3.1. **General.** Managing the security of the cadet area athletic facilities and Falcon Stadium is a top priority for all Directorate of Athletics personnel and as such will aid in the protection of our personnel, equipment, and facilities.

3.2. **Proximity Lock Policy – Cadet Area Athletic Facility Exterior Doors.** As part of the USAFA Force Protection Program, the Directorate of Athletics will use proximity locks to secure the facilities and control visitor access to all public entry points. All exterior doors to the Cadet Gymnasium, Cadet Field House, HAC and FAC will remain unlocked during normal operating hours. Outside of normal operating hours, all entrance points will be secured and will require proximity card entry. 3.2.2.3. Building 2170, Cadet Gymnasium, main lobby, southeast entry point (Door #G12).

3.2.3. The following policies for access through the proximity doors are as follows:

3.2.3.1. Do not allow someone to walk through a proximity door without using his or her own CAC/proximity card, unless you know the person is authorized.

3.2.3.2. If someone is trying to enter and not displaying a badge, ask to see an ID card.

3.2.3.3. If you encounter an unauthorized user trying to enter a proximity door, have someone contact 10th Security Forces Squadron (10 SFS) at 719-333-2000/2001/2003 while you stay with the individual. If the person refuses to stay, let them go, do not put anyone in danger. Use a cell phone if available. Call 911 if it becomes an emergency.

3.2.3.5. Report proximity lock failures immediately to the 10 CS Proximity Lock Service Desk at 719-333-0081 during normal duty hours (0730-1630). After hours, report proximity lock failure to the 10 CES Emergency Help Desk at 719-333-2790.

3.2.3.6. If a door is found opened or unsecured, other than designated public entrances, please secure the door and report the problem to the Directorate of Athletics’ Facility Managers during normal duty hours at 719-333-9012/4328/2544, or to the 10 SFS after duty hours at 719-333-2000.

3.2.3.7. CAC access will only work during the designated facility operating hours for each building, except for those individuals who have been authorized 24-hour access.

3.2.3.8. If you forget your CAC, the public entrance to each building will be available for you to use during designated operating hours.

3.3. Proximity (CAC) Gates and Swing Gates Policy. Four (4) proximity gates and five (5) swing gates are operational in the Cadet Athletic Area. The installation of the proximity and swing gates allows us to maintain operational flexibility, comply with Force Protection Condition (FPCON) directives, and controlling access to and around the athletic facilities during athletic events. This policy applies to all USAFA personnel with valid CAC/proximity cards.

3.3.1. Proximity Gate Policy.

3.3.1.1. Proximity Gates are at the following locations (Attachment 4):

3.3.1.1.1. Proximity Gate - P1: Located on Cadet Drive, between the FAC (Bldg 2168) and Cadet Gymnasium (Bldg 2170), adjacent to the outdoor tennis courts.

3.3.1.1.2. Proximity Gate - P2: Located on the access road northeast of Cadet Field House (Bldg 2169).

3.3.1.1.3. Proximity Gate - P3: Located northwest on Cadet Drive near the access to the athletic fields off Academy Drive.

3.3.1.1.4. Proximity Gate - P4: Located on the north side of the Cadet Gymnasium at end of the east ramp leading up to the Cadet Gymnasium loading dock.
3.3.1.2. Under FPCON Alpha, Proximity Gates P1, P2, and P3 may remain open 24-7. Gate P4 will remain closed at all times. The USAFA/ADVF will control access for maintenance and/or athletic operations. Delivery vehicles to Buildings 2168, 2169, and 2170 must make arrangements with receiving personnel to provide access.

3.3.1.3. Proximity Gates P1, P2, and P3 may be closed during higher FPCONs and intercollegiate and special events. Under heightened FPCONs and during intercollegiate and special events, all USAFA personnel with a valid CAC/proximity card will be granted access through the proximity gates.

3.3.1.4. Due to daily athletic operations such as deliveries, maintenance vehicles, and pedestrian/cadet traffic, Cadet Drive (road between the FAC and Cadet Gymnasium, in the area between Field House Drive and the ramp leading down into the multipurpose area of the Cadet Field House) will not be used as a thoroughfare. The USAFA/ADVF will control access through this gate.

