This instruction implements and extends the guidance of AFI 32-7064, *Integrated Natural Resources Management*. It prescribes rules and procedures and sets forth policies regarding the protection of fish, wildlife, and related natural resources and the control of hunting and fishing on Wright-Patterson AFB (WPAFB). It applies to all persons entering WPAFB for the purpose of hunting, fishing, using fish and wildlife habitats, or attempting to take fish and wildlife from WPAFB grounds. The hunting and fishing program is conducted in compliance with Ohio State Regulations set forth by the Ohio Department of Natural Resources-Division of Wildlife (ODNR-DOW). This publication does not apply to the Air National Guard or the Air Force Reserve Center (ANG/AFRC) units. This instruction is directive in nature and failure to adhere to the standards set out in this instruction can form the basis for adverse action under the Uniform Code of Military Justice (UCMJ). An example would be a dereliction of duty offense under Article 92. Send comments and suggestions about this publication for improvements on AF Form 847, *Recommendation for Change of Publication*, to the Office of Primary Responsibility (OPR). Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with (IAW) Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of IAW Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS).

SUMMARY OF CHANGES

This document is completely revised and must be fully reviewed from the previous version, WRIGHTPATTERSONAFBI 32-7064, 27 October 2014.

1.2. The 88th Security Forces Squadron is responsible for enforcing this regulation, as well as enforcing the State of Ohio hunting and fishing laws and federal migratory bird regulations. The Chief, Security Forces, designates in writing those persons who are to be Game Wardens to help enforce this regulation and cite violators accordingly.

1.3. The Natural Resources Working Group (NRWG) consists of members from 88 FSS, 88 SFS, 88 ABW/JA, 88 SE, 88 CES/CEO, and 88 CEG/CEI. The NRWG meets quarterly to discuss all natural resources related matters, including hunting and fishing related topics.

1.4. The WPAFB Rod and Gun Club (88 FSS) and WPAFB Outdoor Recreation (88 FSS) sells base fishing permits on a reimbursable basis.

1.5. The Natural Resources Program Manager (NRPM), in the Installation Management Division, chairs the Natural Resources Working Group. Responsibilities include the submittal of the Fish and Wildlife Budget, ensuring compliance with AFI 32-7064, integration of the fishing and hunting programs with other natural resources programs, and implementation of the WPAFB Integrated Natural Resources Management Plan. The NRPM may amend this instruction with written approval of the Installation Management Division Director and Base Civil Engineer. Amendments will be posted at:

5. General Rules and Safety.

5.1. All federal, State of Ohio, and base rules and regulations apply to all persons. When more than one of these statutes addresses a common matter or issue, the more restrictive applies. All hunting within the boundaries of this base and on all Wright-Patterson AFB controlled lands outside the base perimeter fences is governed by State of Ohio hunting laws and federal migratory bird regulations as they pertain to seasons (private land seasons apply), shooting hours, as well as bag and possession limits, unless exceptions are prescribed in this instruction.

5.2. All personnel engaging in hunting or fishing, regardless of age, must satisfy State of Ohio licensing requirements.

5.3. Persons engaged in hunting and or fishing on WPAFB must have in their possession all Ohio and federal licenses, permits, and stamps as required by those agencies, in addition to the required base permits(s). Electronic copies are permissible.

5.4. Displaying a WPAFB Hunting Vehicle Placard on the dashboard or window of a personal vehicle **IS MANDATORY** when hunting on WPAFB property.

5.5. Military members on leave status are exempt from the requirement to have a State of Ohio hunting license, but must provide proof of leave status.

5.6. Individuals, vehicles, boats, guns, ammunition, credentials, fish, game, and personal property are subject to being checked and/or searched at any time by authorized federal, state, and military law enforcement personnel. Persons must provide identification, licenses, and permits as requested by authorized law enforcement and WPAFB NR's personnel.

5.7. Shooting any type of weapon on, from, along, across, or within 100 feet of the centerline of any roadway open to vehicular traffic is strictly prohibited.

5.8. Target shooting is not allowed in any of the hunting areas.

5.9. All persons age 16 or younger must be accompanied by an adult while hunting.

5.10. Littering of any type is prohibited.

5.11. Searching for or removing historic/cultural artifacts or objects of antiquity is prohibited. The use of metal detectors for any purpose is prohibited except for mission requirements and scientific research purposes approved by the Base Civil Engineer.

5.12. The operation of any motor vehicle off of maintained surfaces is prohibited.

5.13. Legal sunrise and sunset times are determined annually and published in the ODNR-DOW Hunting & Trapping Regulations.

5.14. Wearing of hunter orange requirements are specific to the game species being hunted. Archery deer hunters hunting deer on WPAFB property during the statewide deer gun season **MUST** follow ODNR-DOW hunter orange requirements.

5.15. No one may engage in any act that is purposefully designed to disturb other hunters or game being pursued by other hunters.

