

2.20.7. If active duty service commitment-incurring training is involved (for officers only), include the officer's active duty service commitment length in the remarks section of the PCS orders.

2.21. Proceed Time. A period of four consecutive days of absence is authorized in conjunction with PCS to and from an unaccompanied overseas assignment for individuals (regardless of marital status) who relocate dependents and/or household goods. It is not authorized on first PCS, separation, or retirement, and is not permitted on close-proximity moves in accordance with Joint Travel Regulations and Department of Defense Instruction (DoDI) 1327.06. *Leave and Liberty Policy and Procedures.*

2.21.1. Proceed time is authorized for military personnel regardless of their marital status or grade. This includes members married to other military members if they are authorized transportation of dependents and/or household goods when transferring to or from an unaccompanied overseas tour. **(T-0).**

2.21.2. The MPF will be responsible and accountable for administering proceed time. **(T-2).**

2.21.4. The MPF must obtain approval from AFPC/DP3AM to publish hard-copy PCS orders or hard-copy amendments to orders. **(T-1).** AFPC/DP3AM must approve exceptions to publish hard-copy PCS orders or hard-copy amendments to orders. The MPF orders processing officials must distribute the manual AF Form 899, *Request and Authorization for Permanent Change of Station - Military*, with distribution code "BA" to each individual and organization named in the orders. **(T-1).** The AFPC Assignment and Active Duty Service Commitment Office (AFPC/DP1TA) will forward authenticated manual and hard-copy orders to Automated Records Management System. The MPF will not publish AF Form 899 without the authorization of AFPC/DP3AM relocations office and/or AFPC/DP3AM PCS budget office. **(T-1).**

2.22. Verbal Permanent Change of Station Orders. Commanders avoid issuing verbal orders for relocation if possible. Verbal orders may be issued when time prevents the publication of written orders. The MPF must confirm orders in writing as soon as possible. **(T-1).** The MPF must contact AFPC/DP3AM for manual orders exception to policy before issuing verbal PCS orders. **(T-1).**

2.23. Letter in Lieu of Orders. The MPF will not issue letter in lieu of orders. **(T-1).** In extreme circumstances, MPF commanders may request assistance from AFPC/DP3AM by emailing afpc.dp3am.relocations@us.af.mil.

2.24. NATO Orders. In addition to PCS orders, prepare NATO travel orders for the Airman traveling to a NATO country or as directed in the Foreign Clearance Guide. The MPF relocations counselors must ensure completion of NATO travel orders prior to the Airman's final out-processing and reiterate the importance of hand-carrying no-fee passports, visas, or NATO orders at all times during relocation travel. **(T-1).** Refer to <https://www.fcg.pentagon.mil/> for specific country entrance requirements. The MPF will not publish NATO travel orders for Airmen departing a NATO country directly to the CONUS. **(T-1).**

2.25. Final Out-Processing Appointment. Airmen will wear their uniform at final out-processing appointments. **(T-2).** If member is assigned to a Geographically Separated Unit, they are not required to physically out-process the MPF; however, they are required to out-process their losing unit. **(T-2).** The losing unit will notify the servicing MPF of the relocation actions and forward a copy of the relocation folder to the servicing MPF. **(T-2).** When the Airman fails to out-process, the unit retrieves all accountable items and notifies the Airman that disciplinary action may be taken. The MPF relocations element (or losing unit for members assigned to a Geographically Separated Unit) ensures all requirements for the PCS are completed. **(T-1).** The following is a list of items that are required to be reviewed and validated by the MPF prior to PCS departure:

2.25.1. Verify the validity of the Airman's Common Access Card and any other required identification (ID). **(T-1).** Ensure dependents' ID cards are current and travelers listed on the PCS order match the DD Form 1172-2. **(T-1).**

2.25.2. Verify Airmen and dependents have passports and/or visas as required. **(T-1).** Airmen are not allowed to out-process without proper dependent identification credentials for overseas travel as directed by the Foreign Clearance Guide (if applicable). **(T-1).**

Verify promotion-eligible Enlisted Airmen departing for a PCS or Temporary Duty (TDY) have a current AF Form 1566, *WAPS Test Verification*, according to AFI 36-2502, *Airman Promotion/Demotion Programs*. Refer Airmen without a current AF Form 1566 to the Weighted Airman Promotion testing monitor. **(T-1).**

2.25.4. Verify the Airman has completed all out-processing tasks in the vOP checklist. **(T-1).** If a vOP checklist is utilized, there is no requirement to maintain a hard copy in the relocation folder. The vOP checklist is maintained in vMPF for 90 days after departure date. **(T-2).**

2.26. Departure Actions. Airmen are not authorized to out-process earlier than one duty day (two duty days in the overseas area) prior to their actual departure date or date official leave and travel begins. Airmen that certify they will not depart the local area until Monday if out-processing on a Friday must not be charged leave for the weekend. **(T-1)**. However, if members depart prior to the Monday (during the weekend), their leave or travel will start the actual time and date they physically depart. **(T-1)**. Airmen must arrive to the new permanent duty station according to the published reassignment orders; PCS or separation processing base AF Form 899 or respective amendments on AF Form 973, *Request and Authorization for Change of Administrative Orders*. **(T-2)**.