3.3.1.5. Only one car will pass through the proximity gates at a time. All drivers opening and passing through a proximity gate will ensure the gate is closed behind them before proceeding forward.

3.3.1.6. There is no bicycle access through the gates due to possible gate malfunction. All bicycle riders will by-pass the gates through the pedestrian area.

3.3.2. Swing Gate Policy.

3.3.2.1. Swing Gates are at the following locations (Attachment 4):

3.3.2.1.1. Swing Gate - S1: Located on the southeast side of the Cadet Field House South parking lot.

3.3.2.1.2. Swing Gate - S2: Located on Cadet Drive between the FAC and Cadet Gymnasium north of the Cadet Field House ramp.

3.3.2.1.3. Swing Gate - S3: Located on the north side of the Cadet Gymnasium center ramp leading to the Cadet Gymnasium.

3.3.2.1.4. Swing Gate - S4: Located on the north side of the Cadet Gymnasium west ramp leading up to the Cadet Gym.

3.3.2.1.5. Swing Gate - S5: Located on the upper road leading into the west Cadet Gymnasium parking lot.

3.3.2.2. Swing Gate S1 will remain closed except during Cadet Ice Arena operations.

3.3.2.3. Swing Gate S2 will have one combination lock at all times.

3.3.2.3.1. Lock is controlled by USAFA/ADVF and are used by Directorate of Athletics personnel to include Cadet Support Services personnel, 10 SFS, Fire and Emergency Services (Cadet Support Services/CEF), and the American Medical Response (AMR) Ambulance Service for mission requirements. The combination will be changed at the discretion of USAFA/ADVF.

3.3.2.3.2. The combinations will be provided to the Sports Medicine Division, Events Management, Athletic Communications, Cadet Support Services Facility Support personnel, 10 SFS, and Cadet Support Services/CEF who passes it on to the AMR
Ambulance Service. Passing the combination along to contractors or other personnel for independent access is strictly prohibited. E-mail will not be used as a method to forward the new combination. Persons requiring access should contact Cadet Support Services Facility Support personnel at 719-333-2544 or 719-333-2318.

3.3.2.4. Swing Gates S3-S4 will remain secured at all times. These gates will only be open for limited and/or controlled circumstances to allow vehicle passage and/or troop movement and will be secured immediately following usage. The USAFA/ADVF will control access through these gates.

3.3.2.5. Swing Gate S5 will remain open 24-7 to allow access into the west Cadet Gymnasium parking lot; S6 will be secured under higher FPCONs and during intercollegiate and special events. The 10 SFS will control access for this gate.

3.3.3. The USAFA/AD security bollards will be locked at all times. Bollards can be removed during USAFA events as needed. Security bollards are managed by the Cadet Support Services Facility Support and Event Management personnel.

3.3.4. The Cadet Support Services Facility Support personnel will check the proximity and swing gates monthly to ensure operational capability of each gate. Any problems or irregularities will be reported to Cadet Support Services and 10 CS for repairs.

3.4. Event Security. In an effort to ensure safety and security during USAFA intercollegiate athletic events, security measures are implemented to include the use of an Athletic Event Credential for personnel required to work during an intercollegiate athletic event as well as inspections of prohibited items. The following information is provided regarding the credential process and entry procedures:

3.4.1. Athletic Event Credential Process.

3.4.1.1. Personnel who require access to intercollegiate athletic events because their position requires them to work a specific game management duty on game day need to complete a USAFA Form 47, Application for Air Force Academy Athletic Event Credential, when requesting issuance of a Football, All-Sport, or Individual Sport credential. A Football credential is issued to personnel requiring access to Falcon Stadium during home football games only; an All-Sport credential is issued to personnel requiring access to all five revenue generating sports (Football, Men’s and Women’s Basketball, Volleyball, and Hockey); and an “Individual Sport” credential is sport-specific and is issued for only one of the revenue generating sports, with the exception of football. A letter will be sent to all Unit Commanders NLT 60 days in advance of the start of the intercollegiate season for them to approve their unit’s credential requirements. A sample letter is provided at Attachment 5.