5.16. During Force Protection Conditions **CHARLIE** and **DELTA**, no hunting is permitted.

5.17. The following game may be taken during established seasons prescribed by Ohio or federal laws and base seasons, which may be more restrictive: deer, squirrel, rabbit, pheasant, fox, migratory birds (ducks, teal, mourning dove, geese, and woodcock), raccoon, opossum, woodchuck, coyote, and crow.

5.18. Refer to annually produced 'Base Hunting Seasons' sheet and annually produced 'WPAFB Hunting Program Rules' sheet for annual updates.

6. Firearms and Ammunition.

6.1. Rifles, handguns and ammunition for either are prohibited at WPAFB.

6.2. Shotguns and muzzleloading shotguns are the only type of firearm allowed at WPAFB. Specific regulations concerning allowable shot sizes and non-toxic shot can be found in Sections 7, 9 and 10.

6.3. Upon entering WPAFB property, firearms must be unloaded and properly cased and transported. Firearms are only allowed to be transported to the hunting area. Once hunting is complete, hunters must immediately transport firearms back off base property.

7. Small Game Hunting.

7.1. Small game hunting seasons are determined on an annual basis in conjunction with the season dates and bag limits set for by ODNR-DOW. Refer to annually produced 'Base Hunting Seasons' sheet for what species can be hunted in what areas on base property.

7.2. Small game hunting hours vary by hunting area. Refer to annually produced 'Base Hunting Seasons' sheet and annually produced 'WPAFB Hunting Program Rules' sheet.

8. Deer Hunting.

8.1. All deer hunters are required to have a state of Ohio deer permit, state of Ohio hunting license, and a base hunting permit. Military on leave are exempt from the state hunting license requirement, but must be in possession of a base hunting permit. In addition, military personnel on leave must have a state deer tag and be in possession of approved leave papers.

8.2. Portable tree stands and ground blinds may be used during the season; however, the construction or use of permanent stands or the attachment of permanent climbing aids on trees is prohibited. All tree stands and ground blinds must be clearly marked with the owner's name, organization, and phone number in a permanent non-fading manner. No tree stand/ground blind may be erected within 75 yards of another tree stand/ground blind. Limit of 1 tree stand/ground blind per licensed hunter. Tree stands and ground blinds may be put

up 30 days prior to the start of the season, but must be removed within 15 days after the end of hunting season. A base hunting permit is required prior to placing tree stands/ground blinds. Tree stands and ground blinds that are left in the hunting areas are considered unsecured property and should only be left in hunting areas at the hunters' own risk. The theft of these aids will not be investigated.

8.3. Trail cameras and feeders are permitted to be placed within the hunting areas outside of the hunting seasons as long as owner information is permanently marked on the item. Trail cameras are not permitted to be placed facing the flight line or in a way that may indicate photos are being taken of flight line activities. Placing trail cameras and/or feeders in hunting areas prior to hunting season does not guarantee a hunting spot and does not constitute stand placement priority in regards to the distance requirement in [para 8.2](#), above.

8.4. All archery deer hunters participating in archery deer hunting within the hunting areas located inside the Area A perimeter fence are required to sign in/out at the kiosk located along Mitchell Drive at Bldg. 4048. All archery deer hunters participating in archery deer hunting within the Area B hunting areas are required to sign in/out at the kiosk located at the Gate 22B hunting area. (See annually updated Hunting Area Map).

8.5. All deer harvested on WPAFB must be reported to the base Natural Resources Program by calling (937) 257-4857 or (937) 257-8555 or emailing the Natural Resources Program staff within 24 hours. Deer shot, but not recovered must be reported as well.

8.6. Deer gun hunting MAY be permitted within the Licensed Shooting Preserve area as management actions dictate. Deer gun hunting IS NOT permitted every year. Refer to annually produced 'Base Hunting Seasons' sheet and annually produced 'WPAFB Hunting Program Rules' sheet for annual updates.

8.7. Driving, pushing, or attempting to move deer is prohibited in all areas of WPAFB regardless of the hunting method.

8.8. Archery deer hunting is restricted during certain hours within the boundaries of the posted Licensed Shooting Preserve in order to avoid conflicts with small game hunters and to allow multi-use of the area. Hours are established annually by the Natural Resources Working Group. Refer to annually produced 'Base Hunting Seasons' sheet and annually produced 'WPAFB Hunting Program Rules' sheet for annual updates.

8.9. Special, controlled hunts may be held for areas on WPAFB where hunting is not traditionally allowed for the purpose of controlling animal populations and/or conducting handicapped hunter access. Full coordination will be performed prior to conducting any such activities.

8.10. Archery deer hunters will be required to annually pass a qualification test in order to prove proficiency, as management actions dictate and as determined annually by the Natural Resources Working Group.

9. Waterfowl Hunting.

9.1. Waterfowl hunting is allowed in accordance with ODNR-DOW season dates. Refer to annually produced 'Base Hunting Seasons' sheet for permitted hunting areas and season dates.