Chapter 3

AIRMAN LIAISON (AL) DUTY AND STREAMLINED OUT-PROCESSING FOR AIRMEN WITH ORDERS TO AN AIRMAN MEDICAL TRANSITION UNIT (AMTU)

3.1. General Overview. This chapter explains the AL role in assisting Airmen with orders to an AMTU, as well as streamlined out-processing procedures for Airmen with orders to an AMTU.

3.1.1. The AL is an individual temporarily assigned to assist seriously ill and injured Airmen who, due to their illness or injury, need assistance during transition to an AMTU or similar unit for continued care.

3.1.2. This includes Airmen who may suffer from an invisible wound – such as Post Traumatic Stress Disorder, Traumatic Brain Injury, and other cognitive behavioral disorders – which could impede their ability to effectively out-process and coordinate PCS transition to receive care.

3.1.3. The AL is designed to provide these injured Airmen with compassionate care and peer support from the home unit to ease the burden associated with the transition, specifically with mandated out-processing or administrative activities.

3.2. Airman Liaison (AL) Assignment and Squadron Commander Responsibilities. The AL role is assigned by the squadron commander (Sq/CC), in collaboration with the medical care team, to be performed as a temporary duty for a limited amount of time until the injured Airman's transition is complete.

3.2.1. Commander Actions. The Sq/CC at the losing or home unit is responsible for assigning an AL if he/she or the medical official determines an injured Airman is unable of his/her own accord to complete administrative activities associated with the PCS transition to an AMTU or similar unit.

3.2.2. Support Activities. The Sq/CC will sign off upon completion of all support activities after the Airman's transition is complete to end the AL's temporary role. **(T-2).**

3.3. Airman Medical Transition Unit (AMTU) Squadron Commander Responsibilities. Once the Airman arrives at the AMTU, the receiving Sq/CC at the AMTU will confirm with the losing Sq/CC that the Airman has safely arrived at the AMTU and the transition has been completed. **(T-2).** The AMTU Sq/CC will also provide notification of the Airman's arrival to the AMTU Chief of Medical Staff and the wing commander. **(T-1).**

3.4. Airman Liaison Duty Description.

3.4.1. Role Requirements. The AL must be of equal grade or higher than the member being assisted, but in no case will the AL be lower in grade than E-7. **(T-1).** The role will end after all duties have been signed off by the Sq/CC. **(T-1).**

3.4.2. Permanent Change of Station Assistance. The AL will support an injured Airman on PCS orders to an AMTU with completing out-processing items. **(T-2).** This will include the AL meeting with the FSS outbound section and completing travel management office, finance, and orders from the MPF. **(T-2).** The AL must complete checklist items before the member PCSs to the AMTU and must close out all other out-processing actions within 30 days of the member departing the home unit. **(T-2).**

3.4.3. Personal Property. The AL may assist the Airman with the coordination of packaging, shipment, and/or storage of personal property. To every extent possible, the owner of the property (or a designated representative other than the AL) is required to be present as property is packaged or moved. The AL is required to maintain contact with the Sq/CC until all personal property is received by the appropriate storage or shipment organization/agency. Personal property found in off-base housing may only be shipped by the AL upon receipt of a Power-of-Attorney by the owning Airman or designated representative. **Note:** The Airman must authorize assistance with the coordination of packaging, shipment, and/or storage of personal property. **(T-1).** See the local Staff Judge Advocate for guidance on obtaining proper authorization. The AL cannot assume responsibility of personal property without the proper legal authority.

3.5. Streamlined Out-processing for Airmen with Orders to Airman Medical Transition Unit (AMTU). Streamlined out-processing reduces the number of required administrative steps to PCS from an installation. This option is available to commanders in order to support qualifying Airmen with a faster transition and reduced burdens before PCS to the gaining installation.

3.5.1. Eligibility: Airmen who receive PCS orders to an AMTU for purposes of receiving treatment for a complex medical condition and/or representing AL.