3.4.1.1.1. The USAFA Form 47 is intended for use by organizations for individual or group requirements (such as Quality Assurance Evaluators, janitorial support, plumbers, electricians, etc.) and will be used by Unit Commanders solely for the purpose of authorizing, in writing, those personnel who require a credential.

3.4.1.1.2. The USAFA Form 47 is available on the e-Publishing website at http://www.e-publishing.af.mil or by contacting USAFA/ADVU at DSN 333-0229.
Instructions for completing a USAFA Form 47 are located on the reverse side of the form.

3.4.1.1.3. Credentials are requested at least 45 days prior to the first home game and are valid for the current season only; each credential is renewed annually. Credentials are issued by USAFA/ADVU. A minimum of 1 week is required to process a credential application request. 3.4.1.6. Individuals who have been issued a credential must wear the credential at all times. A valid picture identification (DoD ID card, driver’s license, etc.) is also required for verification. Event staff will conduct spot checks of credentials and, in conjunction with the Security Service Provider, will control all restricted areas. At no time will the working credential be used as a game ticket to any intercollegiate event, nor will credentialed persons escort non-credentialed persons into an event.

3.4.2. Vendor Credential Process.

3.4.2.1. Food and Beverage, Gift Shop, Development and Government/Community Relations, and Information and Communication managers are responsible for ensuring they receive a list from their vendors, and will be available to answer any questions about the list from the gate supervisors regarding each list. If there are any sudden changes to the list (such as a death or family emergency), the manager must get in touch with USAFA/ADVU directly. The vendors work for the managers and are the managers’ responsibility.

3.4.2.2. USAFA/ADVU will provide the proper format for the list to each manager prior to each game. Managers will develop a procedure for the vendors to provide names of workers in advance of each event. Lists will be completed by the managers and submitted to USAFA/ADVU NLT 1400 hours on the Thursday before football game day.

3.4.2.3. If a vendor’s name is not on the list with the appropriate numbered credential, they will not be allowed to enter Falcon Stadium.

3.4.3. Event Security Procedures: Event Security staff may request inspection of all bags for items prohibited inside all of our athletic venues. Patrons may refuse to have a bag inspected and choose instead to return the bag and/or item to their vehicle, or not be granted admittance to the event. Please refer to our web page www.goairforcefalcons.com for a complete list of permitted and prohibited items to all of the AD Venues.

3.5. Rifle Range. AD OI 31-101 establishes the policies for the security of the intercollegiate rifle team assets and the operation of the intercollegiate rifle range located within the Cadet Gymnasium.
Chapter 4

FACILITY SAFETY

4.1. General. Safety in and around the Cadet Area athletic facilities and Falcon Stadium is a priority for the Directorate of Athletics. The facility safety policies will protect our personnel, equipment, and the facilities. Users must wear all required safety and protective equipment during each activity.

4.2. Facility Evacuation Procedures. Evacuation procedures for Falcon Stadium are located in USAFA Plan 10-34, Home Football Game Operations. The Game Event Evacuation Plan for events held in the Cadet Gymnasium and/or the Cadet Field House, as well as the Evacuation Plan for the Cadet Gymnasium, FAC and HAC, and Cadet Field House, are available on the shared N drive at N:\AD\Shared Files (within AD)\ADS\Emergency Management Program\Evacuation Plans or by contacting Facility Operations at 719-333-9171.

4.3.1. There will be no obstruction of any kind in front of the vehicle access door on the track area in the Cadet Field House during normal facility hours or during any event held in the facility. This includes bleachers, equipment, maintenance equipment etc.

4.3.2. During all events, the Event Manager, the Officer in Charge (OIC) of the Physical Fitness Test, or the ranking official will ensure all activities are suspended during an emergency medical response. The Cadet Support Services Facility Support or Events Management personnel will ensure procedures are in place to allow emergency vehicle access in the event of an emergency during intercollegiate events only. If the evacuation of the area is appropriate, the bystanders will be directed to depart using a route that neither interferes with emergency medical attention being provided nor the path of emergency vehicles.

