AF IMT 142 COMPLETION INSTRUCTIONS (for full explanation see AFI 11-421)

This form is used to track Operational Flying Duty Accumulator for Rated Officers and CEAs

Item enter appropriate information as follows:

- 1. Name -- Member's Name.
- 2. SSAN -- Member's Social Security Account Number.
- 3. As of Date -- Enter the date of last OFDA calculation.
- **4. Aviation Service Date --** Enter member's ASD (rated officers and CEAs). If a CEA becomes rated, they establish a new rated-ASD and begin rated OFDA from that date forward.
- 5. Officer Service Date -- Enter OSD (rated officers only).
- **6. Operational Flying Duty Accumulator (OFDA) as of 1 Jun 74** -- Enter appropriate number of months of OFDA accumulated as of 31 May 1974.
- **7. Transition Status Code** (*TSC*) -- Enter appropriate TSC based on the number of months of OFDA and the number of years of aviation service accumulated as of 30 Sep 91.
- **8. NDAA of FY96 (Y/N)** -- Enter "Y" if member has completed 12 years of aviation service on 10 Feb 96. Enter "N" if member does not fall in this category. **Note:** Applies to rated officers only.
- 9. OFDA as of 30 Sep 91 -- Enter appropriate number of months of OFDA accumulated as of 30 Sep 91.
- **10. Other U.S. Military OFDA --** Enter total number of creditable(*active*) months of OFDA from ARB letter.
- **11. TAFMSD** -- Applies to ABMs and CEAs only and is the Total Active Federal Military Service Date for active duty personnel and pay date for ARC personnel.
- **12. DAFSC --** Duty Air Force Specialty Code.
- **13. Operational Flying Duty Accumulator**(*OFDA*) **as of 01 Oct 99** --Enter appropriate number of months of OFDA accumulated as of 30 Sep 99. This data is used to determine ASC for CEAs and ABMs. The OFDA accumulated as of 30 Sep 99 is calculated in the OFDA computation Data section. Duplicate ASCs may be annotated on the form to show computations of OFDA as of this date.
- 14. Aviation Service Code(ASC) (Column A)-- Enter each ASC assigned to member
- 15. Inclusive Dates of Aviation Service Code Column B)-- Enter effective date of ASC through termination date.
- 16. Months Proficiency Flying(Column C)-- Enter months member was performing proficiency flying.
- 17. Months Inactive (Column D)--Enter number of months member was not performing active flying.
- **18. Months Operational Flying**(*Column E*)--For rated officers prior to 01 Jul 74, enter the number of Months of OFDA credited from the ASDCS dated Jun 74.
- **19.** Cumulative Months Operational (*Flying Column F*)-- Add the number of months operational flying from column "E" to previous line entry in this column to determine cumulative totals for the time period listed.
- 20. Totals -- Add the total number of months in column C.
- 21. Totals -- Add the total number of months in column D.
- 22. Totals -- Add the total number of months in column E, and the total in column E should equal the last entry in Column F.
- 23. From (Date) -- Enter ASD from block 4.
- 24. Thru (Date)-- Will be the same as block 3.
- **25. Equals** *(Months)--* Compute the total number of months accumulated using the "From" date to the "Thru" date. The total number of months computed will equal the combined total number of months in columns C, D, and E.

Exception: Rated officers with aviation service prior to 01 Jun 1974 may have an extra month of OFDA because the 15 day requirement for OFDA credit did not apply.