3.5.2. Responsibilities:

3.5.2.1. Squadron commanders coordinate with the eligible Airman, the AL, and the Airman's medical care team to determine which out-processing actions are minimally required according to the Airman's condition and the urgency required for transfer. Although requirements may vary by installation and by case, minimum requirements will include FSS outbound assignments for orders and final out-processing verification, Transportation Management Office for household good shipments, and finance for monetary affairs. **(T-1).**

3.5.2.2. Squadron commanders and/or the eligible Airman may designate an AL representative to perform these functions on behalf of the Airman as necessary based on the circumstances of the Airman's PCS and medical conditions.

Chapter 4

PREPARING AIRMEN FOR SEPARATION OR RETIREMENT

4.1. General Overview. This chapter explains how to prepare an Airman for relocation because of separation, discharge, or retirement. AFPC will provide procedural guidance for the retirement and separation relocation process.

4.1.1. The vOP application is mandatory for all permanent party personnel on installations where the capability exists. The MPF must seek approval from AFPC/DP3AM for any exception to this requirement. **(T-1).**

4.1.2. The MPF prepares a relocation folder to hold all documents relating to the relocation, conducts the necessary preparation interviews outlined in the relocations section on myPers, and disposes of records in accordance with the Air Force Records Disposition Schedule located at <https://afrims.cce.af.mil>.

4.2. Standard Medical Examination for Regular Air Force (RegAF), Air Force Reserve (AFR) and Air National Guard (ANG). All separating and retiring Airmen must take a comprehensive separation history and physical examination. This includes reserve component service members who are separating or retiring from active duty after serving 180 days or more, or after serving on active duty for a period of more than 30 days in support of a contingency operation. Airmen who are separating or retiring after being found unfit for continued military service through the disability evaluation process do not have to take the separating history and physical examination if they have completed the exams during the disability evaluation process. **(T-0).** Reserve component service members serving on active duty for less than 180 days of continuous service on active duty orders or less than 30 days of continuous service on active duty orders in support of a contingency operation are not required to complete a separation history physical examination but will document their health status and complete a medical assessment prior to separation from active duty. **(T-1).** The Airman may elect to have the separation history and physical exam accomplished through a DoD medical treatment facility or through the Veterans Administration.

4.2.1. The separation history and physical exam must be accomplished at least 30 days prior to the scheduled departure date, but no more than 180 days prior to the approved retirement date. **(T-0).**

4.2.2. The Airman obtains the separation history and physical exam clearance memorandum from the myPers website. The MPF must ensure the Airman is cleared by the medical treatment facility prior to out-processing. **(T-1).**

4.3. Transition Assistance Program for Military Personnel. Transition Assistance Program Counseling. Airman and Family Readiness Center personnel will counsel separating Airmen and retirees in accordance with DoDI 1332.35, *Transition Assistance Program for Military Personnel*, and AFI 36-3009, *Airman and Family Readiness Centers*. **(T-0).**

4.4. Transition Assistance Program Requirements. The MPF will refer all Airmen to the Airman and Family Readiness Center not later than 18 months from the anticipated date of separation or 24 months from the anticipated date of retirement. **(T-1).** Airmen must schedule the four mandatory Transition Assistance Program requirements: pre-separation counseling; Transition Goals, Plans, Success Workshop (some exemptions apply); Veterans Administration Benefits Briefings I & II; and Capstone/DD Form 2648, *Service Member Pre-Separation/Transition Counseling and Career Readiness Standards eForm for Service Members Separating, Retiring, Released from Active Duty*. The MPF will not out-process Airmen without a completed DD Form 2648. **(T-0).**

4.5. Survivor Benefit Plan. The MPF will direct all retiring Airmen to the Airman and Family Readiness Center Survivor Benefit Plan Counselor, as soon as possible to receive information and a mandatory one-on-one briefing on the Survivor Benefit Plan. **(T-1).** Do not out-process a retiring Airman before the Airman is cleared by the Survivor Benefit Plan Counselor. The Survivor Benefit Plan Counselor provides originals of the Airman's DD Form 2656, *Data For Payment of Retired Personnel* **(T-1)**; AFPC must file these documents in the Automatic Records Management System.