4.3.3. To ensure the ramp and the track areas are clear for emergency vehicles to enter the Cadet Field House for emergency response, there will be no parking of any vehicles on the ramp or on the track at any time unless approved by the or the Associate Athletic Director for Facilities (USAFA/ADVF).

4.4.1. The Directorate of Athletics will follow all guidelines established by Air Force Manual (AFMAN) 48-114, Recreational Waters and Mission Training Pools.

4.4.2. All recreational swimmers may only use the pool when a lifeguard is present and during posted recreational swim hours.
Chapter 5

SPECIAL EVENT USAGE PROCESS

5.1. Special Events Usage Process. Special events are those activities held in the Cadet Area Athletic Facilities and Falcon Stadium which are promoted by an organization outside the USAFA community. Examples of these activities include the Pride Soccer Tournament, High School Graduations, etc.

5.1.1. The Air Force Academy Athletic Corporation (AFAAC) manages all revenue-generating outside event requests involving Athletic Department (AD) facilities. To initiate the event approval process, the requestor or USAFA sponsor requesting an event using AD facilities, must contact the AFAAC Chief Program Officer (719-333-9024) with information regarding the date and type of the proposed event. AFAAC Special Events Office will provide the requestor with initial information regarding scheduling conflicts and also provide the requestor with the link to the appropriate application. The requestor must submit the completed form along with any other corresponding information. Please note that all special event requests must be submitted NLT 90 days prior to the start of the event.

5.1.2. Once the completed application is received and all additional information has been gathered, the USAFA Events Management must verify that the requested facility/facilities are available and there are no other conflicts on the master schedule. Once cleared by USAFA Events Management the event goes up for review by the Athletic Department Senior Staff.

5.1.3. It is during this review that the Athletic Department Senior Staff determines what requests the Athletic Department will or will not support. If the event requires support outside of the Athletic Department it is forwarded to the USAFA/A3 office for review and final approval.

5.1.3.1. The AFAAC Special Events Department will work with those requestors whose events have been approved and an AFAAC event manager will be assigned to the event. AFAAC Facility Use Contracts will be completed for each special event and all event coordination and support will be administered and supervised by the AFAAC Events Department. At the conclusion of the event, the AFAAC Special Events Department will complete all final billing and ensure all parties are compensated appropriately. An After-Action Report (AAR) will be completed NLT 10 days following the conclusion of the event. The AAR will also include recommendations to bring the event back in future years or not.

5.1.3.2. Please also note that the following general criteria are used to determine whether or not an event will be approved:

5.1.3.2.1. The support requested does not interfere with the performance of official duties and would in no way detract from readiness.

5.1.3.2.2. DoD community relations with the immediate community and/or other legitimate DoD public affairs or military training interests are served by the support.

5.1.3.2.3. It is appropriate to associate DoD, including the United States Air Force Academy, with the event.
5.1.3.2.4. The event is of interest and benefit to the local civilian community, The United States Air Force Academy, or any other part of DoD.

5.1.3.2.5. The United States Air Force Academy is able and willing to provide the same support to comparable events that are sponsored by other similar non-Federal entities. For clarification, each mission element or squadron should consider this requirement.

5.1.3.2.6. The use of support for the event is not restricted by other statutes (see 10 U.S.C. 2012) which limits support that is not based on customary community relations or public affairs activities or regulations.
Chapter 6

LOCKER ROOM INSPECTION PROCEDURES FOR CADET ICE ARENA

6.1. Facilities Usage Inspection Form. The Cadet Support Services Cadet Ice Arena personnel and/or USAFA/ADVU and AFAAC Special Events Staff will use USAFA Form 26, *Cadet Ice Arena Facilities Usage Inspection*, to evaluate and document an external organization’s treatment of the facilities. The using organization will pre-inspect all assigned locker rooms prior to their use for cleanliness and structural damage. Date, time, and signatures will be collected prior to the use of said facility and provided to Cadet Support Services Cadet Ice Arena personnel or the Event Manager.

6.2. Receiving Cipher Lock Code or Key. After pre-inspection, the using external organization will be given the cipher lock code or key to the visiting team locker room by the Cadet Support Services Ice Arena personnel or Events Management personnel.