4.6. Place of Separation or Retirement. An Airman may separate or retire in:

4.6.1. CONUS. Airmen assigned to a duty station in the CONUS separate or retire at their present duty station. **(T-1).**

Airmen serving overseas (excluding Alaska, Hawaii, Guam) separate or retire at the overseas duty station or, if approved, at a separation processing base in the CONUS. **(T-1).**

4.7. Overseas Duty Station. Airmen may separate or retire at the overseas base to:

4.7.1. Live permanently in that country. Prior to the date of separation or retirement, Airmen and their dependents must comply with command and host government residency rules. **(T-0).**

4.7.2. Live temporarily in that country and later move to a final overseas location or to the CONUS Home of Selection within the one-year time limit set in the Joint Travel Regulations. Airmen and their dependents must comply with command and host government residency rules. **(T-0).**

4.7.3. Move immediately to another overseas site as a final Home of Selection by the most direct route as determined by the Traffic Management Office. Airmen and their dependents must comply with the overseas Home of Selection command and host government residency rules. **(T-0).**

4.7.4. Move directly to their final Home of Selection in the CONUS. Airmen must take at least five days of permissive TDY or terminal leave to use this option. **(T-1).**

4.8. Separation Processing Base. Airmen assigned overseas will complete processing at their current location unless approval is granted for travel to a separation processing base. **(T-2).** A separation processing base is an Air Force base in the CONUS with a MPF and Financial Services Office nearest to the Airman's projected Home of Selection. Dependents are not authorized travel and transportation allowances to the separation processing base. Dependent allowances will come from the last Permanent Duty Station to the Airman's Home of Selection. **(T-1).**

4.8.1. If support facilities do not exist at the Airman's overseas location, a hardship exists that warrants travel to a separation processing base, or travel to a separation processing base would be in the best interest of the Air Force, the Airman will submit a travel request in accordance with the separation processing base guidance on myPers. **(T-2)**. The request will include full justification and concurrence of the Airman's commander. If approved, the approving authority will determine the appropriate separation processing base closest to the Airman's Home of Selection and prepare travel orders directing movement. **(T-2)**.

4.8.2. The appropriate agency publishes PCS without Permanent Change of Assignment (PCA) orders on separating or retiring Airmen approved for travel to a separation processing base. For all other Airmen separating or retiring from overseas, the orders publishing authority includes appropriate travel authorizations on the separation or retirement order.

4.8.3. A separating or retiring Airman who is authorized Home of Selection has one year from the retirement or separation date to make a final Home of Selection move from the area of the separation processing base.

4.8.4. An Airman not authorized Home of Selection allowances may receive travel and transportation allowances from their last base to the place they actually travel, with reimbursement limited to their Home of Record or the place they entered active component.

4.9. Selective Service Registration. The MPF will counsel male separating Airmen on the requirement to register with Selective Service in accordance with Title 50 United States Code, Section 3802, *Registration*, if he is separated from the military before turning 26. **(T-0)**. The member can register at any United States Post Office, or through the Selective Service website.

Chapter 5

5.3. Discrepancy Reporting on Inbound Personnel.

5.3.1. Discrepancies may be reported by gaining MPF, AFPC Business Process Owners or Action Officers, training schools including those with Airmen TDY enroute with PCS (e.g., Officer Training School, Non-Commissioned Officer Academy, or Retraining), and other base-level agencies part of the relocation process (e.g., financial services office, medical treatment facility, etc.).

5.3.2. The gaining MPF or unit will report discrepancies to AFPC on Airmen who arrive at their gaining location with errors in their relocation folder or record, as enumerated in this manual. **(T-2)**. 5.3.5. Mission impacting, valid, and unresolved discrepancies are reported quarterly on the Personnel Actions Report published by the AFPC Standardization and Evaluation Office (AFPC/DP1OSF). **(T-1).**

5.3.6. AFPC/DP3AM is the final decision authority when a PCS Category 1 Discrepancy is disputed by the losing MPF.

Chapter 6

Chapter 10

TRANSFER OF SENTENCED PRISONERS

10.1. General Overview. This chapter provides in- and out-processing instructions for prisoners transferring to an off-station confinement facility. This transfer requires coordination between Security Forces, unit commander, and the MPF. AFMAN 31-115V1, *Air Force Corrections System*, provides guidance for Security Forces and unit commanders. Transfers are authorized in accordance with AFMAN 31-115V1. Assignments upon release from prisoner status are in accordance with AFI 36-2110 only if not assigned to original duty station. **Note:** Prisoners do not accrue PCS allowances. Allowances are payable to dependents as outlined in the Joint Travel Regulations.

10.2. Prisoner Transfer Responsibilities.

10.2.1. Commander. The commander exercising court-martial jurisdiction, unit commander, or the commander of the confinement facility shall appoint an individual to complete out-processing actions for the sentenced prisoner when the prisoner cannot out-process. **(T-1)**. This includes hand-carrying special orders through coordination and reproducing and gathering FRGp documents. **(T-1)**.