6.3. Random Inspections. During an event, Cadet Support Services Ice Arena personnel or USAFA/ADVU and AFAAC Special Events Staff personnel will randomly inspect locker room and common areas for any damages.

6.4. Responsibility of Locker Room. The tournament director or coach will be responsible for keeping the facility clean and to help ensure proper use of locker rooms.

6.5. Post-Inspection and Damage Procedures. Upon completion of the event and using the same inspection form, locker rooms will be jointly inspected by Cadet Support Services Ice Arena personnel or USAFA/ADVU and AFAAC Special Events Staff and the using external organization.

6.5.1. If no damage is noted, both parties will sign inspection form and no further action is necessary.

6.5.2. If damage is noted during post inspection, both parties will acknowledge the damage and it will be noted and signed for on the inspection form. If the damage was determined to be malicious by Cadet Support Services Ice Arena personnel or USAFA/ADVU, notification to 10 SFS is required.

6.5.2.1. In all cases, the Cadet Support Services Facility Manager will be notified by USAFA/AD Events Management personnel to submit a reimbursable work order to correct the damage. The using external organization will be notified by USAFA/ADVU and/or AFAAC Special Events Staff of such damage and a copy of the inspection form, along with an invoice for repair, will be mailed for billing.

6.5.2.2. Billing for damages will be included in the invoice generated for the facility use license agreement.

CADET FIELD HOUSE (Bldg 2169)

FAC (Bldg 2168)

CADET GYMNASIUM (Bldg 2170)
MEMORANDUM FOR USAFA COMMANDERS/STAFF (Distribution List)

FROM: USAFA/ADV

SUBJECT: USAFA Sports Credentials for 20XX-20XX Season

1. In an effort to better manage the credentialing procedures for intercollegiate athletic events, the Directorate of Athletics’ Events Management Office (USAFA/ADVU) has developed USAFA Form 47, Application for Air Force Academy Athletic Event Credential, which applies to the Football, the All-Sports, and the individual sports credential (see Attachment 1). The USAFA Form 47 is intended for use by organizations for individual and group requirements (such as Quality Assurance Evaluators, janitorial support, plumbers, electricians, etc.). This form is available on the e-Publishing website at www.e-publishing.af.mil. The credential request will be used by organizational commanders solely for the purpose of authorizing, in writing, those personnel who require access to the intercollegiate athletic events because their position requires them to work on game day. This is a “working” credential only; at no time will the working credential be used as a game ticket to any intercollegiate athletic event.

2. Instructions on how to complete USAFA Form 47 are outlined on the reverse side of the form. Please use the Categories codes shown on the reverse side of the USAFA Form 47 to complete Block 1.5 for all credential application forms. If requesting a Football credential, please use the Access Zones Guide in addition to the Categories code to complete Block 1.5 of the USAFA Form 47.

3. The Associate Athletic Director for Events Management (USAFA/ADVU) is the approval authority for all intercollegiate event credentials. The All-Sports Credential is very limited and is only for those personnel whose duty requires them to work all intercollegiate sports other than football. For those requiring a credential for only one of the other premier sports (Volleyball, Hockey, or Basketball), specify that particular sport under Individual Sport Credential (Section I, Block 1.5C). The deadline to submit the form for the fall sports (Football, Volleyball) is (date); the deadline for the winter sports (Hockey and Basketball) is (date).

4. Forward all completed/signed USAFA Forms 47 to USAFA/ADVU. Organizations should try to submit all of their requests at one time, if possible. Note: Please be aware that the volume of credentials that we process is enormous. Plan accordingly and submit your applications as soon as possible. Location for the credentialing program is in the Cadet Field House (Bldg 2169) in the Recreational Skating Office, Room 2094. If a picture is required, the requestor will be notified. Picture times for credentials will be during the following hours only: Monday – Thursday, 1000 – 1400 hours. Once a credential is completed, the requestor will be contacted for pick up.

5. Should you require any further information regarding the credentialing process, please call Events Management at 719-333-0229. Go Falcons!