10.2.2. Air Force Security Forces Center, Corrections Division (AFSFC/FCI), Joint Base San Antonio (JBSA)-Lackland AFB. Provides assignment action numbers and relocation instructions to the local security forces squadron, unit commander, and the MPF involved with relocating sentenced prisoners to facilities within AFSFC, Air Force Confinement and Corrections Directorate (AFSFC/FC) jurisdiction. **(T-1)**.

10.2.3. The MPF Personnel Relocations Element. Completes out-processing actions for prisoners transferring to an off-station confinement facility:

10.2.3.1. Departure Listing. Include sentenced prisoners on the departure notification listing (see [paragraph 2.13](#)).

10.2.3.2. Relocation Folder. Prepare a folder for documents pertinent to the relocation. Dispose of folder contents in accordance with Air Force Records Disposition Schedule located at <https://afrims.cce.af.mil>.

10.2.3.3. Special Orders. Use Long-term Inmate Gains Program Personnel Service Delivery Guide available on myPers upon receipt of transfer instructions as a guide.

10.2.3.4. AF Form 937, *Request and Authorization for Dependent(s) Travel*. Prepare AF Form 937 when the Joint Travel Regulations authorize dependent travel.

10.2.3.5. Immunizations. When prisoner transfer is from overseas to the CONUS, arrange for required immunizations before departure.

10.2.3.6. Identification. Verify ID requirements using AFI 36-3026V1_IP are met. If the Airman has dependents, ensure retrieval of his/her DD Forms 1173. Direct dependents to the Customer Service Element for ID reissue.

10.2.3.7. Relocation Processing. Provide the prisoner (or appointed representative) a copy of the Transfer of Sentenced Prisoners Memorandum.

10.2.3.8. Traffic Management Office Counseling. Refer the Airman and dependents to the Traffic Management Office for counseling and determination of authorization for dependent travel and shipment of Household Goods, and shipment or storage of privately owned vehicle. There may be allowances for dependents' movement in accordance with the Joint Travel Regulations, per incident to Airman's confinement. Use AF Form 899 to request movement of dependents when they will travel concurrently with the Airman's transfer. Use AF Form 937 to authorize dependent travel before or after the Airman travels in accordance with the Joint Travel Regulations.

10.2.3.9. Military Pay. Advise the prisoner (or designated representative) to contact the Financial Services Office for military pay actions.

10.2.3.10. Prisoner Transfer. Finalize all the prisoner transfer actions with AFSFC/FC, the local security forces squadron, unit commander, and the MPF.

10.2.3.11. Final Interview. Conduct final out-processing on the day before the prisoner's departure.

10.3. Long-Term Gains Process. If the confinement time is six months or more and AFSFC/FC transfers the inmate into one of the AFSFC LL17 locations, AFSFC will attempt to gain the Airman to the confinement facility Personnel Accounting Symbol Code. **(T-1)**. If required documentation is not received by AFSFC/FC, the Airman will return to losing unit and base upon completion of confinement sentence to be out-processed by servicing MPF and placed on appellate review leave. **(T-1)**. The purpose for the "gain" action is to provide AFSFC visibility over the Airman's record, to execute the punitive discharge or any other administrative actions, and to allow the losing unit to request an accession from AFPC.

10.3.1. The financial records of those Airmen assigned to these AFSFC Personnel Accounting Symbol codes will be handled by AFSFC/FC once gained. **(T-2)**. Once AFSFC gains the Airman, the Convening Authority changes to the Air Force District of Washington for all legal matters. Once the Airman is gained to an AFSFC Personnel Accounting Symbol code, AFSFC/FC will handle the Airman's financial records. **(T-2)**.

10.3.2. Operational responsibilities for inmates remain at the losing unit. Operational responsibilities for inmates are defined as all normal control and actions commanders would have in their purview over the Airman at base level to include, but not limited to, punishment, morale and welfare, line of duty determinations, and casualty reporting and assistance.

10.3.3. The losing or servicing MPF shall be diligent to complete all long-term gains actions for inmates who are approved by AFSFC to be reassigned to AFSFC LL17 Personnel Accounting Symbol Code. **(T-1)**. Inmates not gained by AFSFC will return to their losing unit and base upon release from confinement to be placed on appellate review leave. **(T-1)**.

11.5.1. Losing FSS and MPF relocations officials will ensure the completion of the Airman's out-processing actions per AFPC procedural guidance. **(T-2).**

11.5.2. Appellant will depart on AF Form 899 (authenticated by AFSFC/FCI), and AF Form 988, *Leave Request/Authorization*, approved by local Financial Services Office. **(T-1).** The FSS and MPF must provide both during the out-processing appointment. **(T-1).**
